Morgan Securities LLC hereby accepts such appointment and accepts and agrees to perform the duties and obligations imposed upon it as Dealer under this Agreement and under the Note Resolution, subject to the terms, conditions and limitations set forth in this Agreement.

(b) While (i) the Issuer has and shall have no obligation to sell the Notes to the Dealer or to permit the Dealer to arrange any sale of the Notes for the account of the Issuer, and (ii) the Dealer has and shall have no obligation to purchase the Notes from the Issuer or to arrange any sale of the Notes for the account of the Issuer, the parties hereto agree that in any case where the Dealer purchases the Notes from the Issuer, or arranges for the sale of the Notes by the Issuer, such Notes will be purchased or sold by the Dealer in reliance on the representations, warranties, covenants and agreements of the Issuer contained herein or made pursuant hereto and on the terms and conditions and in the manner provided herein.

(c) The Issuer has delivered to the Dealer a certified copy of the Master Debt Resolution, the Note Resolution, the Issuing and Paying Agent Agreement, and its CPSL Plan. Dealer specifically acknowledges the covenant set forth in Section 6.02(d) of the Note Resolution restricting the total amount of Notes maturing within any five (5) day period for all Dealers to no more than $35,000,000. Section 3. Sale and Purchase of Notes. The Dealer and the Issuer agree that any Note which the Dealer may purchase or for which the Dealer may arrange the sale, will be purchased or sold on the terms and conditions and in the manner provided in the Master Debt Resolution, the Note Resolution, the Issuing and Paying Agent Agreement and this Agreement.

Section 4. Transaction in Notes.

(a) All transactions in Notes between the Dealer and the Issuer shall be in accordance with the Master Debt Resolution, the Note Resolution, the Issuing and Paying Agent Agreement and the custom and practice in the commercial paper market to the extent such custom and practice is not inconsistent with the Master Debt Resolution and the Note Resolution.

agreement has been reached in each case on the foregoing points and the Dealer has agreed to such purchase. Not later than 1:00 p.m. (New York City time) on the date of each transaction, the Dealer shall either (a) confirm each transaction made with or arranged by it or (b) notify the Issuer and the Issuing and Paying Agent of the difference, if any, between the amount of maturing Notes and the amount of Notes which the Dealer has arranged to sell or has agreed to purchase. Such confirmation or notification shall be given by telephone (or by other telecommunications medium acceptable to the Issuer) and in writing to the Issuer and the Issuing and Paying Agent in the Dealer’s customary form.

(c) If, on any date on which DART seeks to sell Notes in order to obtain funds for the purpose of paying the principal of and/or the interest on previously issued and Outstanding Notes, the Dealers are unable to sell the same on terms acceptable to the Authorized Officer of DART on the Stated Maturity Date of the Outstanding Notes, the Dealer shall, by 1:00 p.m., New York time on such date, give notice to the Authorized Officer of DART, and to the Issuing and Paying Agent that such Notes cannot be sold. The Dealer shall include in such notice to the Issuing and Paying Agent and to DART a statement of the amounts due and payable and required to be on deposit with the Issuing and Paying Agent on the Stated Maturity Date. Upon receiving such notice from the Dealer, DART will act pursuant to the terms of Section 6.01 of the Note Resolution and the CPSL Plan.

Section 5. **Payment for Notes.** The Dealer shall pay for the Notes purchased by the Dealer or sold by the Dealer in immediately available funds on the Business Day such Notes are delivered to the Dealer. All Notes will be sold at a price equal to (i) the principal amount thereof in the case of Tax-Exempt Notes or (ii) the principal amount thereof or at a discount from the principal amount thereof in the case of Taxable Notes and will be executed in the manner provided for in the Issuing and Paying Agent Agreement. Payment of the purchase price of the Notes shall be made to the Issuing and Paying Agent for deposit by it in accordance with the Note Resolution.

Section 6. **Authorized Officer.** Note transactions with the Issuer referred to in Section 4 hereof shall be with any one of the officers or employees of the Issuer who are designated as an Authorized Officer pursuant to the Master Debt Resolution. The initial written designation of the Authorized Officers is appended hereto as Exhibit A. The Issuer agrees to provide the Dealer with revised written designations in the form of Exhibit A when and as required by changes in the Authorized Officers. The Dealer may rely upon such designation unless and until otherwise notified in writing by the Issuer.

Section 7. **Representations and Warranties of the Issuer.** The Issuer represents and warrants to the Dealer as follows:

(a) The Issuer is a regional transportation authority, duly organized and validly existing under the laws of the State of Texas, and has full power and authority to issue and reissue the Notes, to enter into, perform and observe the covenants and agreements on its part contained in the Commercial Paper Documents and the Notes (collectively, the “Documents”) and to carry out and consummate all transactions contemplated by the Documents, and the Documents have been duly authorized, executed and delivered by the Issuer. The Documents constitute legal, valid and binding obligations of the Issuer, enforceable against the Issuer in accordance with their respective terms, subject to the exercise of judicial discretion in
accordance with general principles of equity and bankruptcy, insolvency, reorganization, moratorium or other similar laws heretofore or hereafter in effect affecting creditors' rights, to the extent constitutionally applicable.

(b) The Issuer adopted the Master Debt Resolution and the Note Resolution at meetings that were duly called and at which a quorum was present and acting throughout. The Master Debt Resolution and the Note Resolution are in full force and effect and the Note Resolution has not been modified or amended since its adoption. The Issuer has also duly authorized the President/Executive Director to execute and deliver this Agreement.

(c) The Notes have been duly authorized and executed by the Issuer, and constitute legal, valid and binding notes of the Issuer and will be in conformity with, and entitled to the benefit of, the Master Debt Resolution and the Note Resolution. The Notes are issued solely in book-entry form, and the Issuer will not issue certificated Notes without amending the Offering Memorandum dated May 1, 2013, prepared in connection with the Notes to provide material information relating to the certificated Notes.

(d) DART’s Annual Disclosure Statement, dated February 26, 2013, as updated by its Quarterly Disclosure Update, dated March 26, 2013 and the Offering Memorandum dated May 1, 2013 (collectively, the “Offering Documents”) prepared by the Issuer do not contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

(e) There are no consents, authorization or approvals of, or filings with, any Federal or state government authority (other than the Issuer) required in connection with the issuance or sale by the Issuer of the Notes or the performance of its obligations thereunder except as may be required by state securities laws and those which have already been obtained or made.

(f) The execution, delivery and performance by the Issuer of this Agreement has not and will not result in a breach or violation of, conflict with, or constitute a default under any law, regulation, order, judgment, agreement or instrument to which the Issuer is a party or by which the Issuer or any of its property is bound.

(g) There is no action, suit, proceeding, inquiry or investigation at law or in equity or before or by any court, public board or body pending or, to the knowledge of the Issuer, threatened against or affecting the Issuer wherein an unfavorable decision, ruling or finding would adversely affect the validity of the Documents or any other agreement or instrument to which the Issuer is a party relating to the Notes.

(h) Each delivery of an Installment Issue of Notes to the Dealer shall be deemed a representation and warranty by the Issuer, as of the date thereof, that (i) the Notes issued on such date have been duly authorized, issued and delivered and, upon payment therefor, will constitute legal, valid and binding obligations of the Issuer, enforceable against the Issuer in accordance with their terms, and (ii) the representations and warranties of the Issuer set forth in paragraphs (a) through (g) of this Section 7 are true and correct as if made on such date.
Section 8. **Covenants and Agreements of the Issuer.** The Issuer covenants and agrees that:

(a) The Issuer will give the Dealer notice forthwith of the occurrence of any breach by the Issuer of any of its covenants contained in the Master Debt Resolution or the Note Resolution.

(b) The Issuer will not permit to become effective any amendment to or modification of the Documents which could reasonably be expected to adversely affect the interest of the holder of any Notes then outstanding. The Issuer will give the Dealer notice of any proposed amendment to or modification of the Documents prior to the effective date thereof.

(c) The Issuer will not sell Notes in the event that the opinions from Bond Counsel delivered in connection with the initial issuance of the Notes have been withdrawn, adversely modified or retracted.

(d) The Issuer will take all actions within its control necessary to maintain the exclusion of interest on the Tax-Exempt Notes from the gross income of the holders thereof for Federal income tax purposes.

(e) The Issuer will notify the Dealer of modifications to the CPSL Plan and the Note Resolution.

(f) The Issuer acknowledges and agrees, whether or not the Dealer or any affiliate thereof has advised or is currently advising the Issuer on other matters, that in connection with the remarketing of the Notes and any other duties or obligations of the Dealer pursuant to and/or as set forth in this Agreement: (a) the Dealer is not an advisor (including, without limitation, a Municipal Advisor (as such term is defined in Section 975(e) of the Dodd-Frank Wall Street Reform and Consumer Protection Act), an “advisor”) of, and owes no fiduciary duty to, the Issuer or any other person, (b) the Dealer’s duties and obligations to the Issuer shall be limited to those contractual duties and obligations expressly set forth in this Agreement, (c) the Dealer has financial and other interests that differ from those of the Issuer, and (d) the Issuer has consulted with those independent legal, financial and any other advisors to the extent it deemed appropriate in connection with any questions or other issues it might have relating to the remarketing of the Notes.

Section 9. **Offering Documents.**

(a) The Issuer has prepared (or caused to be prepared) the Offering Documents for distribution to investors and potential investors containing material information about the Issuer and the Notes; however, the Issuer is not obligated and shall have no responsibility to update the Offering Documents. The Notes are not currently subject to the continuing disclosure requirements of Rule 15c2-12, as amended, of the U.S. Securities and Exchange Commission or any comparable rule (the “Rule”). In the event the provisions of such Rule become applicable to the Notes, the Issuer agrees to cooperate with the Dealer to do any and all things necessary to comply with the Rule, including, without limitation, the making of the requisite undertakings called for by paragraph (b)(5) of the Rule and to pay any reasonable costs and expenses related thereto.
(b) Reserved.

(c) The Issuer, to the extent it has actual knowledge, shall immediately notify the Dealer by telephone (which shall promptly be confirmed in writing) of (i) any fact or occurrence as a result of which the Offering Documents would be or become misleading or any representation or warranty of the Issuer under the Documents would become false; (ii) any material adverse change in the financial condition or general affairs of the Issuer; (iii) any reduction or written communication by any rating agency that it is considering a possible reduction, in any existing rating of the Notes; (iv) any adverse change in the federal income tax treatment of interest on the Tax-Exempt Notes; (v) the need for an opinion of Bond Counsel as to the tax status of any of the Tax-Exempt Notes; or (vi) any event of default under the Note Resolution, or any event which, with notice or lapse of time or both, would constitute such an event of default.

The Issuer shall furnish the Dealer copies of the Issuer's annual budget and its capital development program and any amendments thereto, promptly after they are made available to the public, and such additional information concerning the operations and financial condition of the Issuer, as the Dealer may from time to time reasonably request.

Section 10. Closing. On a date mutually acceptable to the Issuer and the Dealer (the "Closing") there shall be delivered to the Dealer the following documents:

(a) A Certificate signed by an Authorized Officer stating that the representations and warranties set forth in this Agreement, the Note Resolution and Issuing and Paying Agent Agreement are true and accurate as of the date of Closing.

(b) Opinions of Co-Bond Counsel, dated the Closing, substantially in the form of Exhibit B hereto.

(c) Such additional documentation as Bond Counsel or the Dealer may reasonably request to evidence compliance with applicable law.

Section 11. Payment of Fees and Expenses of Dealer.

(a) For the services to be performed by the Dealer under this Agreement, the Issuer agrees to pay the Dealer during each calendar year a fee, which amount includes reimbursement of its expenses incurred, for each such Note at the rate of 3 basis points per annum computed as follows: In the amount of (.0003 x par value of the Note) x (the number of days the Note shall be outstanding divided by 365). Such amounts will be paid quarterly in arrears upon receipt by the Issuer of an invoice from the Dealer. Such fee shall constitute the total compensation to the Dealer for its services under this Agreement.

(b) The Issuer's obligations under this Section 11 shall survive termination or expiration of the Agreement.

Section 12. Termination. Either the Dealer or the Issuer may terminate this Agreement with thirty (30) business days' prior written notice to the other, with a copy provided
to the Issuing and Paying Agent. No such termination shall affect the rights and obligations of
the Dealer or the Issuer which have accrued under this Agreement prior to termination.

(3) The summary descriptions in the Offering Documents prepared in connection with the issuance of the Notes under the captions “The Series I Notes,” “Security for Series I Notes-Lien Ranking,” “The Commercial Paper Notes,” “Tax Matters,” and “Approvals and Legal Opinions” fairly and accurately present the information purported to be shown therein.

The opinions expressed in paragraph 1 above are qualified to the extent that (i) the enforceability of such instrument may be limited by bankruptcy, reorganization, insolvency, moratorium or other similar laws of general application in effect from time to time relating to or affecting the enforcement of creditors’ rights, (ii) certain equitable remedies including specific performance may be unavailable and (iii) the indemnification provisions contained therein may be limited by applicable securities laws and public policy.

The Notes are issued solely in book-entry form, and the Issuer will not issue certificated Notes without amending the Offering Memorandum dated May 1, 2013, prepared in connection with the Notes to provide material information relating to the certificated Notes.

(d) DART's Annual Disclosure Statement, dated February 26, 2013, as updated by its Quarterly Disclosure Update, dated March 26, 2013 and the Offering Memorandum dated May 1, 2013 (collectively, the "Offering Documents") prepared by the Issuer do not contain any untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

(e) There are no consents, authorization or approvals of, or filings with, any Federal or state government authority (other than the Issuer) required in connection with the issuance or sale by the Issuer of the Notes or the performance of its obligations thereunder except as may be required by state securities laws and those which have already been obtained or made.

(f) The execution, delivery and performance by the Issuer of this Agreement has not and will not result in a breach or violation of, conflict with, or constitute a default under any law, regulation, order, judgment, agreement or instrument to which the Issuer is a party or by which the Issuer or any of its property is bound.

(g) There is no action, suit, proceeding, inquiry or investigation at law or in equity or before or by any court, public board or body pending or, to the knowledge of the Issuer, threatened against or affecting the Issuer wherein an unfavorable decision, ruling or finding would adversely affect the validity of the Documents or any other agreement or instrument to which the Issuer is a party relating to the Notes.

(h) Each delivery of an Installment Issue of Notes to the Dealer shall be deemed a representation and warranty by the Issuer, as of the date thereof, that (i) the Notes issued on such date have been duly authorized, issued and delivered and, upon payment therefor, will constitute legal, valid and binding obligations of the Issuer, enforceable against the Issuer in accordance with their terms, and (ii) the representations and warranties of the Issuer set forth in paragraphs (a) through (g) of this Section 7 are true and correct as if made on such date.
Section 8.  **Covenants and Agreements of the Issuer.** The Issuer covenants and agrees that:

(a) The Issuer will give the Dealer notice forthwith of the occurrence of any breach by the Issuer of any of its covenants contained in the Master Debt Resolution or the Note Resolution.

(b) The Issuer will not permit to become effective any amendment to or modification of the Documents which could reasonably be expected to adversely affect the interest of the holder of any Notes then outstanding. The Issuer will give the Dealer notice of any proposed amendment to or modification of the Documents prior to the effective date thereof.

(c) The Issuer will not sell Notes in the event that the opinions from Bond Counsel delivered in connection with the initial issuance of the Notes have been withdrawn, adversely modified or retracted.

(d) The Issuer will take all actions within its control necessary to maintain the exclusion of interest on the Tax-Exempt Notes from the gross income of the holders thereof for Federal income tax purposes.

(e) The Issuer will notify the Dealer of modifications to the CPSL Plan and the Note Resolution.

(f) The Issuer acknowledges and agrees, whether or not the Dealer or any affiliate thereof has advised or is currently advising the Issuer on other matters, that in connection with the remarketing of the Notes and any other duties or obligations of the Dealer pursuant to and/or as set forth in this Agreement: (a) the Dealer is not an advisor (including, without limitation, a Municipal Advisor (as such term is defined in Section 975(e) of the Dodd-Frank Wall Street Reform and Consumer Protection Act), an “advisor”) of, and owes no fiduciary duty to, the Issuer or any other person, (b) the Dealer’s duties and obligations to the Issuer shall be limited to those contractual duties and obligations expressly set forth in this Agreement, (c) the Dealer has financial and other interests that differ from those of the Issuer, and (d) the Issuer has consulted with those independent legal, financial and any other advisors to the extent it deemed appropriate in connection with any questions or other issues it might have relating to the remarketing of the Notes.

Section 9.  **Offering Documents.**

(a) The Issuer has prepared (or caused to be prepared) the Offering Documents for distribution to investors and potential investors containing material information about the Issuer and the Notes; however, the Issuer is not obligated and shall have no responsibility to update the Offering Documents. The Notes are not currently subject to the continuing disclosure requirements of Rule 15c2-12, as amended, of the U.S. Securities and Exchange Commission or any comparable rule (the “Rule”). In the event the provisions of such Rule become applicable to the Notes, the Issuer agrees to cooperate with the Dealer to do any and all things necessary to comply with the Rule, including, without limitation, the making of the requisite undertakings called for by paragraph (b)(5) of the Rule and to pay any reasonable costs and expenses related thereto.
Dealer Agreement – Series I

(b) Reserved.

c) The Issuer, to the extent it has actual knowledge, shall immediately notify the Dealer by telephone (which shall promptly be confirmed in writing) of (i) any fact or occurrence as a result of which the Offering Documents would be or become misleading or any representation or warranty of the Issuer under the Documents would become false; (ii) any material adverse change in the financial condition or general affairs of the Issuer; (iii) any reduction or written communication by any rating agency that it is considering a possible reduction, in any existing rating of the Notes; (iv) any adverse change in the federal income tax treatment of interest on the Tax-Exempt Notes; (v) the need for an opinion of Bond Counsel as to the tax status of any of the Tax-Exempt Notes; or (vi) any event of default under the Note Resolution, or any event which, with notice or lapse of time or both, would constitute such an event of default.

The Issuer shall furnish the Dealer copies of the Issuer’s annual budget and its capital development program and any amendments thereto, promptly after they are made available to the public, and such additional information concerning the operations and financial condition of the Issuer, as the Dealer may from time to time reasonably request.

Section 10. Closing. On a date mutually acceptable to the Issuer and the Dealer (the “Closing”) there shall be delivered to the Dealer the following documents:

(a) A Certificate signed by an Authorized Officer stating that the representations and warranties set forth in this Agreement, the Note Resolution and Issuing and Paying Agent Agreement are true and accurate as of the date of Closing.

(b) Opinions of Co-Bond Counsel, dated the Closing, substantially in the form of Exhibit B hereto.

(c) Such additional documentation as Bond Counsel or the Dealer may reasonably request to evidence compliance with applicable law.

Section 11. Payment of Fees and Expenses of Dealer.

(a) For the services to be performed by the Dealer under this Agreement, the Issuer agrees to pay the Dealer during each calendar year a fee, which amount includes reimbursement of its expenses incurred, for each such Note at the rate of 3 basis points per annum computed as follows: In the amount of (.0003 x par value of the Note) x (the number of days the Note shall be outstanding divided by 365). Such amounts will be paid quarterly in arrears upon receipt by the Issuer of an invoice from the Dealer. Such fee shall constitute the total compensation to the Dealer for its services under this Agreement.

(b) The Issuer’s obligations under this Section 11 shall survive termination or expiration of the Agreement.

Section 12. Termination. Either the Dealer or the Issuer may terminate this Agreement with thirty (30) business days’ prior written notice to the other, with a copy provided to the Issuing and Paying Agent. No such termination shall affect the rights and obligations of the Dealer or the Issuer which have accrued under this Agreement prior to termination.
Section 13. **Counterparts.** This Agreement may be executed in several counterparts, each of which shall be regarded as an original but all of which shall constitute one and the same document.

Section 14. **Governing Law.** This Agreement shall be governed by, and construed in accordance with, the laws of the State of Texas.

We have examined such documents and satisfied ourselves as to such matters as we have deemed necessary in order to enable us to express the opinions set forth below. As to various questions of fact material to our opinion, we have relied upon certificates and representations of public officials of the Issuer and have made such other investigations as we have deemed necessary in connection with the opinions hereinafter set forth, which are limited in all respects to the existing laws of the State of Texas and the United States of America.

(2) All consents, approvals or other actions of governmental bodies required for the valid execution and delivery of the Dealer Agreement by the Issuer have been obtained.

The opinions expressed in paragraph 1 above are qualified to the extent that (i) the enforceability of such instrument may be limited by bankruptcy, reorganization, insolvency, moratorium or other similar laws of general application in effect from time to time relating to or affecting the enforcement of creditors’ rights, (ii) certain equitable remedies including specific performance may be unavailable and (iii) the indemnification provisions contained therein may be limited by applicable securities laws and public policy.

The Issuer and the Bank have heretofore entered into a certain Commercial Paper Issuing and Paying Agent Agreement (the "Agreement"), dated and effective as of May 1, 2013, with respect to DART's Senior Subordinate Lien Sales Tax Revenue Commercial Paper Notes, Series I (Self-Liquidity) (the "Commercial Paper Notes") authorized pursuant to DART's Tenth Supplemental Debt Resolution (the "Tenth Supplemental Debt Resolution") adopted on April 9, 2013. The Tenth Supplemental Debt Resolution authorizes the issuance of the Commercial Paper Notes in the aggregate maximum principal amount of $150,000,000. On June 24, 2014, DART adopted the First Amendment To Tenth Supplemental Debt Resolution ("First Amendment to Tenth Supplemental," and, together with the Tenth Supplemental Debt Resolution, the "Tenth Supplement") which, among other matters, increased the maximum principal amount permitted to be outstanding at any one time from $150 million to $200 million. This First Amendment is for the purpose of amending the Agreement to reflect the changes made by the First Amendment To Tenth Supplemental Debt Resolution and confirming and continuing the Agreement as amended by this First Amendment.

Section 1. Definitions. The capitalized terms used herein, that are not otherwise defined herein, shall have the same meanings and definitions as are applied to such terms, respectively, in the Master Debt Resolution adopted by DART on January 23, 2001, as amended (the "Master Debt Resolution"), the Tenth Supplement and this First Amendment.

(b) The Issuing and Paying Agent agrees to act as issuing and paying agent for DART with respect to the Notes, as provided in this Agreement commencing on the Effective Date. The Issuing and Paying Agent will perform its duties as issuing and paying assigned to it in this Agreement and in the Resolution.

Section 3. **The Notes.** The Notes may be issued in accordance with the Commercial Paper Documents at any time and from time to time in Installment Issues in minimum denominations of $100,000 and in integral multiples of $1,000 in excess thereof, provided that the principal amount of the Notes that may be Outstanding under the Resolution, shall never at any time, in the aggregate, exceed the maximum amount of the Notes authorized in Section 3.01(a) of the Resolution.

(a) Each Installment Issue of Notes may be designated as, or may consist of a combination of, “Taxable Notes,” “Tax-Exempt Notes (AMT),” and/or “Tax-Exempt Notes (Non-AMT),” as permitted by and in accordance with the Resolution.

(b) Each Installment Issue of Notes is to be initially issued in book-entry form as provided in Section 3.08 of the Resolution, and each Installment Issue issued in such form shall be evidenced by one or a combination of a Municipal Commercial Paper - TECP Master Series I Note to be further designated either as (“AMT”), (“Non-AMT”) or (“Taxable”) (collectively, the “Master Series I Notes”), in the respective forms appended hereto in, respectively.

Section 4. **Certificate Agreement.** (a) DART acknowledges that (i) the Issuing and Paying Agent has previously entered into a commercial paper certificate agreement (the “Certificate Agreement”), a copy of which is appended hereto as Exhibit B, with The Depository Trust Company, New York, New York (“DTC”), and (ii) the continuation in effect of the Certificate Agreement is a necessary prerequisite to the Issuing and Paying Agent’s providing services related to the issuance and payment of the Notes.

(b) DART understands and agrees that the Certificate Agreement shall supplement the provisions of this Agreement and that DART and the Issuing and Paying Agent are bound by the provisions of the Certificate Agreement.

Section 5. **Letter of Representation, Related Matters.** (a) A copy of the Letter of Representations (the “Representations”) executed by an Authorized Officer, is appended hereto as Exhibit C.

(b) DART understands and agrees that the Representations supplement the provisions of this Agreement and that DART, the Issuing and Paying Agent, and DTC shall be bound by the provisions of the Representations.

(c) The Issuing and Paying Agent and DART agree to comply with the relevant portions of DTC’s Commercial Paper Issuing and Paying Agent Manual (the “Manual”), and the DTC Same Day Settlement System Rules (collectively, the “DTC Rules”). In the event of a
conflict between the terms of this Agreement and the terms of the Manual, the Certificate Agreement, or the Representations, the provisions of this Agreement shall control.

(d) DART has delivered to the Issuing and Paying Agent (i) a certified copy of the Resolution and the other Commercial Paper Documents, and (ii) a certified original of DART’s Signature Identification Certificate (the “Certificate”), containing the name, title, and true signature of the Authorized Officers, the form of which certificate is appended hereto as Exhibit D.

(e) DART agrees to provide the Issuing and Paying Agent with revised certified resolutions and/or signature identification certificates when and as required by changes in authorization of personnel. Until the Issuing and Paying Agent receives a subsequent Certificate from DART, it may rely on the last such Certificate delivered to it.

Section 6. Master Series I Notes. (a) An Authorized Officer will deliver to the Issuing and Paying Agent the appropriate Master Series I Notes evidencing the Notes to comprise the Installment Issues. The Tax-Exempt Series I Notes will be issued on an interest at maturity basis. The Taxable Series I Notes may be issued in the same manner as Tax-Exempt Series I Notes or may be issued at a discount, with the principal amount thereof, without interest, payable at maturity.

(b) The Master Series I Notes shall (i) bear the manual or facsimile signatures of the requisite number of officials of DART, (ii) specify the date of issuance, (iii) be registered in the name of Cede & Co., as nominee of DTC, and (iv) be authenticated by the Issuing and Paying Agent.

(c) Any Notes (as evidenced by the Master Series I Notes or any certificated Note issued in replacement therefor pursuant to the next succeeding paragraph bearing the manual or facsimile signatures of officials of DART), upon the Issuing and Paying Agent’s authentication of such Note on behalf of DART, shall bind DART notwithstanding that such officials shall have died or shall have otherwise ceased to hold office on the date such Note is authenticated by the Issuing and Paying Agent.

(d) DART agrees that the Issuing and Paying Agent shall have no duty or responsibility to determine the genuineness of the facsimile and/or manual signatures appearing on the Master Series I Notes or such certificated Note so long as such signatures purport to be those of the authorized officials of DART.

Section 7. Instructions.

(a) DART authorizes the Issuing and Paying Agent to act in accordance with “Instructions” received electronically or otherwise as provided in this Section. The term “Instructions” shall mean a communication from an Authorized Officer to the Issuing and Paying Agent, which is either (i) a written notice including those transmitted through facsimile transmittal equipment, (ii) a telephone call (confirmed in writing as provided below), and/or (iii) a transmission through an instruction and reporting communication service offered by the Issuing and Paying Agent pursuant to Section 11 of this Agreement or otherwise in accordance with the Issuing and Paying Agent’s standard business procedures, in each case received by the Issuing
and Paying Agent at the address specified in Section 16 hereof prior to 2:00 P.M. (New York time) on the date on which the Instructions are to be operative, which shall be a day on which banking institutions in the City of New York are not required or authorized by law or executive order to be closed.

(b) If the Issuing and Paying Agent, at its option, acts upon Instructions received after 1:00 P.M. (New York time) on the day on which the Instructions are to be operative, DART understands and agrees that (i) such Instructions shall be acted upon, on a best efforts basis, by the Issuing and Paying Agent pursuant to the custom and practice of the commercial paper market, and (ii) the Issuing and Paying Agent makes no representations or warranties that the issuance and delivery of any Master Series I Notes or Note pursuant to Section 6 hereof shall be completed prior to the close of business on the issue date specified in the Instructions.

(c) Any Instructions given by telephone shall be confirmed to the Issuing and Paying Agent in writing by an Authorized Officer prior to 2:00 P.M. (New York time) on the day on which such Instructions are to be operative. In the absence of the Issuing and Paying Agent’s timely receipt of such written confirmation or in the event the Issuing and Paying Agent acts upon Instructions received after 2:00 P.M. (New York time) on the day on which the Instructions are to be operative, DART understands and agrees that the Instructions given by telephone or received after the aforementioned 2:00 P.M. (New York time), as understood by the Issuing and Paying Agent, shall be the true and controlling Instructions for all purposes of this Agreement.

(d) Notwithstanding anything to the contrary in this Section 7, DART acknowledges that the Issuing and Paying Agent may act upon the Instructions without any duty to make any inquiry regarding the genuineness of such Instructions so long as such Instructions purport to be from an Authorized Officer.

(e) If, on any date on which DART seeks to sell Notes in order to obtain funds for the purpose of paying the principal of and/or the interest on previously issued and Outstanding Notes, the Dealers are unable to sell the same on terms acceptable to the Authorized Officer of DART on the Stated Maturity Date of the Outstanding Notes, the Dealers shall, by 1:00 p.m., New York time on such date, give notice to an Authorized Officer of DART, and to the Issuing and Paying Agent that such Notes cannot be sold. Upon receiving such notice from the Dealer, DART will act pursuant to the terms of Section 6.01 of the Resolution and the CPSL Plan.

Section 8. Issuance. (a) The Issuing and Paying Agent’s sole duties in connection with the issuance of the Notes when DART, through an Authorized Officer, delivers the Master Series I Notes to the Issuing and Paying Agent, shall be as follows:

(i) to hold the Master Series I Notes in safekeeping;

(ii) to assign to each Instruction received from DART a CUSIP number as specified in and in accordance with the CUSIP number assignment received by the Issuing and Paying Agent from DART;

(iii) to cause to be delivered a Note on behalf of DART, in book-entry form, as a part of an Installment Issue upon receipt of Instructions from an Authorized Officer, specifying, as applicable, the principal amount, payee, the payee’s settlement bank
(which bank must be a participant in the DTC Same Day Funds Settlement System ("SDFS")), date of issue, maturity date, (which shall be no later than 270 days from the date of issuance thereof), interest rate, amount of interest, purchase price (as a percentage of principal amount) and yield to maturity, by way of data entry transfer to, and to receive from SDFS a confirmation receipt that such delivery was effected;

(iv) to credit, to the extent required by the Resolution (and otherwise at the directions of an Authorized Officer), the proceeds of all deliveries of the Notes to the Note Proceeds Account of the Issuing and Paying Agent Fund (the "Note Proceeds Account") established with the Issuing and Paying Agent pursuant to the Resolution under advice to DART at the address specified in Section 16 hereof;

(v) to credit to the Series I Note Proceeds Account such other amounts as are received from DART for deposit thereto;

(vi) to mail to DART at the address specified in Section 16 hereof, or to provide to DART in electronic form readily accessible by DART, a monthly activity report detailing confirmation copy of each Instruction received by the Issuing and Paying Agent; and

(vii) to hold the amounts on deposit in each account established with the Issuing and Paying Agent pursuant to the Resolution separate from all other funds and accounts of the Issuing and Paying Agent and utilize such amounts in accordance with the terms hereof and of the Resolution.

