

**DALLAS AREA RAPID TRANSIT
2010 Annual Disclosure Statement**

This 2010 Annual Disclosure Statement replaces our 2009 Annual Disclosure Statement, dated March 3, 2009. This 2010 Annual Disclosure Statement has been posted on the Internet at our website, www.dart.org, and has been filed with the Municipal Securities Rulemaking Board and is available at www.emma.msrb.org. We intend to update this 2010 Annual Disclosure Statement after the second and third quarters of our fiscal year and to replace it annually. We reserve the right to suspend or stop postings on the Internet and quarterly updates at any time. However, we will always provide the annual and periodic information called for under our undertaking in compliance with SEC Rule 15c2-12.

This 2010 Annual Disclosure Statement relates to the following securities that we have issued and intend to issue from time to time: Senior Lien Obligations, Senior Subordinate Lien Obligations, and other Bond Obligations, but does not replace the Supplemental Official Statement or Supplemental Disclosure Statement and Offering Memorandum prepared for a particular series of debt securities.

<p>You should carefully consider the information under the caption "INVESTMENT CONSIDERATIONS" herein.</p>

DART is a subregional transportation authority created pursuant to Chapter 452 of the Texas Transportation Code (the "Act"). Our boundaries include the corporate limits of 13 North Texas cities and towns, and our headquarters are located in Dallas, Texas. Under the Act, we are authorized to provide public transportation and complementary services within such cities and towns.

Pursuant to the authority of the Act and the approval of the voters at an election held on August 12, 2000, we are authorized to issue bonds or notes that are payable from and secured solely by the revenues of a 1% sales and use tax (the "Sales Tax") and having maturities in excess of five years in an aggregate principal amount up to \$2.9 billion, of which \$160,000,000 remains authorized but unissued. Under the Act, such amount may not be increased without future voter approval. We are, however, authorized to issue debt obligations that are payable from revenues of the Sales Tax having maturities of five years or less under certain circumstances and to issue debt obligations secured by revenues other than, and in addition to, the Sales Tax without voter approval.

Our Board of Directors has adopted a "Master Debt Resolution" that authorizes the issuance and execution of various types of debt instruments (the "Obligations"). Obligations that are issued in the form of bonds, notes, or other securities (the "Bond Obligations") will be issued in multiple series, and each series will be classified as either "Senior Lien Obligations," "Senior Subordinate Lien Obligations," or "Junior Subordinate Lien Obligations." The Senior Lien Obligations are secured by a first lien on Pledged Revenues; the Senior Subordinate Lien Obligations are secured by a second lien on Pledged Revenues; and the Junior Subordinate Lien Obligations are secured by a third lien on "Pledged Revenues." These liens are senior to any other claim against the Pledged Revenues. Pursuant to the Master Debt Resolution, we have issued and have outstanding both Senior Lien Obligations and Senior Subordinate Lien Obligations. See, "OUTSTANDING OBLIGATIONS AND OUR FINANCING PLANS."

Under the Master Debt Resolution, "Pledged Revenues" consist of the gross revenues that we receive from the Sales Tax, and the investment earnings thereon while held by the Trustee in the Gross Sales Tax Revenue Fund and additional revenues of DART which by a Supplemental Resolution are expressly and specifically pledged to the payment of Obligations. The Sales Tax is imposed on items and services that are sold, rented or purchased, or acquired for use within our boundaries, and that are subject generally to the Texas sales and use tax. See, "DART'S FINANCIAL PRACTICES AND RESOURCES—Principal Source of Revenue—The Sales Tax." The Bond Obligations will be issued for any one or more of the following purposes: refunding outstanding indebtedness, obtaining capital funds for the expansion of our public transportation system, creating reserves, paying interest during limited periods, paying our costs of issuance; or for other purposes if permitted by applicable law.

Unless otherwise indicated, capitalized terms used herein have the meanings assigned to them in the Master Debt Resolution.

This 2010 Annual Disclosure Statement may be used to offer and sell a series of Senior Lien Obligations, Senior Subordinate Lien Obligations, or other Bond Obligations only if it is accompanied by the Supplemental Official Statement or Supplemental Disclosure Statement and Offering Memorandum for that series.

FORWARD-LOOKING STATEMENTS

We make "forward-looking statements" in this 2010 Annual Disclosure Statement by using forward-looking words such as "may," "will," "should," "intends," "expects," "believes," "anticipates," "estimates," or others. You are cautioned that forward-looking statements are subject to a variety of uncertainties that could cause actual results to differ from the projected results. Those risks and uncertainties include general economic and business conditions, conditions in the financial markets, our financial condition, receipt of federal grants, and various other factors which are beyond our control. Because we cannot predict all factors that may affect future decisions, actions, events, or financial circumstances, what actually happens may be different from what we include in forward-looking statements.

OUTSTANDING OBLIGATIONS AND OUR FINANCING PLANS

Historically, we have issued Senior Subordinate Lien Obligations in the form of short-term commercial paper notes (the "Notes") to fund capital projects on an as-needed basis. Under the terms of a Revolving Credit Agreement with WestLB AG, State Street Bank and Trust Company, Bayerische Landesbank, and Landesbank Baden – Württemberg (the "Revolving Credit Agreement") securing the Notes, the maximum aggregate amount of Notes permitted to be outstanding is \$600 million, of which \$150 million is currently outstanding. We periodically refund outstanding Notes with Senior Lien Obligations in the form of long-term bonds. We have five series of Senior Lien Obligations outstanding – our Senior Lien Sales Tax Revenue Bonds, Series 2001 (the "Series 2001 Bonds"), outstanding in the aggregate principal amount of \$82,315,000; our Senior Lien Sales Tax Revenue Bonds, Series 2002 (the "Series 2002 Bonds"), outstanding in the aggregate principal amount of \$28,410,000; our Senior Lien Sales Tax Revenue Refunding Bonds, Series 2007 (the "Series 2007 Bonds"), outstanding in the aggregate principal amount of \$756,210,000; our Senior Lien Sales Tax Revenue Bonds, Series 2008 (the "Series 2008 Bonds"), outstanding in the aggregate principal amount of \$728,435,000; our Senior Lien Sales Tax Revenue Bonds, Series 2009A (the "Series 2009A Bonds") outstanding in the aggregate principal amount of \$170,385,000; and our Senior Lien Sales Tax Revenue Bonds Taxable Series 2009B Build America Bonds – Direct Payment to Issuers (the "Series 2009B Bonds"), outstanding in the aggregate principal amount of \$829,615,000.

Bond Obligations We Expect to Issue In 2010

We do not plan to issue Senior Lien Sales Tax Revenue Bonds or to increase the principal amount of Senior Subordinate Lien Sales Tax Notes in 2010. DART currently estimates that additional debt funding will be required in order to complete the expansion plans identified in the August 2000 election. The additional debt funding may be secured with farebox revenues, federal formula grants, or sales tax revenues. DART is currently evaluating these funding alternatives and others and will determine at a later date its financing plans for the expansion of its transportation system.

Preconditions to Issuance of Bond Obligations—Financial Coverage Tests

– Conditions to Issuance of Senior Lien Obligations

There are five series of Senior Lien Obligations outstanding, the Series 2001 Bonds, the Series 2002 Bonds, the Series 2007 Bonds, the Series 2008 and the Series 2009A and 2009B Bonds. Under the Master Debt Resolution we cannot issue Additional Senior Lien Obligations unless:

(1) An independent economist broadly experienced in economic forecasting in the North Texas region, or an independent certified public accountant or accounting firm, reports to us projections of Gross Sales Tax Revenues and the projections show that the estimated Gross Sales Tax Revenues for each of three consecutive Fiscal Years, beginning with the first Fiscal Year in which Debt Service will be due on the proposed Additional Senior Lien Obligations, are equal at least to 200% of the Debt Service that will be due on all Senior Lien Obligations that will be outstanding after the proposed new issue during each of such three Fiscal Years; or

(2) During either our most recent Fiscal Year or during 12 out of the most recent 18 months, our Gross Sales Tax Revenues were equal to at least 200% of the maximum Debt Service that will be due on any outstanding Obligations and the proposed Additional Senior Lien Obligations during any of the current or any future Fiscal Year; and

(3) Our Chief Financial Officer or Vice President, Finance, certifies that we will receive Gross Sales Tax Revenues, during each of three consecutive Fiscal Years beginning with the Fiscal Year in which Debt Service is due on the proposed Additional Senior Lien Obligations, which will be sufficient to pay all Senior Lien Obligations and all Subordinate Lien Obligations during such three Fiscal Years; and

(4) We satisfy any additional financial tests that may be contained in a Supplemental Resolution or Credit Agreement.

– Conditions to Issuance of Subordinate Lien Obligations

The Master Debt Resolution does not itself impose financial tests as preconditions to the issuance of additional Bond Obligations as Senior Subordinate Lien Obligations or as Junior Subordinate Lien Obligations beyond the requirement that we demonstrate the ability to pay them when due.

However, the Revolving Credit Agreement securing the Notes imposes additional financial tests as preconditions to the issuance of Bond Obligations as Senior Lien Obligations or Senior Subordinate Lien Obligations. The Revolving Credit Agreement has a current termination date of November 30, 2015, provided that the Revolving Credit Agreement may be terminated by any of the Lenders under the Revolving Credit Agreement upon proper notice, or non-renewal, as described in the Revolving Credit Agreement, on the sixth and ninth anniversaries of January 21, 2005. In addition, the Revolving Credit Agreement automatically terminates upon the occurrence of certain events described in the Revolving Credit Agreement.

Under the requirement of the Revolving Credit Agreement, we have the right to issue Bond Obligations as Senior Lien Obligations or Senior Subordinate Lien Obligations in any principal amount that is actually applied to the payment, refunding or defeasance of the commercial paper notes or Loans under the Revolving Credit Agreement by meeting solely the financial tests of the Master Debt Resolution, as summarized above.

However, we cannot issue additional Bond Obligations as Senior Lien Obligations or Senior Subordinate Lien Obligations for other purposes unless:

- (1) We satisfy the financial tests contained in the Master Debt Resolution summarized above; and
- (2) An independent economist broadly experienced in economic forecasting in the North Texas region, or an independent certified public accountant or accounting firm, reports to us projections of Gross Sales Tax Revenues and the projections show that the estimated Gross Sales Tax Revenues for each of the three following and consecutive Fiscal Years, beginning with the first Fiscal Year in which Debt Service will be due on the proposed Bond Obligations, are equal at least to 150% of the Debt Service that will be due on all Bond Obligations that are issued as Senior Lien Obligations and Senior Subordinate Lien Obligations that will be outstanding after the proposed new issue during each of such three Fiscal Years; and
- (3) During any 4 of the most recent 6 calendar quarters immediately preceding the issuance date of the proposed Bond Obligations, our Gross Sales Tax Revenues must have been equal at least to 200% of the Debt Service on our Bond Obligations that were outstanding during such 4 calendar quarters plus Debt Service on the proposed Bond Obligations, assuming that they were outstanding during such period and after taking into account any reduction in Debt Service that may result from the issuance of the proposed Bond Obligations.

