In future meetings, please add to maps the population density along the study area. Also, please describe how biking will be incorporated. Biking needs to be added to make overall transit success.

- 1) My property is next to track. Tracks will be higher than house setting point. We are concerned about space for trail (to move trail to west side)
- 2) Please don't fear our all trees by my house.

I AM CONCERNED ABOUT GRADE SEPARATION FOR SAFETY AND TRAFFIC FLOW (OHIO, PRESTON, COIT) THE ENTIRE DART SYSTEM IS UNSAFE. I HAVE BEEN FOLLOWED AND PAN HANDLED IN THE PLANE STATION. THERE ARE NO RESTROOMS AT THE STATIONS IN THE NEIGHBORHOODS WHERE THERE ARE HOMES CLOSE BY HAVE BECOME CRIME RIDDEN - MY FRIEND HAD TO SELL HER HOME OF 20YRS & MOVE. IF THIS COULD BE DONE PROPERLY IT WOULD BE GREAT BUT I HAVE

Against any station at Preston Rd - too much traffic - not much space for drop-off area and across from a school - NO-NO-NO Bad choice

Bike-pedestrian trails by tracks seems like a waste of money - I do not want to ride my bike next to a train going by

I live by the "pocket park" - Preston Green park - the RR tracks run along side the park - the park is used all the time by families with children, picnics there and parties, soccer and basketball games & great for walking dogs - DON'T NEED TRAINS RUNNING BY PARK 2-3 times an hour

I UNDERSTAND THAT PORTIONS OF THE COTTON BELT LINE WILL INITIALLY BE SINGLE TRACK, WITH A PROVISION TO MAKE IT ALL DOUBLE TRACK AS RIDERSHIP INCREASES. WOULD THE SINGLE TRACK PLAN ADVERSELY IMPACT TRAVEL TIMES TO DFW? IF SO, WHY NOT JUST BITE THE BULLET AND MAKE THE ENTIRE PROJECT ~~TRAIL~~ 2 TRACKS NOW? FUTURE CONSTRUCTION COSTS ARE ONLY GOING TO COST MORE THAN BUILDING NOW.

Top priority in 2008 doesn't mean top priority in 2011... as you stated so many new companies in DFW. Perhaps change to LBJ being priority is in order!

So glad you did presentation Q&A!

Comments/Comentarios:

- Saying every 20-30 min. is very misleading because if you double track it will actually be every 9-10 minutes.
- IS the traffic study occurring while school is in session? The traffic in our 2.6 miles during the morning/afternoon is major with the Jr. High & Elementary being so close together.
- We want QUALITY mitigation
- Concerned for Preston Green Park

LOVE! the Cotton Belt plans - especially Addison, Coit, UTD, State Farm Stations -

Only question is why do we need the Preston/Keller Springs station (Close to a school - same grade) and no parking - and if parking stairs??

Finally public transportation to DFW!

Coit-Hillcrest - Preston Rd are all very busy corridors. Mitigation where the train crosses these streets needs to be addressed or there will be horrible traffic issues

ANSWER QUESTIONS TO THE POINT - DON'T DEVIATE FROM THE PURPOSE OF THE QUESTION
ANSWER QUESTIONS HONESTLY FOR EXAMPLE SAYING 2 TRAINS PER HOUR EACH WAY - THAT MEANS 4
FILIBUSTERING QUESTIONS IS REALLY DISRESPECTFUL
WE DON'T WANT IT!
NO STATIONS IN N. DALLAS
TRAILS IS THE ONLY GOOD THING - BUT WHO WILL US WITH TRANSSOMAX
FIRST IN MINS

Rail corridor is a virtually irreplaceable asset. Based on personal knowledge, almost all, if not all, houses along the corridor were built long after the railroad was in use. So these houses were built & purchased with knowledge of the active railroad. So there should not be a veto of property owners of this project.

Completely Against this
proposal rail of current design!
No one of any numbers will
use this service to justify
it's need! I do not believe
your Feasibility/ usability
study is accurate! Even
if built, you have way too
many stations planned between
TS and Addison. At min
delete Preston Rd station.

I AM STRONGLY
OPPOSED TO THE PROPOSED
"PRESTON ROAD" STATION.
THIS IS 100% IN A RESIDENTIAL
AREA AND NOT COMPATIBLE
W/ THIS TYPE OF AREA.
THE PROPOSED "KNOLL TRAIL"
AND "COIT ROAD" AREAS
ARE SUFFICIENTLY CLOSE TO
EACHOTHER TO MAKE THE
"PRESTON ROAD" LOCATION
UNNECESSARY.