(b) DART acknowledges that pursuant to the custom and practice of the commercial paper market, the delivery or mailing of a Note against payment of the amount of the Note (i.e., the principal amount of an interest bearing Note) and the actual receipt of payment thereof are not simultaneous transactions. Therefore, whenever the Instructions direct the Issuing and Paying Agent to deliver any Note against payment, the Issuing and Paying Agent is authorized to and will deliver such Note to the party specified in the Instructions. DART also acknowledges that pursuant to the custom and practice of the commercial paper market, the purchaser of the Note (the "Purchaser") is obligated to settle in immediately available funds at or before the close of business on the Issue Date specified on the Note and the Purchaser's settlement bank must be a participant in SDFS. DART understands and agrees that whenever the Issuing and Paying Agent delivers a Note against payment as set forth above, DART, not the Issuing and Paying Agent, shall bear the risk of the Purchaser's failure to remit the amount of the Note purchased.

(c) The Issuing and Paying Agent shall have no duty or responsibility to make any transfer of the proceeds of the sale of the Notes, or to advance any monies or effect any credit with respect to such proceeds or transfers unless and until (A) the Issuing and Paying Agent has actually received the proceeds of the sale of the Notes, and (B) such receipt of the proceeds is not subject to reversal or cancellation. If the Issuing and Paying Agent, at its sole option and upon written notice to DART (which notice can be given by facsimile transmission or other telecommunication equipment and shall be orally confirmed by the sender immediately after such notice is transmitted), effects any such transfer that results in an overdraft in any account of DART, the amount of such overdraft shall be considered an advance to DART, and DART agrees to pay, but solely from amounts held under the Resolution, the Issuing and Paying Agent
on demand the amount of such advance together with interest thereon at the rate in accordance
with any separate agreement between DART and the Issuing and Paying Agent in effect at the
time, or if no such separate agreement is then in effect, then as described in the Issuing and
Paying Agent’s standard fee schedule.

(d) Notwithstanding any other provision of this Agreement or the Resolution to the
contrary, no Notes shall be authenticated or delivered if:

(i) such delivery would result in the aggregate principal amount of Notes
Outstanding being in excess of the aggregate principal amount Notes that may be
Outstanding under the Resolution; or

(ii) the maturity date specified in the request for issuance for such Notes
extends beyond the maximum maturity date of the Notes; or

(iii) such delivery would result in the aggregate principal amount of Notes maturing
within any five (5) day period being in excess of $35,000,000.

Section 9. Payment. (a) The Issuing and Paying Agent’s sole duties in connection
with the payment of the Notes shall be upon presentment at maturity of an issued Note, to pay
the principal amount of and interest on the Stated Maturity Date of the Note to the party
appearing to be entitled thereto, and to debit the appropriate account of the Issuing and Paying
Agent Fund established with the Issuing and Paying Agent pursuant to Section 5.01 of the
Resolution for such amount under advice to DART at the address specified in Section 16 hereof.

(b) The Issuing and Paying Agent’s sole duties in connection with the payment of the
Notes shall be to pay the principal of and interest on the Notes, as calculated by the Dealer to be
payable pursuant to the Dealer Agreement, and to debit the appropriate account of the Issuing
and Paying Agent Fund established within the Issuing and Paying Agent Fund pursuant to
Section 5.01 of the Resolution for such amount under advice to DART at the address specified in
Section 16 hereof. The Issuing and Paying Agent shall verify the accuracy of the calculations
shown on the face of the certification provided by the Dealer, but shall have no other duty or
responsibility with respect to the accuracy of such certification. In order for the calculation of the
Dealer to be effective for a Debt Service Accrual Period specified by the Trustee pursuant to
Section 5.3(c) of the Master Debt Resolution, such calculation must be received by the Issuing
and Paying Agent no later than the 9:00 a.m. on the Business Day immediately preceding the day
on which Gross Sales Tax Revenues are to be applied by the Trustee.

(c) Amounts on deposit in the Issuing and Paying Agent Fund (and accounts created
therein) shall be held segregated from all other funds and utilized by the Issuing and Paying
Agent in accordance with the terms hereof and of the Resolution. DART agrees that the Issuing
and Paying Agent shall have no liability for interest on any moneys received by it under this
Agreement.

(d) The Issuing and Paying Agent shall have no obligation to pay amounts due on the
Notes at their maturity unless sufficient funds have been received by the Issuing and Paying
Agent from or on behalf of DART. Notwithstanding anything in this Agreement to the contrary,
the Issuing and Paying Agent shall not be obligated (i) to permit any withdrawal or other use of

#4253369.5
funds from any account of the Issuing and Paying Agent Fund, or (ii) to honor any Instructions, if the Issuing and Paying Agent, in its sole discretion, shall determine that as a result there would be an overdraft or negative balance in respect of final credits (whether in the course of any day, overnight or otherwise) in such account or in the Issuing and Paying Agent Fund. DART shall deposit or otherwise make available in the Series I Note Proceeds Account or the Series I Note Payment Account, as appropriate, on or before the maturity date of any Notes, an amount in immediately available funds equal to the principal and interest payable on such Notes. DART shall deposit or otherwise make available in the Series I Note Payment Account (to the extent amounts are not available in the Series I Note Proceeds Account) an amount in immediately available funds equal to the principal of and interest payable on the Notes, as certified by the Dealer pursuant to subparagraph (b) of this Section 9.

Section 10. United States Dollars. DART agrees that the Notes issued or presented hereunder shall be denominated in United States dollars. DART further agrees that payment of any and all amounts due pursuant to the provisions of this Agreement shall be made solely in United States dollars.

Section 11. Automated Issuance System. (a) DART understands that all instructions under this Agreement are to be directed to the Issuing and Paying Agent’s Commercial Paper Department. DART is granted a personal, non-transferable and non-exclusive right to use the instruction and reporting communication service SS&C (the “Automated Issuance System”) to transmit through the Issuance System instructions made pursuant to Section 7 herein. DART may, by separate agreement between DART and one or more of its Dealers, authorize the Dealer to directly access the Issuance System for the purposes of transmitting instructions to the Issuing and Paying Agent or obtaining reports with respect to the Notes.

(b) To permit the use of the Automated Issuance System to issue instructions and/or obtain reports with respect to the Notes, the Issuing and Paying Agent will supply DART with an identification number and initial passwords. From time to time thereafter, DART may change its passwords directly through the Automated Issuance System. DART will keep all information relating to its identification number and passwords strictly confidential and will be responsible for the maintenance of adequate security over its customer identification number and passwords. For security purposes, DART should change its passwords frequently (at least once a year).

(c) Instructions transmitted over the Automated Issuance System and received by the Issuing and Paying Agent accompanied by DART’s identification number and the passwords, shall be deemed conclusive evidence that such instructions are correct and complete and that the action directed thereby has been duly authorized by DART.

(d) If the Automated Issuance System is inoperable at any time, an Authorized Representative of DART or the Dealer may deliver written instructions to the Issuing and Paying Agent, which instructions shall be verified in accordance with any security procedures agreed upon by the parties.

Section 12. Representations. (a) This Agreement, the Notes, and the appointment of the Issuing and Paying Agent as issuing and paying agent for DART hereunder and under the Resolution are within DART’s powers and have been duly authorized, and this Agreement, when
executed by DART, and the Notes, when issued in accordance with Instructions, will be valid and binding obligations of DART, enforceable in accordance with their terms.

(b) Neither this Agreement nor any transaction contemplated herein will violate any applicable federal or state statute or regulation or cause a default under any other agreement by which DART is bound.

(c) DART has obtained or made all authorizations and approvals of and all registrations and filings with governmental agencies and authorities necessary for the execution, delivery and performance by DART of this Agreement, and the Notes, and such authorizations, approvals, registrations and filings, as the case may be, are in full force and effect.

(d) Each Note issued under this Agreement will be exempt from registration under Section 3(a)(2) of the Securities Act of 1933, as amended.

(e) Each Instruction to issue Notes under this Agreement shall be deemed a representation and warranty of DART, as of the date thereof, that the representations and warranties herein are true and correct as if made on and as of such date.

Section 13. Compensation. DART agrees to pay such compensation for the Issuing and Paying Agent’s issuing and paying agent services pursuant to this Agreement in accordance with the Issuing and Paying Agent’s published fee schedule, as amended from time to time. Such fee schedule is attached hereto as Exhibit E.

Section 14. Liability for Actions. Indemnification. (a) DART agrees that the Issuing and Paying Agent shall not be liable for any losses, damages, liabilities or costs suffered or incurred by DART as a result of (i) the Issuing and Paying Agent’s having executed Instructions, (ii) the Issuing and Paying Agent’s improperly executing or failing to execute any Instructions because of unclear Instructions, failure of communications media or any other circumstances beyond the Issuing and Paying Agent’s control, (iii) the actions or inactions of DTC or any broker, dealer, consignee or agent not selected by the Issuing and Paying Agent, or (iv) any other acts or omissions of the Issuing and Paying Agent (or of any of its agents or correspondents) relating to this Agreement or the transactions or activities contemplated hereby except to the extent, if any, that such other acts or omissions constitute negligence or willful misconduct by the Issuing and Paying Agent.

(b) DART, in the absence of negligence or willful misconduct by the Issuing and Paying Agent, agrees, to the extent permitted by law, to indemnify the Issuing and Paying Agent and to hold it harmless from and against (i) any and all losses, expenses (including attorney’s fees and expenses), liabilities, litigation costs, claims (groundless or otherwise), suits, fines and penalties arising out of the Issuing and Paying Agent’s actions or omissions relating to the Issuing and Paying Agent’s activities under this Agreement or activities or transactions contemplated therewith and (ii) any damages, costs, expenses (including legal fees and disbursements), losses or liabilities relating to any such actions, claims, suits, fines or penalties or to any breach of this Agreement by DART.

(c) In no event shall the Issuing and Paying Agent be liable for special, indirect or consequential damages, even if it has been advised of the possibility of such damages.
(d) The Issuing and Paying Agent may execute any of the powers hereunder or perform any duties hereunder either directly or by or through agents or affiliates. The Issuing and Paying Agent may consult with legal counsel regarding matters arising under this Agreement and shall not be liable for any action taken in good faith in reliance upon the advice of such counsel. The Issuing and Paying Agent or its affiliates in their individual or any other capacity may become the owner or pledgee of Notes and may transact business with DART with the same rights they would have if the Issuing and Paying Agent were not acting hereunder. Except in the case of the Issuing and Paying Agent’s negligence or bad faith, it shall not be liable to DART for any action taken or omitted and reasonably believed by the Issuing and Paying Agent to be authorized or within the powers conferred upon it hereby. The Issuing and Paying Agent shall also not be liable for any action taken, or any failure to take any action in connection with this Agreement or the services provided hereunder or otherwise to fulfill its obligations in connection with this Agreement, in the event and to the extent that the taking of such action or such failure arises out of or is caused by mechanical breakdown, computer or system failure or other failure of equipment, failure or malfunctioning of any communications media for whatever reason, or any other cause outside of the control of the Issuing and Paying Agent, provided that it undertakes to use commercially reasonable efforts to cure any such failure or breakdown of its equipment.

(e) Except as otherwise expressly provided herein, whenever, in the administration of this Agreement, the Issuing and Paying Agent shall deem it necessary that a matter be proved or established prior to taking, suffering or omitting any action hereunder, such matter (unless other evidence in respect thereof be herein specifically prescribed) may be deemed to be conclusively proved and established by a certificate or written instruction of an Authorized Officer and such certificate or written instruction shall be full warranty to the Issuing and Paying Agent for any action taken, suffered, or omitted under the provisions of this Agreement in reliance upon such certificate or written instructions.

(f) Any banking association or corporation into which the Issuing and Paying Agent may be merged, converted or with which it may be consolidated, or any corporation resulting from any merger, conversion or consolidation to which it shall be a party, shall succeed to all its rights, obligations and immunities hereunder without the execution or filing of any paper or any further action on the part of any of the parties hereto, anything herein to the contrary notwithstanding.

(g) The Issuing and Paying Agent’s countersignature of a Note shall be for authentication purposes only. The Issuing and Paying Agent shall have no liability on any Notes. Except with respect to the Issuing and Paying Agent’s own action in issuing and delivering Notes pursuant to Instructions, it shall not be liable for the authorization, validity or legality of any Notes delivered by it in accordance with Instructions.

(h) Nothing in this Agreement constitutes a commitment or obligation of the Issuing and Paying Agent or its affiliates to extend any credit to DART, nor shall any course of dealing between DART and the Issuing and Paying Agent be deemed to be, or constitute, any such commitment or obligation.
(i) DART acknowledges that the Issuing and Paying Agent, in its capacity as depositary, paying agent and issuing agent is not a party to the Resolution or the Master Resolution. In its capacity as depositary, issuing agent and paying agent hereunder, except as expressly provided herein, the Issuing and Paying Agent shall have no liability to DART or the holders of the Notes.

(j) The provisions of this Section shall survive any termination of this Agreement and the issuance and payment of any Note(s).

Section 15. Termination. (a) Either the Issuing and Paying Agent or DART may terminate this Agreement at any time by giving not less than 30 days' prior written notice of such termination to the other and to the Administrative Agent.

(b) No such termination shall affect the rights and obligations of DART and the Issuing and Paying Agent which have accrued under this Agreement prior to termination and no termination can occur prior to a substitute issuing and paying agent being appointed by DART of a successor issuing and paying agent. If a successor has not been appointed by DART within 60 days of the date the Issuing and Paying Agent delivers a notice described in subsection (a) above, the Issuing and Paying Agent shall have the right to petition a court of competent jurisdiction to appoint a successor issuing and paying agent.

Section 16. Addresses. (a) Instructions hereunder shall be mailed, telephoned, transmitted by facsimile device, and/or transmitted via the Issuance System to the Issuing and Paying Agent at the address, telephone number, and/or facsimile number specified below and shall be deemed delivered upon actual receipt by the Issuing and Paying Agent at the address, telephone number, and/or facsimile number specified below:

By: Authorized Signatory
Certificate Agreement

This Agreement is dated as of June 1, 1991, by and between The Depository Trust Company ("DTC") and Zions First National Bank ("Custodian").

Whereas, Custodian performs, as agent of the issuers, certain paying agency functions with respect to one or more issues of money market instrument notes issued under the programs listed on Exhibit A, as it may be amended in writing with the addition or deletion of a program from time to time by the parties (the "Securities"); and

Whereas, in order to enhance the efficiency of the processes for issuing and redeeming such Securities, Custodian has agreed to act as custodian of master note certificates registered in the name of DTC's nominee, Cede & Co., evidencing the Securities (the "Certificates") and has established procedures to perform the services hereinafter set forth.

Now, therefore, in consideration of the representations, warranties, and covenants herein contained the parties agree as follows:

1. Custodian shall assure that each Certificate held pursuant to this Agreement shall be in registered form, registered in the name of Cede & Co., and shall bear the following legend:

   Unless this certificate is presented by an authorized representative of The Depository Trust Company, a New York corporation ("DTC"), to Issuer or its agent for registration of transfer, exchange, or payment, and any certificate issued is registered in the name of Cede & Co. or in such other name as is requested by an authorized representative of DTC (and any payment is made to Cede & Co. or to such other entity as is requested by an authorized representative of DTC), ANY TRANSFER, PLEDGE, OR OTHER USE HEREOF FOR VALUE OR OTHERWISE BY OR TO ANY PERSON IS WRONGFUL inasmuch as the registered owner hereof, Cede & Co., has an interest herein.

   Custodian agrees that the foregoing provisions of this Paragraph constitute as to Custodian a timely written notice of an adverse claim by DTC as to such Certificate regardless of whether the legend actually appears thereon.

2. Subsequent to the issuance of Certificates, Custodian shall hold the Certificates awaiting DTC's instructions. On receipt of instructions from DTC, and except as hereinafter provided, Custodian shall deliver to DTC or as directed by DTC any or all Securities or Certificates held for DTC in accordance with such instructions.

3. Custodian shall confirm to DTC the amount of Securities evidenced by such Certificate on a daily or other periodic basis, as DTC may reasonably request.
4. As between DTC and Custodian (including, without limitation, its creditors, lien holders, and pledgees), the Securities evidenced by a Certificate and such Certificate shall be deemed to be the sole property of DTC. Custodian shall not by reason of any provision of this Agreement or the delivery to it of Securities in connection with their issuance obtain any legal or equitable right, title, or interest in or to Securities evidenced by such Certificate.

5. Custodian shall itself at all times hold all Certificates in one of its secured areas.

6. (a) Notwithstanding any event whatsoever, other than an event described in subparagraph (b) of this Paragraph or in the proviso to Paragraph 8, Custodian shall, upon the request of DTC, deliver or make available to DTC any or all Securities or Certificates within 24 hours after receipt of such request, except that Custodian shall not be required hereby to deliver or make available Securities or Certificates to DTC on a day that Custodian is not open for business.

(b) Custodian shall notify DTC immediately after it determines that any Securities or Certificate received by it from the issuer, deliverable by it to DTC, or held by it pursuant to the provisions of this Agreement has apparently been lost, destroyed, wrongfully taken, or is unaccounted for by Custodian (each, a "Missing Security"). Custodian shall promptly replace any Missing Security without cost to DTC.

7. Custodian represents and warrants that it is insured under an insurance policy in the form of Financial Institution Bond Standard Form 24, or similar coverage, in the amount of $30,000,000 per occurrence $60,000,000 aggregate, with a deductible of $1,000,000, which Custodian reasonably believes to be adequate to cover all losses under all programs that Custodian has and shall have with DTC. Custodian will deliver promptly to DTC, if DTC so requests, a writing signed by its insurance broker or agent which evidences the existence of such insurance coverage in such amount and with such deductible, and Custodian covenants and agrees to maintain at its expense such insurance (or a comparable plan of insurance) in no less amount, no greater deductible, and with like coverage during the term of this Agreement, subject to its right to cancel, decrease, or limit the same. Custodian shall notify DTC promptly in writing of any material changes in such insurance coverage. Custodian shall, prior to the first anniversary of the date of this Agreement and prior to each succeeding anniversary of this Agreement during its term, deliver promptly to DTC, if DTC so requests, a writing signed by its insurance broker or agent which evidences the amount, deductible, and coverage of Custodian's insurance and shall state whether or not such insurance is equivalent to Financial Institution Bond Standard Form 24. Custodian agrees that whenever Custodian ships Securities or Certificates to DTC, Custodian shall either provide adequate insurance coverage or require such coverage from the carrier of the Securities or Certificates, such coverage to cover losses of Securities or Certificates while in transit and until received. Custodian shall, if DTC so requests, promptly furnish DTC with documentation evidencing the amount, deductible, and coverage of the Insurance provided by Custodian for any such shipment of Securities or Certificates.

8. Custodian agrees that it shall not for any reason, including the assertion of any claim, right, or lien of any kind, refuse or refrain from delivering any Securities or Certificates to or as directed by DTC in accordance with the terms of this Agreement; provided, however, that if Custodian shall be served with a notice of levy, seizure, or similar notice, order, or judgment, issued or directed by a governmental agency or court, or an officer thereof, having jurisdiction over Custodian, which on its face affects Securities evidenced by Certificates in the possession of
Custodian pursuant to the provisions hereof, Custodian may, pending further direction of such governmental agency or court, refuse or refrain from delivery or making available to DTC in contravention of such notice or levy, seizure, or similar notice, order, or judgment, Securities not greater in amount than the Securities which are affected by such notice of levy, seizure, or similar notice, order, or judgment on the face thereof.

9. Custodian may act relative to this Agreement in reliance upon advice of counsel in reference to any matters connected with its duties under this Agreement, and shall not be liable for any mistake of fact or error of judgment, or for any acts or omissions to act of any kind, unless caused by its own negligence.

10. Custodian may at any time, without any resulting liability to itself, act under this Agreement in reliance upon the signature of any person who it reasonably believes has authority to act for DTC with respect to this Agreement, but Custodian shall not be required so to act, and may in its discretion at any time require such evidence of the authenticity of such signature and of the authority of the person acting for DTC as may be satisfactory to Custodian.

11. So long as this Agreement remains in effect as to any issue of Securities, Custodian shall furnish to DTC as soon as available a copy of any report on the adequacy of Custodian's internal accounting control procedures relating to the safeguarding of securities in its custody prepared for any regulatory agency by Custodian's independent outside auditor.

12. This Agreement may be terminated by either party upon ten business days' prior written notice to the other party. In the event of the termination of this Agreement or the termination hereunder of this Agreement as to issues of Securities evidenced by specific Certificates, it shall be deemed that Custodian has received as of the time of such termination a request by DTC within the meaning of Paragraph 6(a) with regard to: (i) all Securities or Certificates subject hereto if this Agreement is terminated; or (ii) the specific Securities or Certificates in respect of which this Agreement shall terminate.

13. This Agreement shall be governed by and construed in accordance with the laws of the State of New York, without giving effect to principles of conflicts of law.

14. All notices, instructions, requests, and other communications required or contemplated by this Agreement shall be in writing, shall be delivered by hand or sent, postage prepaid, by certified or registered mail, return receipt requested, and shall be addressed to Custodian at the address of First National Bank of Trust Operations, Manager at 1 S. Main - 3rd floor, Salt Lake City, UT 84111, Attn: General Counsel. Notice given as aforesaid shall be deemed given upon the receipt thereof. Either party may change the address to which notices shall be sent upon notice to the other in the manner hereinabove provided.

15. (a) Custodian agrees to indemnify and hold harmless DTC from and against any and all losses, liabilities, claims, penalties, charges, and expenses (including reasonable counsel fees and expenses) suffered or incurred by or asserted or assessed against DTC by reason of Custodian's negligent action or negligent failure to act; provided, however, that should Custodian be held to be negligent hereunder and should DTC be held to have been contributorily negligent in connection therewith, then the aforementioned liability shall be shared between Custodian and DTC in such proportion as may be set forth in any decision of a court or other tribunal having jurisdiction, unless Custodian and DTC shall agree in writing to share such liability in a different proportion.
(b) DTC agrees to indemnify and hold harmless Custodian from and against any and all losses, liabilities, claims, taxes, assessments, penalties, charges, and expenses (including reasonable counsel fees and expenses) suffered or incurred by or asserted or assessed against Custodian by reason of any action pursuant to this Agreement or following the instructions of DTC in connection with the performance of its duties under this Agreement where Custodian has acted in good faith and without negligence; provided, however, that should Custodian be held to be negligent hereunder and should DTC be held to have been contributory negligent in connection therewith, then the aforementioned liability shall be shared between Custodian and DTC in such proportion as may be set forth in any decision of a court or other tribunal having jurisdiction, unless Custodian and DTC shall agree in writing to share such liability in a different proportion.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the day and year first above written.

Re: Dallas Area Rapid Transit Senior Subordinate Sales Tax Revenue Commercial Paper Notes, Series 1 (Self-Liquidity) Exempt from Registration: Section 3(a)(2) of the Securities Act of 1933
[Description of Program, including reference to the provision of the Securities Act of 1933, as amended, pursuant to which Program is exempt from registration.]

Ladies and Gentlemen:

This letter sets forth our understanding with respect to certain matters relating to the issuance by Issuer from time to time of notes under its Municipal Commercial Paper--TECP program described above (the "Securities"). Issuing Agent shall act as issuing agent with respect to the Securities. Paying Agent shall act as paying agent or other such agent of Issuer with respect to the Securities. Issuance of the Securities has been authorized pursuant to a prospectus supplement, offering circular, or other such document dated April 9, 2013.

Paying Agent has entered into a Money Market Instrument Certificate Agreement with The Depository Trust Company ("DTC") dated as of June 1, 1998, pursuant to which Paying Agent shall act as custodian of a Master Note Certificate evidencing the Securities, when issued. Paying Agent shall amend Exhibit A to such Certificate Agreement to include the program described above, prior to issuance of the Securities.

The Depository Trust & Clearing Corporation
To induce DTC to accept the Securities as eligible for deposit at DTC and to act in accordance with its Rules with respect to the Securities, Issuer, Issuing Agent, and Paying Agent make the following representations to DTC:

1. The Securities shall be evidenced by a Master Note Certificate in registered form registered in the name of DTC's nominee, Cede & Co., and such Master Note Certificate shall represent 100% of the principal amount of the Securities. The Master Note Certificate shall include the substance of all material provisions set forth in the DTC model Municipal Commercial Paper – TECP Master Note, a copy of which previously has been furnished to Issuing Agent and Paying Agent, and may include additional provisions as long as they do not conflict with the material provisions set forth in the DTC model.

2. Issuer: (a) understands that DTC has no obligation to, and will not, communicate to its participants ("Participants") or to any person having an interest in the Securities any information contained in the Master Note Certificate; and (b) acknowledges that neither DTC's Participants nor any person having an interest in the Securities shall be deemed to have notice of the provisions of the Master Note Certificate by virtue of submission of such Certificate to DTC.

3. Issuer or Issuing Agent has obtained from the CUSIP Service Bureau a written list of approximately 900 nine-character numbers (the basic first six characters of which are the same and uniquely identify Issuer and the Securities to be issued under its Municipal Commercial Paper – TECP program described above). The CUSIP numbers on such list have been reserved for future assignment to issues of the Securities. At any time when fewer than 100 of the CUSIP numbers on such list remain unassigned, Issuer or Issuing Agent shall promptly obtain from the CUSIP Service Bureau an additional written list of approximately 900 such numbers.

4. When Securities are to be issued through DTC, Issuing Agent shall notify Paying Agent and shall give issuance instructions to DTC in accordance with DTC's Procedures, including Operational Arrangements and the Issuing/Paying Agent General Operating Procedures (the "MMI Procedures"), a copy of which previously has been furnished to Issuing Agent and Paying Agent. The giving of such issuance instructions, which include delivery instructions, to DTC shall constitute: (a) a representation that the Securities are issued in accordance with applicable law; and (b) a confirmation that the Master Note Certificate evidencing such Securities, in the form described in paragraph 1, has been issued and authenticated.

5. All notices and payment advises sent to DTC shall contain the CUSIP number of the Securities.

6. Issuer recognizes that DTC does not in any way undertake to, and shall not have any responsibility to, monitor or ascertain the compliance of any transactions in the Securities with the following, as amended from time to time: (a) any exemptions from registration under the Securities Act of 1933; (b) the Investment Company Act of 1940; (c) the Employee Retirement Income Security Act of 1974; (d) the Internal Revenue Code of 1986; (e) any rules of any self-regulatory organizations (as defined under the Securities Exchange Act of 1934); or (f) any other local, state, federal, or foreign laws or regulations thereunder.

7. If issuance of Securities through DTC is scheduled to take place one or more days
after Issuing Agent has given issuance instructions to DTC, Issuing Agent may cancel such issuance by giving a cancellation instruction to DTC in accordance with the MMI Procedures.

8. At any time that Paying Agent has Securities in its DTC accounts, it may request withdrawal of such Securities from DTC by giving a withdrawal instruction to DTC in accordance with the MMI Procedures. Upon DTC’s acceptance of such withdrawal instruction, Paying Agent shall reduce the principal amount of the Securities evidenced by the Master Note Certificate accordingly.

9. In the event of any solicitation of consents from or voting by holders of the Securities, Issuer, Issuing Agent, or Paying Agent shall establish a record date for such purposes (with no provision for revocation of consents or votes by subsequent holders) and shall send notice of such record date to DTC’s Reorganization Department, Proxy Unit no fewer than 15 calendar days in advance of such record date. If sent by telecopy, such notice shall be directed to (212) 855-5181 or (212) 855-5182. If the party sending the notice does not receive a telecopy receipt from DTC such party shall confirm DTC’s receipt of such telecopy by telephoning (212) 855-5187. For information regarding such notices, telephone The Depository Trust and Clearing Corporation’s Proxy hotline at (212) 855-5191.

10. Paying Agent may override DTC’s determination of interest and principal payment dates, in accordance with the MMI Procedures.

11. Notice regarding the amount of variable interest and principal payments on the Securities shall be given to DTC by Paying Agent in accordance with the MMI Procedures.

12. Paying Agent shall confirm with DTC daily, by CUSIP number, the face value of the Securities outstanding, and Paying Agent’s corresponding interest and principal payment obligation, in accordance with the MMI Procedures.

13. DTC may direct Issuer, Issuing Agent, or Paying Agent to use any other telephone number or address as the number or address to which notices may be sent.

14. Payments on the Securities, including payments in currencies other than the U.S. Dollar, shall be made by Paying Agent in accordance with the MMI Procedures.

15. In the event that Issuer determines that beneficial owners of Securities shall be able to obtain certificated Securities, Issuer or Paying Agent shall notify DTC of the availability of certificates. In such event, Issuer or Paying Agent shall issue, transfer, and exchange certificates in appropriate amounts, as required by DTC and others.

16. DTC may discontinue providing its services as depository with respect to the Securities at any time by giving reasonable notice to Issuer, Issuing Agent or Paying Agent (at which time DTC will confirm with Issuer or Paying Agent the aggregate amount of Securities outstanding by CUSIP number). Under such circumstances, at DTC’s request Issuer, Issuing Agent and Paying Agent shall cooperate fully with DTC by taking appropriate action to make available one or more separate certificates evidencing Securities to any Participant having Securities credited to its DTC accounts.
17. Nothing herein shall be deemed to require Issuing Agent or Paying Agent to advance funds on behalf of Issuer.

18. This Letter of Representations may be executed in any number of counterparts, each of which when so executed shall be deemed to be an original, but all such counterparts together shall constitute but one and the same instrument.

19. This Letter of Representations shall be governed by, and construed in accordance with, the laws of the State of New York, without giving effect to principles of conflicts of law.

20. The sender of each notice delivered to DTC pursuant to this Letter of Representations is responsible for confirming that such notice was properly received by DTC.

21. Issuing and/or Paying Agent represent to DTC that the Issuing and/or Paying Agent screened the name of the party in whose name a deposited Security certificate is registered against the U.S. Department of the Treasury's Office of the Office of Foreign Asset Control's ("OFAC") Specially Designated Nationals Blocked Persons List ("SDN List") and against OFAC's regulations and that there were no matches identified by such comparison. Issuer is prohibited from submitting Securities for DTC eligibility if the issuer of the securities is listed on the OFAC's SDN List, or is incorporated or formed in a country that is subject to OFAC sanctions or embargoes, or otherwise subject to sanctions administered by OFAC.

22. Issuer hereby authorizes DTC to provide to Issuing Agent and/or Paying Agent listings of DTC Participants' holdings, known as Security Position Reports ("SPRs") with respect to the Assets from time to time at the request of Issuing Agent or Paying Agent. DTC charges a fee for such SPRs. This authorization, unless revoked by Issuer, shall continue with respect to the Assets while any Assets are on deposit at DTC, until and unless Issuing Agent and/or Paying Agent shall no longer be acting as Issuing and/or Paying Agent for Issuer. In such event, Issuer shall provide DTC with similar evidence, satisfactory to DTC, of the authorization of any successor thereto so to act. Proxy Web Services are available at www.dtcc.com. To register for or inquire about Proxy Web Services, telephone The Depository Trust and Clearing Corporation's Proxy Hotline at (212) 855-5191.

23. Issuer, Issuing Agent and Paying Agent shall comply with the applicable requirements stated in DTC's MMI Procedures, as they may be amended from time to time.

24. The following rider(s), attached hereto, are hereby incorporated into this Letter of Representations:
Note:

Schedule A contains statements that DTC believes accurately describe DTC, the method of effecting book-entry transfers of securities distributed through DTC, and certain related matters.

DEScribing Book-Entry-Only Issuance

(Prepared by DTC-bracketed material may be applicable only to certain issues)

1. The Depository Trust Company ("DTC"), New York, NY, will act as securities depository for the securities (the "Securities"). The Securities will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or other name as may be requested by an authorized representative of DTC. One fully-registered Security certificate will be issued for each Security, and will be deposited with DTC. [If, however, the aggregate principal amount of (any) issue exceeds $500 million, one certificate will be issued with respect to each $500 million of principal amount, and an additional certificate will be issued with respect to any remaining principal amount of such issue.]