We expect that future Credit Providers and general market requirements will, from time to time, impose different or additional financial tests as preconditions to the issuance of additional Bond Obligations having any lien ranking. Any such additional requirements will be contained in a Supplemental Resolution or in a Credit Agreement. See, Appendix B, SUMMARY OF CERTAIN TERMS OF THE MASTER DEBT RESOLUTION—Permitted DART Indebtedness.

Method of Issuing Bond Obligations

To issue any series of Bond Obligations, the Master Debt Resolution requires our Board to adopt a Supplemental Resolution establishing the specific terms of the series to be issued. When we issue Bond Obligations, you should purchase them on the basis of this 2010 Annual Disclosure Statement only if you have also obtained a “Supplemental Official Statement” or a “Supplemental Annual Disclosure Statement and Offering Memorandum” relating to the series of Bond Obligations you are considering.

Security for the Obligations—Flow of Funds

Our Gross Sales Tax Revenues consist of the money we are entitled to receive under the Act and other state law from the levy and collection of the voter-approved Sales Tax that is levied on taxable items and services that are sold or used within our boundaries. That revenue and the investments thereof, if any, while held by the Trustee in the Gross Sales Tax Revenue Fund are the Pledged Revenues that secure all of the Obligations.

State law requires the sellers and suppliers of taxable items and services to collect the Sales Tax from consumers and to pay collected taxes to the Texas Comptroller of Public Accounts. The Comptroller receives and collects all such taxes that are imposed throughout the state and pays them over to the agencies, such as DART, that levy them, net of a 2% collection fee and reserves for possible refunds.

The Master Debt Resolution establishes (1) the procedure for handling the Gross Sales Tax Revenues from the point of release of the revenues by the Comptroller to the Trustee to the point they are released by the Trustee to us; (2) the priorities of the liens that are created for the benefit of the Senior Lien Obligations, the Senior Subordinate Lien Obligations, and the Junior Subordinate Lien Obligations; and (3) the permissible investments thereof at our direction.

The law requires the Comptroller to deliver the net amount of the collected taxes to us or for our benefit not less frequently than quarterly. Under current practice, the Comptroller delivers net tax collections monthly directly to the Trustee for the benefit of the Holders of Obligations under the Master Debt Resolution.

The Trustee is required to deposit money received from the Comptroller to the Gross Sales Tax Revenue Fund. On the day of receipt, the Trustee is required to withdraw that money and to make deposits to three debt service funds in amounts equal to the Accrued Aggregate Debt Service on the Obligations of each lien ranking, beginning first with the Senior Lien Debt Service Fund, then the Senior Subordinate Lien Debt Service Fund, and finally the Junior Subordinate Lien Debt Service Fund, before any monies are released to us for other uses.

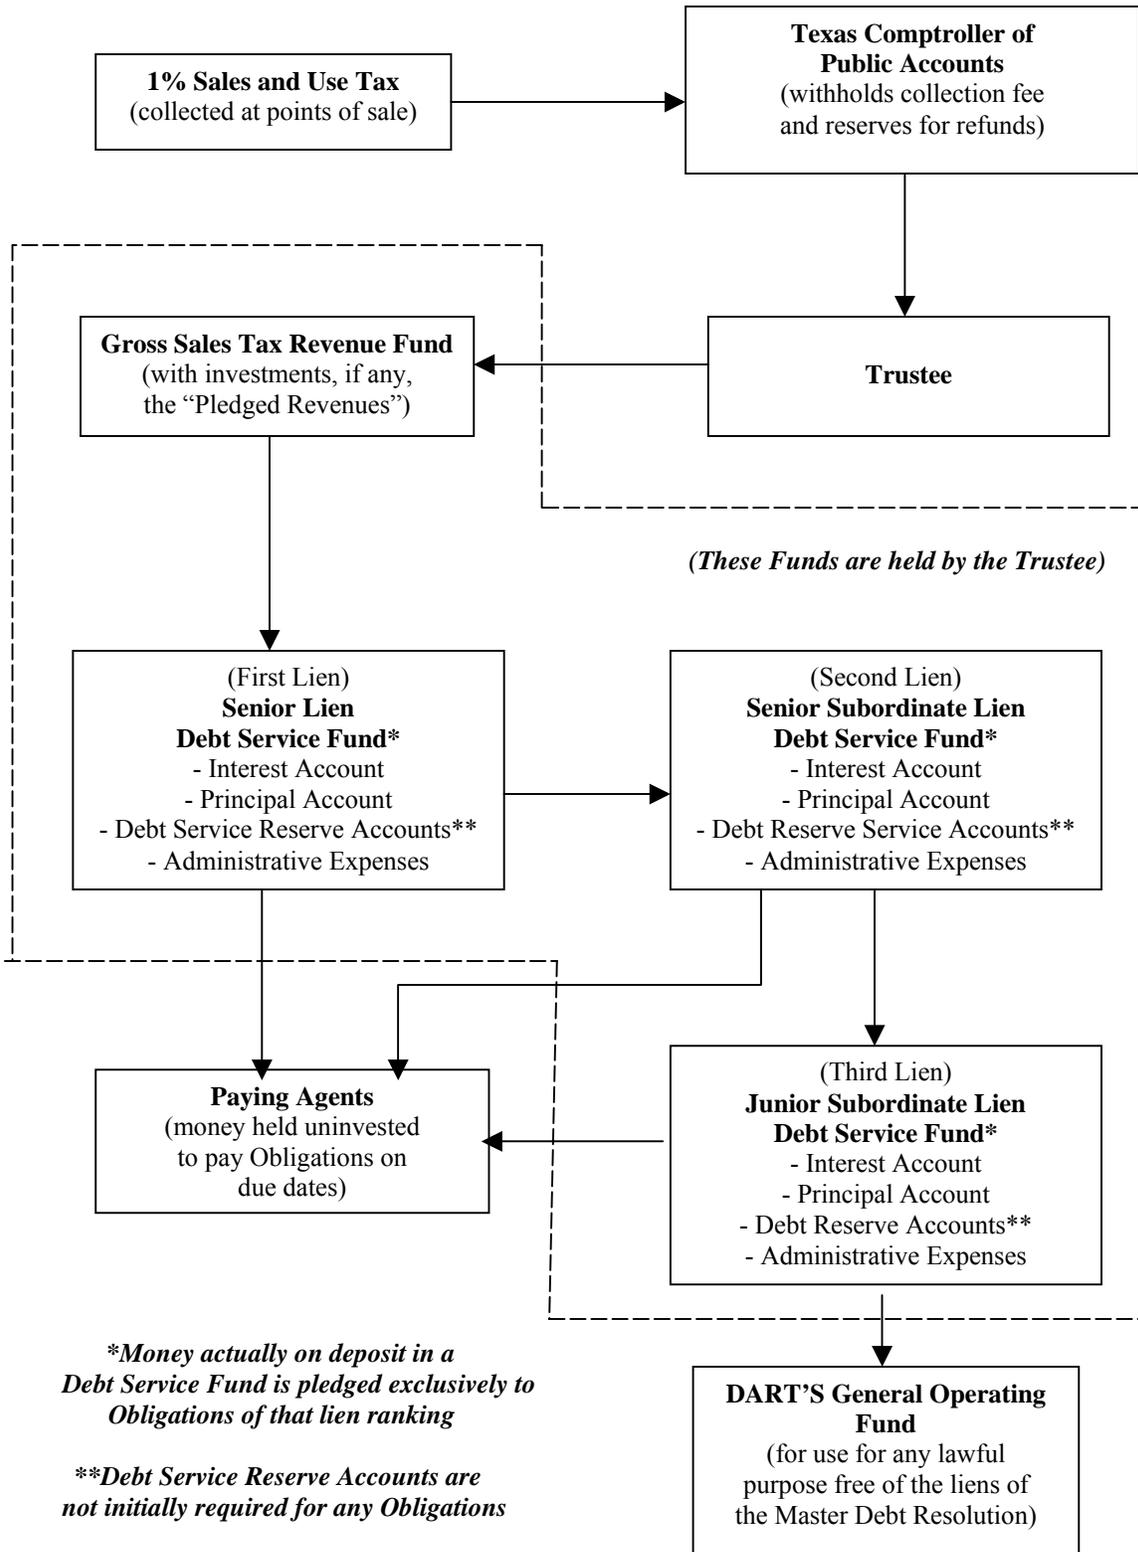

Money actually on deposit in a Debt Service Fund is pledged exclusively and irrevocably to the Obligations of the applicable lien ranking.

If the monies received from the Comptroller are not sufficient to fill all three of the Debt Service Funds to the level of current requirements, they are filled in the order of lien ranking and any deficiencies are restored with the next available Gross Sales Tax Revenues.

If there is an excess of money over the amounts needed to make the required deposits to all three Debt Service Funds, and after restoring deficiencies, if any, the Trustee is required to deliver the excess revenue to DART, free and clear of the liens of the Master Debt Resolution.

When payments are due on Bond Obligations, the Trustee sends the required amounts from the applicable Debt Service Fund to the Paying Agent(s) for the maturing Obligations, as shown in the following chart of the flow of funds:

Flow of Funds (cont'd)

Securities Secured by Special Revenues

We have not pledged our “Special Revenues” as security for the payment of any of our Obligations. Special Revenues include such revenues and resources as our farebox revenues and funds that we may receive as federal grants. We have reserved the right in the Master Debt Resolution to pledge Special Revenues as additional security for Bond Obligations issued as Subordinate Lien Obligations, and to issue other debt securities that are payable from and secured solely by Special Revenues.

INFORMATION ABOUT DART

DART is a subregional transportation authority and governmental agency of the State of Texas, created and confirmed by a referendum passed on August 13, 1983, pursuant to Article 1118y of Vernon’s Annotated Texas Civil Statutes, as amended and recodified into the Act. The Act authorizes us to provide public transportation and complementary services within the corporate limits of those cities and towns in which the voters have confirmed the creation of or joinder with DART and approved the imposition of the Sales Tax under the Act.

DART’s Boundaries, Additions, Withdrawal Rights

Our current boundaries include the following Participating Municipalities: the Cities of Carrollton, Cockrell Hill, Dallas, Farmers Branch, Garland, Glenn Heights, Irving, Plano, Richardson, Rowlett, and University Park and the Towns of Addison and Highland Park, Texas. Our boundaries encompass approximately 700 square miles and contain an estimated population of 2.4 million persons as of January 1, 2009, according to information obtained from the North Central Texas Council of Governments.

If a municipality that we do not currently serve is located at least in part in a county that we serve, the municipality may become a Participating Municipality by holding an election in accordance with the Act at which its joinder with DART and the imposition of the Sales Tax is approved by its voters.

Under the Act, a Participating Municipality has the right to call an election at which its voters may vote to withdraw as a Participating Municipality every sixth calendar year. This process can be initiated by either official action of the Participating Municipality’s governing body or by citizen petition. The next year in which withdrawal elections may be held is 2014.

If a withdrawal election is held and voters approve withdrawal from DART, all of our public transportation services to and within the withdrawing municipality must cease on the day following the canvass of the election returns. The Comptroller must continue to collect the Sales Tax within that municipality, however, until we have collected an amount equal to the withdrawing municipality’s pro-rata share of our financial obligations that existed at the time of withdrawal. Accordingly, the Act limits the impact a municipality’s withdrawal might have on our ability to repay our indebtedness, including any Obligations.

