Dallas Area Rapid Transit (DART) Cotton Belt Regional Rail Project

Betterments Workshop #1 Part 3
June 27, 2019
Agenda

• Welcome, Introductions, and Project Update
• Betterments Overview
• Betterment Options
• Define Action List
Expectations of Workshops

• Provide Residential Adjacent Property Owner community group with:
  • Ideas for betterment options
  • A forum to ask questions and gain insight on the different options
  • The tools they need to have their requests made and known to DART and AWH

• DART & AWH will assist the group with making timely decisions to meet schedule deadlines
  • **Goal** to have first decision point in 3 weeks
Community Betterments

**Kick-Off**
- Community-wide meeting with all Communities to explain the 3-workshop process
- March 21, 2019

**Workshop #1**
- Define betterments
- What is important, if feasible
- May 14, 2019 – Part 1
- June 11, 2019 – Part 2
- June 27, 2019 – Part 3

**Workshop #2**
- Presentation of betterments requested
  - Review options
  - Feedback and decisions
- July 16, 2019

**Workshop #3**
- Report back to community
- Confirm consensus

$821,600

Cotton Belt Betterments
3,400 Linear feet
$2,944,400

Sound Wall Mitigations
1,800 Linear Feet
Betterments

• Betterments are items implemented that are above and beyond the standard environmental mitigation measures
• Two DART Betterments Policies are being applied to the Cotton Belt Corridor:
  – Cotton Belt Corridor Betterments
  – DART Residential Betterments
• Betterments will be monitored similarly to the Mitigation Monitoring Program
Cotton Belt Corridor Betterments Policy Overview

• DART Board Resolution 180084, August 28, 2018
• Betterments are in addition to DART Residential Betterments Policy
• Budget is based on the equivalent of a 12-foot wall along residential adjacent areas
• Typical Betterments
  – Additional walls
  – Enhanced finishing
  – Enhanced fencing
  – Landscaping
DART Residential Betterments Policy Overview

- DART Board Resolution 970217, October 28, 1997
- Budget based on linear feet of residential adjacency
- Typical Betterments
  - Wall finishes
  - Enhanced fencing
  - Landscaping
  - Access
DART Residential Betterments
Policy Overview

• DART Board Resolution 970217, October 28, 1997
• Budget based on linear feet of residential adjacency
• Typical Betterments
  – Wall finishes
  – Enhanced fencing
  – Landscaping
  – Access

2. Such betterments will be considered for residential areas as defined by existing land use, if a majority of property owners, regardless of how much frontage they own, bordering the rail right-of-way request betterments.

3. Recommendations will not be advanced until a cooperative DART and community effort has demonstrated that all reasonable efforts have been made to assure participation of all impacted residential properties in identifying the type and placement of betterments.