2. DTC, the world’s largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants").

3. Purchases of Securities under the DTC system must be made by or through Direct Participants, which will receive a credit for the Securities on DTC’s records. The ownership interest of each actual purchaser of each Security ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Securities are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Securities, except in the event that use of the book-entry system for the Securities is discontinued.

4. To facilitate subsequent transfers, all Securities deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Securities with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Securities; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Securities are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on
behalf of their customers.

5. Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. [Beneficial Owners of Securities may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Securities, such as redemptions, tenders, defaults, and proposed amendments to the Security documents. For example, Beneficial Owners of Securities may wish to ascertain that the nominee holding the Securities for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.]

6. Redemption notices shall be sent to DTC. If less than all of the Securities within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

7. Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Securities unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Securities are credited on the record date (identified in a listing attached to the Omnibus Proxy).

8. Redemption proceeds, distributions, and dividend payments on the Securities will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from Issuer or Agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, Agent, or Issuer, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of Issuer or Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

9. A Beneficial Owner shall give notice to elect to have its Securities purchased or tendered, through its Participant, to [Tender/Remarketing] Agent, and shall effect delivery of such Securities by causing the Direct Participant to transfer the Participant's interest in the Securities, on DTC's records, to [Tender/Remarketing] Agent. The requirement for physical delivery of Securities in connection with an optional tender or a mandatory purchase will be deemed satisfied when the ownership rights in the Securities are transferred by Direct Participants on DTC's records and followed by a book-entry credit of tendered Securities to [Tender/Remarketing] Agent's DTC account.

10. DTC may discontinue providing its services as depository with respect to the Securities at any time by giving reasonable notice to Issuer or Agent. Under such circumstances, in the event that a successor depository is not obtained, Security certificates are required to be printed and delivered.

11. Issuer may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, Security certificates will be printed and delivered to DTC.

12. The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that Issuer believes to be reliable, but Issuer takes no responsibility for the accuracy thereof.

Commercial Paper Self-liquidity (CPSL) Plan  
February 25, 2013

The following procedures govern the liquidation of investments and the transfer of funds to purchase commercial paper ("CP") notes in the event of a failed remarketing. A failed remarketing occurs whenever a CP dealer is unable to place CP with new or existing investors or take new CP into inventory to pay for maturing CP. These procedures pertain to DART CP backed by self-liquidity (Series I) and not to CP backed by a bank facility (Series II).

Notification Procedures

Note: All times are prevailing New York City times

1.1 In the event there are maturing commercial paper notes not remarketed or taken into inventory by a commercial paper dealer ("Unremarked CP"), the commercial paper dealer ("CP Dealer" or "CP Co-Dealer") will notify the following DART officials (each an “Authorized Representative”) by phone and email no later than 1:00 PM on the CP maturity date of the amount of Unremarked CP:

Executive Vice President/Chief Financial Officer  
David Leininger  
Phone: 214 749-3148  
Email: dleininger@dart.org

Treasurer  
Nathan Hallett  
Phone: (214) 749-3021  
Email: nhallett@dart.org

Assistant Treasurer  
Beverly Adler  
Phone: (214) 749-3053  
Email: badler@dart.org

1.1 The Issuing and Paying Agent for DART’s CP program will also receive notice no later than 1:00 PM on the CP maturity date from the CP Dealer that the Unremarked CP will be maturing and funds will be due and payable from DART.

1.2 By 2:00 PM on the CP maturity date, an Authorized Representative shall direct payment from immediately available funds to the Issuing and Paying Agent in the amount required to pay the principal and interest due ("Purchase Price") of
the Unremarketed CP. DART shall give notice of such payment transfer to the Issuing and Paying Agent.

DART Payment Policies

2.1 DART shall maintain sufficient General Operating Fund investments in instruments having daily liquidity or which are readily marketable and can be sold with settlement dates of no longer than t+3.

2.2 Upon receipt of notice from a CP Dealer or Issuing and Paying Agent that on the CP maturity date there will be insufficient monies available from remarketing proceeds to pay the Purchase Price for maturing CP and that the CP Dealer is unwilling or unable to take new CP into inventory, an Authorized Representative will identify the funds to be used to pay the Purchase Price for Unremarketed CP. Funding will come from the General Operating Fund and/or the CP Interest and CP Principal Funds.
2.3 Payment procedures and accounts:

2.3.1 The primary source of funds to purchase Unremarketed CP will be from the liquidation of Money Market Mutual Funds ("MMMFM") to DART’s General Operating Fund account at Bank of America/Merrill Lynch ("BAML").

2.3.2 If security liquidation is required, the Treasurer or Assistant Treasurer will coordinate with one of DART’s approved broker/dealers to identify securities (i.e., agencies, commercial paper, etc.) to sell. If security liquidation may be required, DART will evaluate and consider selling securities the day before the CP maturity date to help ensure seamless and timely security liquidation.

2.3.3 The Treasury Operations Manager will notify the Issuing and Paying Agent of the funds transfer.

DART’s Self-Liquidity Coverage

3.1 DART will provide self-liquidity for its CPSL in an aggregate principal amount of $150,000,000 and [90] days interest calculated at a rate of 12% ("CP Commitment Amount").

3.2 DART will maintain at least 2.0 times self-liquidity debt service coverage on the CPSL Program from the aggregate of all of the sources of funds identified in 2.3 after assumed discounts ("Haircuts") for price volatility and trading variances per the table below:

<table>
<thead>
<tr>

<tr>

</tr>
</tbody>
</table>

Debt service coverage is calculated as the (total amount of unrestricted cash and investments in the General Operating Fund less the assumed Haircut for each specific investment type) divided by the CP Commitment Amount.

3.2 DART will restrict the total amount of CPSL maturing within 5 days for all CP Dealers to no more than $35,000,000.

Rating Update: Moody's affirms Dallas Area Rapid Transit's (TX) P-1 and Aa2 ratings; outlook stable

Global Credit Research - 06 Jun 2014

$3.688B debt affected

DALLAS AREA RAPID TRANSIT, TX
Mass Transit
TX

Opinion

NEW YORK, June 06, 2014 -- Moody's Investors Service has affirmed the P-1 short-term rating assigned to Dallas Area Rapid Transit's (DART) Revenue Commercial Paper Notes, Series I in conjunction with an increase in the program's authorized amount from $150 million to $200 million. Proceeds of the notes will be used to acquire new buses. Concurrently, we have affirmed the long-term rating of Aa2 assigned to DART's Senior Lien Sales Tax Revenue Bonds.

SUMMARY RATING RATIONALE

The P-1 rating reflects DART's sound liquidity net of amounts needed for operations, a conservative investment portfolio that could be reallocated to pay maturing notes in the event of an unsuccessful remarketing, and DART's strong treasury management policies.

The Aa2 rating reflects sound legal provisions including the bonds' senior gross lien on a 1% sales tax collected in Dallas and twelve other surrounding municipalities; trustee intercept of those revenues; a 2 times additional bonds test; the strength of the DART service-area economy and our expectation that it will perform well going forward; and debt service coverage that is satisfactory but has declined in recent years reflecting DART's acceleration of its bonding program. The outlook is stable.

STRENGTHS
-- Sound legal mechanics of the self-liquidity program
-- The authority's strong liquidity position, that currently provides ample coverage of the self-liquidity debt currently permitted in the program
-- Gross pledge of a 1% sales tax collected in a growing, economically diverse region
-- Sound legal features including remittance of pledged revenues directly from the state comptroller to the trustee and a 2 times additional bonds test
-- Relatively low exposure to variable rate debt, no swaps, and risks related to lease-in/lease-out transactions that have been significantly reduced

CHALLENGES
-- Liquidity reflects the authority's operating cash, which given the nature of a transit system could tighten below adequate levels based on economic downturns or other circumstances
-- High long-term debt burden relative to similarly rated sales tax-backed issuers
-- The dedicated sales tax has proved volatile through the last two economic downturns, both of which have coincided with ramp ups in DART's capital financing plan
-- Lower debt service coverage due to acceleration of the bonding program
-- The additional bonds test permits issuance on either historical coverage or projected coverage; the latter
somewhat weakens the leverage constraint

DETAILED CREDIT DISCUSSION

GROWING MULTI-MODAL SYSTEM; IMPROVED RIDERSHIP FOLLOWING DECLINES

DART provides bus, light rail, commuter rail and other service to 13 municipalities across a 700 square mile service area with a population of 2.3 million in the Dallas, Texas region. The system was established by voter referendum in 1983, and is governed by a 15-member board appointed by the municipalities through a population-based formula, with no city able to appoint more than 65% of the board.

While it has operated bus service since its inception, DART's light rail system is relatively new, with the first segment opening in 1996. Since then, DART has worked to expand light rail considerably. Extensions were opened in 2002 and 2009, along with 28 miles of additional service opened in December 2010. Ridership weakened between fiscal years 2007 and 2010 amid the effects of the economic downturn, fare increases, and lower gas prices. Since then, ridership has started to grow again, partly spurred by DART's expansion of service adjacent to Dallas' Love Field airport (home of Southwest Airlines) and will be boosted when new service to Dallas/Fort Worth International Airport starts, scheduled for August 2014.

STRONG MANAGEMENT OF LIQUIDITY AND SELF-LIQUIDITY OBLIGATIONS

The commercial paper program is secured by a gross senior subordinate pledge of DART's 1% sales and use tax revenue. Pursuant to the note resolution, DART will cover the maximum principal amount of notes that may be outstanding at any time (now increased to $200 million), plus 90 days' interest at a maximum rate of 12% and the amount of notes maturing within any given five-day period is limited to $35 million. Pursuant to the resolution, in the event that maturing notes are un-remarketed, the Issuing and Paying Agent will notify DART by 1:00 pm New York City time; DART is then required to make available to the Issuing and Paying Agent sufficient funds to purchase the notes by 2:00 pm New York City time.

As of March 2014, DART held $840 million in Investments with same-day liquidity on a non-discounted basis: $65 million in the Aaa-rated money market funds and $575 million in US Treasury and Agency securities. Additionally, DART has approximately $126 million of investments on a non-discounted basis that can be accessed within one week. Under our methodology to evaluate self-liquidity supported floating rate debt, we apply discount rates to asset classes with daily and weekly liquidity to account for market volatility that could cause losses at the time of liquidation, as well as changes in asset value between measurement dates and accrued interest. Even after applying a haircut to daily liquidity, the assets cover the maximum amount of commercial paper that could mature within 5 business days, $35 million, over 16 times. Under a more stressed scenario assuming the full $200 million of commercial paper is outstanding, discounted daily and weekly liquidity provides adequate coverage over 3 times.

CLOSE MANAGEMENT OF TREASURY OPERATIONS; SOUND LIQUIDITY NET OF OPERATING DEMANDS

The sales tax reflects 77% of DART's operating revenue, significantly greater than the 30% national average for transit systems, based on federal statistics. In that context, DART's strong financial management is particularly important. Farebox collections are only 14.6% of operating expenses, and DART has regularly increased fares since 2000, with a 20% increase in 2008, a 17% increase in 2010 and an additional 11% increase that went into effect in December 2012. Another fare increase of 17% is expected in 2018 following DART's plan to increase fares by 17% every five years. DART has strong available liquidity which provides more than 2.0 times coverage of the CP program, net of six months of operating demands.

SOURCES OF REVENUE FROM DIVERSE LOCAL ECONOMY; SALES TAX COLLECTIONS CONTINUE TO IMPROVE

DART's dedicated sales tax has grown strongly over its history but is particularly volatile during economic downturns. Although it has grown by an average annual rate of 3.6% over the past 20 years, it declined for three consecutive years starting in fiscal 2001 during the decade's prior recession. The tax was similarly sensitive during the most recent economic downturn. Positively, sales tax collections have recovered more rapidly than in previous years of economic decline. After a 9.3% decrease in sales tax collections in fiscal 2009 compared to the prior year, they declined by only 0.6% in fiscal 2010, although we note those declines were smaller than national averages in those years, reflecting the relative strength of the Dallas-area economy. Since then, there has been a strong rebound of sales tax collections in fiscal 2011, 2012, and 2013 at 7.2%, 7.5%, and 5.4%, respectively.
Additionally, fiscal 2014 collections as of March show a 6.8% increase over the same period last fiscal year. The DART service area economy is fundamentally strong, and we expect healthy growth to continue in the long-term. Employment in the region remains favorable relative to US averages with unemployment at 5.2% in April 2014 compared to 6.3% nationally. Per capita personal income in the Dallas area also is stronger than the nation, at 106% of the U.S. level based on the most recent figures available, although that gap has been closing in recent years.

**WHAT COULD MAKE THE RATING GO DOWN (SHORT-TERM RATING)**

- Significantly weaker liquidity or an increase in self-liquidity supported debt that strains coverage of the commercial paper program
- A change in the self liquidity guidelines, such as materially increasing the amount of notes that can mature within a given week

**WHAT COULD MAKE THE RATING GO UP (LONG-TERM RATING)**

- A stronger leverage constraint and higher debt service coverage
- Longer-term stability in the pledged revenues through economic downturns

**WHAT COULD MAKE THE RATING GO DOWN (LONG-TERM RATING)**

- Significant declines in the pledged sales tax or additional leverage that narrows coverage
- Divergence from DART's strong financial management, including deficit financings to alleviate operating pressure

The principal methodology used in the short-term rating was Rating Methodology for Municipal Bonds and Commercial Paper Supported by a Borrower's Self-Liquidity published in January 2012. The principal methodology used in the long-term rating was US Public Finance Special Tax Methodology published in January 2014. Please see the Credit Policy page on www.moodys.com for a copy of these methodologies.

Credit Profile
Dallas Area Rapid Transit sr subordinate ln sales tax rev cmr pap nts ser I due 09/01/2052
Short Term Rating A-1+ Affirmed

Rationale
Standard & Poor's Ratings Services affirmed its 'A-1+' rating on Dallas Area Rapid Transit (DART), Texas' series I senior subordinate-lien sales tax revenue commercial paper (CP) notes. The rating is based on our view of the strong underlying revenue pledge (DART's senior-lien sales tax bonds are rated 'AA+/Stable') as well as DART's general financial liquidity and the specific arrangements for liquidity provided in the CP self-liquidity plan. The authority has increased the maximum principal amount to $200 million from $150 million.

The series I CP notes are secured by a senior subordinate-lien pledge of a 1% sales tax collected across a broad area of the Dallas metropolitan area, as well as by pledged farebox revenues. Farebox revenues were added to pledged revenues in DART's seventh supplemental debt resolution, adopted Sept. 14, 2010, primarily to allow the system to issue long-term debt in excess of the $2.9 billion in sales tax revenue bonds, which are secured solely by sales tax collections and were approved by voters in 2000.

Liquidity for the series I CP notes is provided under DART's commercial paper self-liquidity (CPSL) plan; DART has a covenant to maintain a current and accurate CPSL plan so long as any series I notes are outstanding. With the revisions to the tenth supplemental debt resolution, the authority has agreed to provide self-liquidity for the notes of 2x debt service coverage (including $200 million of principal and 90 days of interest calculated at a rate of 12%), and the notes may be issued with a principal amount up to $200 million. Both the self-liquidity and the maximum principal amount have been increased from the previous level of $150 million.

DART has identified more than $711 million of fixed-income assets to guarantee the full and timely purchase price of the $200 million senior subordinate-lien CP, series I, for which DART has arranged to provide self-liquidity. The pool of assets is comprised of cash and cash equivalents, highly rated money market funds, U.S. agencies' securities, and CP investments within DART's general operating fund. Management has established detailed procedures to ensure the ongoing maintenance of sufficient asset coverage and to meet liquidity demands on a timely basis. Standard & Poor's will monitor the liquidity and sufficiency of assets pledged by DART on a monthly basis.

As of May 8, 2014, officials state that the system had $150 million of CP notes outstanding. Officials had previously stated that DART planned to eventually increase the amount of CP notes outstanding to $400 million. However, officials now state that DART no longer plans to increase its CP authorization above $200 million, as they believe this amount is sufficient to manage its capital needs. Note proceeds will provide short-term financing for a new bus fleet and other projects through fiscal 2015.
For additional information on the long-term rating on DART's senior-lien sales tax bonds, see the summary analysis on DART, published June 6, 2014, on RatingsDirect.

FEDERAL TAX CERTIFICATE

I, the undersigned officer of Dallas Area Rapid Transit ("DART"), make this certification for the benefit of all persons interested in the exclusion from gross income for federal income tax purposes of the interest to be paid on DART's Senior Subordinate Lien Sales Tax Revenue Commercial Paper Notes, Series I (Self Liquidity) (the "Series I Notes"), which are authorized in the aggregate principal amount not to exceed $150,000,000 and which include the first installment issue of the Series I Notes in the aggregate principal amount not to exceed $50,000,000 (the "Initial Notes").

Pursuant to Section 4.01 of the Tenth Supplemental Resolution, DART reserves the right, to be exercised at the time of issuance, to designate Series I Notes as Taxable Series I Notes, Tax-Exempt Series I Notes (AMT) or Tax-Exempt Notes Series I (Non-AMT). The Initial Notes are Series I Notes that are designated as Tax Exempt Series I Notes (Non-AMT). For purposes of this Certificate, all references to Series I Notes (Non-AMT) shall mean the Initial Notes and such other Series I Notes that DART may designate as Tax-Exempt Series I Notes (Non-AMT). DART reaffirms each of the representations set forth herein upon the delivery of each installment issue of the Series I Notes (Non-AMT). If DART subsequently issues Series I Notes that it designates as Tax-Exempt Series I Notes (AMT), it will deliver a separate Federal Tax Certificate approved by Bond Counsel in connection with its issuance of such Tax-Exempt Series I Notes (AMT). In addition DART has reserved the right to use the proceeds of the Series I Notes that it designates as Taxable Series I Notes for any lawful purpose without regard to the includability of the interest on such Notes in the computation of taxable income of the owner under the Code; provided, however, that no such use will impair the tax-exempt status of the Series I Notes designated as Tax-Exempt Series I Notes (Non-AMT) or Tax-Exempt Series I Notes (AMT).

I. ARBITRAGE MATTERS

1. Responsible Officer. I am the duly chosen, qualified and acting officer of DART for the office shown below my signature. As such, I am familiar with the facts herein certified and I am duly authorized to execute and deliver this Certificate on behalf of DART. I am the officer of DART charged, along with other officers of DART, with the responsibility for issuing the Initial Notes and subsequent Series I Notes.

2. Code and Regulations. I am generally aware of the provisions of sections 141, 148, 149 and 150 of the Internal Revenue Code of 1986, as amended (the "Code"), and the Treasury Regulations (the "Regulations") heretofore promulgated under sections 141, 148, 149 and 150 of the Code. 3. Definitions. Each capitalized term used in this Federal Tax Certificate has the meaning ascribed to such term below or has the meaning or is the amount, as the case may be, specified for such term in this Federal Tax Certificate or in Exhibit A to this Federal Tax Certificate and shall for all purposes hereof have the meaning or be the amount therein specified. “System Expansion and Acquisition Fund” means the fund created pursuant to Section 5.1 of the Master Debt Resolution and more fully described in Section 5.2 of the Master Debt Resolution.

“Tenth Supplemental Resolution” means the Tenth Supplemental Debt Resolution adopted by DART on April 9, 2013 for purposes of authorizing the issuance of the Series I Notes and the Initial Notes.

“Yield” of (a) an issue has the meaning set forth in Section 1.148-4 of the Regulations and generally, is the discount rate that when used in computing the present value of all payments of principal and interest to be paid on the obligation produces an amount equal to the Issue Price of such issue and (b) any investment has the meaning set forth in Section 1.148-5 of the Regulations and generally, is the discount rate that when used in computing the present value of all payments of principal and interest to be paid on the investment produces an amount equal to all payments for the investment.

4. Reasonable Expectations. The facts and estimates that are set forth in this certificate are accurate. The expectations that are set forth in this certificate are reasonable in light of such facts and estimates. There are no other facts or estimates that would materially change such expectations. In connection with this certificate, the undersigned has to the extent necessary reviewed the certifications set forth herein with other representatives of DART as to such accuracy and reasonableness.

5. Description of Governmental Purpose.

(a) The proceeds of the Initial Notes will be used for the purposes of providing funds to finance or reimburse the payment of Costs of Acquisition and Construction for Eligible Projects, including capital assets and facilities incident and related to the operation, maintenance, and administration of DART’s public transportation system.

(b) The proceeds of the remaining Series I Notes (Non-AMT) will be used for the purposes of (1) providing funds to finance the payment of Costs of Acquisition and Construction of Eligible Projects, including capital assets and facilities incident and related to the operation, maintenance, and administration of DART’s public transportation system, and (2) refinancing, renewing or refunding other Series I Notes (Non-AMT), including the Initial Notes.

(c) For federal income tax purposes, the delivery of the Initial Notes and each subsequent delivery of other Series I Notes (Non-AMT), including Series I Notes (Non-AMT) issued to refund other Series I Notes (Non-AMT), delivered within a 15-day period (pursuant to the definition of “issue” contained in section 1.150-1 (c)(1) of the Regulations) is treated as a
separate issue of tax-exempt obligations, unless the special rule for commercial paper contained in Treas. Reg. § 1.150-1(c)(4) is applied by DART.

(d) The Series I Notes will be equally and ratably secured under the Tenth Supplemental Resolution and are issued pursuant to a common financing arrangement.

(e) The Series I Notes will be sold and delivered by the Dealers in installments as funds are required. By the delivery of each issue of the Series I Notes (Non-AMT) DART reaffirms each of the representations set forth in this Federal Tax Certificate.

6. Sales Proceeds of the Initial Notes. DART intends to deliver the Initial Notes on or shortly after the date hereof. The Sale Proceeds of the Initial Notes in an amount equal to $50,000,000 will be deposited on the date of delivery to the Series I Note Proceeds Account (Non-AMT) and ultimately to the System Expansion and Acquisition Fund and used to pay Costs of Acquisition and Construction of Eligible Projects and Costs of Issuance Costs of the Initial Notes. The Eligible Project with respect to which DART expects to spend the Sales Proceeds of the Series I Notes (Non-AMT) is the acquisition of buses fueled by compressed natural gas (the "CNG Bus Fleet").

7. Investment Proceeds of the Initial Notes. The Sales Proceeds of the Initial Notes will invested at an unrestricted yield pending the use thereof and the income earned from that investment will be retained in the System Acquisition and Expansion Fund and used to pay additional Costs of Acquisition and Construction of Eligible Projects or transferred to the Rebate Fund as directed by DART and used by DART to make rebate payments to the United States of America pursuant to paragraph 17 of this Certificate.

8. Amount and Use of Proceeds of the Series I Notes.

(a) The Sale Proceeds from the Series I Notes (Non-AMT), including the Initial Notes, will equal the stated redemption price at maturity of those Series I Notes (Non-AMT).

(b) The Proceeds from the Sale of the Series I Notes (Non-AMT) (other than the Initial Notes), shall be deposited to a Note Proceeds Account (Non-AMT) and used and applied first, to the payment of the principal of any maturing Series I Notes (Non-AMT) and then, if the Paying Agent has not received an amount sufficient to pay interest on the maturing Series I Notes, to the payment of interest on the maturing Series I Notes.

(c) Any amounts remaining will be transferred and deposited into appropriate accounts in the System Expansion and Acquisition Fund, will be used and applied in accordance with Section 4.02(b)(iii) of the Tenth Supplemental Resolution, and are expected to be disbursed to pay or reimburse Costs of Acquisition and Construction of the CNG Bus Fleet and other Eligible Projects and Issuance Costs of the Series I Notes (Non-AMT).

(d) The aggregate amount of the Costs of Acquisition and Construction of Projects will be not less than such amount deposited into the System Acquisition and Expansion Fund (including Investment Proceeds retained therein). Any costs of Eligible Projects not financed out of Proceeds of the Series I Notes (Non-AMT) will be financed out of DART's available funds. DART will only expend Proceeds of Series I Notes (Non-AMT) for (i) costs that would
be chargeable to the capital accounts of facilities comprising Eligible Projects if DART’s income were subject to federal income taxation, or (ii) interest on the Series I Notes (Non-AMT) in an amount that does not cause the aggregate amount of interest paid on all the Series I Notes (Non-AMT) to exceed that amount of interest on the Series I Notes (Non-AMT) attributable to each one-year period following the completion of each respective facility comprising Eligible Projects.

(e) In the case of those Series I Notes (Non-AMT) issued to refund other Series I Notes (Non-AMT), all Proceeds from the sale of such Series I Notes (Non-AMT) will be used (i) to pay the original principal amount of the refunded Series I Notes (Non-AMT), (ii) to pay interest on the refunded Series I Notes (Non-AMT) in an amount that does not cause the aggregate amount of interest paid on all Series I Notes (Non-AMT) to exceed that amount of interest on the Series I Notes (Non-AMT) attributable to the construction period for each facility included in an Eligible Project plus the one-year period following the completion of each facility included in an Eligible Project, and (iii) to pay Issuance Costs of the Series I Notes (Non-AMT).

(f) Other than to the extent of preliminary expenditures (i.e., architectural, engineering, surveying, soil testing, and similar costs that are incurred prior to commencement of acquisition, construction, or rehabilitation of an Eligible Project, other than land acquisition, site preparation, and similar costs incident to commencement of construction), no portion of the amount described above will be disbursed to reimburse DART for any expenditures made by DART prior to the date that is 60 days before the January 25, 2011 date DART adopted a resolution authorizing acquisition of the CNG Bus Fleet and the incurrence of debt therefor (the “Declaration”). The Declaration is not an official intent to reimburse that was declared as a matter of course, or in an amount substantially in excess of the amount expected to be necessary for the Eligible Project. DART has not engaged in a pattern of failure to reimburse original expenditures covered by official intents. Such reimbursed portion will be treated as spent for purposes of paragraphs 13 and 17, below.

9. Pre-issuance Accrued Interest. DART will not receive from the Dealers on the issuance dates of any installment issue of the Series I Notes (Non-AMT) any amount of accrued interest on the Series I Notes (Non-AMT).

10. Use of Investment Proceeds.

(a) The expected use of Investment Proceeds resulting from the investment of any proceeds of the Initial Notes is set forth in paragraph 7, above.

(b) The best estimate of DART is that Investment Proceeds resulting from the investment of any proceeds of the Series I Notes (Non-AMT) issued subsequent to issuance of the Initial Notes, pending expenditure of such proceeds for Costs of Acquisition and Construction of an Eligible Project, will be retained in the System Expansion and Acquisition Fund or transferred to the Rebate Fund as directed by DART. Such investment proceeds will be used to pay or reimburse Costs of Acquisition and Construction of Eligible Projects in addition to those described in paragraph 8, above, and limited as described in paragraph 8, above, or
used to make rebate payments to the United States of America pursuant to paragraph 17 of this Certificate.

11. No Replacement Proceeds, Sinking Funds, Pledged Funds, Other Replacement Proceeds.

(a) Other than amounts described herein, there are no amounts that have, or will have, a sufficiently direct nexus to the Series I Notes (Non-AMT) or to the governmental purposes of the Series I Notes (Non-AMT) to conclude that the amounts would have been used for such purpose if the proceeds of the Series I Notes (Non-AMT) were not used or to be used for such purpose.

(b) Other than to the extent of the Senior Subordinate Lien Debt Service Fund and the Series I Note Payment Account (i.e., the Debt Service Fund) there is no other debt service fund, redemption fund, reserve fund, replacement fund, or similar fund reasonably expected to be used directly or indirectly to pay principal or interest on the Series I Notes (Non-AMT).

(c) Other than amounts in the Senior Subordinate Lien Debt Service Fund and the Series I Note Payment Account (i.e., the Debt Service Fund) there is no amount that is directly or indirectly, other than solely by reason of the mere availability or preliminary earmarking, pledged to pay principal or interest on the Series I Notes (Non-AMT), or to a guarantor of part or all of the Series I Notes (Non-AMT), such that such pledge provides reasonable assurance that such amount will be available to pay principal or interest on the Series I Notes (Non-AMT) if DART encounters financial difficulty.

(d) There are no other replacement proceeds allocable to the Series I Notes (Non-AMT) because DART reasonably expects that the term of the Series I Notes (Non-AMT) will not be longer than is reasonably necessary for the governmental purposes of the Series I Notes (Non-AMT). The Series I Notes would be issued to achieve the governmental purpose of the Series I Notes (Non-AMT) independent of any arbitrage benefit as evidenced by the expectation that the Series I Notes (Non-AMT) reasonably would have been issued if the interest on the Series I Notes (Non-AMT) were not excludable from gross income (assuming that the hypothetical taxable interest rate would be the same as the actual tax-exempt interest rate). In addition, even if the Series I Notes (Non-AMT) were outstanding longer than necessary for the purpose of the Series I Notes (Non-AMT), no replacement proceeds will arise because DART reasonably expects that no amounts will become available during the period that the Series I Notes (Non-AMT) remain outstanding longer than necessary based on the reasonable expectations of DART as to the amounts and timing of future revenues. Furthermore, the weighted average maturity of such Series I Notes (Non-AMT) will not exceed 120 percent of the average reasonably expected economic life of the Eligible Projects that are financed with the proceeds of the Series I Notes (Non-AMT), determined in the same manner as under section 147(b) of the Code.

12. Yield on the Series I Notes. (a) For the purposes of this certificate, the Yield on the Series I Notes (Non-AMT) is the discount rate that, when used in computing the present value as of the issue date or dates of the Series I Notes (Non-AMT), of all unconditionally payable payments of principal, interest and fees for qualified guarantees on the Series I Notes
(Non-AMT), produces an amount equal to the present value, using the same discount rate, of the aggregate issue price of each issue of the Series I Notes (Non-AMT) as of each Issue Date.

(a) For purposes of determining the Yield on the Series I Notes (Non-AMT), the Issue Price of the Series I Notes (Non-AMT) is the sum of the Issue Prices for each group of substantially identical Series I Notes (Non-AMT). For each group of substantially identical Series I Notes (Non-AMT), the issue price is the first price at which a substantial amount (i.e., ten percent) is sold to the public (excluding bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters and wholesalers).

(b) Based upon the Dealer Agreement between the Dealers and DART, the Series I Notes will be offered only at their par value. Therefore, the Issue Price of each issue of the Series I Notes is equal to the stated retirement value of each issue of the Series I Notes.

13. Temporary Periods and Yield Restriction. DART has incurred or will incur within six months of the date of issue of each issue of the Series I Notes (Non-AMT), as described in paragraph 5 hereof, a binding obligation to a third party which is not subject to any contingencies within the control of DART or a related party pursuant to which DART is obligated to expend at least five percent of the sale proceeds of each such issue of the Series I Notes (Non-AMT) on the Eligible Projects being financed. DART reasonably expects that work on or acquisition of the Eligible Projects will proceed with due diligence to completion and that the proceeds of each installment issue of the Series I Notes (Non-AMT) will be expended on the Eligible Project with reasonable dispatch. DART reasonably expects that 85 percent of the Sale Proceeds of each issue of the Series I Notes (Non-AMT) will have been expended on the Eligible Project within three years from the date of delivery of each such issue of Series I Notes (Non-AMT). Any Sale Proceeds not expended within three years from the date of delivery of each such issue of Series I Notes (Non-AMT) will be invested at a Yield not "materially higher" than the Yield on the respective issue of the Series I Notes (Non-AMT), except as set forth in paragraph 15, below. DART reasonably expects that any Investment Proceeds of the Series I Notes (Non-AMT) will not be commingled with substantial other receipts or revenues of DART and will be expended within three years from the date of delivery of each such issue of Series I Notes (Non-AMT) or one year after receipt of such Investment Proceeds, whichever is later. Any such Investment Proceeds not expended prior to such date will be invested at a yield not "materially higher" than the Yield on the Series I Notes (Non-AMT), except as set forth in paragraph 15, below.

