Silver Line Regional Rail Project
DART Silver Line Project Facts

- $1.243 Billion Project
- 26-mile Alignment Serving the 7 Cities of:
  - Plano
  - Richardson
  - Dallas
  - Addison
  - Carrollton
  - Coppell
  - Grapevine
- 10 Rail Stations
- 4 Rail Connections (Green, Orange, Red Light Rail, TEXRail)
- 11,200 Weekday Riders by 2040
- 210,000 Jobs with ½ Mile of Alignment
- 2022 Revenue Service
What is Design-Build?

Design-build alternative project delivery method is used in the construction industry. Design-build is a method of project delivery in which an entity (Archer Western Herzog, AWH Joint Venture), works under a single contract with the project owner (Dallas Area Rapid Transit, DART) to provide design and construction services.
Design-Build Update
Design-Build Schedule

Design/Build: Overall Final Design and Construction

Design/Build: 30% Design

Design/Build: 60% Design

Design/Build: Final Design

Design/Build: Construction

Construction Activity Update
Construction Activity 1st Quarter 2020

The following work is scheduled to begin the first quarter of 2020:

• Relocation of Wet & Dry Utilities

• Excavation/Embankment

• Retaining Walls

• Bridge Structures
Upcoming Construction Activity

UTILITY RELOCATION

EXCAVATION
Upcoming Construction Activity

RETAINING WALLS

BRIDGE STRUCTURES
Upcoming Construction Activity

Construction Equipment

*NOT AN ALL-INCLUSIVE LIST*
Upcoming Construction Activity

DUST CONTROL
Upcoming Construction Activity

Public Access

• Maintain Business Access
• Maintain Home & Community Access
• Maintain Access for Emergency Vehicles
• Maintain Pedestrian Access
Upcoming Construction Activity

Maintenance of Traffic

- Schedules and Notification Deadlines
- Lane Restrictions
- Closures
- Detours
Construction Notifications

- Construction Activity Notifications (Doorhangers, Emails, Social Media, etc.)
- DART & Archer Western Herzog Project Websites
- DART Silver Line Project Newsletters
- DART Silver Line Project At-A-Glance Fact Sheets
- Quarterly Design & Construction Community Meetings
- Stakeholder Meetings with Businesses and Residents
- Project Hotline
10 Construction Safety Tips

With construction about to begin on the Silver Line Project along the historic Cotton Belt Regional Rail Corridor, DART reminds everyone that construction areas can be very dangerous. Play it safe by following these 10 tips:

1. STOP, LOOK AND LISTEN
   Phones, video games and other electronic devices can be distracting.

2. REMOVE EARBUD OR TURN VOLUME DOWN
   Headphones can keep you from hearing approaching bulldozers, dump trucks and other construction vehicles.

3. AVOID DANGERS
   Do not walk, ride, run, hang out or play in construction zones or work areas, as heavy machinery and debris pose dangers.

4. OBEY SIGNALS
   Always obey all traffic signs and signals; never assume you have the right-of-way - and look both ways before crossing.

5. USE CROSSWALKS
   Use sidewalks and cross only at designated crosswalks, as construction vehicles make sudden stops and wide turns.

6. SEE AND BE SEEN
   Make eye contact with construction vehicles before crossing.

7. WATCH OUT
   Observe all construction signs and warnings.

8. KEEP AWAY
   Keep away from construction fencing and traffic cones - they’re there to protect you.

9. BE ON THE LOOKOUT
   Watch out for falling objects, moving vehicles and other hazards.

10. START TALKING
    Safety begins with you. Talk to your family.
Quiet Zones

- DART Silver Line crossings are proposed to be quiet zones
- Quiet zone mitigations are independent of the sound wall mitigations
- Establishing quiet zones will require cooperative action among the municipalities along the Silver Line, Federal Railroad Administration (FRA), the freight railroads and DART
- The gate locations will be determined during design of the intersection
At-Grade Crossing – Typical
Questions and Answers

Please submit all questions and comments via Comment Card for response at the end of the presentation.
Betterments Program
Betterments Program

• Series of community meetings for residential adjacent property owners

• Betterments are project elements above and beyond the standard mitigation measures or design criteria

Thank you to those who participated!
Betterments Program

Betterments Ballot Timeline

**Wednesday, November 20th**
- Mailed ballots to Residential Adjacent Property Owners

**Friday, December 20th**
- Deadline for collection of ballots

**Monday, December 23rd**
- Confirm consensus for all neighborhoods

**Tuesday, February 11th**
- Present Betterment results to DART Board
Betterments Consensus Results

37 Ballot Consensus
14 Default Consensus
2 City Led Programs

- Town of Addison – City Led Program
- City of Carrollton – 13 Neighborhoods
  - 5 Ballot Consensus
  - 8 Default Consensus
- City of Coppell – 4 Neighborhoods
  - 4 Ballot Consensus
- City of Dallas – 32 Neighborhoods
  - 26 Ballot Consensus
  - 6 Default Consensus
- City of Plano – 2 Neighborhoods
  - 2 Ballot Consensus
- City of Richardson – City Led Program
Upcoming Betterments Meetings