Under the Act, our Board must calculate a withdrawing municipality’s financial obligation to us as of the date of withdrawal. This financial obligation shall equal such municipality’s portion of the total amount of the following:

- Our outstanding obligations under contract and authorized in our current budget;
- Our outstanding contractual obligations for capital and other expenditures payable from sources other than proceeds of notes, bonds or other obligations;
- Payments due or to become due in all subsequent years on notes, bonds, or other securities or obligations for debt issued by us;
- Our required reserves for all years to comply with financial covenants made with lenders, note or bond holders, or other creditors or contractors; and

- The amount necessary for the full and timely payment of our existing obligations, to avoid a default or impairment of those obligations, including contingent liabilities.

Any of our financial obligations that specifically relate to such withdrawing municipality will be allocated completely to it.

DART's General Powers and Purposes

We exercise public and essential governmental functions under the Act, and the Act grants us certain powers to carry out these functions. The Act authorizes us to acquire, construct, develop, plan, own, operate, and maintain all real and personal property needed by us for public transportation or complementary transportation purposes. Complementary transportation services include the following services:

- Special transportation services for elderly or disabled persons;
- Medical transportation services;
- Assistance in street modifications to accommodate our public transportation system;
- The purchase, construction, or renovation of general aviation facilities that are not served by certificated air carriers in order to relieve air traffic congestion at existing facilities; and
- Any other service that complements our public transportation system, such as parking garages.

The Act grants to us the right to acquire property by eminent domain for our public transportation system, so long as the governing body (in a city or town) or the commissioners court of the county (in unincorporated areas) having jurisdiction over the property approves the acquisition. The Act also authorizes us to lease to or contract with a private operator to operate a public transportation system or any part thereof, and to contract with any non-participating city, county or other political subdivision to provide public transportation services to any area outside our boundaries.

The Board of Directors

We are governed by a 15-member Subregional Board of Directors. The governing bodies of the Participating Municipalities appoint members to our Board according to the ratio of the population of each Participating Municipality to the total population within our boundaries. A Participating Municipality having a population which entitles it to make a fraction of an appointment may combine that fraction with one or more other Participating Municipalities to make one appointment, but no Participating Municipality may appoint more than 65% of the members of the Board. The Board is restructured whenever there is a change in the member municipalities or every fifth year after the date census data or population estimates become available.

Each Board member serves at the pleasure of the governing municipal unit that appoints the member. Board members serve staggered two-year terms. Eight of the member terms begin on July 1 of odd-numbered years and seven of the member terms begin July 1 of even-numbered years. Each member is entitled to receive \$50 for each Board meeting attended and is reimbursed for necessary and reasonable expenses incurred in the discharge of the member's duties.

The following table sets forth information regarding our current Board of Directors. The Board appoints from its members a chair, vice chair, secretary, and assistant secretary as indicated below.

Significant Board Policies and Planning Documents

Our Board has adopted a mission statement, goals, financial and business planning policies and general policies that provide management a framework within which it must operate. The Board has also adopted Bylaws and Rules of Procedure to ensure that it acts consistently.

Each year, for planning purposes, DART issues an annual business plan (the “Business Plan”) which includes the following components:

— The Strategic Plan – The Strategic Plan is reviewed annually, and was most recently updated in 2009. It identifies the key initiatives that must be completed to achieve the Board’s goals. The Strategic Plan and Business Plan are the basis for the Annual Budget, the Twenty-Year Financial Plan, and for measuring management and employee performance and are modified based on an analysis of business results; employee, customer, and climate surveys; external events (such as issues being considered by the Texas State Legislature), and benchmark comparisons with other transit agencies and private sector companies.

— Service Plan/Transit System Plan – The Service Plan describes where facilities and rail alignments are physically located. The Transit System Plan is a long-range planning tool that identifies and prioritizes major capital projects needed to improve regional mobility. The Transit System Plan is closely coordinated with development of the North Central Texas Council of Government’s Regional Mobility Plan and is revised every five to six years. The last revision was completed in Fiscal Year 2007 and focuses on transit needs and opportunities within the context of a 2030 horizon.

— Annual Budget – The Act requires the Board to develop, recommend, and approve an annual budget. The Board must make its proposed annual budget available to the governing bodies of the Participating Municipalities for comment at least 30 days prior to final annual budget adoption. The Participating Municipalities are not required to approve the annual budget, however, in order for it to become effective.

— Twenty-Year Financial Plan – The Twenty-Year Financial Plan addresses the affordability of the Transit System Plan and the timing of service and capital expansion projects. The Twenty-Year Financial Plan details projected sources and uses of cash for twenty years. The first year of the plan corresponds with the coming year's budget, and the first five years of the plan is comprised of the coming year's Business Plan. The final 15 years of the plan validate the affordability of our long-range Transit System Plan, and include our commitments for future system expansion and the issuance and repayment of debt.

— Financial Standards – The Board's Financial Standards establish limits for capital expansion, the issuance of debt, and the maintenance of cash reserves. These standards are the basis for our Financial Plan projections. The Board has also approved Business Planning Parameters that establish operating service levels, management performance objectives, and policy limitations for projecting major sources and uses of cash.

— Key Performance Indicators – The Business Plan provides a detailed outline of our performance projections and commitments for each mode of service and DART as a whole. The Plan includes "scorecards" addressing key operating, financial, and quality measures (called "Key Performance Indicators") and identifying initiatives necessary to improve performance. The Business Plan defines how management will achieve the key initiatives presented in the Strategic Plan.

— Five-Year Action Plan – The Five-Year Action Plan provides detailed discussions of our plans to increase bus and rail ridership through service improvements for a five-year period.

DART's Management

The Board appoints our President/Executive Director, who also serves as our Chief Executive Officer. The Chief Executive Officer's duties include:

- Administering our daily operations, including the hiring, compensation, and removal of employees;
- Awarding contracts for services, supplies, capital acquisitions, real estate, and construction without Board approval if the amount of any such contract does not exceed \$100,000; and
- Awarding contracts of up to \$250,000 without Board approval for standard off-the-shelf commercial products.

Additional staff positions that report directly to the Board include the General Counsel, a Director of Internal Audit, and a Director of the Office of Board Support.

Employees and Employee Relations

DART currently has approximately 3,896 salaried and hourly employees. Hourly employees are represented by two different organizations. The Amalgamated Transit Union, Local 1338, represents the majority of our bus operators, mechanics, and call center personnel. The Rail Employees Association represents operators and mechanics who work primarily with the rail mode of transportation.

As a Texas governmental agency, we do not collectively bargain or sign labor contracts with these employee representatives. We do, however, meet and confer with these representatives on hourly employee issues, compensation, and benefits.

Pension, Retirement, Deferred Compensation Plans and Other Post-Employment Benefits

We operate three employee benefit plans. Information about the plans is contained in Note 15 to the Audited Financial Statements attached hereto as Appendix A. In addition to pension benefits, we provide post-retirement health care and life insurance benefits in accordance with DART policy to certain employees. Information about such benefits is contained in Note 16 to the Audited Financial Statements attached hereto as Appendix A. In Fiscal Year 2008, we implemented GASB Statement No. 45 “Accounting and Financial Reporting By Employers For Post-Employment Benefits Other Than Pensions.” We funded a Trust with the Annual Required Contribution in Fiscal Year 2009, and therefore, have no liability to record.

Significant Contract Services

We use contracted services extensively, including the following:

- Veolia Transportation Services, Inc., for all of our Paratransit operations and Innovative Services;
 - Herzog Transit Services, Inc. for our Commuter Rail services;
 - ACT21 (a joint venture of Carter Burgess, STV Inc; Jacobs Sverdrup and KAI-Alliance), our General Engineering Consultant, for our Green Line light rail construction program and major bus facilities;
 - Archer Western, Brunson, and Carcon, a Joint Venture, under a Construction Manager/General Contractor (CM/GC-1) contract for a portion of the light rail build out;
 - Archer Western and Herzog, a Joint Venture, under a CM/GC-III contract for a portion of the light rail build out;
 - Track 3 (a Joint Venture of LAN, Inc., Aquirre Corporation; APM and Associates, Inc., and Chiang, Patel & Yerby, Inc.) for General Engineering Consultant and oversight for the Orange and Blue Line Design-Build;
- Kiewit, Stacey and Witbeck, Reyes, and Parsons, a Joint Venture, under a Design Build contract for the Orange Line, Irving I and II; and
- Austin Bridge and Road, under a Design Build contract for the Blue Line Extension, Rowlett 1.

We also utilize contracts for a major portion of the planning, design, and construction of major capital programs.

Insurance

We maintain a comprehensive insurance program, including the following:

- We self-insure for auto liability, general liability, and workers' compensation claims arising out of transit operations. Segregated cash reserves are maintained for these programs.
- We carry all-risk property insurance for full repair or replacement in the event of loss with a \$500 million limit for any one loss or any one location.
- We carry \$125 million liability coverage for the Trinity Railway Express commuter rail service with a \$3 million self-insured retention. This policy covers all entities associated with providing commuter rail service.
- We purchase \$10 million of liability for leased premises to comply with the terms of our lease agreements with third parties. We also purchase insurance to cover non-owned automobile liability, directors and officers liability and employee dishonesty.
- For the second phase of the light rail build-out, we provide a \$50 million project-specific professional liability insurance policy that covers all consultants providing professional services, including environmental consulting services and construction management. In addition, civil contractors are covered for pollution liability arising out of construction activities.
- An Owner Controlled Insurance Program (OCIP) provides all eligible contractors involved with constructing Phase II of the light rail build-out with statutory workers' compensation coverage, \$100 million of general and excess liability insurance, railroad protective liability and builders' risk insurance. The OCIP went into effect on July 25, 2006, and will provide coverage through December 31, 2013. An additional ten years of products and completed operations coverage will commence upon acceptance of the work and commencement of revenue service. Products and completed operations coverage for any work covered by the OCIP will not extend beyond December 31, 2023.

As a public entity, we are protected in many instances by governmental immunity. In cases where our governmental immunity does not apply, our liability is often limited by the Texas Tort Claims Act to \$100,000 per person or \$300,000 per occurrence for bodily injury and \$100,000 per occurrence for property damage. Workers' compensation payments are statutory and regulated by the Department of Labor and the Texas Department of Workers' Compensation.

DART'S FINANCIAL PRACTICES AND RESOURCES

Audits of Financial Information

DART's Fiscal Year is from October 1 through September 30. We maintain our records of accounts in accordance with generally accepted accounting principles. Our financial accounts and records are audited at the close of each Fiscal Year by an independent, outside auditing and accounting firm approved by the Board. The audits are usually presented to us not later than 120 days after the close of each Fiscal Year. The Independent Auditors' Report, with our audited annual financial statements for the Fiscal Years ended September 30, 2009 and 2008, is presented as a part of this 2010 Annual Disclosure Statement as Appendix A. Each subsequent annual revision of this 2010 Annual Disclosure Statement will include our most recent audited annual financial statements and our analysis of the financial results for the year.