14. Debt Service Funds.

(a) Pursuant to Section 5.1 of the Master Resolution, DART has established or reconfirmed (i) the Gross Sales Tax Revenue Fund (formerly known as the "Sales Tax Revenue Fund"), (ii) its System Expansion and Acquisition Fund, (iii) its Senior Lien Debt Service Fund (including an Interest Account and Principal Installment Account), (iv) its Senior Subordinate Lien Debt Service Fund (including an Interest Account and Principal Installment Account), and (v) its Junior Subordinate Lien Debt Service Fund (including an Interest Account and Principal Installment Account), and it has reestablished and reconfirmed its General Operating Fund. The General Operating Fund was created for purposes other than paying debt service on the Series I Notes, and, as described in paragraph 11(c) above, there is no assurance that amounts on deposit
in such Fund, if any, will be available to pay debt service on the Series I Notes in the event DART encounters financial difficulties. The Gross Sales Tax Revenue Fund is a one-day holding fund for the deposit for distribution of sales tax revenues when received by the Trustee under the Master Debt Resolution. With the exception of the Senior Subordinate Lien Debt Service Fund, discussed below, there is no assurance that amounts, if any, on deposit in any the Funds listed in the preceding sentence will be available to pay debt service on the Series I Notes in the event DART encounters financial difficulties.

(b) The Trustee under the Master Resolution deposits sales tax revenues as received from the Texas Comptroller of Public Accounts (now, monthly) to the Gross Sales Tax Revenue Fund. In accordance with section 5. 3(a)(iv) of the Master Resolution, on day of receipt, to the extent funds are available after making required deposits, if any, to the Senior Lien Debt Service Fund, the Trustee allocates sales tax revenues to the payment of accrued interest on the Series I Notes. Money on deposit in the Senior Subordinate Lien Debt Service Fund is transferred to the Note Payment Account of the Issuing and Paying Agent Fund in amounts necessary to pay accrued interest on the Series I Notes at their maturity and to the extent that interest is not paid with amounts on deposit in the Issuing and Paying Agent Fund derived from the sale of refunding Series I Notes or other Obligations. If money is not available in the Issuing and Paying Agent Fund from the proceeds of future installment issues of Series I Notes, or from money deposited to the Senior Subordinate Lien Debt Service Fund in amounts needed to pay in full all amounts due on the Series I Notes as they mature, and DART does not otherwise make such payments from unencumbered funds, and/or payment is not otherwise made from a timely refinancing of the amounts due, an Event of Default will occur under the Master Resolution. In such an event, the Issuing and Paying Agent will notify the Trustee of such fact, after which the Trustee is required to make deposits, from the next available Gross Sales Tax Revenues that are received from the Comptroller, to the Senior Subordinate Lien Debt Service Fund in accordance with the default provisions of the Master Resolution. DART expects that its Pledged Revenues from the sales tax will be sufficient each year to pay debt service on the Series I Notes. All amounts in the Senior Subordinate Lien Debt Service Fund and the Issuing and Paying Agent Fund will be depleted at least once each bond year, except for a reasonable carryover amount not in excess of the greater of the earnings on such portion of the Fund for the immediately preceding bond year or one-twelfth of the principal and interest payments on the Series I Notes for the immediately preceding bond year, and therefore will constitute a bona fide debt service fund. The Funds described in the preceding sentence will be used primarily to achieve a proper matching of revenues and principal and interest payments on the Series I Notes within each bond year and will be invested at an unrestricted yield because such amounts will be expended within 13 months of the date such amounts are received; any amounts held in these Funds for longer than 13 months will be invested in obligations the yield on which is not in excess of the yield on the Series I Notes, except as set forth in paragraph 15 below.

15. **Minor Portion.** DART expects that all gross proceeds will be invested in accordance with paragraphs 13 and 14, above. To the extent such amounts remain on hand following the periods set forth in paragraphs 13 and 14, above or exceed the limits set forth in paragraph 14 above, DART will invest such amounts at a restricted yield as set forth in such paragraphs; provided, however, that a portion of such amounts, not to exceed in the aggregate the lesser of $100,000 or five percent of the sale proceeds of each issue of the Series I Notes (Non-
AMT) (the “Minor Portion”), may be invested at a Yield which is higher than the Yield on the respective issue of Series I Notes (Non-AMT).

16. **Issue.** With the possible exception of additional Series I Notes (Non-AMT) sold subsequent to the Initial Notes there are no other obligations that meet all three of the following circumstances: (i) they are sold at substantially the same time as the Series I Notes (Non-AMT) (i.e., within 15 days), (ii) they are sold pursuant to the same plan of financing with the Series I Notes (Non-AMT), and (iii) they will be paid out of substantially the same source of funds as the Series I Notes (Non-AMT).

17. **Compliance With Rebate Requirements.** DART has covenanted in the Authorizing Documents that it will take all necessary steps to comply with the requirement that “rebatable arbitrage earnings” on the investment of the “gross proceeds” of the Series I Notes (Non-AMT), within the meaning of section 148(f) of the Code be rebated to the federal government. Specifically, DART will (i) maintain records regarding the investment of the “gross proceeds” of the Series I Notes (Non-AMT) as may be required to calculate such “rebatable arbitrage earnings” separately from records of amounts on deposit in the funds and accounts of DART which are allocable to other bond issues of DART or moneys which do not represent “gross proceeds” of any bonds of DART, (ii) calculate at such intervals as may be required by applicable Regulations, the amount of “rebatable arbitrage earnings,” if any, earned from the investment of the “gross proceeds” of the Series I Notes (Non-AMT), and (iii) pay within 60 days following the final maturity of each issue of the Series I Notes (Non-AMT), or on such other dates required or permitted by applicable Regulations, all amounts required to be rebated to the federal government. Further, DART will not indirectly pay any amount otherwise payable to the federal government pursuant to the foregoing requirements to any person other than the federal government by entering into any investment arrangement with respect to the “gross proceeds” of the Series I Notes (Non-AMT) that might result in a reduction in the amount required to be paid to the federal government because such arrangement results in a smaller profit or a larger loss than would have resulted if the arrangement had been at arm’s-length and had the yield on the issue not been relevant to either party. By the delivery of each issue of the Series I Notes (Non-AMT) DART makes the elections, if any, set forth on Exhibit A hereto in connection.

18. **No Abusive Transaction, No Sinking Fund, No Window.**

(a) No action taken in connection with the issuance of the Series I Notes (Non-AMT) will enable DART to (i) exploit, other than during an allowable temporary period, the difference between tax-exempt and taxable interest rates to obtain a material financial advantage (including as a result of an investment of any portion of the gross proceeds of the Series I Notes (Non-AMT) over any period of time, notwithstanding that, in the aggregate, the gross proceeds of the Series I Notes (Non-AMT) are not invested in higher yielding investments over the term of the Series I Notes (Non-AMT)), and (ii) issue more bonds, issue bonds earlier, or allow bonds to remain outstanding longer than is otherwise reasonably necessary to accomplish the governmental purposes of the Series I Notes (Non-AMT).

(b) To the best of my knowledge, no actions have been taken in connection with the issuance of the Series I Notes (Non-AMT) other than actions that would have been taken to
accomplish the governmental purposes of the Series I Notes (Non-AMT) if the interest on the Series I Notes (Non-AMT) were not excludable from gross income for federal income tax purposes (assuming the hypothetical taxable interest rate would be the same as the actual tax-exempt interest rate on the Series I Notes (Non-AMT)).

(c) No portion of the Series I Notes (Non-AMT) has a term that has been lengthened primarily for the purpose of creating a sinking fund or similar fund with respect to the Series I Notes (Non-AMT).

(d) No portion of the Series I Notes (Non-AMT) has been structured with maturity dates the primary purpose of which is to make available released revenues that will enable DART to avoid transferred proceeds or to make available revenues that may be invested to be ultimately used to pay debt service on another issue of obligations.

19. No Arbitrage. On the basis of the foregoing facts, estimates and circumstances, it is expected that the gross proceeds of the Series I Notes (Non-AMT) will not be used in a manner that would cause any of the Series I Notes (Non-AMT) to be an "arbitrage bond" within the meaning of section 148 of the Code and the Regulations. To the best of the knowledge and belief of the undersigned, there are no other facts, estimates or circumstances that would materially change such expectations.

II. OTHER TAX MATTERS

1. General Tax Covenants.

(a) DART intends that the interest on the Series I Notes (Non-AMT) shall be excludable from gross income for federal income tax purposes pursuant to sections 103 and 141 through 150 of the Code and the applicable Regulations.

(b) DART covenants and agrees not to take any action, or knowingly omit to take any action with in its control, that if taken or omitted, respectively, would cause the interest on the Series I Notes (Non-AMT) to be includable in gross income, as defined in section 61 of the Code, for federal income tax purposes. In particular, DART covenants and agrees to comply with each requirement of this Certificate; provided, however, that DART shall not be required to comply with any particular requirement of this Certificate if DART has received a nationally recognized bond counsel ("Counsel's Opinion") that such noncompliance will not or if DART has received a Favorable Opinion of Bond Counsel to the effect that compliance with some other requirement set forth in this Certificate will satisfy the applicable requirements of the Code and the Regulations, in which case compliance with such other requirement specified in such Favorable Opinion of Bond Counsel shall constitute compliance with the corresponding requirement specified in this Certificate.

2. No Private Use, Payments or Loan Financing.

(a) DART reasonably expects, as of the date hereof, that no action or event during the entire stated term of the Series I Notes (Non-AMT) will cause either the "private business tests" or the "private loan financing test," as such terms are defined in the Regulations, to be met.
(b) No portion of the proceeds of the Series I Notes (Non-AMT) will be used in a trade or business of a nongovernmental person. For purposes of determining use, DART will apply rules set forth in applicable Regulations and Revenue Procedures promulgated by the Internal Revenue Service, including, among others, the following rules: (i) Any activity carried on by a person other than a natural person or a state or local governmental unit will be treated as a trade or business of a nongovernmental person; (ii) the use of all or any portion of the Eligible Projects financed with proceeds of Series I Notes (Non-AMT) is treated as the direct use of proceeds; (iii) a nongovernmental person will be treated as a private business user of proceeds of the Series I Notes (Non-AMT) as a result of ownership, actual or beneficial use pursuant to a lease, or a management or incentive payment contract, or certain other arrangements such as a take-or-pay or other output-type contract; and (iv) the private business use test is met if a nongovernmental person has special legal entitlements to use directly or indirectly an Eligible Project financed with proceeds of Series I Notes (Non-AMT).

(c) DART has not taken and will not take any deliberate action that would cause or permit the use of any portion of any Eligible Project financed with proceeds of Series I Notes (Non-AMT) to change such that such portion will be deemed to be used in the trade or business of, a nongovernmental person for so long as any of the Series I Notes (Non-AMT) remains outstanding (or until a Favorable Opinion of Bond Counsel is received to the effect that such change in use will not adversely affect the excludability from gross income for federal income tax purposes of interest payable on the Series I Notes (Non-AMT)). For this purpose, any action within the control of DART is treated as a deliberate action. A deliberate action occurs on the date DART enters into a binding contract with a nongovernmental person for use of the Eligible Project that is not subject to any material contingencies.

(d) All payments of the debt service on the Series I Notes (Non-AMT), to the extent not paid from proceeds of other installment issues of the Series I Notes, will be paid from and secured by a generally applicable tax and from DART’s “Pledged Farebox Revenues.” For this purpose, a generally applicable tax is a tax (i) that is an enforced contribution exacted pursuant to legislative authority in the exercise of the taxing power that is imposed and collected for the purpose of raising revenue to be used for governmental purposes and (ii) that has a uniform tax rate that is applied to all persons of the same classification in the appropriate jurisdiction using a generally applicable manner of determination and collection. No portion of the payment of the debt service on the Series I Notes (Non-AMT) will be directly or indirectly derived from payments (whether or not to DART or any related party) in respect of property, or borrowed money, used or to be used for a private business use. Furthermore, no portion of the payment of the debt service on the Series I Notes (Non-AMT) will be directly or indirectly secured by any interest in property used or to be used for a private business use or payments in respect of property used or to be used for a private business use.

(e) No portion of the proceeds of the Series I Notes (Non-AMT) will be directly or indirectly used to make or finance a loan to any person other than a state or local governmental unit.

(f) DART does not reasonably expect that it will sell or otherwise dispose of personal property components of the Eligible Project financed with any of the Series I Notes (Non-AMT).
other than in the ordinary course of an established governmental program that satisfies the following requirements:

(i) The weighted average maturity of the portion of the Series I Notes (Non-AMT) financing personal property is not greater than 120 percent of the reasonably expected actual use of such personal property for governmental purposes;

(ii) The reasonably expected fair market value of such personal property on the date of disposition will be not greater than 25 percent of its cost;

(iii) Such personal property will no longer be suitable for its governmental purposes on the date of disposition; and

(iv) DART is required to deposit amounts received from such disposition in a commingled fund with substantial tax or other governmental revenues and DART reasonably expects to spend such amounts on governmental programs within 6 months from the date of commingling.

(g) DART will not sell or otherwise dispose of all or any portion of the Eligible Projects in circumstances in which the foregoing requirements are not satisfied unless it has received favorable Opinion of Counsel.

3. **No Federal Guarantee.** DART covenants and agrees not to take any action, or knowingly omit to take any action within its control, that, if taken or omitted, respectively, would cause the Series I Notes (Non-AMT) to be “federally guaranteed” within the meaning of section 149(b) of the Code and the applicable Regulations thereunder, except as permitted by section 149(b)(3) of the Code and such Regulations.

4. **Information Reporting.** DART covenants and agrees to file or cause to be filed with the Secretary of the Treasury, not later than the 15th day of the second calendar month after the close of the calendar quarter in which the Series I Notes (Non-AMT) are issued, an information statement concerning the Series I Notes (Non-AMT), all under and in accordance with section 149(e) of the Code and the applicable Regulations promulgated thereunder.

5. **Series I Notes are Not Hedge Bonds.**

   (a) Not more than 50 percent of the proceeds of the Series I Notes (Non-AMT) will be invested in nonpurpose investments (as defined in section 148(f)(6)(A) of the Code) having a substantially guaranteed yield for four years or more within the meaning of section 149(g)(3)(A)(ii) of the Code.

   (b) Further, DART reasonably expects that at least 85 percent of the spendable proceeds of the Series I Notes (Non-AMT) will be used to carry out the governmental purposes of the Series I Notes (Non-AMT) within the three-year period beginning on the date the Series I Notes (Non-AMT) are issued.

6. **Record Retention.** DART will retain all pertinent and material records relating to the use and expenditure of the Proceeds of the Series I Notes (Non-AMT) and the calculation or
exemption from rebate until three years after the last of the Series I Notes (Non-AMT) is redeemed, or such shorter period as authorized by subsequent guidance issued by the Department of Treasury, if applicable. All records will be kept in a manner that ensures their complete access throughout the retention period. For this purpose, it is acceptable that such records are kept either as hardcopy books and records or in an electronic storage and retrieval system, provided that such electronic system includes reasonable controls and quality assurance programs that assure the ability of DART to retrieve and reproduce such books and records in the event of an examination of the Series I Notes (Non-AMT) by the Internal Revenue Service.

7. **Registration.** The Series I Notes (Non-AMT) will be issued in registered form.

8. **Continuing Obligation.** Notwithstanding any other provision of the Resolutions, DART's obligations under the covenants and provisions of this Part II shall survive the defeasance and discharge of the Series I Notes (Non-AMT).

1. To use actual facts to apply the provisions of paragraphs (e) through (m) of section 1.148-7 of the Regulations. Section 1.148-7(f)(2) of the Regulations.

2. To exclude earnings on a reasonably required reserve or replacement fund from the definition of "available construction proceeds" for purposes of the spending requirements. Section 1.148-7(i)(2) of the Regulations.

3. To treat the portion of the Series I Notes (Non-AMT) that is not a refunding issue as two, and only two, separate issues, one of which (a) meets the definition of a construction issue and (b) is reasonably expected as of the date hereof to finance all of the construction expenditures to be financed by the Initial Notes. This Offering Memorandum replaces the Offering Memorandum dated May 2, 2013 with respect to the Series I Notes (defined below) and supplements our 2014 Annual Disclosure Statement, dated February 25, 2014, as updated by our Quarterly Disclosure Updates, for the three-month period ended December 31, 2013 and the six-month period ended March 31, 2014, respectively. The 2014 Annual Disclosure Statement, the Quarterly Disclosure Updates and this Offering Memorandum have been filed as public records with the Municipal Securities Rulemaking Board and are posted on the Internet at our website at http://www.dart.org.

This Offering Memorandum relates to the following securities:

You should carefully consider the investment considerations contained herein under the caption “INVESTMENT CONSIDERATIONS" and in the accompanying 2014 Annual Disclosure Statement under the caption “INVESTMENT CONSIDERATIONS.”

Dallas Area Rapid Transit Senior Subordinate Lien Sales Tax Revenue Commercial Paper Notes, Series I (Self-Liquidity)

The Series I Notes

We previously authorized, as of April 9, 2013, the issuance from time to time of Dallas Area Rapid Transit Senior Subordinate Lien Sales Tax Revenue Commercial Paper Notes, Series I (Self-Liquidity) (the “Series I Notes”) as described herein. Pursuant to a Resolution, dated June 24, 2014 (hereinafter described and referred to as the “First Amendment to Tenth Supplemental Debt Resolution” or the “First Amendment”), beginning on the date set forth in the First Amendment, the principal of Series I Notes that may be at any time outstanding will increase from $150 million to $200 million. See “THE COMMERCIAL PAPER NOTES—Changes Made by the First Amendment.” The Series I Notes may be issued and will be designated as (i) “Tax-Exempt Series I Notes (Non-AMT),” (ii) “Tax-Exempt Series I Notes (AMT)” or (iii) “Taxable Series I Notes.” See, “TAX MATTERS—Types of Series I Notes Permitted.” The Series I Notes are issued in minimum denominations of $100,000 and in integral multiples of $1,000 in excess of $100,000.

Security for Series I Notes—Lien Ranking

The Series I Notes are Senior Subordinate Lien Obligations under the provisions of the Master Debt Resolution, as amended. The Series I Notes are periodically sold, retired, and reissued in installments having maturities of no more than 270 days. Prior to each maturity, we expect to sell additional Series I Notes in the public markets to provide the funds needed to pay the principal due on the maturing Series I Notes. We may also retire Series I Notes at maturity using available monies. We intend to pay the interest on the Series I Notes from the Senior Subordinate Lien Debt Service Fund, but we reserve the right to pay the interest from the proceeds of future installment issues of Series I Notes.

The Series I Notes are payable from and are secured by a pledge of and lien on Pledged Revenues (as defined herein) consisting of (i) the Gross Sales Tax Revenues that we receive from the levy and collection of a 1% sales and use tax (the “Sales Tax”) and the investment earnings thereon while held by the Trustee in the Gross Sales Tax Revenue Fund, (ii) Pledged Farebox Revenues (as defined herein) and (iii) additional revenues of DART which by a Supplemental Resolution are expressly and specifically pledged to Obligations. The lien securing the Series I Notes is subordinate to Senior Lien Obligations, but is senior to Junior Subordinate Lien Obligations, that we may issue or execute from time to time under the Master Debt Resolution. The lien securing the Series I Notes is on parity with other senior subordinate lien obligations, including additional commercial paper notes, we may issue in the future. There is no credit agreement or other third party agreement that provides credit support or liquidity for the Series I Notes. The failure to pay the principal and interest on the Series I Notes when due is an Event of Default under the Master Debt Resolution. See the “2014 Annual Disclosure Statement - OUTSTANDING OBLIGATIONS AND OUR FINANCING PLANS—Security for the Obligations—Flow of Funds,” and “Summary of Certain Terms of the Master Debt Resolution- Defaults and Remedies.”

This Offering Memorandum may be used to offer and sell the Series I Notes only if it is accompanied by our 2014 Annual Disclosure Statement and our Quarterly Disclosure Updates.

GENERAL INFORMATION ABOUT DART

The following general information about DART is a summary only and is not intended to be comprehensive. This information should be read together with the information in the 2014 Annual Disclosure Statement under the heading “INFORMATION ABOUT DART.”

DART is a subregional transportation authority of the State of Texas. We were created and confirmed by passage of a referendum on August 13, 1983, pursuant to Article 1118y of Vernon’s Annotated Civil Statutes, as amended and recodified as Chapter 452, Texas Transportation Code. Our current boundaries include the territory lying within the corporate limits of the following Participating Municipalities: the Cities of Carrollton, Cockrell Hill, Dallas, Farmers Branch, Garland, Glenn Heights, Irving, Plano, Richardson, Rowlett and University Park and the Towns of Addison and Highland Park. We are governed by a 15-member Subregional Board of Directors.

Our administrative office is located in Dallas, Texas, and our boundaries include approximately 700 square miles and a population of approximately 2.4 million persons, according to the most recent estimate available from the North Central Texas Council of Governments.

The Participating Municipalities have certain limited rights to withdraw from DART, subject to the continuing collection of the Sales Tax within the withdrawing municipality until its share of all obligations of DART are collected and paid to DART. See, the 2014 Annual Disclosure Statement, “INFORMATION ABOUT DART—DART’s Boundaries, Additions, Withdrawal Rights.”

Mr. Joseph Costello has recently joined the Executive Staff as Vice President, Finance. Mr. Costello oversees DART’s budget process, financial planning, debt financing and management, treasury, funds management, revenue administration and collection, grants management, accounting, accounts payable, and business process re-engineering.

Sources of Revenue

For additional information regarding the Sales Tax, farebox revenues and other sources of revenue and funds, see the 2014 Annual Disclosure Statement, “DART’S FINANCIAL PRACTICES AND RESOURCES.” In addition, see information herein under the heading “THE COMMERCIAL PAPER NOTES – Pledge and Security for Series I Notes” regarding the pledge of Pledged Farebox Revenues to Obligations, including the Series I Notes.

Outstanding Debt

On the date hereof, we currently have outstanding approximately $3.48 billion in principal amount of Senior Lien Bonds, all of which bear interest at fixed rates to maturity. There are no Senior Subordinate Lien Obligations outstanding or authorized other than the Series I Notes, of which $150 million are currently outstanding.

THE COMMERCIAL PAPER NOTES

The following description of the Series I Notes is a summary only and is not intended to be comprehensive. The description should be read together with the description of the terms and provisions of the Tenth Supplemental Debt Resolution set forth in Appendix A hereto, “SUMMARY OF CERTAIN TERMS OF THE TENTH SUPPLEMENTAL DEBT RESOLUTION, AS AMENDED BY THE FIRST AMENDMENT” and with the description of the terms and provisions of the Master Debt Resolution provided in Appendix B to the 2014 Annual Disclosure Statement, “SUMMARY OF CERTAIN TERMS OF THE MASTER DEBT RESOLUTION.”

General Description

The Series I Notes are the Senior Subordinate Lien Obligations authorized by Section 3.3(c) of the Master Debt Resolution. That Section authorizes us to issue the Series I Notes upon meeting certain financial tests. See “Summary of Certain Terms of the Master Debt Resolution” in Appendix B to the 2014 Annual Disclosure Statement.
Pledge and Security for Series I Notes

The Series I Notes are payable from and are secured by a pledge of and lien on Pledged Revenues (as defined herein) consisting of (i) the Gross Sales Tax Revenues that we receive from the levy and collection of a 1% sales and use tax (the “Sales Tax”) and investment earnings thereon while held by the Trustee in the Gross Sales Tax Revenue Fund, (ii) Pledged Farebox Revenues (as defined herein) and (iii) any additional revenues of DART which by a Supplemental Resolution are expressly and specifically pledged to Obligations. The lien securing the Series I Notes is subordinate to Senior Lien Obligations, but is senior to Junior Subordinate Lien Obligations, that we may issue or execute from time to time under the Master Debt Resolution. The lien securing the Series I Notes is on a parity with other senior subordinated lien obligations, including additional commercial paper notes, we may issue in the future. **There is no credit agreement or other third party agreement that provides credit support or liquidity for the Series I Notes.** For additional information regarding the Sales Tax and Gross Sales Tax Revenues, see the 2014 Annual Disclosure Statement, “OUTSTANDING OBLIGATIONS AND OUR FINANCING PLANS—Security for the Obligations—Flow of Funds.”

Pursuant to the provisions of the Seventh Supplemental Debt Resolution authorizing the issuance of DART’s Senior Lien Sales Tax Revenue Bonds, Taxable Series 2010B (Build America Bonds — Direct Payment to Issuer) (the “Series 2010B Bonds”), DART pledged the Pledged Farebox Revenues as security for all of the Obligations, including the Series I Notes. The Pledged Farebox Revenues include all fares collected by or on behalf of DART for its bus, rail and paratransit services in an amount equal to 97.3% of the debt service accruing on the Series 2010B Bonds after deducting the 35% federal subsidy applicable to such Bonds.

Installment Issues

The Series I Notes are sold, retired, and reissued periodically in installments. See, “TAX MATTERS—Types of Series I Notes Permitted.” The Series I Notes mature on a Business Day fixed by one of our Authorized Officers, but not more than 270 days after their issuance and never later than September 1, 2052.

Although we may retire Series I Notes with funds available to us, it is generally expected that prior to each maturity of Series I Notes, we will sell additional Series I Notes in the public markets to provide the funds needed to pay the principal amount due on the maturing Series I Notes. We have adopted a Commercial Paper Self-Liquidity Plan (the “CPSL Plan”) as a means to retire any unremarketed Series I Notes. ‘’Commercial Paper Self-Liquidity Plan.” If we are unable to sell additional Series I Notes in an amount that is sufficient to pay the amounts due on the Series I Notes, we intend to use our available funds to purchase and retire any unremarketed Series I Notes.

The Series I Notes will be issued in minimum denominations of $100,000 and in integral multiples of $1,000 in excess of $100,000.

Commercial Paper Self-Liquidity Plan

We have approved and have agreed to maintain a CPSL Plan for as long the Series I Notes program is active and until all Series I Notes have been retired. In the CPSL Plan, we have identified specific funds to be used to purchase unremarketed CP when necessary and to meet our commitment of at least 2.0 times liquidity coverage. The CPSL Plan also documents procedures that we have developed with our Dealers and Issuing and Payment Agent to ensure that liquid funds are available when Series I Notes mature and that unremarketed CP can be purchased timely if necessary. We reserve the right to amend the CPSL Plan and will provide the Dealers and the Issuing and Paying Agent any revisions. The CPSL Plan is posted on our website at www.dart.org.

Payments of Interest on Series I Notes, Interest Rate

Unless we instruct the Issuing and Paying Agent that other available funds will be used for the purpose, the Trustee will deposit Gross Sales Tax Revenues to the Senior Subordinate Lien Debt Service Fund, as such revenues are received from the Comptroller, in amounts equal to the Accrued Aggregate Interest on the Outstanding Series I Notes during each Debt Service Accrual Period and will transfer to the Issuing and Paying Agent on the maturity dates of Outstanding Series I Notes funds sufficient in amount to pay the interest on the Outstanding Series I Notes.

If amounts on deposit in the Senior Subordinate Lien Debt Service Fund are not sufficient for such purpose, we intend to pay such interest from the proceeds of subsequent installment issues of Series I Notes or from our unencumbered funds.

We will pay interest on each installment issue of the Series I Notes at the market rate. We may also issue taxable Series I Notes without interest at a discount fixed by the Dealers at the time of issuance and approved by one of our Authorized Officers. The annual net effective rate of interest cannot exceed 12% per annum.

Interest on the Series I Notes will be calculated on the basis of the actual number of days elapsed and a 365 day year.

**The Issuing and Paying Agent**

Amegy Bank National Association, Houston, Texas, is the Issuing and Paying Agent for the Series I Notes. The Issuing and Paying Agent will authenticate Series I Notes in the principal amounts, with the Note Dates, Stated Maturity Dates, and rates of interest or discount, and for the purchase prices specified by an Authorized Officer.

The Series I Notes will be available for countersignature and issuance and will be payable at the offices of the Issuing and Paying Agent. An investor is required to pay the purchase price for the Series I Notes to be purchased in immediately available funds, and the amount payable by us at maturity will be paid in same day funds. Series I Notes must be presented to the Issuing and Paying Agent by 12:00 noon, New York time, to ensure same day payment.

The Series I Notes are not subject to redemption prior to their stated maturity.

**Uses of Proceeds of Series I Notes**

The Tenth Supplemental Debt Resolution creates various accounts within the Issuing and Paying Agent Fund to be held by the Issuing and Paying Agent. The proceeds of each installment issue of Series I Notes are deposited to special accounts within the Issuing and Paying Agent Fund and used for the purposes set forth in the Tenth Supplemental Debt Resolution. See Appendix A, “SUMMARY OF CERTAIN TERMS OF THE TENTH SUPPLEMENTAL DEBT RESOLUTION, AS AMENDED BY THE FIRST AMENDMENT—Issuance, Sale, Uses of Proceeds, and Payment of Series I Notes (Article IV).”

In general, the proceeds of Series I Notes are used to:

- Refinance, renew, replace, or refund Series I Notes that have been previously issued, including the interest thereon if sufficient money is not available for that purpose in the Senior Subordinate Lien Debt Service Fund, see, “Payments of Interest on Series I Notes, Interest Rate,” above;

- Pay the costs of Reissuance of the Series I Notes, including all applicable Administrative Expenses; and

- Provide additional funds for our System Expansion and Acquisition.

Money deposited to the Note Proceeds Account and to the other accounts within the Issuing and Paying Agent Fund is the first source of payment for the principal amount of the Series I Notes at their maturity, and the Issuing and Paying Agent will not request the Trustee to make deposits to the Senior Subordinate Lien Debt Service Fund for the purpose of paying the principal amounts due on the Series I Notes, at their maturity so long as money is provided to the Issuing and Paying Agent for that purpose from the proceeds of future installment issues of Series I Notes, and/or from our unencumbered funds.
If, for any cause or reason, (1) money is not available in the Issuing and Paying Agent Fund from the proceeds of future installment issues of Series I Notes or from money deposited to the Senior Subordinate Lien Debt Service Fund in amounts needed to pay in full all amounts due on the Series I Notes as they mature, and (2) we do not otherwise make such payments from unencumbered funds, and/or (3) payment is not otherwise made from the proceeds of timely refinancing of the amounts due, an Event of Default will occur under the Master Debt Resolution. In such an event, the Issuing and Paying Agent will notify the Trustee of such fact, after which the Trustee is required to make deposits, from the next available Gross Sales Tax Revenues that are received from the Comptroller, to the Senior Subordinate Lien Debt Service Fund in accordance with the default provisions of the Master Debt Resolution. See Appendix B to the 2014 Annual Disclosure Statement, "SUMMARY OF CERTAIN TERMS OF THE MASTER DEBT RESOLUTION-Defaults and Remedies-Remedies for Default." Such deposits will be required to the extent funds are available in the full amount of the Debt Service and Administrative Expenses that are due, owing, and unpaid on the matured Series I Notes and will be delivered, when available, to the Issuing and Paying Agent for payment first to the payment of Administrative Expenses related to the Senior Subordinate Lien Obligations, including the Series I Notes, and then to the payment of the matured and unpaid Notes. Until the matured and unpaid Notes are paid in full, all further deposits to the Junior Subordinate Lien Debt Service Fund and all further distributions of Gross Sales Tax Revenues to us will be suspended until the default is cured and the matured and unpaid Series I Notes are paid in full.