• February and March

• Discuss consensus results specific to each neighborhood

• Determine final details such as wall color and vegetation options, where applicable
DART Station
Art & Design Program
Art & Design Program Overview

The DART Art & Design Program was established to achieve the following goals:

- Recognition that art is an important component in the creation of public spaces
- Integration of art as an important component of public transit
- Involvement of the community in the design of stations and related artwork
- Creations of opportunities for maintenance savings through reduced vandalism

The Silver Line Art & Design Program includes:

- Art and design of 10 Stations along the 26-mile Silver Line Corridor
- A team of architects, artists, engineers and neighborhood advisory committee members for each station collaborating from station concept to completion
- Architectural elements including paving and column cladding, site elements, landscaping and site-specific artwork
DART Station Art & Design Program

• Station artists work with community groups and design team to enhance station elements in 5 workshops

• Station enhancements have been completed for:
  o **Addison Station**
    o Theme: Destination for Celebration

• A community group continues to work on design for:
  o **Downtown Carrollton Station**
    o Theme: Movement

• Station enhancements have been completed for Grapevine, Coppell, and Dallas while work on designs continue for stations in Richardson and Plano
Addison Station
Addison Station

Station Facts
Platform Type: Side
Parking Spaces: 300 existing
Bus Bays: 9 existing
Bus Routes: 17

Projected Daily Ridership:
Opening Day: 1,000
2040: 1,690

Mode of Access:
Bus Transfer: 46%
Drive: 5%
Walk: 49%

Station Benefits
• Existing and Future Transit-Oriented development in walkable area
• Access to special events
• Adjacent to existing transit center for bus connection to area employment

Key Community Comments
• Supported by Town of Addison
• Strong citizen support
• Seen as compliment to existing and planned development
• Interest in special events service
Addison Station
Downtown Carrollton Station
Downtown Carrollton Station

Station Facts
- Platform Type: Side
- Parking Spaces: 251 existing, 231 new
- Bus Bays: 4
- Bus Routes: 4

Projected Daily Ridership:
- Opening Day: 800
- 2040: 1,970

Mode of Access:
- Rail Transfer: 60%
- Bus Transfer: 18%
- Drive: 7%
- Walk: 15%

Station Benefits
- DART Green Line connection
- Existing and future Transit-Oriented Development
- Potential regional rail transfer hub if DCTA extends south and/or Irving/Frisco Line is developed

Key Community Comments
- Supported by City of Carrollton
- Strong citizen support
- Interest in downtown Carrollton as multimodal transit hub
- Seen as compliment to existing and planned development
Questions and Answers

Please submit all questions and comments via Comment Card for response at the end of the presentation.
Hike & Bike Trail
Hike & Bike Trail

• The Hike & Bike Trail is being funded through an Interlocal Agreement (ILA) with the North Central Texas Council of Governments (NCTCOG)

• NCTCOG is working with participating cities to develop the project

• DART will complete final design and construction of the Cotton Belt Corridor Hike and Bike Trail
Typical Cross Section Hike and Bike Trail on One Side

* 6’ fence is not needed when wall exists

How to Stay Informed

Silver Line Project
Future service running on the Cotton Belt Regional Rail Corridor will be known as the Silver Line.

- Upcoming Meetings
- Meeting Presentations and Videos
- Construction Alerts
- Final Environmental Impact Statement / Record of Decision (Nov 2018)
- Questions & Answers
- Historical Information

The DART 2030 Transit System Plan (TSP), approved in October 2006, identified the Cotton Belt Corridor as a priority project. In 2016, DART advanced implementation of the Cotton Belt to the year 2022 in its FY2017 Twenty-Year Financial Plan. The DART 2045 Transit System Plan, which is under development, will reflect this change to the project schedule.

The Cotton Belt “Silver Line” Project’s primary purpose is to provide passenger rail connections and service that will improve mobility, accessibility and system linkages to major employment, population and activity centers in the northern part of the DART Service Area.

The Cotton Belt “Silver Line” Project would interface with three DART LRT lines: The Red/Orange Lines in Richardson/Plano, the Green Line in Carrollton and the Orange Line at DFW Airport. In addition, at DFW Airport, the project would connect to the Fort Worth Transportation Authority TEXRail Regional Rail Line to Fort Worth and provide access to...