Principal Source of Revenue—The Sales Tax

Our principal revenue source is the Sales Tax that is levied on taxable items that are sold, rented or purchased, or acquired for use, within the boundaries of our Participating Municipalities. The Act and the Limited Sales, Use, and Excise Tax Act, Chapter 151, Texas Tax Code, as amended, contain a full description of the items and services subject to and exempted from the sales and use tax.

The Texas Legislature has modified the sales and use tax base from time to time to add or subtract certain items to or from our taxable base, and even to exempt from taxes certain items purchased during a defined time window. In 1999, the Legislature created an annual three-day "sales tax holiday" just prior to the opening of each new school year which exempts from State and local sales taxes the purchase of certain clothing and footwear. The sales tax holiday exempts these purchases from the Sales Tax as well. While the law establishing the sales tax holiday currently permits us to repeal the temporary exemption from our Sales Tax, we do not intend to repeal this exemption unless it will adversely impact our ability to repay any outstanding Obligations.

The following table shows our Gross Sales Tax Revenues for each of the most recent 10 Fiscal Years. The Gross Sales Tax Revenues shown below consist of sales taxes we actually receive in a given Fiscal Year, and may differ from the sales tax revenues shown on our financial statements due to accounting adjustments made on our financial statements reflecting amounts determined to be overpayments of Sales Tax to DART. When an overpayment is determined to have been made, the financial statements are adjusted to show a reduction in sales tax revenues for that Fiscal Year; however, in two cases where sizeable overpayments were determined to have been made, DART has entered into a repayment plan spanning several years rather than repaying the overpayment in a single Fiscal Year. The aggregate annual repayment installments by DART are reflected in the Gross Sales Tax Revenues shown in the table below because such repayment installments are deducted from Sales Tax that otherwise would be paid to DART in a Fiscal Year, thereby reducing DART's actual receipts. Since the financial statements reflect a reduction in sales tax revenues for the Fiscal Year in which an overpayment is determined to have been made, rather than in the Fiscal Years over which an overpayment is repaid, the sales tax revenues shown on the financial statements may differ from the Gross Sales Tax Revenues shown below.

*The amounts shown for 2006 and 2008 include \$13.2 million and \$3.6 million, respectively, that the State Comptroller has determined to be overpayments. Such amounts are being repaid by DART in quarterly payments through March, 2027. See "DART's Operations and Performance Results – Sales Tax Revenues and the Net Operating Subsidy."

Secondary Revenues—Farebox Collections

We collect fares from our bus, rail, and paratransit users. The Act permits us to set fares based upon a zone system or by another classification that we determine to be reasonable and nondiscriminatory.

We receive other miscellaneous revenues, primarily from advertising and leases. We refer to these and the farebox revenues as "Operating Revenues." The following table lists our operating revenues and expenses for the past 10 fiscal years.

Operating Revenues & Expenses (in millions)		
Fiscal Year ended 9/30	Operating Revenues	Operating Expenses

2009	\$57.4	\$523.6

Federal Grant Funds

We receive federal grant funds primarily from the Federal Transit Administration ("FTA"). We utilize these proceeds to fund a portion of our eligible capitalized maintenance expenses and capital programs. Congress allocates transit funds on both a formula basis and a discretionary basis. We are eligible to receive both types of funds.

In July 2006, FTA awarded a landmark \$700 million Full Funding Grant Agreement (FFGA) to DART for the NWSE LRT extension project. Congress appropriates the funds for such Agreement annually. We anticipate Congress will appropriate at least \$80 million annually between 2010 and 2013 to fund the FFGA.

In Fiscal Year 2009, Congress appropriated \$46.7 million of formula funds; \$9.9 million in Fixed Guideway Modernization funds; \$3.0 million in discretionary funds for bus passenger facilities and shelters; and \$87.1 million in discretionary funds for the Northwest Southeast Light Rail Transit (NWSE LRT) extension. In Fiscal Year 2009,

Congress also appropriated \$61.2 million of new formula funds for Orange Line construction and Glenn Heights parking expansion and signage at rail stations; \$0.3 million in Fixed Guideway Modernization funds for the purchase of two-way mobile radios; and \$78.4 million in discretionary funds as an acceleration of future appropriations for the Northwest Southeast Light Rail Transit (NWSE LRT) project through the American Recovery and Reinvestment Act (ARRA).

Federal grants are on a reimbursement basis, so receipts will not match annual appropriation. The following table reflects actual federal and state receipts of DART by Fiscal Year for the past ten years.

Fiscal Year	Federal Receipts	State Receipts
2000	\$180.9	\$ 0.0

2009	\$300.5	\$ 0.1

Lease/Leaseback Transactions

As authorized by the Act, we entered into ten separate economically defeased lease transactions which, in general, involved our lease and leaseback of specified, depreciable property to various trustee entities, acting on behalf of private investors. As of the date hereof, four of such transactions are still outstanding. The four outstanding transactions involve the lease and leaseback of light rail cars used as a part of our light rail system and buses. See Note 10 to the Audited Financial Statements attached hereto as Appendix A.

Although we retain legal title to the leased property, these transactions were structured so as to result in a sale of the leased property to the private investors for federal income tax purposes. The rent due for the full term of the leases was prepaid to us, and the trustees have no further obligation to pay us any rent under the leases. The respective trustee subleased the property back to us for a sublease term that is shorter than the term of the respective lease. At a specified date on or before the end of the sublease term, we have the right to purchase the respective trustee's interest in the respective lease.

We paid a portion of the advance rental payments received by us from the trustees to purchase contractual undertakings from certain financial institutions, rated "AA" or better by recognized rating agencies, pursuant to which such financial institutions assumed and agreed to pay to the respective trustee the sublease rental payments due and owing by us through our purchase option date, together with the purchase option price owed by us if we determine to exercise our purchase option rights. In other leases, we deposited a portion of such advance rental payments with a custodian, whom we instructed to purchase direct obligations of the United States Government and other securities that will mature on the dates and in the amounts required to pay sublease rental payments and the respective purchase option price.

The excess amounts of the advance rental payments received by us over the costs of the contractual undertakings and the amounts of the custodial deposits, after paying for certain other costs incurred in connection with the transactions, was retained and utilized by us. After closing the transactions, we continue to have the right to uninterrupted use and possession of the leased property so long as we are not otherwise in default under the contractual terms of the lease documents. Notwithstanding such contractual undertakings and custodial deposits, we remain obligated to pay all amounts owed by us under the subleases, including sublease rent and the respective purchase option price should we exercise it, in the event of the insolvency of or other failure to pay by the respective financial institution or a failure of the respective custodial deposits.

– Recent Developments

For three of the four outstanding transactions, the ratings of the financial institutions providing or insuring such contractual undertakings have been downgraded below certain levels specified in the transaction documents. As a result of such downgrades and pursuant to the terms of the transaction documents, we are contractually obligated to replace such financial institutions or otherwise provide substitute credit protection that is acceptable to the private investors, all at the cost and expense of DART. In one of the three transactions, DART has posted \$200,000 in additional collateral and fulfilled its obligations. With respect to the two remaining transactions, we have engaged, and continue to participate, in discussions with the private investors regarding our compliance with such contractual obligations, including the possibility of terminating such transactions early or obtaining assistance from the United States government in the form of a Federal guarantee. In the event we are not able to comply with the aforementioned contractual obligations on terms that are acceptable to us and the private investors, the trustees may be able to declare an event of default under the transaction documents and demand that we pay a predetermined early termination payment in the form of liquidated damages to the private investors. As of the date hereof, the aggregate amount payable by us in such event for the remaining two transactions is approximately equal to \$32.4 million. We are diligently pursuing a resolution to these matters. Our contingent liabilities under such transactions, including any early termination payments, are not secured by a pledge of Pledged Revenues.

DART OPERATIONS AND PERFORMANCE RESULTS

The Independent Auditors' Report on DART's financial statements for the fiscal year ended September 30, 2009, is attached as Appendix A. The information contained under this heading presents the comments, observations, and interpretations of financial and other facts and practices by our management and its opinions as to those facts, practices, and circumstances affecting DART. We do not warrant or guarantee that the conclusions we have drawn therefrom are accurate or complete or provide any assurances as to future financial and/or operating results of DART. The financial information discussed in this section is derived from the financial statements attached as Appendix A and other identified sources.

Sales Tax Revenues and the Net Operating Subsidy

Sales tax revenues contributed 47% and 58% of total revenues in fiscal year 2009 and fiscal year 2008, respectively (excluding debt issuances). Sales tax revenues in fiscal year 2009 were \$378.4 million, a \$34.9million (8.0%) decrease over fiscal year 2008. Sales tax revenues for the year ended September 30, 2009 were \$52.8 million (12.2%) below the projected Sales Tax Budget of \$431.2 million. Our sales taxes highly correlate with personal income and retail sales in the region. Our principal revenue source is the sales tax. Sales tax revenues received by us from the State Comptroller reflect sales transactions that occur approximately two months prior to receipt by us. The sales tax revenues discussed in this section are derived from our annual financials which reflect accounting adjustments made as a result of overpayments of sales taxes to DART. As a result of these accounting adjustments, sales tax revenues shown on our financial statements may differ from the Gross Sales Tax Revenues (which represent actual receipts in a Fiscal Year) shown in the table on page 13. As a result of overpayments to DART of \$13.2 million in Fiscal Year 2006 and \$3.6 million in Fiscal Year 2008, DART entered into a repayment plan with the State Comptroller which commenced in December 2006, and currently extends to March 2027. Pursuant to the repayment plan, the State Comptroller deducts quarterly repayments from sales tax revenues that would otherwise be owed to DART.

The Fiscal Year 2010 Budget projects Sales Tax Revenues of \$387.8 million. This represents a 10% decrease from the 2009 budget and an 2.5% increase for actual Sales Tax Revenues in Fiscal Year 2009. However, recent sales tax collections are falling below last years actuals. Based upon sales tax receipts through January 2010, the annual sales tax projection for Fiscal Year 2010 may need to be revised downward. Management is monitoring the current year-to-year decline and will revise the Sales Tax expectations as circumstances warrant.

We maintain various cash reserves including a Financial Reserve Account that is funded with sales tax collections, if any, that exceed budget during a given year. In addition, a Capital Project Reserve Account was established. If the Financial Reserve exceeds \$50 million, excess funds are placed in the Capital Project Reserve Account. An affirmative vote of two-thirds of the Board is required to draw upon the Financial and Capital Project Reserves and

the funds may be used for any purpose approved by the Board. As of September 30, 2009, the balance in the Financial Reserve Account was \$22.4 million and the balance in the Capital Reserve Account was \$0. million. In addition, we maintain a working cash balance in the general operating fund equal to at least one month of expenses that are projected to be paid from sales tax collections. As of September 30, 2009, the balance in the general operating fund was \$428.4 million.

Operating results for Fiscal Year 2009 reflect that total expenses exceeded total revenues resulting in a loss before capital contribution, grants, and reimbursements of \$110,051 compared to \$43,221 for 2008. This loss in 2009 is more than that of 2008 due to an increase in expenses and decrease in sales tax revenue. Net operating subsidy measures the amount of sales tax dollars required to subsidize the operating costs of our public transit system. We calculate “net operating subsidy” in the following manner: operating expenses minus extraordinary items and depreciation minus operating revenues. Our goal is for the sales tax revenues to increase by a higher percentage than net operating subsidy. In Fiscal Year 2009, sales tax revenues decreased and net operating subsidy increased due to increases in operating categories.