Periodic Refunding of Outstanding Series I Notes with Other Obligations

We may periodically pay or refund the Series I Notes with Bond Obligations issued (1) as long-term Obligations or Interim Obligations and/or as Obligations bearing variable rates of interest, and (2) as Senior Lien Obligations, Senior Subordinate Lien Obligations and/or Junior Subordinate Lien Obligations. In issuing these Obligations, we must meet the applicable financial tests and limitations specified in the Master Debt Resolution, in Supplemental Resolutions, and in any Credit Agreements. See the 2014 Annual Disclosure Statement, "OUTSTANDING OBLIGATIONS AND OUR FINANCING PLANS—Preconditions to Issuance of Bond Obligations—Financial Coverage Tests."

Changes Made by the First Amendment

Pursuant to a Resolution, adopted June 24, 2014, we approved the First Amendment to the Tenth Supplemental Debt Resolution, the Effective Date thereof being the date of the approving opinion of Attorney General of Texas. The First Amendment increased the principal amount of Series I Notes permitted to be outstanding at any time from $150 million to $200 million. It increased the Self-Liquidity Coverage by increasing the CP Commitment Amount from $150 million to $200 million, plus 90 days of interest calculated at a rate of 12%. Except for the specific amendments set forth therein, the First Amendment confirmed the provisions of the Tenth Supplement relating to the Series I Notes and the payment and security thereof.

By the purchase of any of the Series I Notes after the Effective Date of the First Amendment, the purchasers thereof are deemed to have approved the provisions of the First Amendment which, among other matters, increased the principal amount of Series I Notes permitted to be outstanding from $150 million to $200 million; provided, however, until all of the Series I Notes outstanding on the Effective Date have been paid and are no longer outstanding, the principal amount of Series I Notes may not exceed $150 million.

BOOK-ENTRY SYSTEM

The information in this Section concerning DTC and DTC’s Book-Entry system has been obtained from the Depository Trust Company. DART and the Board take no responsibility for the accuracy thereof.

The Depository Trust Company ("DTC"), New York, NY, acts as securities depository for the Series I Notes. The Series I Notes are issued as fully registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully registered Note certificate has been and will be issued for each series of the Series I Notes, each in the aggregate principal amount of such issue and has been deposited with DTC.
DTC, the world’s largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has Standard & Poor’s highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of Series I Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the Series I Notes on DTC’s records. The ownership interest of each actual purchaser of each Note (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Series I Notes are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Series I Notes, except in the event that use of the book-entry system for the Series I Notes is discontinued.

To facilitate subsequent transfers, all Series I Notes deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Series I Notes with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Series I Notes; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Series I Notes are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Series I Notes unless authorized by a Direct Participant in accordance with DTC’s Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to DART as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.’s consenting or voting rights to those Direct Participants to whose accounts Series I Notes are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the Series I Notes will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC’s practice is to credit Direct Participants’ accounts upon DTC’s receipt of funds and corresponding detail information from DART or the Issuing and Paying Agent, on payable date in accordance with their respective holdings shown on DTC’s records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with Series I Notes held for the accounts of customers in bearer form or registered in “street name,” and will be the responsibility of such Participant and not of DTC, Issuing and Paying Agent, or DART, subject to any statutory or regulatory
requirements as may be in effect from time to time. Payment of principal and interest payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of DART or the Issuing and Paying Agent; disbursement of such payments to Direct Participants will be the responsibility of DTC; and reimbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Series I Notes at any time by giving reasonable notice to DART or the Issuing and Paying Agent. Under such circumstances, in the event that a successor depository is not obtained, certificates are required to be printed and delivered.

DART may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, Note certificates will be printed and delivered.

**INVESTMENT CONSIDERATIONS**

The following information, which you should carefully consider, identifies certain investment considerations associated with the purchase of Series I Notes. You should also carefully consider the information set forth under "INVESTMENT CONSIDERATIONS" in the 2014 Annual Disclosure Statement.

The lien on Pledged Revenues that secures the Series I Notes is subordinate to the lien securing Senior Lien Obligations. We currently have outstanding approximately $3.47 billion in principal amount of Senior Lien Obligations. See the 2014 Annual Disclosure Statement, "OUTSTANDING OBLIGATIONS AND OUR FINANCING PLANS."

The Master Debt Resolution permits us to issue Additional Senior Lien Obligations only if we can satisfy the financial tests and limitations contained in the Master Debt Resolution, in Supplemental Resolutions, and in Credit Agreements. The subordination of the Series I Notes to Senior Lien Obligations increases the likelihood that Holders of Senior Lien Obligations will regularly receive the full amount of scheduled payments of principal and interest due them, and it protects the Holders of Senior Lien Obligations against potential losses. Under the Master Debt Resolution, if our Gross Sales Tax Revenues are not sufficient to pay the principal of and/or interest on both the Senior Lien Obligations and on the Series I Notes, we will use such revenues first to pay the Holders of Senior Lien Obligations. **There is no credit agreement or other third party agreement that provides credit support or liquidity for the Series I Notes.** See in the 2014 Annual Disclosure Statement, "OUTSTANDING OBLIGATIONS AND OUR FINANCING PLANS—Security for the Obligations—Flow of Funds."

Deposits of Gross Sales Tax Revenues to the Senior Subordinate Lien Debt Service Fund are made and accumulated as such revenues are received from the Comptroller. The principal of the Series I Notes is payable first from the proceeds of the sale of additional installments of Series I Notes. Such proceeds are deposited to the Issuing and Paying Agent Fund and are used to pay the principal of the Series I Notes. While that procedure is in effect, deposits to the Senior Subordinate Lien Debt Service Fund on account of the principal of the Series I Notes are not required. If (1) we cannot market additional installments of Series I Notes, and (2) we do not otherwise make payment from unencumbered funds, and/or (3) we have not arranged for a timely refinancing of the amounts due, an Event of Default will occur under the Master Debt Resolution. In this circumstance, payment of the Series I Notes will be delayed until the Trustee accumulates in the Senior Subordinate Lien Debt Service Fund, from future distributions of Gross Sales Tax Revenues from the Comptroller, amounts of Gross Sales Tax Revenues that are sufficient to make full payment of the matured and unpaid Series I Notes. Such accumulation must be made in accordance with the lien priorities established in the Master Debt Resolution. See, "THE COMMERCIAL PAPER NOTES—Uses of Proceeds of Series I Notes."

DART expects the Budget Control Act of 2011 to have a minor impact on the cash flow from federal funds. With the sequestration reductions that went into effect as of March 1, 2013, DART lost 8.7 percent of the Build America Bond subsidy in Fiscal Year 2013 relating to certain outstanding Bonds and will lose 7.2% in Fiscal Year 2014, resulting in a reduction of approximately $1.3 million and $2.2 million, respectively. DART"s annual formula funds of approximately $48 million in 2014 are exempt from sequestration. Overall DART does not anticipate that sequestration will have a material adverse impact on its cash flow and will not materially impact on its ability to provide service to our customers.
Ratings

The Series I Notes are currently rated by nationally recognized rating agencies, as shown below. A rating reflects the rating agency’s assessment of how likely it is that holders of a class of securities will receive the payments to which they are entitled. A rating may not remain in effect for any given period of time, and a rating agency may lower or withdraw a rating entirely. A rating is not a recommendation to purchase, hold, or sell securities because it does not address the market price of the securities or the suitability of the securities for any particular investor.

TAX MATTERS

Types of Series I Notes Permitted

The Tenth Supplemental Debt Resolution authorizes us to issue the Series I Notes as (1) Tax-Exempt, Non-AMT (that is, the interest paid on that installment of Series I Notes is exempt from federal income taxes and is not subject to the alternative minimum tax under the Code, except insofar as it is includable in certain corporate taxpayer’s “adjusted current earnings” for the purposes computing their alternate minimum tax), (2) Tax-Exempt, AMT (that is, the Series I Notes of that installment issue are “private activity bonds,” and the interest is generally exempt from federal income taxes but is subject to the alternative minimum tax under the Code), or (3) Taxable (that is, the interest paid, or if sold at a discount, the discount, is subject to federal income taxes under the Code).

In connection with the Series I Notes, our Co-Bond Counsel will deliver their opinions in the forms attached hereto as Appendices B-1, B-2 and B-3.

APPROVALS AND LEGAL OPINIONS

In connection with the issuance of the Series I Notes we received an opinion of the Attorney General of Texas approving the proceedings authorizing the Series I Notes pursuant to the Master Debt Resolution and the Tenth Supplemental Debt Resolution, as amended by the First Amendment.
All legal matters incident to the legality and enforceability of the Series I Notes are subject to the approval of Bracewell & Giuliani LLP, Dallas, Texas, and West & Associates, L.L.P., Dallas, Texas, our Co-Finance Counsel and Co-Bond Counsel.

Our Co-Bond Counsel have reviewed the information describing the Obligations in the 2014 Annual Disclosure Statement and the information describing the Series I Notes contained in this Offering Memorandum to verify that such information conforms to the provisions of the Master Debt Resolution and the Tenth Supplemental Debt Resolution, as amended by the First Amendment.

As of the Effective Date of the First Amendment the authorized principal permitted to be outstanding at any time was increased from $150,000,000 to $200,000,000. The Effective Date of the First Amendment is the date of the approval opinion of the Attorney General of Texas (Section 9 of the First Amendment).

The Notes may be issued for the purposes of: (i) financing Costs of Acquisition and Construction for Eligible Projects, (ii) paying the interest on previously issued Series I Notes during the period of acquisition or construction of Eligible Projects and for one year thereafter, (iii) paying expenses of operation and maintenance of Eligible Projects during the estimated period of such acquisition and construction and for one year thereafter, (iv) during the period prior to the Maximum Maturity Date, refinancing, renewing or refunding obligations issued to finance

Proceeds of Sale of Series I Notes [Section 4.02]

The proceeds from the sale of the Series I Notes (net of all expenses and costs of sale and issuance) shall be deposited to a Note Proceeds Account and shall be applied in the following priority and for the following purposes:

(a) first, to the payment of the principal of any Outstanding Series I Notes maturing on or before the date of the deposit of such proceeds and, only to the extent the Paying Agent has not received an amount sufficient to pay all interest on Outstanding Series I Notes maturing on or before such date, to the payment of interest on such Outstanding Series I Notes; and

Code; and (C) the remaining proceeds of each Taxable Note shall be transferred and deposited into appropriate accounts within the System Expansion and Acquisition Fund and used in accordance with the provisions of the Tenth Supplemental Debt Resolution and the Master Debt Resolution as directed by DART for any of the purposes specified in Section 3.01(b) of the Tenth Supplemental Debt Resolution.

Excess Proceeds in the System Expansion and Acquisition Fund (Section 4.03)

Any proceeds of the Series I Notes remaining in the System Expansion and Acquisition Fund and not necessary for the purposes described in Section 4.02(b)(iii), shall be paid to the appropriate account of the Issuing and Paying Agent Fund for the Series I Notes from which the proceeds were derived and used for the payment of such maturities of the Series I Notes coming due at such times as may be selected by DART. In the event no Series I Notes are outstanding, any such proceeds in the System Expansion and Acquisition Fund shall be transferred and deposited into DART’s General Operating Fund, unless in the opinion of Bond Counsel such use would adversely affect the tax status of such Series I Notes, in which case, the DART will use such proceeds in another manner permitted by Applicable Law.

Creation of Special Funds; Application of Moneys (Article V)

The following funds and accounts are hereby created (i) the Issuing and Paying Agent Fund consisting of Note Proceeds Accounts (each designated as “AMT,” “Non-AMT,” or “Taxable,” as appropriate), Note Payment Account and such other separate accounts as may be required, and (ii) the Rebate Fund. The Issuing and Paying Agent Fund shall be held by the Issuing and Paying Agent and shall be administered pursuant to Section 5.02 and the Issuing and Paying Agent Agreement.

Issuing and Paying Agent Fund. The Issuing and Paying Agent shall deposit: (i) all proceeds from the sale of Series I Notes to a Note Proceeds Account, which amounts shall be applied as provided in Section 4.02(b); and (ii) amounts received from the Trustee pursuant to Section 5.03(a) of the Master Debt Resolution that relate to the payment of principal of or interest on Series I Notes to the Note Payment Account, which amounts shall be used solely for the purpose of paying the principal of and interest on the Series I Notes on their Stated Maturity Date.

Rebate Fund. All amounts deposited in the Rebate Fund shall be held by DART in trust for payment to the United States of America, and neither DART, any Holder, nor the Lenders shall have any rights in or claim to such money.

Investment Limitations. Amounts on deposit in the Issuing and Paying Agent Fund and the Rebate Fund shall be invested in Investment Securities as directed by DART, subject to the restrictions imposed by this Article and by Article VI. Amounts on deposit in any Note Proceeds Account and the Note Payment Account and the Loan Payment Account shall be held by the Issuing and Paying Agent uninvested in trust for the exclusive benefit of the Persons entitled to be paid from such accounts separate and apart from all other funds of DART or the Issuing and Paying Agent. Any other amounts on deposit in the Issuing and Paying Agent Fund shall be invested in direct obligations of the United States of America maturing no later than the earlier of the date on which funds so invested are needed for the purposes specified herein and 30 days after the date on which such securities are purchased, or in money market mutual funds regulated by the Securities and Exchange Commission, consisting entirely of direct obligations of the United States of America or repurchases thereof, having a dollar weighted average stated maturity of 90 days or fewer, and an investment objective of maintaining a stable net asset value of $1 for each share.

Special Covenants Relating to the Notes (Article VI)

Tax-exempt Series I Notes to Remain Exempt from Federal Income Tax (Section 6.01)

DART covenants and agrees to do and perform all acts and things within its power and authority necessary to comply with each applicable requirement of the Code in order to maintain the exclusion from gross income of the
interest on the Tax-exempt Series I Notes for federal income tax purposes and to refrain from any action which would adversely affect the status of the Tax-exempt Series I Notes, as described in the First Supplemental Debt Resolution.

THE ISSUING AND PAYING AGENT

(Article VII)

APPENDIX B

OPINIONS OF CO-BOND COUNSEL

The signed opinions of our Co-Bond Counsel, Bracewell & Giuliani LLP, Dallas, Texas, and West & Associates, L.L.P., Dallas, Texas, as set forth in this Appendix B, were delivered as of the Effective Date of this First Amendment in substantially the form and substance included in the following pages of this Appendix B.
We have represented Dallas Area Rapid Transit ("DART") as its Co-Bond Counsel in connection with the authorization and issuance of its Dallas Area Rapid Transit Senior Subordinate Lien Sales Tax Revenue Commercial Paper Notes, Series I (Self-Liquidity) (the "Series I Notes") in the maximum principal amount at any time outstanding of $200,000,000 (the "Series I Notes"). The Series I Notes are being issued pursuant to the Master Debt Resolution (the "Master Debt Resolution"), adopted on January 23, 2001, as amended, and the Tenth Supplemental Debt Resolution (the "Tenth Supplement"), adopted on April 9, 2013, as amended by the First Amendment to Tenth Supplemental Debt Resolution (the "First Amendment") adopted on June 24, 2014. The Master Debt Resolution, the Tenth Supplement and the First Amendment are herein referred to collectively as the "Resolutions." The Series I Notes may be issued and will be designated as (i) "Tax-Exempt, Non-AMT," (ii) "Tax-Exempt, AMT" or (iii) "Taxable." This opinion is being rendered with respect to those Series I Notes that have been designated as "Tax-Exempt, Non-AMT." Capitalized terms used herein and not otherwise defined shall have the meanings assigned to them in the Resolutions.

As Co-Bond Counsel, we are rendering this opinion with respect to the legality and validity of the proceedings authorizing the Series I Notes (Non-AMT) under the Constitution and laws of the State of Texas and with respect to the exclusion of interest on the Series I Notes (Non-AMT) from gross income of the owners thereof for federal income tax purposes.

We have examined the relevant provisions of the Constitution and laws of the State of Texas as we have deemed necessary, including Chapter 452, Texas Transportation Code (the "Act"), pursuant to which DART was created and functions as a subregional transportation authority and public body corporate and politic of the State of Texas. We have not investigated and do not assume any responsibility with respect to the financial condition or capabilities of DART, or the disclosure thereof, in connection with the offering and sale of the Series I Notes.

We have participated in the preparation of and have examined a transcript of certified proceedings pertaining to the authorization of the Series I Notes (Non-AMT), including (i) the Resolutions; (ii) certificates of officers and representatives of DART, the Issuing and Paying Agent, the Dealers, and the Trustee; (iii) other pertinent instruments relating to the authorization and issuance of the Series I Notes (Non-AMT) and the security for the payment thereof; and (v) such other instruments and matters of law as we have deemed relevant, including the opinion of the Attorney General of Texas, relating to the Series I Notes (Non-AMT).

Based on the foregoing, it is our opinion that the transcript of certified proceedings evidences complete legal authority for and authorizes the issuance of the Series I Notes (Non-AMT) in accordance with the Resolutions in the maximum principal amount at any time outstanding of $200,000,000, and that the Series I Notes (Non-AMT) when authenticated and delivered will constitute valid and binding special obligations of DART, secured by and payable from (i) the Pledged Revenues; and (ii) proceeds from the sale of other Series I Notes (Non-AMT) issued by DART for the purpose of paying the principal of maturing Series I Notes (Non-AMT).

The rights of the Holders of the Series I Notes (Non-AMT) are subject to applicable provisions of federal bankruptcy law and any other similar laws affecting the rights of creditors of political subdivisions, and may be limited by general principles of equity which permit the exercise of judicial discretion. Holders of the Series I Notes (Non-AMT) shall never have the right to demand payment of principal or interest out of any funds raised or to be raised by taxation other than the Gross Sales Tax Revenues.
DART has previously issued and has outstanding “Senior Lien Obligations” that have a lien on Pledged Revenues that are superior to the lien on the Pledged Revenues pledged to the Series I Notes (Non-AMT). Additionally, DART has reserved the right to issue additional debt, subject to the restrictions contained in the Resolutions, that is secured by liens on the Pledged Revenues that are superior to, on a parity with or are junior and subordinate to the lien on Pledged Revenues securing the Series I Notes.

It is our further opinion that interest on the Series I Notes (Non-AMT) will be, upon the issuance and delivery thereof in accordance with the Resolutions, excludable from gross income of the owners thereof for federal income tax purposes under existing law and will not be an item of tax preference under the Code for purposes of determining the alternative minimum tax on individuals or corporations. However, in the case of a corporate taxpayer (other than an S corporation, a regulated investment company, a REIT or a REMIC), interest on the Series I Notes (Non-AMT) will be included in such corporation’s “adjusted current earnings” for purposes of computing its alternative minimum tax.

In rendering such opinions, we have relied on representations of DART with respect to matters solely within the knowledge of DART which we have not independently verified, and we have assumed continuing compliance with the covenants in the Resolutions and the representations in the Federal Tax Certificate pertaining to those sections of the Code that affect the exclusion of interest on the Series I Notes (Non-AMT) from the gross income of the owners thereof for federal income tax purposes. If such representations are determined to be inaccurate or incomplete or DART fails to comply with the foregoing covenants of the Resolutions, interest on the Series I Notes (Non-AMT) could become includable in the gross income of the owners thereof from the date of their original delivery, regardless of the date on which the event causing such inclusion occurs.

Except as stated above, we express no opinion as to any federal, state or local tax consequences resulting from the ownership of, receipt or accrual of interest on, or disposition of the Series I Notes (Non-AMT).

Owners of the Series I Notes (Non-AMT) should be aware that the ownership of tax exempt obligations, such as the Series I Notes (Non-AMT), may result in collateral federal income tax consequences to financial institutions, life insurance and property and casualty insurance companies, certain S corporations with Subchapter C earnings and profits, individual recipients of Social Security or Railroad Retirement benefits, taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry tax exempt obligations, low and middle income taxpayers qualifying for the health insurance premium assistance credit and individuals otherwise qualified for the earned income credit. In addition, certain foreign corporations doing business in the United States may be subject to the “branch profits tax” on their effectively connected earnings and profits, including tax exempt interest such as interest on the Series I Notes (Non-AMT).

This opinion may be relied upon by the owners of the Series I Notes (Non-AMT), but only to the extent that: (i) there is no change in existing regulations, Internal Revenue Service ruling positions or procedures, or law that may adversely affect the validity of the Series I Notes (Non-AMT) or the exclusion of the interest thereon from the gross income of owners for federal tax purposes, (ii) the Resolutions, the Federal Tax Certificate, the Issuing and Paying Agent Agreement, and the Dealer Agreements, in their respective forms on the date hereof remain in full force and effect and the Series I Notes (Non-AMT) issued after the date hereof are issued in accordance with the provisions of the Resolutions, and the Issuing and Paying Agent Agreement, (iii) the representations, warranties, covenants and agreements of the parties contained in the Resolutions, the Federal Tax Certificate, the Issuing and Paying Agent Agreement, the Dealer Agreements, and certain certificates dated the date hereof and delivered by authorized officers of DART remain true and accurate and have been complied with in all material respects, (iv) there has not been delivered to DART an opinion of this firm of more recent date with respect to the matters referred to herein, and (v) this opinion has not been expressly withdrawn as evidenced by a letter to DART.

Our opinions are based on existing law, which is subject to change. Such opinions are further based on our knowledge of facts as of the date hereof. Moreover, our opinions are not a guarantee of result and are not binding on the Service; rather, such opinions represent our legal judgment based upon our review of existing law and in reliance upon the representation and covenants referenced above that we deem relevant to such opinions. The Service has an ongoing audit program to determine compliance with rules that relate to whether interest on state or local obligations is includable in gross income for federal income tax purposes. No assurance can be given as to whether or not the Service will commence an audit of the Series I Notes (Non-AMT). If an audit is commenced, in
accordance with its current published procedures, the Service is likely to treat DART as the taxpayer. We observe that DART has covenanted in the Resolutions not to take any action, or omit to take any action within its control, that if taken or omitted, respectively, may result in the treatment of interest on the Series I Notes (Non-AMT) as includable in gross income for federal income tax purposes.

Nothing contained in this opinion shall be construed as any undertaking on our part to monitor any changes in applicable law or to monitor or confirm the accuracy of any such representations or warranties or compliance with any such agreements or covenants. In addition, we undertake no duty to expressly advise any Holder of any change or development of which we become aware that may adversely affect the opinions expressed herein.

SERIES I (SELF-LIQUIDITY)
(TAX-EXEMPT, AMT)

We have represented Dallas Area Rapid Transit ("DART") as its Co-Bond Counsel in connection with the authorization and issuance of its Dallas Area Rapid Transit Senior Subordinate Lien Sales Tax Revenue Commercial Paper Notes, Series I (Self-Liquidity) (the "Series I Notes") in the maximum principal amount at any time outstanding of $200,000,000 (the "Series I Notes"). The Series I Notes are being issued pursuant to the Master Debt Resolution (the "Master Debt Resolution"), adopted on January 23, 2001, as amended, and the Tenth Supplemental Debt Resolution (the "Tenth Supplement"), adopted on April 9, 2013, as amended by the First Amendment to Tenth Supplemental Debt Resolution (the "First Amendment") adopted on June 24, 2014. The Master Debt Resolution, the Tenth Supplement and the First Amendment are herein referred to collectively as the "Resolutions." The Series I Notes may be issued and will be designated as (i) "Tax-Exempt, Non-AMT," (ii) "Tax-Exempt, AMT" or (iii) "Taxable." This opinion is being rendered with respect to those Series I Notes that have been designated as "Tax-Exempt, AMT." Capitalized terms used herein and not otherwise defined shall have the meanings assigned to them in the Resolutions.

As Co-Bond Counsel, we are rendering this opinion with respect to the legality and validity of the proceedings authorizing the Series I Notes (Tax-Exempt, AMT) under the Constitution and laws of the State of Texas and with respect to the exclusion of interest on the Series I Notes (Tax-Exempt, AMT) from gross income of the owners thereof for federal income tax purposes.

We have examined the relevant provisions of the Constitution and laws of the State of Texas as we have deemed necessary, including Chapter 452, Texas Transportation Code (the "Act"), pursuant to which DART was created and functions as a subregional transportation authority and public body corporate and politic of the State of Texas. We have not investigated and do not assume any responsibility with respect to the financial condition or capabilities of DART, or the disclosure thereof, in connection with the offering and sale of the Series I Notes (Tax-Exempt, AMT).

We have participated in the preparation of and have examined a transcript of certified proceedings pertaining to the authorization of the Series I Notes (Tax-Exempt, AMT), including (i) the Resolutions; (ii) certificates of officers and representatives of DART, the Issuing and Paying Agent, the Dealers, and the Trustee; (iii) other pertinent instruments relating to the authorization and issuance of the Series I Notes (Tax-Exempt, AMT) and the security for the payment thereof; and (v) such other instruments and matters of law as we have deemed relevant, including the opinion of the Attorney General of Texas, relating to the Series I Notes (Tax-Exempt, AMT).

Based on the foregoing, it is our opinion that the transcript of certified proceedings evidences complete legal authority for and authorizes the issuance of the Series I Notes (Tax-Exempt, AMT) in accordance with the Resolutions in the maximum principal amount at any time outstanding of $200,000,000, and that the Series I Notes (Tax-Exempt, AMT) when authenticated and delivered will constitute valid and binding special obligations of DART, secured by and payable from (i) the Pledged Revenues; and (ii) proceeds from the sale of other Series I Notes issued by DART for the purpose of paying the principal of maturing Series I Notes (Tax-Exempt, AMT).

The rights of the Holders of the Series I Notes (Tax-Exempt, AMT) are subject to applicable provisions of federal bankruptcy law and any other similar laws affecting the rights of creditors of political subdivisions, and may be limited by general principles of equity which permit the exercise of judicial discretion. Holders of the Series I
Notes (Tax-Exempt, AMT) shall never have the right to demand payment of principal or interest out of any funds raised or to be raised by taxation other than the Gross Sales Tax Revenues.

DART has previously issued and has outstanding “Senior Lien Obligations” that have a lien on Pledged Revenues that are superior to the lien on the Pledged Revenues pledged to the Series I Notes (Tax-Exempt, AMT). Additionally, DART has reserved the right to issue additional debt, subject to the restrictions contained in the Resolutions, that is secured by liens on the Pledged Revenues that are superior to, on a parity with or are junior and subordinate to the lien on Pledged Revenues securing the Series I Notes (Tax-Exempt, AMT).

It is our further opinion that interest on the Series I Notes (Tax-Exempt, AMT) will be, upon the issuance and delivery thereof in accordance with the Resolutions, excludable from gross income of the owners thereof for federal income tax purposes under the statutes, regulations, published rulings and court decisions existing on the date of this opinion (“Existing Law”). The exceptions are as follows:

1. That interest on the Series I Notes (Tax-Exempt, AMT) will be includable in the gross income of the owner during any period that such Series I Notes are held by either a “substantial user” of the facilities financed with the proceeds of the Series I Notes or a “related person” of such user, as provided in section 147(a) of the Internal Revenue Code of 1986, as amended (the “Code”); and

2. That the interest on the Series I Notes will be included as an alternative minimum tax preference item under section 57(a)(5) of the Code for purposes of computing the alternative minimum tax on individuals and corporations.

In rendering such opinions, we have relied on representations of DART with respect to matters solely within the knowledge of DART which we have not independently verified, and we have assumed continuing compliance with the covenants in the Resolutions and the representations in the Federal Tax Certificate pertaining to those sections of the Code that affect the exclusion of interest on the Series I Notes (Tax-Exempt, AMT) from the gross income of the owners thereof for federal income tax purposes. If such representations are determined to be inaccurate or incomplete or DART fails to comply with the foregoing covenants of the Resolutions, interest on the Series I Notes (Tax-Exempt, AMT) could become includable in the gross income of the owners thereof from the date of their original delivery, regardless of the date on which the event causing such inclusion occurs.

Except as stated above, we express no opinion as to any federal, state or local tax consequences resulting from the ownership of, receipt or accrual of interest on, or disposition of the Series I Notes (Tax-Exempt, AMT). In particular, but not by way of limitation, we express no opinion with respect to the federal, state or local tax consequences arising from the enactment of any pending or future legislation.

This opinion may be relied upon by the owners of the Series I Notes (Tax-Exempt, AMT), but only to the extent that: (i) there is no change in existing regulations, Internal Revenue Service ruling positions or procedures, or law that may adversely affect the validity of the Series I Notes (Tax-Exempt, AMT) or the exclusion of the interest thereon from the gross income of owners for federal tax purposes, (ii) the Resolutions, the Federal Tax Certificate, the Issuing and Paying Agent Agreement, and the Dealer Agreements, in their respective forms on the date hereof remain in full force and effect and the Series I Notes (Tax-Exempt, AMT) issued after the date hereof are issued in accordance with the provisions of the Resolutions, and the Issuing and Paying Agent Agreement, (iii) the representations, warranties, covenants and agreements of the parties contained in the Resolutions, the Federal Tax Certificate, the Issuing and Paying Agent Agreement, the Dealer Agreements, and certain certificates dated the date hereof and delivered by authorized officers of DART remain true and accurate and have been complied with in all material respects, (iv) there has not been delivered to DART an opinion of this firm of more recent date with respect to the matters referred to herein, and (v) this opinion has not been expressly withdrawn as evidenced by a letter to DART.

Our opinions are based on existing law, which is subject to change. Such opinions are further based on our knowledge of facts as of the date hereof. Moreover, our opinions are not a guarantee of result and are not binding on the Service; rather, such opinions represent our legal judgment based upon our review of existing law and in reliance upon the representation and covenants referenced above that we deem relevant to such opinions. The Service has an ongoing audit program to determine compliance with rules that relate to whether interest on state or

#4543726.6
local obligations is includable in gross income for federal income tax purposes. No assurance can be given as to whether or not the Service will commence an audit of the Notes. If an audit is commenced, in accordance with its current published procedures, the Service is likely to treat DART as the taxpayer. We observe that DART has covenanted in the Resolutions not to take any action, or omit to take any action within its control, that if taken or omitted, respectively, may result in the treatment of interest on the Series I Notes (Tax-Exempt, AMT) as includable in gross income for federal income tax purposes.

WE CALL YOUR ATTENTION TO THE FACT that the interest on tax-exempt obligations, such as the Series I Notes (Tax-Exempt, AMT), is included in a corporation's alternative minimum taxable income for purposes of determining the alternative minimum tax imposed on corporations by section 55 of the Code.

Nothing contained in this opinion shall be construed as any undertaking on our part to monitor any changes in applicable law or to monitor or confirm the accuracy of any such representations or warranties or compliance with any such agreements or covenants. In addition, we undertake no duty to expressly advise any Holder of any change or development of which we become aware that may adversely affect the opinions expressed herein.
APPENDIX B-3

_____, 2014

$200,000,000

DALLAS AREA RAPID TRANSIT SENIOR SUBORDINATE LIEN SALES TAX REVENUE COMMERCIAL PAPER NOTES SERIES I (SELF-LIQUIDITY) (TAXABLE)

We have represented Dallas Area Rapid Transit ("DART") as its Co Bond Counsel in connection with the authorization and issuance of its Dallas Area Rapid Transit Senior Subordinate Lien Sales Tax Revenue Commercial Paper Notes, Series I (Self-Liquidity) (the "Series I Notes") in the maximum principal amount at any time outstanding of $200,000,000 (the "Series I Notes"). The Series I Notes are being issued pursuant to the Master Debt Resolution (the "Master Debt Resolution"), adopted on January 23, 2001, as amended, and the Tenth Supplemental Debt Resolution (the "Tenth Supplement"), adopted on April 9, 2013, as amended by the First Amendment to Tenth Supplemental Debt Resolution (the "First Amendment") adopted on June 24, 2014. The Master Debt Resolution, the Tenth Supplement and the First Amendment are herein referred to collectively as the "Resolutions." The Series I Notes (Taxable) may be issued and will be designated as (i) "Tax-Exempt, Non-AMT," (ii) "Tax-Exempt, AMT" or (iii) "Taxable." This opinion is being rendered with respect to those Series I Notes that have been designated as "Taxable." Capitalized terms used herein and not otherwise defined shall have the meanings assigned to them in the Resolutions.

As Co-Bond Counsel, we are rendering this opinion with respect to the legality and validity of the proceedings authorizing the Series I Notes (Taxable) under the Constitution and laws of the State of Texas.

We have examined the relevant provisions of the Constitution and laws of the State of Texas as we have deemed necessary, including Chapter 452, Texas Transportation Code (the "Act"), pursuant to which DART was created and functions as a subregional transportation authority and public body corporate and politic of the State of Texas. We have not investigated and do not assume any responsibility with respect to the financial condition or capabilities of DART, or the disclosure thereof, in connection with the offering and sale of the Series I Notes.

We have participated in the preparation of and have examined a transcript of certified proceedings pertaining to the authorization of the Series I Notes (Taxable), including (i) the Resolutions; (ii) certificates of officers and representatives of DART, the Issuing and Paying Agent, the Dealers, and the Trustee; (iii) other pertinent instruments relating to the authorization and issuance of the Series I Notes (Taxable) and the security for the payment thereof; and (v) such other instruments and matters of law as we have deemed relevant, including the opinion of the Attorney General of Texas, relating to the Series I Notes (Taxable).

Based on the foregoing, it is our opinion that the transcript of certified proceedings evidences complete legal authority for and authorizes the issuance of the Series I Notes (Taxable) in accordance with the Resolutions in the maximum principal amount at any time outstanding of $200,000,000, and that the Series I Notes (Taxable) when authenticated and delivered will constitute valid and binding special obligations of DART, secured by and payable from (i) the Pledged Revenues; and (ii) proceeds from the sale of other Series I Notes (Taxable) issued by DART for the purpose of paying the principal of maturing Series I Notes (Taxable).

The rights of the Holders of the Series I Notes (Taxable) are subject to applicable provisions of federal bankruptcy law and any other similar laws affecting the rights of creditors of political subdivisions, and may be limited by general principles of equity which permit the exercise of judicial discretion. Holders of the Series I Notes (Taxable) shall never have the right to demand payment of principal or interest out of any funds raised or to be raised by taxation other than the Gross Sales Tax Revenues.
DART has previously issued and has outstanding “Senior Lien Obligations” that have a lien on Pledged Revenues that are superior to the lien on the Pledged Revenues pledged to the Series I Notes (Taxable). Additionally, DART has reserved the right to issue additional debt, subject to the restrictions contained in the Resolutions, that is secured by liens on the Pledged Revenues that are superior to, on a parity with or are junior and subordinate to the lien on Pledged Revenues securing the Series I Notes (Taxable).

We observe that interest on the Series I Notes (Taxable) is generally includable in gross income for federal income tax purposes under existing law. We express no opinion as to any federal, state or local consequences resulting from the receipt or accrual of interest on, or acquisition, ownership or disposition of, such Bonds. Prospective purchasers should consult their tax advisors with respect to such matters.
APPENDIX C

2014 ANNUAL DISCLOSURE STATEMENT
This 2014 Annual Disclosure Statement replaces our 2013 Annual Disclosure Statement, dated February 26, 2013. This 2014 Annual Disclosure Statement has been posted on the Internet at our website, www.dart.org, and has been filed with the Municipal Securities Rulemaking Board and is available at www.emma.msrb.org. We intend to update this 2014 Annual Disclosure Statement after the second and third quarters of our fiscal year and to replace it annually. We reserve the right to suspend or stop postings on the Internet and quarterly updates at any time. However, we will always provide the annual and periodic information called for under our undertaking in compliance with SEC Rule 15c2-12.

This 2014 Annual Disclosure Statement relates to the following securities that we have issued and intend to issue from time to time: Senior Lien Obligations, Senior Subordinate Lien Obligations, and other Bond Obligations (defined below), but does not replace the Supplemental Official Statement or Supplemental Disclosure Statement and Offering Memorandum prepared for a particular series of debt securities.

You should carefully consider the information under the caption "INVESTMENT CONSIDERATIONS" herein.

DART is a subregional transportation authority created pursuant to Chapter 452 of the Texas Transportation Code (the "Act"). Our boundaries include the corporate limits of 13 North Texas cities and towns, and our headquarters are located in Dallas, Texas. Under the Act, we are authorized to provide public transportation and complementary services within such cities and towns.

Our Board of Directors has adopted a "Master Debt Resolution" that authorizes the issuance and execution of various types of debt instruments (the "Obligations"). Obligations that are issued in the form of bonds, notes, or other securities (the "Bond Obligations") will be issued in multiple series, and each series will be classified as either "Senior Lien Obligations," "Senior Subordinate Lien Obligations," or "Junior Subordinate Lien Obligations." The Senior Lien Obligations are secured by a first lien on Pledged Revenues; the Senior Subordinate Lien Obligations are secured by a second lien on Pledged Revenues; and the Junior Subordinate Lien Obligations are secured by a third lien on Pledged Revenues. These liens are senior to any other claim against the Pledged Revenues. Pursuant to the Master Debt Resolution, we have issued and have outstanding both Senior Lien Obligations and Senior Subordinate Lien Obligations. See, "OUTSTANDING OBLIGATIONS AND OUR FINANCING PLANS."

Under the Master Debt Resolution, Pledged Revenues consist of (i) the gross revenues that we receive from a 1% sales and use tax (the "Sales Tax"), and the investment earnings thereon while held by the Trustee in the Gross Sales Tax Revenue Fund, (ii) Pledged Farebox Revenues (as defined herein), (iii) with respect to Senior Lien Obligations, Federal Interest Subsidy payments that are deposited to the Senior Lien Debt Service Fund, and (iv) any additional revenues of DART which by a Supplemental Resolution are expressly and specifically pledged to the payment of Obligations. However, the Federal Interest Subsidy is not used to pay or secure the TIFIA bond debt service. The Sales Tax is imposed on items and services that are sold, rented, or purchased, or acquired for use within our boundaries, and that are subject generally to the Texas sales and use tax. See, "DART'S FINANCIAL PRACTICES AND RESOURCES—Principal Source of Revenue—The Sales Tax." Bond Obligations will be issued for any one or more of the following purposes: refunding outstanding indebtedness, obtaining capital funds for the expansion of our public transportation system, creating reserves, paying interest during limited periods, paying our costs of issuance, or for other purposes if permitted by applicable law.

Unless otherwise indicated, capitalized terms used herein have the meanings assigned to them in the Master Debt Resolution.

This 2014 Annual Disclosure Statement may be used to offer and sell a series of Senior Lien Obligations, Senior Subordinate Lien Obligations, or other Bond Obligations only if it is accompanied by the Supplemental Official Statement or Supplemental Disclosure Statement and Offering Memorandum for that series.

FORWARD-LOOKING STATEMENTS

You are cautioned that forward-looking statements are subject to a variety of uncertainties that could cause actual results to differ from the projected results. OUTSTANDING OBLIGATIONS AND OUR FINANCING PLANS

Bond Obligations We Expect to Issue in 2014

We plan to sell $90,000,000 in Senior Subordinate Lien Commercial Paper Notes under our Commercial Paper Self-Liquidity (CPSL) program established in Fiscal Year 2013. Our Revolving Credit Agreement (RCA) with Bank of America was terminated on November 15, 2012, and new Senior Subordinate Lien Commercial Paper Notes are issued under the CPSL program.
Preconditions to Issuance of Bond Obligations—Financial Coverage Tests

-- Conditions to Issuance of Senior Lien Obligations

There are eight series of Senior Lien Obligations outstanding comprised of the Series 2007 Bonds, the Series 2008 Bonds, the Series 2009A and 2009B Bonds, the Series 2010A and 2010B Bonds, the Series 2012 Bonds, and the 2012A TIFIA Bond. Under the Master Debt Resolution, we cannot issue additional Senior Lien Obligations unless:

(1) An independent economist broadly experienced in economic forecasting in the North Texas region, or an independent certified public accountant or accounting firm, reports to us projections of Gross Sales Tax Revenues and the projections show that the estimated Gross Sales Tax Revenues for each of three consecutive Fiscal Years, beginning with the first Fiscal Year in which Debt Service will be due on the proposed Additional Senior Lien Obligations, are equal at least to 200% of the Debt Service that will be due on all Senior Lien Obligations that will be outstanding after the proposed new issue during each of such three Fiscal Years; or

(2) During either our most recent Fiscal Year or during 12 out of the most recent 18 months, our Gross Sales Tax Revenues were equal to at least 200% of the maximum Debt Service that will be due on any outstanding Obligations and the proposed Additional Senior Lien Obligations during any of the current or any future Fiscal Year; and

(3) Our Executive Vice President/Chief Financial Officer, or Vice President, Finance, certifies that we will receive Gross Sales Tax Revenues, during each of three consecutive Fiscal Years beginning with the Fiscal Year in which Debt Service is due on the proposed Additional Senior Lien Obligations, which will be sufficient to pay all Senior Lien Obligations and all Subordinate Lien Obligations during such three Fiscal Years; and

(4) We satisfy any additional financial tests that may be contained in a Supplemental Resolution or Credit Agreement.

-- Conditions to Issuance of Subordinate Lien Obligations

The Master Debt Resolution does not itself impose financial tests as preconditions to the issuance of additional Senior Subordinate Lien Obligations or Junior Subordinate Lien Obligations beyond the requirement that we demonstrate the ability to pay them when due.

We cannot issue additional Senior Lien Obligations or Senior Subordinate Lien Obligations unless:

(1) We satisfy the financial tests contained in the Master Debt Resolution summarized above; and

(2) An independent economist broadly experienced in economic forecasting in the North Texas region, or an independent certified public accountant or accounting firm, reports to us projections of Gross Sales Tax Revenues and the projections show that the estimated Gross Sales Tax Revenues for each of the three following and consecutive Fiscal Years, beginning with the first Fiscal Year in which Debt Service will be due on the proposed Bond Obligations, are equal at least to 150% of the Debt Service that will be due on all Bond Obligations that are issued as Senior Lien Obligations and Senior Subordinate Lien Obligations that will be outstanding after the proposed new issue during each of such three Fiscal Years; and

(3) During any 4 of the most recent 6 calendar quarters immediately preceding the issuance date of the proposed Bond Obligations, our Gross Sales Tax Revenues must have been equal at least to 200% of the Debt Service on our Bond Obligations that were outstanding during such 4 calendar quarters plus Debt Service on the proposed Bond Obligations, assuming that they were outstanding during such period and after taking into account any reduction in Debt Service that may result from the issuance of the proposed Bond Obligations; and
Exhibit 1

(4) If the proposed Bond Obligations are Senior Subordinate Lien Obligations, our Chief Financial Officer certifies that estimated Gross Sales Tax Revenues during each of the three consecutive Fiscal Years beginning with the Fiscal Year in which Debt Service is due on the proposed Additional Senior Subordinate Lien Obligations will be sufficient to pay 200% of the Debt Service due on all Senior Lien Obligations, Senior Subordinate Lien Obligations, and Junior Lien Obligations during such three Fiscal Years.

We expect that future Credit Providers and general market requirements will, from time to time, impose different or additional financial tests as preconditions to the issuance of additional Bond Obligations. Any such additional requirements will be contained in a Supplemental Resolution or in a Credit Agreement. See, Appendix B, SUMMARY OF CERTAIN TERMS OF THE MASTER DEBT RESOLUTION—Permitted DART Indebtedness.

Method of Issuing Bond Obligations

To issue any series of Bond Obligations, the Master Debt Resolution requires our Board to adopt a Supplemental Resolution establishing the specific terms of the series to be issued. When we issue Bond Obligations, you should purchase them on the basis of this 2014 Annual Disclosure Statement only if you have also obtained a “Supplemental Official Statement” or a “Supplemental Annual Disclosure Statement and Offering Memorandum” relating to the series of Bond Obligations you are considering.

Security for the Obligations—Flow of Funds

Our Gross Sales Tax Revenues consist of the money we are entitled to receive under the Act and other state law from the levy and collection of the voter-approved Sales Tax that is levied on taxable items and services that are sold or used within our boundaries. That revenue and the investments thereof, if any, while held by the Trustee in the Gross Sales Tax Revenue Fund are Pledged Revenues that secure all of the Obligations. Additionally, pursuant to the provisions of the Seventh Supplemental Debt Resolution authorizing the issuance of our Series 2010A and 2010B Bonds, we pledged the “Pledged Farebox Revenues” as security for all of the Obligations. The Pledged Farebox Revenues include all fares collected by or on behalf of DART for its bus, rail, and paratransit services in an amount equal to 97.3% of the debt service accruing on the Series 2010 Bonds after deducting the Federal Interest Subsidy applicable to such Bonds. The annual amount of the Pledged Farebox Revenues varies each year based on the actual debt service on the Series 2010 Bonds. The amount constituting Pledged Farebox Revenues ranges from $22.9 million in 2012 to $71.4 million in 2049. In addition, Federal Interest Subsidy Payments that are deposited to the Senior Lien Debt Service Fund are pledged to the payment of Senior Lien Obligations. We reserved the rights (1) to pledge the other farebox revenues as security for the payment of Obligations or any other obligations of DART and (2) to exclude any specified portion of farebox revenues from Pledged Farebox Revenues (including Special Revenues) by Supplemental Resolution, provided that the aggregate amount of Pledged Farebox Revenues then expected to be collected in all future Debt Service Accrual Periods shall not be reduced as a result.

State law requires the sellers and suppliers of taxable items and services to collect the Sales Tax from consumers and to pay collected taxes to the Texas Comptroller of Public Accounts. The Comptroller receives and collects all such taxes that are imposed throughout the state and pays them over to the agencies, such as DART, that levy them, net of a 2% collection fee and reserves for possible refunds.

The Master Debt Resolution establishes (1) the procedure for handling the Gross Sales Tax Revenues from the point of release of the revenues by the Comptroller to the Trustee to the point they are released by the Trustee to us; (2) the priorities of the liens that are created for the benefit of the Senior Lien Obligations, the Senior Subordinate Lien Obligations, and the Junior Subordinate Lien Obligations; and (3) the permissible investments thereof at our direction.

The law requires the Comptroller to deliver the net amount of the collected taxes to us or for our benefit not less frequently than quarterly. Under current practice, the Comptroller delivers net tax collections monthly directly to the Trustee for the benefit of the Holders of Obligations under the Master Debt Resolution.

The Trustee is required to deposit money received from the Comptroller to the Gross Sales Tax Revenue Fund. On the day of receipt, the Trustee is required to withdraw that money and to make deposits to three debt service funds in
amounts equal to the Accrued Aggregate Debt Service on the Obligations of each lien ranking, beginning first with the Senior Lien Debt Service Fund, then the Senior Subordinate Lien Debt Service Fund, and finally the Junior Subordinate Lien Debt Service Fund, before any monies are released to us for other uses.

Money actually on deposit in a Debt Service Fund is pledged exclusively and irrevocably to the Obligations of the applicable lien ranking.

If the monies received from the Comptroller are not sufficient to fill all three of the Debt Service Funds to the level of current requirements, they are filled in the order of lien ranking and any deficiencies are restored with the next available Gross Sales Tax Revenues. If amounts on deposit in any Debt Service Fund are not sufficient on any Interest Payment Date, Mandatory Redemption Date or Stated Maturity Date, the Trustee is also required to deposit all the Pledged Farebox Revenues to the Debt Service Funds in the same order of priority as Gross Sales Tax Revenues.

If there is an excess of money over the amounts needed to make the required deposits to all three Debt Service Funds, and after restoring deficiencies, if any, the Trustee is required to deliver the excess revenue to DART, free and clear of the liens of the Master Debt Resolution.

When payments are due on Bond Obligations, the Trustee sends the required amounts from the applicable Debt Service Fund to the Paying Agent(s) for the maturing Obligations, as shown in the following chart of the flow of funds:

INFORMATION ABOUT DART

DART is a subregional transportation authority and governmental agency of the State of Texas, created and confirmed by a referendum passed on August 13, 1983, pursuant to Article 1118y of Vernon’s Annotated Texas Civil Statutes, as amended and recodified into the Act. The Act authorizes us to provide public transportation and complementary services within the corporate limits of those cities and towns in which the voters have confirmed the creation of or joinder with DART and approved the imposition of the Sales Tax under the Act.

DART’s Boundaries, Additions, Withdrawal Rights

Our current boundaries include the following Participating Municipalities: the Cities of Carrollton, Cockrell Hill, Dallas, Farmers Branch, Garland, Glenn Heights, Irving, Plano, Richardson, Rowlett, and University Park and the Towns of Addison and Highland Park, Texas. Our boundaries encompass approximately 700 square miles and contain an estimated population of 2.3 million persons as of January 2013, according to information obtained from the North Central Texas Council of Governments.

If a municipality that we do not currently serve is located at least in part in a county that we serve, the municipality may become a Participating Municipality by holding an election in accordance with the Act at which its joinder with DART and the imposition of the Sales Tax is approved by its voters.

Under the Act, a Participating Municipality has the right to call an election at which its voters may vote to withdraw as a Participating Municipality every sixth calendar year. This process can be initiated by either official action of the Participating Municipality’s governing body or by citizen petition. The next year in which withdrawal elections may be held is 2014.

If a withdrawal election is held and voters approve withdrawal from DART, all of our public transportation services to and within the withdrawing municipality must cease on the day following the canvass of the election returns. The Comptroller must continue to collect the Sales Tax within that municipality, however, until we have collected an amount equal to the withdrawing municipality’s pro-rata share of our financial obligations that existed at the time of withdrawal. Accordingly, the Act limits the impact a municipality’s withdrawal might have on our ability to repay our indebtedness, including any Obligations.

Under the Act, our Board must calculate a withdrawing municipality’s financial obligation to us as of the date of withdrawal. This financial obligation shall equal such municipality’s portion of the total amount of the following:

- Our outstanding obligations under contract and authorized in our current budget;
- Our outstanding contractual obligations for capital and other expenditures payable from sources other than proceeds of notes, bonds, or other obligations;
- Payments due or to become due in all subsequent years on notes, bonds, or other securities or obligations for debt issued by us;
- Our required reserves for all years to comply with financial covenants made with lenders, note or bond holders, or other creditors or contractors; and
- The amount necessary for the full and timely payment of our existing obligations, to avoid a default or impairment of those obligations, including contingent liabilities.

Any of our financial obligations that specifically relate to such withdrawing municipality will be allocated completely to it.
DART’s General Powers and Purposes

We exercise public and essential governmental functions under the Act, and the Act grants us certain powers to carry out these functions. The Act authorizes us to acquire, construct, develop, plan, own, operate, and maintain all real and personal property needed by us for public transportation or complementary transportation purposes. Complementary transportation services include the following services:

- Special transportation services for elderly or disabled persons;
- Medical transportation services;
- Assistance in street modifications to accommodate our public transportation system;
- The purchase, construction, or renovation of general aviation facilities that are not served by certificated air carriers in order to relieve air traffic congestion at existing facilities; and
- Any other service that complements our public transportation system, such as parking garages.

The Act grants to us the right to acquire property by eminent domain for our public transportation system, so long as the governing body (in a city or town) or the commissioners court of the county (in unincorporated areas) having jurisdiction over the property approves the acquisition. The Act also authorizes us to lease to or contract with a private operator to operate a public transportation system or any part thereof, and to contract with any non-participating city, county, or other political subdivision to provide public transportation services to any area outside our boundaries.

The Board of Directors

We are governed by a 15-member Subregional Board of Directors. The governing bodies of the Participating Municipalities appoint members to our Board according to the ratio of the population of each Participating Municipality to the total population within our boundaries. A Participating Municipality having a population which entitles it to make a fraction of an appointment may combine that fraction with one or more other Participating Municipalities to make one appointment, but no Participating Municipality may appoint more than 65% of the members of the Board. The Board is restructured whenever there is a change in the member municipalities or every fifth year after the date census data or population estimates become available.

Each Board member serves at the pleasure of the governing municipal unit that appoints the member. Board members serve staggered two-year terms. Eight of the member terms begin on July 1 of odd-numbered years and seven of the member terms begin July 1 of even-numbered years. Each member is entitled to receive $50 for each Board meeting attended and is reimbursed for necessary and reasonable expenses incurred in the discharge of the member’s duties.

The following table sets forth information regarding our current Board of Directors. The Board appoints from its members a chair, vice chair, secretary, and assistant secretary as shown in the table.

Significant Board Policies and Planning Documents

Our Board has adopted a mission statement, goals, financial and business planning policies, and general policies that provide management a framework within which it must operate. The Board has also adopted Bylaws and Rules of Procedure to ensure that it acts consistently.

Each year, for planning purposes, DART issues an annual business plan (the “Business Plan”) which includes components of the following:

— The Strategic Plan – The Strategic Plan is reviewed annually, and was most recently updated in 2010 for Fiscal Years 2010 through 2015. It identifies the key initiatives that must be completed to achieve the Board’s goals. The Strategic Plan and Business Plan are the basis for the Annual Budget and the Twenty-Year Financial Plan, and for measuring management and employee performance and are modified based on an analysis of business results; employee, customer, and climate surveys; external events (such as issues being considered by the Texas State Legislature); and benchmark comparisons with other transit agencies and private sector companies.

— Service Plan/Transit System Plan – The Service Plan, required under our enabling legislation, specifies the commitments for service provided to the service area cities including the specific locations of major transit facilities and fixed guideways. The Transit System Plan is the long-range planning tool that is updated to incorporate changes in the service area. It provides the vision and direction for DART’s future capital projects and operating programs needed to improve regional mobility. The Transit System Plan is closely coordinated with development of the North Central Texas Council of Government’s Regional Mobility Plan and is revised every five
to six years. The last revision was completed in Fiscal Year 2007 and focuses on transit needs and opportunities within the context of a 2030 horizon. The DART Board has initiated a revision to the existing 2030 Transit System Plan and is in the early stages of identifying the goals and objectives for this effort. The 2040 Plan is expected to be completed in Fiscal Year 2016 and will be financially constrained.

— Annual Budget – The Act requires the Board to develop, recommend, and approve an annual budget. The Board must make its proposed annual budget available to the governing bodies of the Participating Municipalities for comment at least 30 days prior to final annual budget adoption. The Participating Municipalities are not required to approve the annual budget, however, in order for it to become effective.

— Twenty-Year Financial Plan – The Twenty-Year Financial Plan addresses the affordability of the Transit System Plan and the timing of service and capital expansion projects. The Twenty-Year Financial Plan details projected sources and uses of cash for twenty years. The first year of the plan corresponds with the coming year’s budget, and the first five years of the plan reflects the coming year’s Business Plan. The final 15 years of the plan validate the affordability of our long-range Transit System Plan, and include our commitments for future system expansion and the issuance and repayment of debt.

— Financial Standards – The Board’s Financial Standards establish limits for capital expansion, the issuance of debt, and the maintenance of cash reserves. These standards are the basis for our Financial Plan projections. The Board has also approved Business Planning Parameters that establish operating service levels, management performance objectives, and policy limitations for projecting major sources and uses of cash.

— Key Performance Indicators – The Business Plan provides a detailed outline of our performance projections and commitments for each mode of service and DART as a whole. The Plan includes "scorecards" addressing key operating, financial, and quality measures (called “Key Performance Indicators”) and identifying initiatives necessary to improve performance. The Business Plan defines how management will achieve the key initiatives presented in the Strategic Plan.

— Five-Year Action Plan – The Five-Year Action Plan provides detailed discussions of our plans to increase bus and rail ridership through service improvements for a five-year period.

DART’s Management

The Board appoints our President/Executive Director, who also serves as our Chief Executive Officer. The Chief Executive Officer’s duties include:

Administering our daily operations, including the hiring, compensation, and removal of employees;

Awarding contracts for services, supplies, capital acquisitions, real estate, and construction without Board approval if the amount of any such contract does not exceed $100,000; and

Awarding contracts of up to $250,000 without Board approval for standard off-the-shelf commercial products.

Additional staff positions that report directly to the Board include the General Counsel, a Director of Internal Audit, and a Director of the Office of Board Support.

Employees and Employee Relations

DART currently has 3,694 budgeted salaried and hourly employees. Hourly employees are represented by one organization. The Amalgamated Transit Union, Local 1338, represents the majority of our bus operators, mechanics, and call center personnel.

As a Texas governmental agency, we do not collectively bargain or sign labor contracts with these employee representatives. We do, however, meet and confer with these representatives on hourly employee issues, compensation, and benefits.

Pension, Retirement, Deferred Compensation Plans, and Other Post-Employment Benefits

We operate three employee benefit plans. Information about the plans is contained in Note 16 to the Audited Financial Statements attached hereto as Appendix A. In addition to pension benefits, we provide post-retirement health care and life insurance benefits in accordance with DART policy to certain employees. Information about such benefits is contained in Note 17 to the Audited Financial Statements attached hereto as Appendix A. In Fiscal Year 2008, we implemented GASB Statement No. 45 "Accounting and Financial Reporting by Employers for Post-Employment Benefits Other Than Pensions."
Significant Contract Services

We use contracted services extensively, including the following:

- MV Transportation, Inc., for Mobility Management Services (ADA Paratransit operations and On-Call Services);
- Herzog Transit Services, Inc. for our Commuter Rail services;
- Track 3 (a Joint Venture of LAN, Inc., Aquirre Corporation, APM and Associates, Inc., and Chiang, Patel & Yerby, Inc.) for General Engineering Consultant services and oversight for the Orange and Blue Line Design-Build contracts;
- Kiewit, Stacey and Witbeck, Reyes, and Parsons (a Joint Venture) under a Design Build contract for the Orange Line, Irving I and II;
- Austin Bridge and Road, under a Design Build contract for the Blue Line Extension, Rowlett I;
- Kiewit, Stacey and Witbeck, Reyes, and Parsons (a Joint Venture), under a Design Build contract for the DFW Corridor Orange Line, Irving-3;
- Blue Alliance Partners, a Joint Venture (HNTB Corporation/Dikita Enterprises, Inc.) for SOC-Design;
- South Oak Cliff Transit Partners, a Joint Venture (Stacey & Witbeck, Jerry Hanes Electric Company, Mas-Tek Engineering & Associates, Kiewit Infrastructure, South Legacy Resource Group) for SOC-3 CMGC;
- URS Corporation, under an Architect/Engineering contract for General Planning Consultant services; and
- Stacy and Witbeck, Inc. / Carcon Industries (a Joint Venture) under a Design Build contract for the Union Station to Oak Cliff Streetcar Line.

We also utilize contracts for a major portion of the planning, design, and construction of major capital programs.

Insurance

We maintain a comprehensive insurance program, including the following:

- We self-insure for auto liability, general liability, and workers' compensation claims arising out of transit operations. Segregated cash reserves are maintained for these programs.
- We carry all-risk property insurance for full repair or replacement in the event of loss with a $500 million limit for any one loss or any one location.
- We carry $125 million liability coverage for the Trinity Railway Express commuter rail service with a $3 million self-insured retention. This policy covers all entities associated with providing commuter rail service.
- We purchase $10 million of liability coverage for leased premises to comply with the terms of our lease agreements with third parties. We also purchase insurance to cover non-owned automobile liability, directors and officers liability, and employee dishonesty.
- For the second phase of the light rail build-out, we provide a $50 million project-specific professional liability insurance policy that covers all consultants providing professional services, including environmental consulting services and construction management. In addition, civil contractors are covered for pollution liability arising out of construction activities.
- An Owner Controlled Insurance Program (OCIP) provides all eligible enrolled contractors involved with constructing Phase II of the light rail build-out with statutory workers' compensation coverage, $100 million of general and excess liability insurance, railroad protective liability and builders' risk insurance. The OCIP went into effect on July 25, 2006, and will provide coverage through July 25, 2015. An additional ten years of products and completed operations coverage will commence upon acceptance of the work and commencement of revenue
service. Products and completed operations coverage for any work covered by the OCIP will not extend beyond July 25, 2025.

An Owner Controlled Insurance Program (OCIP) was also implemented on the SOC-3 section of the buildout. It provides all eligible enrolled contractors involved with constructing with statutory workers' compensation coverage, $50 million of general and excess liability insurance, railroad protective liability and builders' risk insurance. The SOC-3 OCIP went into effect on July 1, 2013 and will provide coverage through July 1, 2017. We provide a $10 million project-specific professional liability insurance policy that covers all consultants providing professional services.

As a public entity, we are protected in many instances by governmental immunity. In cases where our governmental immunity does not apply, our liability is often limited by the Texas Tort Claims Act to $100,000 per person or $300,000 per occurrence for bodily injury and $100,000 per occurrence for property damage. Workers' compensation payments are statutory and regulated by the Department of Labor and the Texas Department of Workers' Compensation.

DART'S FINANCIAL PRACTICES AND RESOURCES

Audits of Financial Information

DART's Fiscal Year is from October 1 through September 30. We maintain our records of accounts in accordance with generally accepted accounting principles. Our financial accounts and records are audited at the close of each Fiscal Year by an independent, outside auditing and accounting firm approved by the Board. The audits are usually presented to us not later than 120 days after the close of each Fiscal Year. The Independent Auditors' Report, with our audited annual financial statements for the Fiscal Years ended September 30, 2013 and 2012, is presented as a part of this 2014 Annual Disclosure Statement as Appendix A. Each subsequent annual revision of this 2014 Annual Disclosure Statement will include our most recent audited annual financial statements and our analysis of the financial results for the year.

Principal Source of Revenue—The Sales Tax

Our principal revenue source is the Sales Tax that is levied on taxable items that are sold, rented, or purchased, or acquired for use, within the boundaries of our Participating Municipalities. The Act and the Limited Sales, Use, and Excise Tax Act, Chapter 151, Texas Tax Code, as amended, contain a full description of the items and services subject to and exempted from the sales and use tax.

The Texas Legislature has modified the sales and use tax base from time to time to add or subtract certain items to or from our taxable base, and even to exempt from taxes certain items purchased during a defined time window. In 1999, the Legislature created an annual three-day "sales tax holiday" just prior to the opening of each new school year which exempts from State and local sales taxes the purchase of certain clothing, school supplies and footwear. The sales tax holiday exempts these purchases from the Sales Tax as well. While the law establishing the sales tax holiday currently permits us to repeal the temporary exemption from our Sales Tax, we do not intend to repeal this exemption unless it will adversely impact our ability to repay any outstanding Obligations.

The following table shows our Gross Sales Tax Revenues for each of the most recent 10 Fiscal Years. The Gross Sales Tax Revenues show actual receipts in a given Fiscal Year, and may differ from the sales tax revenues shown on our financial statements. When DART is notified of an overpayment of sales tax, an accounting adjustment is made to reflect the reduction in sales tax revenues in that same fiscal year. In two cases where sizeable overpayments were determined to have been made, DART entered into a repayment plan. The table below shows sales tax receipts less any repayment installments. Since the financial statements reflect a reduction in sales tax revenues for the Fiscal Year in which an overpayment is determined to have been made, rather than in the Fiscal Years over which an overpayment is repaid, the sales tax revenues shown on the financial statements may differ from the Gross Sales Tax Revenues shown below.

*The amounts shown for 2006 and 2008 include $13.2 million and $3.6 million, respectively, that the State Comptroller has determined to be overpayments. Such amounts are being repaid by DART in quarterly payments through March 2027. See “DART’s Operations and Performance Results – Sales Tax Revenues and the Net Operating Subsidy.”

Secondary Revenues—Farebox Collections

We collect fares from our bus, rail, and paratransit users. The Act permits us to set fares based upon a zone system or by another classification that we determine to be reasonable and nondiscriminatory.