Sales Tax Revenues for Operating Expenses

Sales tax revenues for operating expenses measures the percentage of sales tax revenues required to subsidize net operating costs. Conversely, this ratio also measures the amount of funding available for future capital expenditures and debt service. The sales taxes for operations calculation is as follows: net operating subsidy (see above) less interest income divided by sales taxes. This ratio moves lower if sales taxes grow by a higher percentage than net subsidy less interest income. The ratio increased from 65.0% in fiscal year 2008 to 76.0% in fiscal year 2009 due primarily to the decline in sales tax receipts.

Subsidy Per Passenger

Subsidy per passenger measures the efficiency of our services. Specifically, it measures the amount of tax subsidy required each time a passenger uses our services. It is calculated as follows: operating expenses minus depreciation minus extraordinary items minus operating revenues divided by passenger boardings. Our goal is to minimize subsidy per passenger each year. For this to happen, ridership must grow at a higher percentage than net subsidy. Total system subsidy per passenger in fiscal year 2009 was \$2.57, a \$0.07 increase from fiscal year 2008. Fixed route subsidy per passenger in fiscal year 2009 was \$4.01, a \$0.29 (7.8%) increase from fiscal year 2008. These increases are due to fixed route ridership losses because of lower gasoline prices and increased unemployment. Subsidy per passenger for fiscal year 2009 ranged from a high of \$42.22 for paratransit service to a low of \$0.18 for HOV service.

INFORMATION ABOUT DART’S TRANSPORTATION SYSTEM

The Current System

Our current mass transit services include:

- Regular route bus service;
- Special events service;
- DART Innovative services including DART On-Call and Flexible services;
- Light rail transit service;
- Commuter rail service;
- Paratransit service for the mobility impaired;
- High Occupancy Vehicle Lanes; and
- RideShare matching services for carpools and vanpools.

During Fiscal Year 2009, we moved 117.5 million passengers, with an average weekday ridership for all modes of 380,399. The following table highlights total system ridership by mode for the last ten years.

Ridership by Mode (in millions)							
Fiscal Year	Bus	LRT	Commuter Rail	HOV	Paratransit	Vanpool	Total
2000	48.6	11.4	0.8	33.1	0.6	0.3	94.7
2001	47.9	11.5	1.4	34.0	0.6	0.3	95.7
2002	42.8	13.7	2.2	34.2	0.6	0.4	93.9
2003	40.3	17.0	2.3	33.8	0.6	0.4	94.4
2004	38.4	16.5	2.2	35.0	0.6	0.4	93.0
2005	40.1	17.5	2.1	37.4	0.6	0.4	98.1
2006	44.4	18.6	2.4	36.1	0.7	0.4	102.6
2007	44.5	17.9	2.5	37.6	0.7	0.5	103.7
2008	45.0	19.4	2.7	48.1	0.7	0.7	116.9
2009	43.1	18.9	2.8	51.0	0.8	0.9	117.5

The system ridership and fixed route ridership numbers are highlighted in the analysis given above. Fixed route service includes bus, light rail, and commuter rail operations. Total system ridership includes fixed route, paratransit, HOV transitways, and vanpools. Ridership figures are based on the number of unlinked passenger boardings (each passenger boarding is counted as one trip). Total system ridership in fiscal year 2009 was 117.5 million, an increase of 597,977 (0.5%) over fiscal year 2008. Average weekday ridership increased 0.7% to 380,399 in fiscal year 2009 as compared to fiscal year 2008.

We contract for all of our paratransit and commuter rail services. While we remain responsible for these programs, our contracts establish operating performance standards which the contractors are expected to meet. We maintain an aggressive program to monitor and audit contractor compliance.

— ***Bus Transit (36.7% of total system ridership in fiscal year 2009)***

Our bus system provides local, express, crosstown and feeder bus routes. Local routes are focused on the Dallas Central Business District (the “CBD”), and serve the largest and most dense concentration of employment in the service area. The routes are characterized by stops at one to two block intervals along their stop segments. Service is provided six to seven days a week.

— ***Light Rail Transit (16.1% of total system ridership in fiscal year 2009)***

Light Rail Transit is an electrically powered rail system that generally operates at street level. It currently serves 39 stations with trains departing every five to ten minutes during peak periods. A 20 mile “Starter System,” opened in phases from June 1996 through May 1997, connects South and West Oak Cliff, downtown Dallas, and the North Central Expressway corridor as far north as Park Lane in Dallas. In 2002, DART’s light rail was extended to North Dallas, Garland, Richardson, and Plano. In 2009, the first phase of the Green Line opened southeast of downtown Dallas. We currently operate a 48-mile light rail system with 115 light rail vehicles.

— ***Commuter Rail (2. 4% of total system ridership in fiscal year 2009)***

Our commuter rail system, commonly referred to as the Trinity Railway Express (the “TRE”), provides diesel powered passenger railroad services on the TRE Corridor between Dallas and Fort Worth, in mixed traffic with freight railroad operations. The 34-mile corridor is jointly owned by DART and the Fort Worth Transportation Authority (the “T”). TRE service is provided pursuant to an interlocal agreement between DART and the T. This agreement was originally entered into in 1994 and was restated and adopted by both Boards in 2003.

Pursuant to Trackage Rights Agreements, the Burlington Northern Santa Fe, the Dallas Garland and Northeastern, and the Union Pacific railroads pay a fee for the right to operate freight services on the TRE corridor. TRE, through its contractor, Herzog Transit Services, Inc., dispatches and maintains the corridor as well as operates the service and maintains the rolling stock used in the service.

— *Paratransit (0.7 % of total system ridership in fiscal year 2009)*

We are responsible for providing complementary paratransit service in accordance with the Americans with Disabilities Act of 1990 (the “ADA”). We provide curb-to-curb service to those individuals certified for the program in accordance with guidelines established in the ADA.

— *High Occupancy Vehicle (“HOV”) Lanes (43.4% of total system ridership in fiscal year 2009)*

Interim HOV lanes are constructed within the right-of-way of existing freeways to provide access for multi-passenger vehicles and to relieve congestion levels. Buses, vanpools, motorcycles, and carpools with two or more occupants may use the HOV lanes. Our System Plan calls for implementation of HOV lanes along highways and DART-owned former railroad rights-of-way. We currently operate 84 miles of HOV lanes.

HOV lanes are jointly planned and designed the Texas Department of Transportation (“TxDOT”) and us and are constructed by TxDOT. We are responsible for operations and enforcement, and maintenance of the lanes is a joint function between DART and TxDOT.

— *Transportation Demand Management (Vanpool is 0.7% of total system ridership in fiscal year 2009)*

We also work with area employers to develop strategies for reducing employee trips, such as carpools, vanpools, and flexible work schedules. We provide vans for our vanpool program through a third party contractor. We also assist customers in forming carpools. Prospective carpoolers can call in and provide us with information for our RideShare database. We then work to link-up customers with common trip origins and destinations.

— *Special Events Service*

In accordance with FTA guidelines, our buses, commuter rail cars, and vans are available for charter up to 50 miles beyond our 700 square mile service area. In addition, we operate a flyer bus service to special events such as the State Fair of Texas, sporting events, and concerts.

Planned Expansions to Current System

In accordance with the Transit System Plan approved in 1995, construction of 45 miles of additional light rail transit (LRT) to: Southeast Dallas, Farmers Branch, and Carrollton (Green Line); North Irving and Dallas-Fort Worth International Airport (Orange Line); and Rowlett (Blue Line extension) is projected to be completed by 2013, at a cost of more than \$3 billion. The significant new items addressed in the FY 2010 Twenty-Year Financial Plan (the FY 2010 Financial Plan, as Amended), adopted by the Board on September 22, 2009 and Amended October 27, 2009, are the following:

- Incorporation of a Smart Card fare collection system at a cost of \$22 million, with the assumption of 80% federal, state or other forms of funding;
- Inclusion of a new Northwest Plano Park & Ride facility; Inclusion of a major capital project reserve fund in the amount of \$432 million for the cost of potential alignment changes for the second downtown Dallas light rail line, the completion of the Irving light rail segment to DFW Airport, and anticipated increased costs for South Oak Cliff-3 line scheduled to open in 2018; and
- Changing DART’s future bus fuel technology from diesel fuel to compressed natural gas including incremental capital costs for buses and fueling infrastructure, and operating savings from lowered long-term fuel costs. Based on analysis of the capital, operating and debt impacts of that change, DART will save an estimated \$47 million over the life of the Plan with this change.

Future Expansions

The Board periodically updates our Transit System Plan. The most recent update, the 2030 Transit System Plan, was adopted in October 2006 and includes an additional 43 miles of rail. The plan also includes 116 miles of managed HOV lanes, many of which are currently interim lanes, and 122 miles of bus corridor enhancement recommendations.

LITIGATION

In Ordinary Course of Business

Typically, a number of claims, administrative appeals, and/or lawsuits arise from individuals and businesses in the ordinary course of our business that seek compensation for additional construction costs, labor and employment claims, personal injuries, death, and/or property damage resulting from routine operation and development of our public transportation system. We do not believe that the outcome of these claims, administrative appeals, and/or lawsuits will have a material adverse effect on our financial condition. We have accrued an estimate of losses on such matters and have included this accrual in accounts payable and accrued liabilities in our consolidated balance sheets.

INVESTMENT CONSIDERATIONS

Source of Payment is Limited

The Obligations will be special obligations of DART and will be secured by a lien on the Pledged Revenues.

The Obligations are not debts or obligations of the State of Texas. Nor are they the debt or obligation of any Participating Municipality. The holders of Obligations will never have the right to demand payment out of any of our funds other than the Pledged Revenues, unless we, in the case of Subordinate Lien Obligations, expressly and specifically pledge Special Revenues to such payment. We do have the right, however, but are not obligated, to enter into Credit Agreements with respect to any issue of Bond Obligations having any lien ranking as to Pledged Revenues. If we do so, the Holders of the issue of Bond Obligations to which a Credit Agreement relates will have such additional security as the Credit Agreement may provide, such as municipal bond insurance policies, bank-issued letters of credit, or other forms of credit enhancement.

Our Ability to Make Payments on Obligations is Dependent Upon the Amount of Gross Sales Tax Revenues Actually Generated

Except for Bond Obligations that may be supported by a Credit Agreement, as discussed above, the only source of security for the Obligations will be the Gross Sales Tax Revenues collected by the Comptroller and remitted to the Trustee and the investments thereof. Sales Tax receipts are impacted by changes in the economic activity and conditions of a municipality or geographic area, and the amount of Gross Sales Tax Revenues generated in any future year is not certain.

The Collection of the Sales Tax is Beyond Our Control

Generally, the seller of taxable items and services collects the Sales Tax from the consumer at the point of a taxable transaction and remits these taxes to the Comptroller. We do not control the Comptroller's collection efforts, and the Comptroller's collection efforts against a private seller of goods and services are subject to applicable State law and to federal bankruptcy code provisions with respect to the protection of debtors.

The Comptroller May Reduce Future Payments of our Gross Sales Tax Revenues or Require Us to Make Repayments to Provide for the Repayment of Overpayments of Gross Sales Tax Revenues that Occurred in Prior Periods

The Comptroller periodically identifies underpayments and overpayments of Gross Sales Tax Revenues and responds to claims by taxpayers. In the event that the Comptroller determines that we received an overpayment, our Gross Sales Tax Revenues for future periods are subject to reduction or we may be required to make a repayment in order to reimburse the overpayment. Under State law, DART has no legal standing or ability to intervene or appeal the Comptroller's determination. We have previously entered into two repayment agreements with the Comptroller regarding overpayments, including an agreement whereby an overpayment of approximately \$16.6 million will result in a reduction of our Gross Sales Tax Revenues in equal amounts quarterly through March 2027.

We May Receive Payment of Gross Sales Tax Revenues Less Frequently

State law requires the Comptroller to remit Gross Sales Tax Revenues to us only on a quarterly basis. As a matter of convenience and accommodation to local taxing entities, the Comptroller remits Gross Sales Tax Revenues to us and other taxing entities on a monthly basis. While we have no reason to believe that the Comptroller's current practice will be discontinued, there is no assurance that the Comptroller will continue to remit Gross Sales Tax Revenues to us on a monthly basis. Thus, temporary cash flow irregularities could occur.

We May Experience Variations in our Gross Sales Tax Revenues

Variations in the amount of receipts can be adversely affected by a number of variables, including (1) changes in State laws and administrative practices governing the remittance and allocation of Sales Tax receipts, (2) changes in the tax base against which the Sales Tax is assessed, (3) changes in the economic activity and conditions of a municipality or geographic area, and (4) the withdrawal from DART of one or more of the Participating Municipalities. See, "DART'S FINANCIAL PRACTICES AND RESOURCES."

Lease/Leaseback Transactions

We may be required to make significant payments to replace financial institutions or pay early termination with respect to our defeased lease transactions. In the event the private investors cause the declaration of an event of default with respect to our two defeased lease transactions where the ratings of the financial institutions providing or insuring such transactions have been downgraded below certain levels specified in the transaction documents, we estimate that the amount payable by us would be approximately \$32.4 million. See "DART'S FINANCIAL PRACTICES AND RESOURCES."

Ratings of the Obligations Do Not Assure Their Payment

The Bond Obligations may be rated by one or more nationally recognized rating agencies. Each Supplemental Disclosure Statement and Offering Memorandum and each Supplemental Official Statement will describe any rating(s) that may be applicable to a series of Bond Obligations. A rating reflects the rating agency's assessment of how likely it is that holders of a class of securities will receive the payments to which they are entitled. A rating may not remain in effect for any given period of time, and a rating agency may lower or withdraw a rating entirely. A rating is not a recommendation to purchase, hold, or sell securities because it does not address the market price of the securities or the suitability of the securities for any particular investor.

CONTINUING DISCLOSURE OF INFORMATION

We have agreed voluntarily to replace this 2010 Annual Disclosure Statement on an annual basis and to update it after the second and third quarters of our fiscal year. These disclosure documents will be filed with the Municipal Securities Rulemaking Board ("MSRB") identified below, and will be posted on the Internet at our website, www.dart.org. We reserve the right to suspend or stop postings on the Internet and the annual and quarterly updates at any time.

However, we intend to comply fully with the terms of our agreement in the Master Debt Resolution undertaken pursuant to Rule 15c2-12 under the Securities Exchange Act of 1934 (the “Rule”) for the benefit of the Holders and beneficial owners of Bond Obligations that are subject to the Rule. Under this agreement, so long as any covered Bond Obligations remain outstanding we will provide certain updated financial information and operating data annually, and timely notice of specified material events, to the MSRB.

With respect to the filing of annual financial information for the fiscal year ending September 30, 2005, due to an administrative error, our annual financial information was filed late. We have implemented procedures to ensure timely filing of all future financial information. We have otherwise complied in all material respects with all continuing disclosure agreements made by us in accordance with the Rule.

Annual Reports Required by the Rule

We will provide certain updated financial information and operating data with respect to us and the System to the MSRB annually. This information includes all quantitative financial information and operating data with respect to us and our transportation system of the general type included in this 2010 Annual Disclosure Statement and in each Supplemental Disclosure Statement, if any, that is approved by a Supplemental Resolution with respect to Bond Obligations subject to the Rule.

We will update and provide this information within six months after the end of each fiscal year. We will provide the updated information to the MSRB in electronic format, which will be available to the public free of charge via the Electronic Municipal Access (“EMMA”) system at www.emma.msrb.org.

The updated information will include audited financial statements if it is completed by the required time. If audited financial statements are not available by the required time, we will provide unaudited financial statements by the required time, and will provide audited financial statements when and if an audit report becomes available. Any such financial statements will be prepared in accordance with the accounting principles described in Appendix A or such other accounting principles as we may be required to employ from time to time pursuant to state law or regulation.

Our fiscal year ends on September 30. Accordingly, we must provide updated information by the last day of March in each year, unless we change our fiscal year. If we change our fiscal year, we will notify each MSRB of the change.

Material Event Notices Required by the Rule

We will also provide timely notices of certain events to the MSRB. We will provide notice of any of the following events with respect to Bond Obligations, if such event is material within the meaning of the federal securities laws:

- Principal and interest payment delinquencies;
- Nonpayment related defaults;
- Unscheduled draws on debt service reserves reflecting financial difficulties;
- Unscheduled draws on credit enhancements reflecting financial difficulties;
- Substitution of credit or liquidity providers, or their failure to perform;

In addition, we will provide timely notice of any failure by us to provide information, data, or financial statements in accordance with our agreement under the Rule.

Availability of Information From MSRB

Effective July 1, 2009 (the “EMMA effective Date”), the SEC implemented amendments to the Rule which approved establishment of the MSRB of EMMA, which is now the sole successor to the national municipal securities information repositories with respect to filings made in connection with undertakings made under the Rule after the EMMA Effective Date. Commencing with the EMMA Effective Date, all information and documentation filing required to be made by us in accordance with undertakings made for Bond Obligations will be made with the MSRB in electronic format in accordance with MSRB guidelines. Access to such filings will be provided, without charge to the general public, by the MSRB.

In relation to Bond Obligations we issued prior to the EMMA Effective Date, we will continue to make any required information filings, including material event notices, with the Texas state information repository (the “SID”) so long as it is required to do so pursuant to the terms of any undertakings made under the Rule prior to the EMMA Effective Date. The Municipal Advisory Council of Texas (the “MAC”) has been designated by the State and approved by the SEC staff as a qualified SID. The address of the MAC is 600 West 8th Street, P. O. Box 2177, Austin, Texas 78768-2711, and its telephone number is 512/476-6947.

OBLIGATIONS AS LEGAL INVESTMENTS

Under the Act, the Bond Obligations are authorized investments for banks, savings banks, trust companies, savings and loan associations, and insurance companies, and are eligible to secure the deposit of public funds of the State, a political subdivision of the State and any other political corporation of the State. For political subdivisions in Texas that have adopted investment policies and guidelines in accordance with the Public Funds Investment Act, a rating of “A” or better as to investment quality of the Bond Obligations by a national rating agency may be required before such obligations are eligible for investments for sinking funds and other public funds. We have not reviewed the laws in other states to determine whether our obligations are legal investments for various institutions in those states.

TRUSTEE AND PAYING AGENTS

The Trustee under the Master Debt Resolution is Deutsche Bank Trust Company Americas and its successors. A Paying Agent for each series of Bond Obligations issued under the Master Debt Resolution will be specified in the Supplemental Resolution creating such series.

Interpretations - Standard Assumptions {Sections 1.4(e) and (f)}

Wherever a calculation of Debt Service with respect to Interim Obligations is required by application of the Standard Assumptions, the Debt Service shall be computed by assuming (A) that the Outstanding principal amount of the series of Interim Obligations are bonds secured by a lien on Pledged Revenues on a parity with the Interim Obligations which will amortize over a period of not to exceed 25 years following the date of initial issuance of such Interim Obligations in such manner as will cause the maximum Debt Service for such series in any 12 month period not exceeding 110% of the minimum Debt Service for such series for any other 12 month period, and (B) such series will bear interest at a fixed interest rate reasonably estimated to be the interest rate such series would bear if issued on the date of such estimate.

Wherever a calculation of Debt Service with respect to Variable Interest Rate Obligations that are not Interim Obligations is required by application of the Standard Assumptions, the Debt Service shall be computed by assuming that such Obligations will bear interest at the highest of (i) the actual rate on the date of calculation, or, if such Obligations are not yet Outstanding, the initial rate, if established and binding, (ii) if the Obligations have been Outstanding for at least 12 months, the average rate over the 12 months immediately preceding the date of calculation, or (iii) (A) if the Obligations are Tax Exempt Obligations, the most recently published "Revenue Bond Index," published by the financial news publication presently known as The Bond Buyer, or by a comparable index if no longer published, plus fifty basis points, or (B) if the Obligations are not Tax Exempt Obligations, the interest rate on direct obligations of the United States with comparable maturities, plus fifty basis points or (C) if the Obligations are Credit Agreement Obligations, such rate as is specified in the Supplemental Resolution creating such Credit Agreement Obligations.

The provisions of the Master Debt Resolution constitute a contract of DART to and with the Holders and the Trustee.

Confirmation and Levy of Sales Tax {Section 2.2}

The levy and collection of the Sales Tax, at the rate voted at the election at which DART was created, is confirmed, and DART covenants that, as long as any Obligations are Outstanding, or any Administrative Expenses unpaid, it will levy and collect the Sales Tax to the extent it may legally do so at the highest rate permitted by Applicable Law, subject to requirements for an election under the Voted Tax and Debt Limits, and to take all action permitted to cause the Sales Tax to be collected and remitted to DART at the earliest permissible date.

Pledge and Security for Obligations {Section 2.3}

The Pledged Revenues are irrevocably pledged: (i) first, with respect to Outstanding Senior Lien Obligations, to the payment of Debt Service, to the maintenance of any reserve funds or accounts, and to the payment of Administrative Expenses; (ii) second, subject to the rights of the Holders of Senior Lien Obligations and

the payment of related Administrative Expenses, with respect to Outstanding Senior Subordinate Lien Obligations, to the payment of Debt Service, to the maintenance of any reserve funds or accounts, and to the payment of Administrative Expenses; and (iii) third, subject to the rights of the Holders of Senior Lien Obligations and the Holders of Senior Subordinate Lien Obligations and the payment of related Administrative Expenses, with respect to Outstanding Junior Subordinate Lien Obligations, to the payment of Debt Service, to the maintenance of any reserve funds or accounts and to the payment of Administrative Expenses.

All moneys and investments on deposit in the Senior Lien Debt Service Fund, the Senior Subordinate Lien Debt Service Fund and the Junior Subordinate Lien Debt Service Fund are irrevocably pledged to the payment of Debt Service on and Administrative Expenses with respect to the Senior Lien Obligations, the Senior Subordinate Lien Obligations and the Junior Subordinate Lien Obligations, respectively.