We receive other miscellaneous revenues, primarily from advertising and leases. We refer to these and the farebox revenues as “Operating Revenues.” The following table lists our operating revenues and expenses for the past 10 fiscal years.

Federal Grant Funds

We receive federal grant funds primarily from the Federal Transit Administration (“FTA”). We utilize these proceeds to fund a portion of our eligible capitalized maintenance expenses and capital programs. Congress allocates transit funds on both a formula basis and a discretionary basis. We are eligible to receive both types of funds.

In July 2006, FTA awarded a landmark $700 million Full Funding Grant Agreement (FFGA) to DART for the Northwest Southeast Light Rail Transit (NWSE LRT) extension project. Congress appropriates the funds for such Agreements annually. To date, Congress has appropriated $691.3 million of the FFGA. We anticipate Congress will make the final appropriation in 2014 of $8.7 million to fund the FFGA.

Federal grants are on a reimbursement basis, so receipts will not match annual appropriation. The following table reflects actual federal and state cash receipts of DART by Fiscal Year for the past ten years.

**Lease/Leaseback Transactions**

As authorized by the Act, we entered into ten separate economically defeased lease transactions which, in general, involved our lease and leaseback of specified, depreciable property to various trustee entities, acting on behalf of private investors. As of the date hereof, three of such transactions are still outstanding with one transaction maturing in December 2013. The three outstanding transactions involve the lease and leaseback of light rail cars and buses used as a part of our transit system. See Note 10 to the Audited Financial Statements attached hereto as Appendix A.

Although we retain legal title to the leased property, these transactions were structured so as to result in a sale of the leased property to the private investors for federal income tax purposes. The rent due for the full term of the leases was prepaid to us, and the trustees have no further obligation to pay us any rent under the leases. The respective trustee subleased the property back to us for a sublease term that is shorter than the term of the respective lease. At a specified date on or before the end of the sublease term, we have the right to purchase the respective trustee’s interest in the respective lease.

We paid a portion of the advance rental payments received by us from the trustees to purchase contractual undertakings from certain financial institutions, rated “AA” or better at that time by recognized rating agencies, pursuant to which such financial institutions assumed and agreed to pay to the respective trustee the sublease rental payments due and owing by us through our purchase option date, together with the purchase option price owed by us if we determine to exercise our purchase option rights. In other leases, we deposited a portion of such advance rental payments with a custodian, whom we instructed to purchase direct obligations of the United States Government and other securities that will mature on the dates and in the amounts required to pay sublease rental payments and the respective purchase option price.

The excess amounts of the advance rental payments received by us over the costs of the contractual undertakings and the amounts of the custodial deposits, after paying for certain other costs incurred in connection with the transactions, was retained and utilized by us. After closing the transactions, we continue to have the right to uninterrupted use and possession of the leased property so long as we are not otherwise in default under the contractual terms of the lease documents. Notwithstanding such contractual undertakings and custodial deposits, we remain obligated to pay all amounts owed by us under the subleases, including sublease rent and the respective purchase option price should we exercise it, in the event of the insolvency of or other failure to pay by the respective financial institution or a failure of the respective custodial deposits.

We have successfully terminated or repaired all lease/leaseback transactions that were non-compliant with their respective operative documents. As of September 30, 2013, four lease/leaseback transactions were active and all are in full compliance with the respective operative documents, as amended.
DART OPERATIONS AND PERFORMANCE RESULTS

The Independent Auditors’ Report on DART’s financial statements for the fiscal year ended September 30, 2013, is attached as Appendix A. The information contained under this heading presents the comments, observations, and interpretations of financial and other facts and practices by our management and its opinions as to those facts, practices, and circumstances affecting DART. We do not warrant or guarantee that the conclusions we have drawn therefrom are accurate or complete or provide any assurances as to future financial and/or operating results of DART. The financial information discussed in this section is derived from the financial statements attached as Appendix A and other identified sources.

Sales Tax Revenues and the Net Operating Subsidy

Sales tax revenues contributed 61% and 56% of total revenues (which includes capital contributions and grants) in fiscal year 2013 and fiscal year 2012, respectively (excluding debt issuances). Sales tax revenues in fiscal year 2013 were $456.5 million, a $23.2 million (5.4%) increase over fiscal year 2012. Sales tax revenues for the year ended September 30, 2013 were $4.8 million (1.06%) above the projected Gross Sales Tax Receipts of $451.7 million. (Net receipts were $455.7 million versus a Sales Tax Budget of $451.7 million). Our sales taxes highly correlate with personal income and retail sales in the region. Our principal revenue source is the sales tax. Sales tax revenues received by us from the State Comptroller reflect sales transactions that occur approximately two months prior to receipt by us. The sales tax revenues discussed in this section are derived from our annual financials which reflect accounting adjustments made as a result of overpayments of sales taxes to DART. As a result of these accounting adjustments, sales tax revenues shown on our financial statements may differ from the Gross Sales Tax Revenues (which represent actual receipts in a Fiscal Year) shown in the table on page 15. As a result of overpayments to DART of $13.2 million in Fiscal Year 2006 and $3.6 million in Fiscal Year 2008, DART entered into a repayment plan with the State Comptroller which commenced in December 2006, and currently extends to March 2027. Pursuant to the repayment plan, the State Comptroller deducts quarterly repayments from sales tax revenues that would otherwise be owed to DART.

The Fiscal Year 2014 Budget projects Net Sales Tax Revenues of $478.5 million compared to $451.7 million for 2013. This represents a 5.9% increase from the 2013 budget which represents a 5% increase over the 2013 Actual Sales Tax Receipts. For the first two months of Fiscal Year 2014, sales tax receipts are 10.3% over the first two months of Fiscal Year 2013 and 3.49% above our fiscal year 2014 sales tax budget.

We maintain various cash reserves including a Financial Reserve Account that is funded with sales tax collections, if any, that exceed budget during a given year. In addition, a Capital Project Reserve Account was established. If the Financial Reserve Account exceeds $50 million, excess funds are placed in the Capital Project Reserve Account. An affirmative vote of two-thirds of the Board is required to draw upon the Financial and Capital Project Reserves and the funds may be used for any purpose approved by the Board. As of September 30, 2013, the balance in the Financial Reserve Account was $41.9 million and the balance in the Capital Reserve Account was $0. For Fiscal Year 2013, our sales tax receipts exceeded our sales tax budget by $3.98 million. Our Financial Standards require us to move any overages to the Financial Reserve Account. These funds were moved in December 2013 and the balance in the Financial Reserve Account as of December 2013 was $45.97 million. DART has entered into an Equity Security Agreement on one of our lease/leaseback obligations that requires us to set aside certain investments as security. As of September 30, 2013, DART has $10.2 million set aside in the Financial Reserve for this purpose. In addition, we are required by our Financial Standards to maintain a working cash balance in the general operating fund equal to at least one month of expenses that are projected to be paid from sales tax collections. As of September 30, 2013, the balance in the general operating fund was $687.5 million which equals approximately 13 months of expenses.

Operating results for Fiscal Year 2013 reflect that total expenses exceeded total operating revenues resulting in a loss before capital contribution, grants, and reimbursements of $288.4 million compared to $227.3 million for 2012. This loss in 2013 is greater than that of 2012 due to an increase in operating expenses and a decrease in revenues. Net operating subsidy measures the amount of sales tax dollars required to subsidize the operating costs of our public transit system. We calculate “net operating subsidy” in the following manner: operating expenses minus extraordinary items and depreciation minus operating revenues. Our goal is for the sales tax revenues to increase by a higher percentage than net operating subsidy. In Fiscal Year 2013, net operating subsidy increased as compared to 2012 due to increases in operating expenses.
**Sales Tax Revenues for Operating Expenses**

Sales tax revenues for operating expenses measures the percentage of sales tax revenues required to subsidize net operating costs. Conversely, this ratio also measures the amount of funding available for future capital expenditures and debt service. The sales taxes for operations calculation is as follows: net operating subsidy (see above) less interest income divided by sales taxes. This ratio moves lower if sales taxes grow by a higher percentage than net subsidy less interest income. The ratio decreased from 80.1% in Fiscal Year 2012 to 79.1% in Fiscal Year 2013 due primarily to increased sales tax revenues.

**Subsidy Per Passenger**

Subsidy per passenger measures the efficiency of our services. Specifically, it measures the amount of tax subsidy required each time a passenger uses our services. It is calculated as follows: operating expenses minus depreciation minus extraordinary items minus operating revenues divided by passenger boardings. Our goal is to minimize subsidy per passenger each year. For this to happen, ridership must grow at a higher percentage than net subsidy. Total system subsidy per passenger in Fiscal Year 2013 was $3.36, a $0.01 increase from Fiscal Year 2012. Fixed-route subsidy per passenger in Fiscal Year 2013 was $4.67, a $0.19 (4.2%) increase from Fiscal Year 2012. Subsidy per passenger for Fiscal Year 2013 ranged from a high of $35.35 for paratransit service to a low of $0.27 for HOV service.

**INFORMATION ABOUT DART’S TRANSPORTATION SYSTEM**

**The Current System**

Our current mass transit services include:

- Regular route bus service;
- Special events service;
- DART Mobility Management services including Paratransit, DART On-Call, and Flexible services;
- Light rail transit service;
- Commuter rail service;
- High Occupancy Vehicle Lanes to be transferred to TxDOT (see page 17); and
- RideShare matching services for carpools and vanpools.

During Fiscal Year 2013, we moved 107.5 million passengers. Average weekday ridership increased 3% to 350,500 in Fiscal Year 2013 as compared to Fiscal Year 2012. The following table highlights total system ridership by mode for the last ten years.

*Automatic Passenger Counter (APC) data used beginning in 2012. These counters have proven to be considerably more accurate than our current manual ridership counting methodology. The APCs show that we have been underreporting ridership by approximately 15.5%.
The system ridership and fixed-route ridership numbers are highlighted in the analysis given above. Fixed-route service includes bus, light rail, and commuter rail operations. Total system ridership includes fixed-route, paratransit, HOV transitways, and vanpools. Ridership figures are based on the number of unlinked passenger boardings (each passenger boarding is counted as one trip). Total system ridership in Fiscal Year 2013 was 107.5 million, an increase of 2.6 million (2.5%) from Fiscal Year 2012.

We contract for all of our paratransit and commuter rail services. While we remain responsible for these programs, our contracts establish operating performance standards which the contractors are expected to meet. We maintain an aggressive program to monitor and audit contractor compliance.

— Bus Transit (35.3% of total system ridership in Fiscal Year 2013)

Our bus system provides local, express, crosstown, on-call, flex, feeder bus routes and site specific shuttles. Local routes are focused on the Dallas Central Business District and serve the largest and most dense concentration of employment in the service area. The routes are characterized by stops at one to two block intervals along their stop segments. Service is provided six to seven days a week.

— Light Rail Transit (27.4% of total system ridership in Fiscal Year 2013)

Light Rail Transit is an electrically powered rail system that generally operates at street level. A 20-mile “Starter System,” opened in phases from June 1996 through May 1997, connects South and West Oak Cliff, downtown Dallas, and the North Central Expressway corridor as far north as Park Lane in Dallas. In 2002, DART’s light rail was extended to North Dallas, Garland, Richardson, and Plano. In 2009, the first phase of the Green Line opened southeast of downtown Dallas with the remainder opening in 2010. In 2012, the first 5-mile segment of the Orange Line to Irving opened for service in July. In December 2012, Irving -2 and the Rowlett extension of the Blue Line opened for service. As of the end of 2013, we operate an 85-mile light rail system.

— Commuter Rail (2.0% of total system ridership in Fiscal Year 2013)

Our commuter rail system, commonly referred to as the Trinity Railway Express (the “TRE”), provides diesel powered passenger railroad services on the TRE Corridor between Dallas and Fort Worth, in mixed traffic with freight railroad operations. The 34-mile corridor is jointly owned by DART and the Fort Worth Transportation Authority (the “T”). TRE service is provided pursuant to an interlocal agreement between DART and the T. This agreement was originally entered into in 1994 and was restated and adopted by both Boards in 2003.

Pursuant to Trackage Rights Agreements, the Burlington Northern Santa Fe, the Dallas Garland and Northeastern, and the Union Pacific railroads pay a fee for the right to operate freight services on the TRE corridor. TRE, through its contractor, Herzog Transit Services, Inc., dispatches and maintains the corridor as well as operates the service and maintains the rolling stock used in the service.

— Paratransit (0.7% of total system ridership in Fiscal Year 2013)

We are responsible for providing complementary paratransit service in accordance with the Americans with Disabilities Act of 1990 (the “ADA”). In Fiscal Year 2013, we transitioned to a new service delivery model and a new contractor, MV Transportation, Inc. (MV), for providing Paratransit service. MV provides, operates, and maintains a fleet of 8 MV-1s and 92 Starcraft vehicles, along with 11 DART-provided On-Call vans. During the first pilot year of the contract (FY13), the vehicle mix was adjusted to better suit the needs of DART Paratransit riders. This translated to MV altering the plans to operate 92 Starcraft vehicles through dedicated service in the second year of the contact. MV also oversees and manages a fleet of approximately 200 taxi vehicles provided by Yellow Cab.

— High Occupancy Vehicle (“HOV”) Lanes (33.8% of total system ridership in Fiscal Year 2013)

Interim HOV lanes are constructed within the right-of-way of existing freeways to provide access for multi-passenger vehicles and to relieve congestion levels. Buses, vanpools, motorcycles, and carpools with two or more occupants may use the HOV lanes. DART was responsible for operations, enforcement, and maintenance of the lanes until September 30, 2013. Beginning October 1, 2013 until the end of Fiscal Year 2014, DART’s only financial responsibility will be the operation of the barrier transfer machine on the I-30 HOV lane. Starting on October 1, 2014, TxDOT will be assuming all operating responsibilities for the HOV lanes.
— Transportation Demand Management (Vanpool is 0.8% of total system ridership in Fiscal Year 2013)

We work with area employers to develop strategies for reducing employee trips, such as carpools, vanpools, and flexible work schedules. We provide 206 vans for our vanpool program through a third party contractor. We also assist customers in forming carpools. Prospective carpoolers can call in and provide us with information for our RideShare database. We then work to link-up customers with common trip origins and destinations.

— Special Events Service

In FY 2013, we operated special event services (bus, light rail, and TRE) to the Texas State Fair, New Year’s Eve celebration in downtown Dallas, concerts, basketball, and hockey games. We also continued the special event use of the I-30W managed HOV lanes in support of large professional baseball and football games, and concerts in Arlington, Texas at AT&T Stadium. Due to the change in FTA charter regulations, we are restricted in the use of buses for charter activity. Consequently, most special event services are provided on the light rail, commuter rail, and HOV systems. Bus involvement is restricted to supplementing the capacity of the rail system during periods of very high usage.

Financial Plan

On September 24, 2013, the Board of Directors formally adopted the FY 2014 Annual Budget and Twenty-Year Financial Plan. The FY 2014 Twenty-Year Financial Plan remains largely unchanged from the FY 2013 Plan and reflects that we are staying on course with the changes planned over the last three years based on the economic consequences of the recession. Highlights of the FY 2014 Budget and Financial Plan are:

- The FY14 Annual Budget totals $1.042 billion; $459.3 million in operating, $406.0 million in capital, and $176.7 million in net debt service. This represents a reduction from the last few years as Light Rail construction projects are completed;

- Through the provisions of an interlocal agreement currently being negotiated, DART will transition the operations, maintenance, and enforcement of High Occupancy Vehicle (HOV) lanes in and around the DART Service Area to the Texas Department of Transportation (TxDOT) over the next two years;

- DART, working in conjunction with the Ft. Worth T and DCTA, is currently implementing a new mobile ticketing product called GoPass that will permit our customers to utilize their smart phones to conveniently purchase tickets and download them to their phones, obtain trip plans and the status of buses and trains, and receive information about area events. Employees of corporations participating in annual pass programs and students participating in university semester-based pass plans will be able to have their pass with their photo downloaded to their phone. In the spring of 2014, customers will be able to combine their purchase of a transit pass with a purchase of a pass to a participating museum, arena, or convention center facility. Beta testing conducted in the summer of 2013 with nearly 700 participants confirmed that riders liked the product;

- With a new contractor and a new operating model in place at the beginning of FY 2013, DART is completely reshaping its Paratransit service model to provide higher quality services at a significantly lower cost;

- In 2010, the DART Board adopted a strategic goal of strengthening DART’s role as a regional transportation leader by pursuing mechanisms that would allow DART the flexibility required to provide services outside the current service area. In 2011, the DART Board amended their policy to allow the provision of contracted service to cities outside the DART Service Area. This policy was amended again in 2013, requiring cities to hold an election within four years;

- DART is currently providing bus service outside the service area to Mesquite by contract. In August 2013, a two-year pilot project began in the City of Arlington under which express bus service is offered between the University of Texas Arlington campus and the TRE CentrePort/DFW Airport Station. This service is
provided through the combined efforts of DART and The T, with DART providing the buses and the drivers for the route. The new Board Policy will allow this type of service to be provided to other cities as well;

- A new fleet of CNG-powered heavy-duty transit buses began arriving in FY 2013. We are also replacing nearly 20% of the bus fleet with smaller (<30') vehicles which are less expensive to purchase and operate; and

- The anticipated revenue service date for the Blue Line South extension (South Oak Cliff-3) has been accelerated to late 2016.

The FY 2014 Business Plan (including the FY 2014 Annual Budget and Twenty-Year Financial Plan) is posted on our website at www.dart.org.

Future Expansions

The Board periodically updates our Transit System Plan. The most recent update, the 2030 Transit System Plan, was adopted in October 2006. Two light rail transit projects are funded and under construction: A 5-mile extension of the Orange Line (I-3) to the Dallas-Fort Worth International Airport; and a 2.6-mile Blue line extension to the UNT Dallas Campus (South Oak Cliff-3). Planning is underway to determine the second light rail alignment through downtown Dallas (D2). The implementation timeframe for D2 and other 2030 rail projects will be reassessed in the next system plan update based on updated financial conditions and system needs. Funding for these improvements is not within the current DART financial plan, and they will be reassessed in the next system plan update.

The DART Board has initiated a revision to the existing 2030 Transit System Plan and is in the early stages of identifying the goals and objectives for this effort. Projects in the 2030 Transit System Plan that were deferred/underfunded over the past several years will be reviewed and evaluated for potential inclusion in the 2040 Plan along with any new projects that may be identified. It is anticipated that the new plan will also focus on sustainability including low-cost initiatives to grow ridership, maintaining the system in a state of good repair, and regional connectivity. The 2040 Plan is expected to be completed in Fiscal Year 2016 and will also be financially constrained.

LITIGATION

In Ordinary Course of Business

Typically, a number of claims, administrative appeals, and/or lawsuits arise from individuals and businesses in the ordinary course of our business that seek compensation for additional construction costs, labor, and employment claims, personal injuries, death, and/or property damage resulting from routine operation and development of our public transportation system. We do not believe that the outcome of these claims, administrative appeals, and/or lawsuits will have a material adverse effect on our financial condition. We have accrued an estimate of losses on such matters and have included this accrual in accounts payable and accrued liabilities in our consolidated balance sheets.

INVESTMENT CONSIDERATIONS

Source of Payment is Limited

The Obligations will be special obligations of DART and will be secured by a lien on the Pledged Revenues.

The Obligations are not debts or obligations of the State of Texas; nor are they the debt or obligation of any Participating Municipality. The holders of Obligations will never have the right to demand payment out of any of our funds other than the Pledged Revenues, unless we, in the case of Subordinate Lien Obligations, expressly and
specifically pledge Special Revenues to such payment. We do have the right, however, but are not obligated, to enter into Credit Agreements with respect to any issue of Bond Obligations having any lien ranking as to Pledged Revenues. If we do so, the Holders of the issue of Bond Obligations to which a Credit Agreement relates will have such additional security as the Credit Agreement may provide, such as municipal bond insurance policies, bank-issued letters of credit, or other forms of credit enhancement.

Our Ability to Make Payments on Obligations is Dependent Upon the Amount of Gross Sales Tax Revenues Actually Generated

Except for Bond Obligations that may be supported by a Credit Agreement, as discussed above, the only sources of security for the Obligations will be the Gross Sales Tax Revenues collected by the Comptroller and remitted to the Trustee and the investments thereof, Federal Interest Subsidy, and the Pledged Farebox Revenues. Sales Tax receipts are impacted by changes in the economic activity and conditions of a municipality or geographic area, and the amount of Gross Sales Tax Revenues generated in any future year is not certain.

The Collection of the Sales Tax is Beyond Our Control

Generally, the seller of taxable items and services collects the Sales Tax from the consumer at the point of a taxable transaction and remits these taxes to the Comptroller. We do not control the Comptroller's collection efforts, and the Comptroller's collection efforts against a private seller of goods and services are subject to applicable State law and to federal bankruptcy code provisions with respect to the protection of debtors.

The Comptroller May Reduce Future Payments of our Gross Sales Tax Revenues or Require Us to Make Repayments to Provide for the Repayment of Overpayments of Gross Sales Tax Revenues that Occurred in Prior Periods

The Comptroller periodically identifies underpayments and overpayments of Gross Sales Tax Revenues and responds to claims by taxpayers. In the event that the Comptroller determines that we received an overpayment, our Gross Sales Tax Revenues for future periods are subject to reduction or we may be required to make a repayment in order to reimburse the overpayment. Under State law, DART has no legal standing or ability to intervene or appeal the Comptroller's determination. We have previously entered into two repayment agreements with the Comptroller regarding overpayments, including an agreement whereby overpayments of approximately $16.8 million will result in a reduction of our Gross Sales Tax Revenues in equal amounts quarterly through March 2027.

We May Receive Payment of Gross Sales Tax Revenues Less Frequently

State law requires the Comptroller to remit Gross Sales Tax Revenues to us only on a quarterly basis. As a matter of convenience and accommodation to local taxing entities, the Comptroller remits Gross Sales Tax Revenues to us and other taxing entities on a monthly basis. While we have no reason to believe that the Comptroller's current practice will be discontinued, there is no assurance that the Comptroller will continue to remit Gross Sales Tax Revenues to us on a monthly basis. Thus, temporary cash flow irregularities could occur.

We May Experience Variations in our Gross Sales Tax Revenues

Variations in the amount of receipts can be adversely affected by a number of variables, including (1) changes in State laws and administrative practices governing the remittance and allocation of Sales Tax receipts, (2) changes in the tax base against which the Sales Tax is assessed, (3) changes in the economic activity and conditions of a municipality or geographic area, and (4) the withdrawal from DART of one or more of the Participating Municipalities. See, "DART'S FINANCIAL PRACTICES AND RESOURCES."

Ratings of the Obligations Do Not Assure Their Payment

The Bond Obligations may be rated by one or more nationally recognized rating agencies. Each Supplemental Disclosure Statement and Offering Memorandum and each Supplemental Official Statement will describe any rating(s) that may be applicable to a series of Bond Obligations. A rating reflects the rating agency's assessment of
how likely it is that holders of a class of securities will receive the payments to which they are entitled. A rating may not remain in effect for any given period of time, and a rating agency may lower or withdraw a rating entirely. A rating is not a recommendation to purchase, hold, or sell securities because it does not address the market price of the securities or the suitability of the securities for any particular investor.

CONTINUING DISCLOSURE OF INFORMATION

We have agreed voluntarily to replace this 2014 Annual Disclosure Statement on an annual basis and to update it after the second and third quarters of our fiscal year. These disclosure documents will be filed with the Municipal Securities Rulemaking Board (“MSRB”) identified below, and will be posted on the Internet at our website, www.dart.org. We reserve the right to suspend or stop postings on the Internet and the annual and quarterly updates at any time.

However, we intend to comply fully with the terms of our agreement in the Master Debt Resolution undertaken pursuant to Rule 15c2-12 under the Securities Exchange Act of 1934 (the “Rule”) for the benefit of the Holders and beneficial owners of Bond Obligations that are subject to the Rule. Under this agreement, so long as any covered Bond Obligations remain outstanding we will provide certain updated financial information and operating data annually, and timely notice of specified material events, to the MSRB.

Annual Reports Required by the Rule

We will provide certain updated financial information and operating data with respect to us and the System to the MSRB annually. This information includes all quantitative financial information and operating data with respect to us and our transportation system of the general type included in this 2014 Annual Disclosure Statement and in each Supplemental Disclosure Statement, if any, that is approved by a Supplemental Resolution with respect to Bond Obligations subject to the Rule.

We will update and provide this information within six months after the end of each fiscal year. We will provide the updated information to the MSRB in electronic format, which will be available to the public free of charge via the Electronic Municipal Access (“EMMA”) system at www.emma.msrb.org.

The updated information will include audited financial statements if they are completed by the required time. If audited financial statements are not available by the required time, we will provide unaudited financial statements by the required time, and will provide audited financial statements when and if an audit report becomes available. Any such financial statements will be prepared in accordance with the accounting principles described in Appendix A or such other accounting principles as we may be required to employ from time to time pursuant to state law or regulation.

Our fiscal year ends on September 30. Accordingly, we must provide updated information by the last day of March in each year, unless we change our fiscal year. If we change our fiscal year, we will notify the MSRB of the change.

Over the last five years, we have complied in all material respects with all Continuing Disclosure Agreements made by us in accordance with the Rule except that DART timely electronically filed with EMMA its 2012 Annual Disclosure Statement for the year ended September 30, 2011. However, DART’s Audited Financial Statements for the year ended September 30, 2011 that are part of the Annual Disclosure Statement as Appendix A were inadvertently omitted from the electronically filed 2012 Annual Disclosure Statement as a result of an error that occurred during the electronic submission process. As a result, the Audited Financial Statements were not filed with the Annual Disclosure Statement. DART Financial staff corrected the submission by filing the Audited Financial Statements for the period ended September 30, 2011 on October 10, 2012. DART has modified its procedures for future submissions to EMMA. Under its new procedures, DART will electronically transmit to EMMA the Annual Disclosure Statement and the Audited Financial Statements as separate documents.

Material Event Notices Required by the Rule

We will also provide timely notices of any material events to the MSRB, in not more than ten Business Days after the occurrence, thereof, of any of the following events:
Exhibit 1

(i) Principal and interest payment delinquencies;

(ii) Nonpayment related default, if material;

(iii) Unscheduled draws on debt service reserves reflecting financial difficulties;

(iv) Unscheduled draws on credit enhancements reflecting financial difficulties;

(v) Substitution of credit or liquidity providers, or their failure to perform;

(vi) Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability. Notices of Proposed Issue (IRS Form 5701-TED) or other material notices or determinations with respect to the tax status of Obligations, or other material events affecting the tax status of Obligations;

(vii) Modifications to rights of Holders of Bond Obligations;

(viii) Bond Obligation call, if material and tender offers;

(ix) Defeasances;

(x) Release, substitution, or sale of property securing repayment of Bond Obligations; or

(xi) Rating changes;

(xii) Bankruptcy, insolvency, receivership, or similar event of DART, which shall occur as described below;

(xiii) The consummation of a merger, consolidation, or acquisition involving DART or the sale of all of substantially all of its assets, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material; and

(xiv) Appointment of a successor or additional paying agent/registrar or the change of name of a paying agent/registrar, if material.

For these purposes, any event described in the immediately preceding clause (xii) is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent, or similar officer for DART in a proceeding under the United States Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of DART, or if such jurisdiction has been assumed by leaving the existing governing body, and officials or officers in possession being subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court of governmental authority having supervision or jurisdiction over substantially all of the assets or business of DART.

In addition, we will provide timely notice of any failure by us to provide information, data, or financial statements in accordance with our agreement under the Rule.
Availability of Information From MSRB

The information will be available to Holders of Bond Obligations free of charge through the MSRB’s EMMA system at www.emma.msrb.org.

BOND RATINGS

The current underlying ratings for all the outstanding Senior Lien Obligations are “Aa2” by Moody’s Investors Service, Inc. and “AA+” by Standard & Poor’s Ratings Services, a Standard and Poor’s Financial Service LLC business. The Series 2007 Bonds and the Series 2008 Bonds are rated “AA” by Fitch Ratings.

OBLIGATIONS AS LEGAL INVESTMENTS

Under the Act, the Bond Obligations are authorized investments for banks, savings banks, trust companies, savings and loan associations, and insurance companies, and are eligible to secure the deposit of public funds of the State, a political subdivision of the State and any other political corporation of the State. For political subdivisions in Texas that have adopted investment policies and guidelines in accordance with the Public Funds Investment Act, a rating of “A” or better as to investment quality of the Bond Obligations by a national rating agency may be required before such obligations are eligible for investments for sinking funds and other public funds. We have not reviewed the laws in other states to determine whether our obligations are legal investments for various institutions in those states.

TRUSTEE AND PAYING AGENTS

The Trustee under the Master Debt Resolution is Amegy Bank N.A. and its successors. A Paying Agent for each series of Bond Obligations issued under the Master Debt Resolution will be specified in the Supplemental Resolution creating such series.

LEGAL COUNSEL

The law firms of Bracewell & Giuliani LLP, 1445 Ross Avenue, Suite 3800, Dallas, Texas 75202, and West & Associates LLP, 320 S. R.L. Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities of Dallas Area Rapid Transit ("DART"), as of and for the year ended September 30, 2013, and the related notes to the financial statements, which collectively comprise DART's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to DART's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of DART's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities of DART, as of September 30, 2013, and the changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.
**Emphasis of Matter**

As discussed in Note 1 to the financial statements, in June 2011, the GASB issued GASB Statement No. 63, "Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position". Statement 63 is effective for DART's fiscal year ending September 30, 2013. This Statement provides a new statement of net position format to report all assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position (which is the net residual amount of the other elements). This Statement requires that deferred outflows of resources and deferred inflows of resources be reported separately from assets and liabilities. This Statement also amends certain provisions of GASB Statement No. 34, Basic Financial Statements -- and Management's Discussion and Analysis -- for State and Local Governments, and related pronouncements to reflect the residual measure in the statement of financial position as net position, rather than net assets. Our opinion is not modified with respect to this matter.

**Other Matters**

**Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Schedule of Funding Progress, as listed in the table of contents, be presented to supplement the financial statements. Such information, although not a part of the financial statements, is required by Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management’s responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

**Report on Other Legal and Regulatory Requirements**

In accordance with Government Auditing Standards, we have also issued our report dated January 31, 2014 on our consideration of DART's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering DART's internal control over financial reporting and compliance.

DALLAS AREA RAPID TRANSIT
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
FOR THE YEARS ENDED SEPTEMBER 30, 2013 AND 2012 (Dollars in Thousands)

The management of Dallas Area Rapid Transit (DART) offers the users of DART's financial statements this narrative overview and analysis of the financial activities for the fiscal years ended September 30, 2013 and 2012. This discussion and analysis is designed to assist the reader to focus on significant financial activities and identify any significant changes in the financial position of DART. It should be read in conjunction with the financial statements that follow this section. All amounts, unless otherwise indicated, are expressed in thousands of dollars.

FINANCIAL HIGHLIGHTS

As of September 30, 2013 and 2012, total assets of DART exceeded total liabilities and deferred inflows of resources by $2,207,304 and $2,344,124 respectively. The amount of unrestricted net position as of September 30, 2013 was $797,350 compared to $771,204 in 2012.

The net position of DART decreased by $136,820 during the current fiscal year compared to a decrease of $29,487 last year. The decrease during 2013 is predominately due to increases in interest and depreciation expenses and decreases in federal grants. The decrease during 2012 is due to increases in interest and depreciation expenses. The decrease during 2013 is more than that of 2012 because of increases in expenses and decreases in grants.