The Obligations and Administrative Expenses are special obligations of DART, and, unless otherwise provided in a Supplemental Resolution, are secured solely by a pledge of and a lien on the Pledged Revenues and the money on deposit, respectively, in the Senior Lien Debt Service Fund, the Senior Subordinate Lien Debt Service Fund and the Junior Subordinate Lien Debt Service Fund, that is exclusive, senior and superior to the rights of all other creditors of DART. Neither the Obligations nor the Administrative Expenses shall constitute a debt or obligation of the State, or of any city, town or county having appointment or other powers with respect to DART or the Board. The Holders of Obligations and payees of Administrative Expenses shall never have the right to demand payment out of any funds raised or to be raised by any system of ad valorem taxation or, unless otherwise provided in a Supplemental Resolution, from any other funds or revenues of DART.

Collection of Pledged Revenues, Assignment to Trustee {Section 2.4}

DART assigns to the Trustee all of the Pledged Revenues, in trust, for the benefit and security of Holders and the Credit Providers. DART appoints the Trustee as its agent and attorney-in-fact for the purpose of performing those duties of its treasurer which consist of collecting and receiving the Gross Sales Tax Revenues from the Comptroller and taking such steps as may be necessary to perfect and maintain the liens granted under the Master Debt Resolution. DART is required to cause the Comptroller to pay all Gross Sales Tax Revenues directly to the Trustee for deposit to the Gross Sales Tax Revenue Fund. If the Comptroller refuses or is not legally obligated to make transfers as directed by DART, the DART is required to cause the Gross Sales Tax Revenues to be transferred to the Trustee as received. All Gross Sales Tax Revenues received by the Trustee are required to be deposited to the Gross Sales Tax Revenue Fund and applied in accordance with the Master Debt Resolution. A specific series of Bond Obligations may be additionally payable from or secured by Credit Agreements and any Supplemental Resolution may provide that the security provided thereby not extend to other series of Obligations.

Security Agreement {Section 2.5}

The Master Debt Resolution constitutes a security agreement with the Trustee as the secured party. The grants, assignments, liens, pledges and security interests of the Trustee created in the Master Debt Resolution shall become effective upon the delivery of Obligations under the Master Debt Resolution, and shall be continuously effective for so long as any Obligations or Administrative Expenses are Outstanding.

PERMITTED DART INDEBTEDNESS

{Article III}

Initial Senior Lien Obligations {Section 3.1}

The Master Debt Resolution authorizes DART to issue up to \$500 Million of Initial Senior Lien Obligations, which amount may be increased, pursuant to the terms of one or more Supplemental Resolutions. DART may issue Additional Senior Lien Obligations upon compliance with the requirements set forth in the Master Debt Resolution. No obligations having a first lien on the Pledged Revenues, other than Senior Lien Obligations, may be issued by DART.

Additional Senior Lien Obligations {Section 3.2}

Subject to the Voted Tax and Debt Limits, DART reserves the right to issue Additional Senior Lien Obligations on a parity with Outstanding Senior Lien Obligations, pursuant to one or more Supplemental Resolutions. Prior to the issuance of Additional Senior Lien Obligations, either (A) Gross Sales Tax Revenues must be estimated to be, for each of the three consecutive Fiscal Years beginning with the First Fiscal Year in which Debt Service with respect to the proposed Additional Senior Lien Obligations is due, equal to at least 200% of the Debt Service that will be due on Senior Lien Obligations (exclusive of amounts payable on Credit Agreement Obligations) during each of such 3 consecutive Fiscal Years after taking into consideration any additional Debt Service to be paid during such period with respect to the Additional Senior Lien Obligations (exclusive of amounts payable on Credit Agreement Obligations) then proposed to be issued and any reduction in Debt Service that may result from the issuance thereof, determined in accordance with the requirements of the Master Debt Resolution; or (B) for either the most recent complete Fiscal Year, or for any consecutive 12 of the most recent 18 months, the Gross Sales Tax Revenues must have been equal to at least 200% of the maximum Debt Service with respect to all Outstanding Senior Lien Obligations (exclusive of amounts payable on Credit Agreement Obligations) including maximum Debt Service on the proposed Additional Senior Lien Obligations (exclusive of amounts payable on Credit Agreement Obligations) then proposed to be issued, determined in accordance with the requirements of the Master Debt Resolution, provided however, this requirement does not apply to the issuance of Interim Obligations. In addition, estimated Gross Sales Tax Revenues for each of the 3 consecutive Fiscal Years beginning with the first Fiscal Year in which Debt Service on the proposed Additional Senior Lien Obligations is due must equal at least (A) 100% (or such higher percentage required by a Supplemental Resolution) of the Debt Service on Senior Lien Obligations (exclusive of amounts payable on Credit Agreement Obligations) plus (B) 100% (or such higher percentage required by a Supplemental Resolution) of the Debt Service on Outstanding Subordinate Lien Obligations (exclusive of amounts payable on Credit Agreement Obligations) during each of such 3 consecutive Fiscal Years, determined in accordance with the requirements of the Master Debt Resolution.

Senior Subordinate Lien Obligations {Section 3.3}

The Master Debt Resolution authorizes DART to issue up to \$650 Million of commercial paper notes as Senior Subordinate Lien Obligations pursuant to the terms of one or more Supplemental Resolutions for the purposes of refunding all outstanding indebtedness of DART, paying Costs of Acquisition and Construction, and other purposes permitted by Applicable Law.

Additional Senior Subordinate Lien Obligations. Subject to the limitations and requirements set forth in the Master Debt Resolution, DART reserves the right to issue additional Senior Subordinate Lien Obligations pursuant to one or more Supplemental Resolutions for any purpose permitted by Applicable Law secured by and payable from a senior subordinate pledge of the Pledged Revenues and, at the option of DART, a pledge of Special Revenues. Additional Senior Subordinate Lien Obligations may only be issued if estimated Gross Sales Tax Revenues for each of the three consecutive Fiscal Years beginning with the first Fiscal Year in which Debt Service is due on the proposed Senior Subordinate Lien Obligations, plus the amount of the Special Revenues, if any, that are projected to be available and pledged to the Senior Subordinate Lien Obligations, are equal to at least (A) 100% (or such higher percentage required by a Supplemental Resolution) of the Debt Service on Senior Subordinate Lien Obligations (exclusive of amounts payable on Credit Agreement Obligations), plus (B) 100% of the Debt Service on all Outstanding Senior Lien Obligations and Junior Subordinate Lien Obligations (exclusive of amounts payable on Credit Agreement Obligations), in each case during each of such three consecutive Fiscal Years, computed as required under the Master Debt Resolution.

Junior Subordinate Lien Obligations {Section 3.4}

Subject to the limitations and requirements set forth in the Master Debt Resolution, DART reserves the right to issue Junior Subordinate Lien Obligations pursuant to one or more Supplemental Resolutions for any purpose permitted by Applicable Law, payable from and secured by a junior subordinate pledge of the Pledged Revenues and, at the option of DART, a pledge of Special Revenues. Junior Subordinate Lien Obligations may only be issued if estimated Gross Sales Tax Revenues for each of 3 consecutive Fiscal Years beginning with the first Fiscal Year in which Debt Service is due on the proposed Junior Subordinate Lien Obligations, plus the amount of the Special Revenues, if any, that are projected to be available and pledged to the Junior Subordinate Lien

Obligations, are equal to at least (A) 100% (or such higher percentage required by a Supplemental Resolution) of the Debt Service on Junior Subordinate Lien Obligations (exclusive of amounts payable on Credit Agreement Obligations), plus (B) 100% of the Debt Service on all Outstanding Senior Lien Obligations and Senior Subordinate Lien Obligations (exclusive of amounts payable on Credit Agreement Obligations), in each case during each of such three consecutive Fiscal Years, computed as required under the Master Debt Resolution.

Credit Agreement Obligations {Section 3.5}

DART is authorized to enter into Credit Agreements, pursuant to Supplemental Resolutions, that create Credit Agreement Obligations that are secured and payable on a parity with other Outstanding Obligations. Credit Agreements may include rights and remedies which are in addition to the rights and remedies contained in the Master Debt Resolution and which may be enforced apart from the Master Debt Resolution.

Special Revenue Bonds {Section 3.6}

DART reserves the right to issue Special Revenue Obligations and to enter into related credit agreements without complying with the requirements of the Master Debt Resolution regarding the issuance of Obligations.

Other Encumbrances Prohibited {Section 3.8}

Except for the Pledge of the Pledged Revenues as security for the Obligations and Administrative Expenses in the order of priority established in Article II of the Master Debt Resolution, the Pledged Revenues may not be pledged or encumbered to or for the payment of any other obligation or liability of DART.

TERMS, PROVISIONS AND AUTHENTICATION OF BOND OBLIGATIONS

{Article IV}

Bond Obligations may be issued in any form and manner permitted by Applicable Law, subject to the provisions of the Master Debt Resolution and any applicable Supplemental Resolution. Bond Obligations are to be issued pursuant to a Supplemental Resolution setting forth all of the terms, provisions and conditions pertaining to such Bond Obligations.

SPECIAL FUNDS, USES OF MONEYS

{Article IV}

Creation of Funds and Accounts {Section 5.1}

The Master Debt Resolution establishes the System Expansion and Acquisition Fund, the Senior Lien Debt Service Fund, consisting of an Interest Account and a Principal Installment Account; the Senior Subordinate Lien Debt Service Fund, consisting of an Interest Account and a Principal Installment Account; and the Junior Subordinate Lien Debt Service Fund, consisting of an Interest Account and a Principal Installment Account. The Master Debt Resolution reestablishes and reconfirms the Gross Sales Tax Revenue Fund and the General Operating Fund.

The Gross Sales Tax Revenue Fund is a special trust fund held by the Trustee for the benefit of the Holders of the Obligations and the payees of Administrative Expenses. The Senior Lien Debt Service Fund, the Senior Subordinate Lien Debt Service Fund and the Junior Lien Debt Service Fund are special trust funds held by the Trustee for the benefit of the Holders of the Senior Lien Obligations, the Senior Subordinate Lien Obligations and the Junior Subordinate Lien Obligations, respectively, and the payees of Administrative Expenses.

The System Expansion and Acquisition Fund, the General Operating Fund and all other funds or accounts of DART not expressly required by the Master Debt Resolution or by a Supplemental Resolution to be held by the Trustee, may be held in any bank or lawful depository and said funds and accounts and all moneys on deposit therein, including the Available Remaining Revenues, shall be free of any lien, pledge or trust created by the Master Debt Resolution.

System Expansion and Acquisition Fund {Section 5.2}

Money on deposit in the System Expansion and Acquisition Fund is to be used to pay Costs of Acquisition and Construction and will be funded as directed in Supplemental Resolutions. In the event of a default in the payment of Obligations the Board may, but is not required to, use moneys on deposit in the System Expansion and Acquisition Fund to cure such default. Amounts remaining after payment of Costs of Acquisition and Construction for which a series of Obligations was issued may, at the discretion of DART, be used to redeem such Obligations in advance of maturity or used to pay other Costs of Acquisition and Construction.

Gross Sales Tax Revenue Fund {Section 5.3}

The Trustee is required to deposit to the Gross Sales Tax Revenue Fund all Gross Sales Tax Revenues (and no other moneys) as received and, on the day received, to transfer all amounts deposited to the Gross Sales Tax Revenue Fund, first, to the Senior Lien Debt Service Fund (for the Debt Service Accrual Period that begins on the date of such deposit) and any reserve fund pertaining to Senior Lien Obligations, the amounts required to be deposited therein, and to pay Administrative Expenses pertaining to Senior Lien Obligations; second, to the Senior Subordinate Lien Debt Service Fund (for the Debt Service Accrual Period that begins on the date of such deposit) and any reserve fund pertaining to Senior Subordinate Lien Obligations, the amounts required to be deposited therein, and to pay Administrative Expenses pertaining to Senior Subordinate Lien Obligations; and, third, to the Junior Subordinate Lien Debt Service Fund (for the Debt Service Accrual Period that begins on the date of such deposit) and any reserve fund pertaining to Junior Subordinate Lien Obligations, the amounts required to be deposited therein, and to pay Administrative Expenses pertaining to Junior Subordinate Lien Obligations. The amounts required to be deposited to each of the Senior Lien Debt Service Fund, the Senior Subordinate Lien Debt Service Fund and the Junior Subordinate Lien Debt Service Fund, respectively, is equal to the Accrued Aggregate Debt Service for the current Debt Service Accrual Period less any amounts required to be credited against the amounts transferred pursuant to Section 5.3(d) of the Master Debt Resolution, and are required to be allocated first to the respective Interest Account and then to the respective Principal Installment Account. If the amounts on deposit in the Gross Sales Tax Revenue Fund are not sufficient to make the full amount of a transfer or payment required to be made, the Trustee is required to transfer the amount to the fund or account where the deficiency occurs with the highest priority and is prohibited from making transfers to any fund or account with a lower priority. Any balance remaining in the Gross Sales Tax Revenue Fund after making the foregoing transfers and payments is to be deposited to the General Operating Fund.

The Trustee is required to notify each Paying Agent of the anticipated date of commencement of each Debt Service Accrual Period not less than 2 Business Days prior to the date the Trustee expects such Debt Service Accrual Period to begin. Each Paying Agent is required to certify to the Trustee the amount of Accrued Aggregate Debt Service for Obligations for the Debt Service Accrual Period specified by the Trustee which has not been paid from other sources.

Senior Lien Debt Service Fund, Senior Subordinate Lien Debt Service Fund and Junior Subordinate Lien Debt Service Fund {Sections 5.4, 5.5 and 5.6}

The Trustee is required to pay from the Senior Lien Debt Service Fund, the Senior Subordinate Lien Debt Service Fund and the Junior Subordinate Lien Debt Service Fund, respectively, to the respective Paying Agents and Credit Providers for Outstanding Senior Lien Obligations, Outstanding Senior Subordinate Lien Obligations and Outstanding Junior Subordinate Lien Obligations, respectively, the amounts required to pay Debt Service on such Obligations when due, whether at the stated maturity or prior redemption; provided, however, that if less than the total amount required to pay such Obligations is on deposit in the Senior Subordinate Lien Debt Service Fund, the Senior Subordinate Lien Debt Service Fund or the Junior Subordinate Lien Debt Service Fund, respectively, Trustee is required to allocate to each Paying Agent and each Credit Provider, in order of priority, pro rata in proportion to the respective unpaid amounts.

If an Event of Default has occurred and is continuing, moneys in such funds are required to be applied as provided in Section 7.4 of the Master Debt Resolution.

General Provisions Applicable to Payments on Obligations {Section 5.7}

If a payment date is not a Business Day, then such payment date will be deemed to be the next succeeding Business Day of the Trustee or Paying Agent, as the case may be, and no interest will accrue between the stated day and the applicable succeeding Business Day.

Uses of General Operating Fund and of Available Remaining Revenues {Section 5.8}

Gross Sales Tax Revenues deposited in the General Operating Fund may be transferred to other funds and accounts of DART, free and clear of the lien of the Master Debt Resolution, and may be used for any purpose permitted or required by Applicable Law. In addition to contractual and other obligations incurred in the ordinary course of its business, DART may incur obligations payable from or secured by the Available Remaining Revenues.

Investment of Trust Funds and Accounts {Section 5.9}

Amounts in funds and accounts held by the Trustee may, to the extent permitted by Applicable Law, be invested in Investment Securities upon written instructions of DART. Investment Securities must mature in such amounts and at such times as is necessary to provide for timely payment from such fund or account. Investment Securities may be exchanged among funds and accounts, if required to meet payment obligations, and the Trustee may cause the liquidation prior to their maturities of Investment Securities; the Trustee is not to be liable for any resulting loss or penalty. Generally, Investment Securities and the earnings or losses thereon are part of the fund or account from which they were purchased except that transfers of earnings may be made in order to avoid investment in any manner that would cause any of the Obligations intended to be tax-exempt to be or become “arbitrage bonds” within the meaning of the Code. Investments are required to be valued at least annually at the lower of original cost or the then market value thereof.

Effect of Deposits With Paying Agents {Section 5.10}

Upon the deposit with the applicable Paying Agent of moneys sufficient to pay the amounts due on Obligations, DART is released from further obligation with respect to the payment of such amounts or interest thereon and such Obligations will no longer be Outstanding. Moneys deposited with Paying Agents are held uninvested in trust for the benefit of the Holders or payees of such Obligations. Unclaimed moneys are required to be distributed in accordance with any applicable escheat laws.

Arbitrage {Section 5.11}

DART covenants that it will take no action or fail to take any action which would cause any Tax-Exempt Obligations to be “arbitrage bonds” within the meaning of the Code.

Deposits of Special Revenues {Section 5.12}

Special Revenues may be deposited to such funds and accounts of DART as may be required by Applicable Law, grant condition or contract, or as directed in the documents relating to the issuance of Special Revenue Bonds or to Subordinate Lien Obligations if Special Revenues are pledged to the payment thereof.

GENERAL COVENANTS AND REPRESENTATIONS

{Article VI}

Representations as to Pledged Revenues {Section 6.1}

DART represents and warrants that it is authorized to issue the Obligations, to adopt the Master Debt Resolution and to pledge the Pledged Revenues as provided in the Master Debt Resolution, and that the Pledged Revenues are and will remain free and clear of any pledge, lien, charge or encumbrance except as expressly permitted by Article II of the Master Debt Resolution. The Obligations and provisions of the Master Debt Resolution are valid and legally enforceable obligations of DART in accordance with their terms, subject only to

any applicable bankruptcy or insolvency laws or to any Applicable Law affecting creditors rights generally. DART and the Trustee will defend, preserve and protect the pledge of the Pledged Revenues and all of the rights of the Holders against all claims and will take appropriate steps for the collection of delinquencies in the collection of the Sales Tax.

Accounts, Periodic Reports and Certificates {Section 6.2}

DART covenants to keep proper books of record and account relating to the System and the funds and accounts established by the Master Debt Resolution which will be subject to inspection by Holders of not less than 5% in principal amount of Bond Obligations, each Bondholder Representative and each Credit Provider. DART will provide annually, within 180 days after the close of each fiscal year, to any requesting Holder of at least 25% of a single series of Outstanding Obligations, a copy of an annual report containing certain financial information for the fiscal year just ended and the preceding fiscal year.

DART will notify the Trustee and each Credit Provider immediately if it becomes aware of the occurrence of any Event of Default or of any fact, condition or event that, with the giving of notice or passage of time or both, could become an Event of Default, or of the failure of DART to observe any of its undertakings under the Master Debt Resolution or under any Supplemental Resolution or Credit Agreement.

Withdrawals of Units of Election {Section 6.4}

If any “unit of election,” as defined in the Act, having once become a part of DART, withdraws from DART, the Board will take all lawful steps necessary to assure that all amounts due and owing on all Obligations allocated to such unit of election will continue to be collected from within the withdrawing unit of election until such amounts are paid in full. Gross Sales Tax Revenues collected from within a withdrawn unit of election is required to be set aside by the Trustee in a special trust account and to be expended in such a manner as will permit the continued, timely payment when due of all amounts payable on Outstanding Obligations.

DEFAULTS AND REMEDIES

{Article VII}

Each of the following occurrences or events constitutes an “Event of Default” under the Master Debt Resolution:

- (i) failure to timely pay any Debt Service on Bond Obligations;
- (ii) failure to timely pay any Credit Agreement Obligations;
- (iii) default by DART in the performance of any of the covenants, conditions, agreements and provisions contained in the Obligations or in any of the Outstanding Resolutions, the failure of which materially and adversely affects the rights of the Holders, and the continuation thereof for a period of 30 days after written notice of such default;
- (iv) issuing of an order by the Bankruptcy Court or a United States District Court or other court having jurisdiction, granting DART, in an involuntary proceeding, any relief under any applicable law relating to bankruptcy or providing for the appointment of a receiver or other similar official for DART or any substantial part of its property, affairs or assets, and the continuance of any such order unstayed and in effect for a period of 90 consecutive days; or

consents to the filing of any petition, application or complaint seeking the appointment of a receiver or other similar official for DART or of any substantial part of its property, affairs or assets.

Remedies for Default {Section 7.2}

Upon the happening and continuance of any of the Events of Default the Trustee is required to transfer future Gross Sales Tax Revenues in the order and priority set forth in Section 5.3(a) of the Master Debt Resolution as described above under “*SPECIAL FUNDS, USES OF MONEY—Gross Sales Tax Revenue Fund.*” Subject to certain restrictions on Holder’s actions set forth in Section 7.3 of the Master Debt Resolution, a Credit Provider, a Bondholder Representative and/or a trustee representing not less than 25% in principal amount of Outstanding Bond Obligations, may proceed against DART to protect and enforce the rights of the Holders. No Holder has the right to seek appointment of a receiver or administrator of the affairs and assets of DART. There is no right to accelerate the maturity of any Obligation under the Master Debt Resolution.

Thirty days after a default is cured DART will be restored to its former position under the Master Debt Resolution and any proceedings are required to be abandoned or dismissed.

Application of Revenues and Other Moneys After Default {Section 7.4}

During the continuance of an Event of Default, the Trustee shall apply all amounts on deposit in the Senior Lien Debt Service Fund, the Senior Subordinate Lien Debt Service Fund, and the Junior Subordinate Lien Debt Service Fund at the time of the default or deposited to such funds after the default, respectively, as follows: (i) to the payment of Administrative Expenses with respect to the Senior Lien Obligations, the Senior Subordinate Lien Obligations, or the Junior Subordinate Lien Obligations, respectively, as applicable; and (ii) to the payment of Debt Service due on the Obligations, based on the foregoing priority and in the following order:

- If the principal of all of the applicable Outstanding Obligations is due, to the payment of the principal and interest then due and unpaid upon such Obligations without preference or priority of principal over interest or of interest over principal, or of any installment of interest over any other installment of interest, or of any such Obligation over any other Obligation, ratably, according to the amounts due respectively for principal and interest, without any discrimination or preference.

Notice of Event of Default {Section 7.6}

The Trustee shall promptly give each Holder, by first class mail, notice of each Event of Default of which it has knowledge, unless such Event of Default has been remedied or cured before the giving of such notice, except in the case of an Event of Default specified in paragraph (i) or (ii) of “Events of Default” above, the Trustee may withhold such notice if it determines that the withholding of such notice is in the best interests of the Holders.