DART's total debt increased by $127,180 (3%) during the current fiscal year compared to a decrease of $122,714 (3%) in 2012. The increase in 2013 is due to additional borrowings in the form of revenue bonds, commercial paper notes and Transportation Infrastructure Finance and Innovation Act (TIFIA) bonds. The decrease in 2012 is due to principal payments made on revenue bonds, commercial paper notes and capital lease/leaseback liabilities.

Sales and use tax revenue was $456,524 in 2013 compared to $433,302 in 2012 and it increased by 5.4% ($23,222) in 2013 compared to an increase of 7.5% ($30,074) in 2012.

Capital contributions from federal, state and local governments were $134,148 in 2013 and $141,669 in 2012. Such contributions were used to finance DART's transit system expansion projects and acquisition of light rail vehicles, buses and equipment.

Other federal grants were $17,418 in 2013 compared to $56,161 in 2012.

For fiscal year 2013, total expenses exceeded total revenues resulting in a loss before capital contributions and grants of $288,386 compared to $227,317 for 2012. The loss in 2013 is higher than that of 2012 primarily because of the increase in depreciation and interest expenses.

BASIC FINANCIAL STATEMENTS

Management's Discussion and Analysis serves as an introduction to DART's basic financial statements. DART's basic financial statements are comprised of four components: Statements of Net Position; Statements of Revenues, Expenses, and Changes in Net Position; Statements of Cash Flows; and Notes to the Financial Statements.

The Statements of Net Position presents information on all of DART's assets, deferred outflows of resources, liabilities, and deferred inflows of resources. Assets plus deferred outflows of resources, less liabilities, less deferred inflows of resources equals net position. Over time, increases or decreases in net position may serve as a useful indicator of changes in the financial position of DART. The Statements of Net Position is shown on page 14 of this report.

The Statements of Revenues, Expenses, and Changes in Net Position present information on revenues, expenses, capital contributions, and how DART's net position changed during the two most recent fiscal years. All changes in net position are reported as soon as the underlying event giving rise to the changes occurs, regardless of the timing of related cash flows. Thus, revenues, expenses, and capital contributions are reported in the statements for some items that result in cash flows only in future fiscal periods. The increase or decrease in net position may serve as an indicator of the effect of DART's current year operation on its financial position. The Statements of Revenues, Expenses, and Changes in Net Position are shown on page 15 of this report.

The Statements of Cash Flows summarize all of DART's cash flows into four categories: cash flows from operating activities; cash flows from non-capital financing activities; cash flows from investing activities; and cash flows from capital and related financing activities. The statements of cash flows, along with related notes and information in other financial statements, can be used to assess the following: DART's ability to generate positive cash flows and pay its debt as the debt matures; the reasons for differences between DART's operating cash flows and operating income (loss); and the effect of cash and non-cash investing, capital, and financing activities on DART's financial position. The Statements of Cash Flows are shown on pages 16-17 of this report.

Notes to the Financial Statements provide additional information that is essential to fully understand the data provided in the Statements of Net Position, Statements of Revenues, Expenses, and Changes in Net Position, and Statements of Cash Flows. The Notes to the Financial Statements are shown on pages 18-39 of this report.

The activities of DART are accounted for as a proprietary fund and are presented in the financial statements of DART as business type activities. The activities of DART are supported by a 1% sales and use tax within the member jurisdictions, fare collections, federal, state, and local financial assistance, and other receipts such as advertising and rental income.

The financial statements of DART include the accounts and operations of blended component units, Regional Rail Right-of-Way Corporation and Dallas Area Rapid Transit Bus Service, LGC.

FINANCIAL ANALYSIS

Statements of Net Position – Total assets of DART exceeded total liabilities and deferred inflows of resources by $2,207,304 and $2,344,124 as of September 30, 2013 and 2012, respectively. The largest portion of this excess (62% in 2013 and 66% in 2012) was net investment in capital assets (capital assets less related outstanding debt). DART uses these capital assets to provide public transportation services to customers and member jurisdictions; consequently, these assets are not available for future spending. Although DART’s investments in capital assets are reported net of related debt, it should be noted that the resources needed to repay this debt must be obtained from other sources such as sales and use tax and farebox revenues, since the capital assets themselves cannot be used to liquidate these liabilities.

Other non-current assets decreased by $50,133 in 2013 compared to a decrease of $266,937 in 2012. The decreases in both 2013 and 2012 are mainly due to decreases in restricted investments held for system expansion and acquisition as a result of spending on capital projects and payments made on capital lease/leaseback liabilities.

As of September 30, 2013, $10,218 of DART’s net position is restricted to satisfy the requirements of an amended lease/leaseback agreement compared to $10,543 as of September 30, 2012. The unrestricted portion of net position, $797,350 in 2013 and 771,204 in 2012 represent resources available to meet DART’s ongoing obligations. The DART Board committed $44,746 and $35,013 of the unrestricted net position for self-insurance and financial reserves in 2013 and 2012, respectively. The increase in unrestricted net position of $26,146 (3%) in 2013 is due to an increase in sales tax revenue. The decrease in unrestricted net position of $69,093 (8%) in 2012 is due to capital project cost.
Statements of Revenues, Expenses, and Changes in Net Position — During fiscal year 2013, DART’s activities resulted in a decrease in net position of $136,820 compared to a decrease of $29,487 in 2012. The decrease during 2013 is predominately due to increases in interest and depreciation expenses and decreases in federal grants. The decrease during 2012 is due to increases in interest and depreciation expenses. The key elements of the changes in net position for the fiscal years ended September 30 with comparative information for 2011 are shown in the following table.

Passenger revenues – include farebox receipts, monthly and annual pass revenues, paratransit revenue, and special event fares. Passenger revenues increased by 13% ($7,760) in 2013 compared to a 4% ($2,480) increase in 2012. The increase in 2013 is due to an increase in light rail ridership and a fare increase that became effective December 2012. The increase in 2012 is due to increases in bus and light rail ridership.

Advertising, rent and other – Advertising income includes revenues from advertisements at transit stations, on DART buses, and electronic signs on light rail cars. Rental income includes revenue from the rental of land along the rail corridor and other properties. Advertising, rent and other income decreased by 20.5% ($4,160) in 2013 compared to an increase of 69% ($8,257) in 2012. The decrease during 2013 is due to lower amount of reimbursement of HOV operating costs for service provided outside of the DART service area compared to the previous year. The increase during 2012 is due to reimbursement of HOV operating costs for service provided outside of the DART service area.

Sales and use tax revenue – Sales and use tax revenue is a dedicated 1% tax imposed on certain items within DART’s member jurisdictions or service area. Sales and use tax revenue increased by 5.4% ($23,222) in 2013 compared to an increase of 7.5% ($30,074) in 2012. The increases in both 2013 and 2012 are due to a relative improvement in the local economy resulting in better than previous year’s retail sales. Sales and use tax revenue constituted approximately 61% of DART’s total revenues in 2013 compared to 56% in 2012.

Other federal grants – Other federal grant revenues decreased by 69% ($38,743) in 2013 compared to an increase of 18% ($8,595) in 2012. The decrease in 2013 is due to a delay by the metropolitan planning organization in calculating sub-allocation of formula funds. The following factors contributed to the increase in 2012: more funds made available by Federal Transit Administration (FTA); more work done on the integrated corridor management (ICM) project that resulted in increased reimbursements during 2012 compared to 2011; and some of the preventive maintenance grant money was used for capital projects during 2011 and reported as capital contributions. DART received $1,545 in 2013 and $1,731 in 2012 from the Federal Transit Administration (FTA) for vanpool and ozone programs and $706 in 2013 compared to $539 in 2012 in the form of homeland security grants from the United States Department of Homeland Security.

Capital contributions – Capital contributions include federal, state and local grants and contributions. Capital contributions decreased by 5% ($7,521) in 2013 compared to an increase of 16% ($19,355) in 2012. The decrease in 2013 is mainly due to lower state capital contributions as a result of completion of projects funded with such grants. The increase in 2012 is mainly due to a new grant received from the State of Texas in the form of Texas Mobility Fund (TMF).

Investment income – Investment income decreased by 26% ($7,014) in 2013 compared to 4% ($1,119) decrease in 2012. The decrease in 2013 is due to changes in the market value of investments, a decrease in investments held to pay lease/leaseback obligations and a slightly lower interest rate during 2013. The decrease in 2012 was due a decrease in investments held to pay lease/leaseback obligations.

Build America Bonds tax credit – The Build America Bonds (BABs) tax credit decreased by 7% ($2,056) in 2013 compared to a 1% ($212) increase in 2012. The decrease in 2013 is due to budget cuts by the Federal government, or "sequestration". The increase in 2012 is due to the full year effect of an additional bond issued under the BABs program in October 2010.
Other revenues – Other revenues increased by 7.3% ($834) in 2013 compared to a 16% ($2,170) decrease in 2012. Other revenues include: revenues from billings to the Fort Worth Transportation Authority (The T) for their share of the Trinity Railway Express (TRE) commuter rail service; toll credits received from the State of Texas as a local match for FTA capital grants; and alternative fuel tax credits. The following factors contributed to increases in 2013: a gain on disposal of assets from sales of old buses and paratransit vans; an increase in alternative fuel tax credits received due to compressed natural gas (CNG) use on the new bus fleet; and increase in mineral lease revenues due to increased fuel drilling activities on properties leased from DART. The decrease in 2012 is due to less alternative fuel tax credit received during 2012 compared to 2011. The following charts summarize revenues for fiscal years 2011 through 2013.

**Labor** – Labor costs increased by 5% ($9,792) in 2013 compared to an increase of 2% ($3,719) in 2012. The increase in 2013 is due to positions filled in Maintenance, DART Police, Technology, and Revenue Operations. Termination payment to some HOV employees also contributed to the increase. The increase in 2012 is due to positions filled in operations such as Transportation, Maintenance and DART Police. The increase in operations labor cost in 2012 is partially offset by a decrease in administrations labor cost as a result of a reduction in force that took place at the end of 2011.

**Benefits** – Benefits increased by 0.7% ($568) in 2013 compared to a 0.2% ($186) increase in 2012. The smaller increases in both 2013 and 2012 are due to decreases in workers compensation claim costs as a result of improved claim experience. This decrease is partially offset by increases in pension plans' costs, health care costs and retiree benefits expenses.

**Services** – Services include contracted services such as: security, vehicles, equipment and right-of-way maintenance, advertising, marketing, computing, communication, legal, governmental, and environmental services. Services increased by 15% ($4,622) in 2013 compared to an increase of 1.9% ($1,190) in 2012. The increase in 2013 is due to increased work on the commuter rail right-of-way maintenance, spending on the 511 traffic information system that became operational during 2013, advertising costs associated with the Irving 2 and Rowlett light rail openings in December 2012, and an increase in software licenses needed for the new radio communications program. The decrease in 2012 is related to the following items: commuter rail vehicle maintenance, right-of-way maintenance, facilities maintenance, and advertising expenses. Commuter rail vehicle maintenance expense was down in 2012 because overhaul of certain commuter rail cars was close to completion in 2012 compared to the level of work done during 2011. Right-of-way maintenance expenses decreased during 2012 because less work was performed on the commuter rail right-of-way during 2012 compared to 2011. Facilities maintenance expense decreased during 2012 because of the decrease in the amount spent on tunnel repair and replacement of trash cans at bus stops compared to 2011. Advertising decreased during 2012 because it did not include costs associated with opening promotions as it did in 2011.

**Materials and supplies** – Materials and supplies include the cost of fuel, parts and supplies used to operate and maintain vehicles, equipment, and facilities. Materials and supplies expenses increased 8% ($4,104) in 2013 compared to a decrease of 4% ($1,976) in 2012. The increase in 2013 is mainly due to obsolete/surplus parts expense as a result of replacing the older bus fleet with new compressed natural gas (CNG) buses. Some of the spare parts maintained for the old buses could not be used on the new buses. The decrease in 2012 is due to decreases in spending on light rail parts as a result of delays in overhaul programs and decreased allowance for obsolete parts.

**Purchased transportation** – Purchased transportation represents the costs of contracted transportation services such as commuter rail, paratransit, DART on-call, and shuttle services. Purchased transportation expenses decreased by 21% ($11,924) in 2013 compared to a decrease of 4% ($2,174) in 2012. The decrease in 2013 is due to changes in the paratransit service delivery program and service provider which resulted in cost savings during 2013. The increase in 2012 is due to increases in the hourly rate, fuel costs, and fixed monthly costs for paratransit service.
Depreciation – Depreciation expenses increased by 24% ($45,835) in 2013 compared to an 8% ($13,756) increase in 2012. The increases in both 2013 and 2012 are due to new assets placed in service during both fiscal years. Depreciation expense for 2013 includes impairment losses of $8,318 due to unexpected wear and obsolescence of the Dallas Central Business (CBD) light rail line segment rail and $834 for a light rail vehicle that was derailed and damaged during 2013.

Utilities – Utilities represent the cost of electricity, telecommunications, water, sewer, and natural gas. Utilities increased by 13% ($2,447) in 2013 compared to an increase of 9% ($1,452) in 2012. The increases in both 2013 and 2012 are due to an increase in electricity usage as a result of opening new light rail segments and operating facilities.

Taxes, leases, and other – Taxes, leases, and other includes fuel and lube taxes, equipment rentals, leases of operating and passenger facilities, training, travel, business meetings, membership dues, subscriptions, employee programs and allowance for uncollectible receivables. Taxes, leases, and other expenses decreased by 2% ($128) in 2013 compared to a decrease of 0.1% ($5) in 2012. The decreases in both 2013 and 2012 are due to leases terminated during both years.

Casualty and liability – Casualty and liability expenses increased by 6% ($281) in 2013 compared to an increase of 30% ($1,170) in 2012. Increases in both years are due to higher claim losses.

Street improvements – Local assistance is provided to eligible member jurisdictions in the form of technical and financial assistance to reduce traffic congestion and complement bus and public transit operations. The street improvement program costs increased by 18% ($1,000) in 2013 compared to an increase of 351% ($4,371) in 2012. The increases in both 2013 and 2012 are due to increased work on intelligent transportation systems and street improvement projects that are expected to improve the flow of vehicle traffic.

Interest – Interest expense increased by 15% ($22,655) in 2013 compared to an increase of 7% ($9,519) in 2012. In both 2013 and 2012, interest expense increased due to additional borrowings in the form of revenue bonds and less interest capitalized as a result of the completion of the Green Line, Rowlett extension, Irving I, and Irving II projects during 2012 and 2013.

Other non-operating expenses – Other non-operating expenses increased by 12% ($403) in 2013 compared to a decrease of 68% ($7,399) in 2012. The increase in 2013 is due to general planning and consulting service costs. The decrease in 2012 is due to less cost incurred for general planning and consulting services costs for the regional commuter rail project than in 2011.

The charts on the following page summarize expenses for fiscal years 2011 through 2013.

The increases during 2013 and 2012 are due to the cost of planning, designing and building the Light Rail Transit (LRT) Phase II expansion. The Phase II expansion consists of approximately 46 miles of light rail transit lines. These new lines extend northwest from Downtown Dallas to the cities of Carrollton, Farmers Branch, and Irving and southeast from Downtown Dallas to Buckner Blvd. in South Dallas and northeast from the Downtown Garland Station to the Rowlett Park-and-Ride. The first section of the southeast extension, Bryan Street to Fair Park, opened for service on September 14, 2009. Other northwest and southeast extensions opened for service during 2011 and the first section of Irving line segment opened for service in July 2012. The second section of the Irving line segment and the northeast (Rowlett) opened for service in December 2012.

Additional information on DART’s capital assets is shown in note 6 on pages 26-27.

The sales tax revenue commercial paper notes outstanding balance was $100,000 as of September 30, 2013 compared to $70,000 as of September 30, 2012. The commercial paper notes were issued as a senior subordinate lien to sales and use tax revenues and are payable from the 1% sales and use tax receipts.

Senior lien revenue bonds outstanding are $3,411,095 as of September 30, 2013 and $3,290,060 as of September 30, 2012. These are senior lien bonds secured by and payable from the 1% sales and use tax receipts and farebox revenues (pledged revenues). The increase of $121,035 in 2013 is due to an additional borrowing during fiscal year 2013 net of principal payments. The decrease of $8,370 in 2012 is due to principal payments made on December 1, 2011. All DART bonds are issued to finance capital projects. The senior lien revenue bonds are shown net of original issuance premium, discount and refunding gain (loss) of $78,491 and $61,195 as of September 30, 2013 and 2012, respectively, on the Statements of Net Position.
During 2013, DART maintained a AA+ credit rating from Standard & Poor's, and a Aa2 from Moody's for its bonds.

TIFIA bonds payable are $45,000 as of September 30, 2013. On December 13, 2012 DART entered into a Transportation Infrastructure Finance and Innovation Act (TIFIA) financing agreement with the U.S Department of Transportation (DOT). Under this loan agreement, DART will issue a Senior Lien Obligation bond to borrow up to $119,972 from the DOT. The proceeds from the bond will be used to pay for the cost of the third phase of DART's light rail Orange Line extension project, which will extend DART's light rail service from Irving to the Dallas Fort Worth International Airport. The TIFIA financing agreement is reimbursement-based and DART will request (draw down) the money after paying for the capital project costs. DART has drawn down $45,000 during fiscal year 2013 and plans to draw down up to $74,972 during fiscal year 2014. The TIFIA bond is a Senior Lien Obligation and is secured by and payable from Pledged Revenues on parity with other Senior Lien Obligations.

Capital lease/leaseback liabilities are $220,704 and $289,559 as of September 30, 2013 and 2012, respectively. The decrease in capital lease/leaseback liabilities in both 2013 and 2012 are due to lease payments.

Additional information on DART's outstanding debt is shown in footnotes 10-15.

1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

Organization – Dallas Area Rapid Transit (DART) is a regional transportation authority of the State of Texas, created and confirmed by passage of a referendum on August 13, 1983, pursuant to Article 1118y of the Vernon’s Annotated Texas Civil Statutes, as amended, and recodified into Section 452 of the Texas Transportation Code (the Code) effective September 1, 1995. DART is organized to provide public and general transportation services to 13 member jurisdictions in five counties: Dallas, Collin, Ellis, Denton, and Rockwall. The member jurisdictions in which the voters elected to be included in DART consist of the cities of Carrollton, Cockrell Hill, Dallas, Farmers Branch, Garland, Glenn Heights, Irving, Plano, Richardson, Rowlett, University Park, and the towns of Addison and Highland Park. Fifteen Board members represent the 13 member jurisdictions. Board members are appointed according to the ratio of the population of a member jurisdiction to the total population of the service area. One Board member may represent multiple jurisdictions.

Amendments to DART’s enabling legislation require approval of the Texas State Legislature, which holds its regular session every two years. Past legislative changes allowed the issuance of lease/leaseback transactions (see note 10), changed the collection period of sales taxes from quarterly to monthly, and allowed a joint pledge of sales and use tax and farebox revenues as security for long-term debt. Future changes to DART’s enabling legislation could have a material impact on DART’s financial position. The next session of the State Legislature is scheduled to begin in January 2015.

On August 12, 2000, the voters of the DART service area passed a referendum that allows DART to issue up to $2.9 billion of bonds or notes that are solely payable from and secured by the DART sales and use tax revenue, have maturities beyond five years, and are issued pursuant to the authority granted at the election. Based on legislative changes made in 2009, DART is authorized to secure debt with revenues from multiple sources. As a result, the $2.9 billion limitation regarding the principal amount of Bond Obligations DART is permitted to issue is no longer applicable, when secured by multiple revenue sources. August 9, 2001, DART issued $400 million of the authorized $2.9 billion bonds. On September 10, 2002, $98.7 million of the authorized bonds were issued. On March 8, 2007, an additional $770.3 million of the authorized bonds were issued. From the $770.3 million, $317.7 million was issued to refund part of the 2001 and 2002 bonds. The remaining $452.6 million was issued to pay-off commercial paper notes. In April 2008, the Board approved the fourth issuance of Bonds (Series 2008), for $731.4 million as authorized by the Master Debt Resolution. This issuance included $341 million to refund commercial paper notes. In May 2009, the Board approved the fifth issuance of Bonds (Series 2009A and Series 2009B), for $1 billion as authorized by the Master Debt Resolution (see notes 12 and 13). In September 2010, the Board approved the sixth issuance of Bonds (Series 2010A and Series 2010B), for $824.6 million as authorized by the Master Debt Resolution (see notes 12 and 13). On November 15, 2012, DART issued and sold $127,775 in Senior Lien Sales Tax Revenue Bonds (Series 2012 Bonds). Series 2012 Bonds were issued to refund $150,000 Commercial Paper Notes. The Commercial Paper Notes were issued to finance capital expenditures for DART’s system expansion and acquisition. On December 13, 2012 DART entered into a Transportation Infrastructure Finance and Innovation Act (TIFIA) financing agreement with the U.S. Department of Transportation. Under this agreement, DART will issue a Senior Lien Obligation bond to borrow up to $19,972 from the U.S Department of Transportation. The proceeds from the bond will be used to pay for the cost of the third phase of DART’s light rail Orange Line extension project, which will extend DART’s light rail service from Irving to the Dallas Fort Worth International Airport. As of September 30, 2013, DART received $45,000 in TIFIA bonds proceeds. These bonds are Senior Lien Revenue Bonds that are secured by, and payable from, a senior lien on Pledged Revenues.

DART received approximately $456,524 in 2013 from a 1% sales and use tax imposed on certain items within its member jurisdictions compared to $433,302 in 2012. These revenues constituted approximately 61% of DART’s total revenues during fiscal year 2013 compared to 56% during 2012. Approximately 51%, 15%, and 11% of these sales and use tax revenues were collected from sales in the cities of Dallas, Plano, and Irving during fiscal years 2013 compared to 50%, 16%, and 11% for fiscal year 2012.

Basis of Accounting – The activities of DART are accounted for as proprietary funds and therefore are reported as an enterprise fund in accordance with governmental accounting and financial reporting principles issued by the Governmental Accounting Standards Board (GASB). Accordingly, transactions are accounted for using the accrual basis of accounting.

Reporting Entity – DART has two blended component units, Regional Rail Right-Of-Way Corporation (RRRC) and Dallas Area Rapid Transit Bus Service, LGC (LGC). RRRC is a legally separate corporation, which was formed to facilitate the acquisition of certain properties and right-of-way for DART. The RRC Board consists of three board members that are appointed by the DART Board. LGC is a Corporation created under the LGC Act on behalf of DART to provide public transportation service (solely by bus) outside the DART service area. Currently the LGC provides bus service to the cities of Arlington and Mesquite. The LGC Board consists of five Board members who are appointed by the DART Board of Directors. Since DART appoints the governing board of the RRC and LGC; has operational responsibility for them; and since the RRRC and LGC activities directly benefit DART; the financial information of the RRRC and LGC, are included in the accompanying financial statements of DART as blended component units in accordance with GASB Statement No. 61. Internally prepared financial statements for either RRRC or LGC may be obtained by contacting the Chief Financial Officer at Dallas Area Rapid Transit, 1401 Pacific Avenue, P.O. Box 660163, Dallas, TX 75266-7220.

NOTES TO FINANCIAL STATEMENTS

FOR THE YEARS ENDED SEPTEMBER 30, 2013 and 2012 (Dollars in Thousands)

New Accounting Pronouncements – In December 2010, GASB issued Statement No. 60, Accounting and Financial Reporting for Service Concession Arrangements, to improve financial reporting by addressing issues related to service concession arrangements (SCAs), which are a type of public-private or public-public partnership. The standard addresses SCAs in which there is an arrangement between a transferor (a government) and an operator (governmental or non-governmental entity) in which (1) the transferor conveys to an operator the right and related obligation to provide services through the use of infrastructure or another public asset (a “facility”) in exchange for significant consideration and (2) the operator collects and is compensated by fees from third parties. The statement also includes required disclosures about the SCAs. This Statement became effective for DART during 2013 and had no material impact on DART during 2013.

In November 2010, GASB issued Statement No. 61, The Financial Reporting Entity: Omnibus—an amendment of GASB Statements No. 14 and No. 34, to improve financial reporting for a governmental reporting entity. The standard modifies certain requirements for inclusion of component units, amends criteria for blending, and clarifies the reporting of equity interests in legally separate entities. This Statement became effective for DART during 2013 and had no material impact on DART during 2013.

In December 2010, GASB issued Statement No. 62, Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements. This statement incorporates into the GASB’s authoritative literature certain accounting and financial reporting guidance that is included in the following pronouncements issued on or before November 30, 1989, which does not conflict with or contradict GASB pronouncements: Financial Accounting Standards Board (FASB) Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins of the American Institute of Certified Public Accountants’ (AICPA) Committee on Accounting Procedure. This Statement also supersedes Statement No. 20, Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting, thereby eliminating the election provided in paragraph 7 of that Statement for enterprise funds and business-type activities to apply post-November 30, 1989 FASB Statements and Interpretations that do not conflict with or contradict GASB pronouncements. However, those entities can continue to apply, as other accounting literature, post-November 30, 1989 FASB pronouncements that do not conflict with or contradict GASB pronouncements, including this Statement. This Statement became effective for DART during 2013 and had no material impact on DART during 2013 except for a slight change to the basis of accounting paragraph on page 18.

In June 2011, GASB issued Statement No. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position. This Statement provides financial reporting guidance for deferred outflows of resources and deferred inflows of resources. GASB defines deferred outflows of resources as a consumption of net assets by the government that is applicable to a future reporting period and deferred inflows of resources as an acquisition of net assets by the government that is applicable to a future reporting period. This standard became effective for DART in fiscal year 2013. It resulted in renaming the Statements of Net Assets to Statements of Net Position and introduced a new line item; Deferred Inflows of Resources that is required to be shown on the Statements of Net Position.

Cash and Cash Equivalents – DART considers investments in unrestricted funds with original maturities of less than 90 days at the date of purchase to be cash equivalents. Cash and cash equivalents were $75,826 and $106,532 as of September 30, 2013 and 2012, respectively.

Investments – The investment balances, other than investments held to pay lease/leaseback obligations (see Note 3), at September 30, 2013 and 2012 are stated at fair value. Fair value is the amount at which an investment may be exchanged in a current transaction between willing parties other than in a forced or liquidation sale. DART utilizes quoted market prices at September 30, 2013 and 2012, as the equivalent of the fair value of investments. When both restricted and unrestricted funds are available, it is DART’s policy to spend restricted funds first on eligible expenditures.

Material and Supplies Inventory – An inventory of supplies and parts is maintained at different DART warehouses for use in the operation and is recorded as an expense when consumed or placed in service. Inventory is stated at average cost.

Capital Assets – Capital assets are assets with an initial individual cost of more than five thousand dollars ($5,000) and an estimated useful life in excess of one year. Such assets are stated at cost. Depreciation is calculated using the straight-line method over the estimated useful lives of the related assets as indicated in note 6. Major improvements to buildings and equipment are capitalized. Maintenance and repairs are charged to expense as incurred. Improvements and betterments that extend the useful lives of capital assets or add new functionality are capitalized. Transit system development costs for services such as project-related design, construction, construction management, and project management costs are capitalized when incurred. Interest expense incurred during the construction phase of a capital asset is capitalized. In 2013, total interest and financing expense of $174,453 was incurred, and $14,794 of this total was capitalized. In 2012, total interest and financing expense of $171,966 was incurred, and $38,352 of this total was capitalized. Donated assets are capitalized at estimated fair value on the date of donation.

Federal, State and Local Capital Contributions, and Grants – Grant funds used for the acquisition of property and equipment are recorded as capital contribution revenues when the related grant eligibility requirements are met and qualified expenditures are incurred. DART received $154,148 in federal, state and local capital contributions during 2013 compared to $141,669 during 2012. Of the total capital...

contributions amount received during 2013, $70,110 was based on capital expenditures made during the previous years. This amount is included in Federal Capital Contributions on the Statements of Revenues, Expenses and Changes in Net Position for the fiscal year ended September 30, 2013. In addition to capital contributions, DART also received $17,418 in 2013 compared to $56,161 in 2012 in the form of other federal grants. Included in these amounts are grants that are substantially related to capital maintenance grants from the federal government.

Paid Time Off, Vacation and Sick Leave – Salaried exempt and non-exempt employees are eligible for a "Paid Time Off" (PTO) benefits program. Accumulated PTO hours have no cash value unless the employee has five or more years of service. Upon termination of employment, a percentage of unused PTO hours will be paid in a lump sum based on number of years or length of continued service with DART. Hourly employees earn vacation and sick leave, which may be taken or accumulated up to certain levels, until paid upon retirement or termination. The liability for PTO, vacation, and sick leave has been calculated in accordance with GASB Statement No. 16, Accounting for Compensated Absences, and is included in the accounts payable and accrued liabilities line item in the accompanying Statements of Net Position.

Operating Revenues and Expenses – Operating revenues are generated from activities related to providing public transportation services such as bus, light rail, commuter rail, paratransit, and vanpool to DART customers. DART's operating revenues include passenger fare revenues, advertising revenues, and certain rental income. Non-operating revenues are revenues not directly related to the operations of DART's transit service. Sales and use tax revenues, Build America Bond tax credit, and investment income are classified as non-operating revenues.

Operating expenses are incurred for activities directly related to providing public transportation services to DART customers. Such activities include transportation, maintenance, transit police, and general and administrative functions. Non-operating expenses include interest and financing costs, general planning and consulting work not related to current service, and the local assistance provided to eligible member jurisdictions.

Revenue Recognition – Operating revenues are recognized when transit service is provided. Monthly tickets and annual passes are sold for revenue service, including bus and rail operations. An estimate of unused tickets and passes is recorded as unearned transit revenue and is included in the unearned revenue and other liabilities line item in the accompanying Statements of Net Position.

Sales and use tax Revenues – Sales and use tax revenues are recognized when the underlying transactions occur. Sales and use tax revenues are subject to audits by the State Comptroller, which sometimes results in refunds to the State.

Self-Insurance Liabilities – DART administers and maintains self-insured reserves for employee medical, operational workers compensation, auto, and general liability (including bus/rail accidents), directors and officers liability, and light rail construction workers compensation and general liability claims. These programs are administered by DART, or in some instances, a third party. DART accurses the estimated cost of self-insurance liabilities based on actuarial review and the estimate is included in the accounts payable and accrued liabilities line item in the accompanying Statements of Net Position.

The estimate includes incurred but not reported (IBNR) claims. Changes in the liabilities in 2013 and 2012 for DART's self-insured programs are as follows:

DART purchases liability insurance coverage for all-risk property, commuter rail, leased premises, crime, directors and officers and light rail project-specific professional liability and light rail build-out workers compensation and general liability. Coverage is evaluated annually and adjusted as necessary based upon exposure and claim payments. There was no significant reduction in insurance coverage from the previous year and the settlement amounts did not exceed insurance coverage for each of the past three fiscal years.

Premium and Discounts on Revenue Bonds - Premiums and discounts on Senior Lien Revenue Bonds are amortized using the effective interest method. Costs of issuance and gains/losses on refunding are also amortized using the effective interest method over the life of the bonds.

Net position – Net Investment in Capital Assets, includes capital assets, net of accumulated depreciation, less the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. Restricted consists of net position that is legally restricted by outside parties or by law through constitutional provisions or enabling legislation. When both restricted and unrestricted resources are available for use, generally it is DART’s policy to use restricted resources first, and then unrestricted resources when they are needed. Unrestricted consists of net position that does not meet the definition of “restricted” or “net investment in capital assets.”

2. SERVICE AGREEMENTS

DART has entered into several long-term agreements with contractors to provide paratransit, commuter rail, HOV lane, DART on-call and shuttle services. Payments to service providers are recorded as purchased transportation in the accompanying Statements of Revenues, Expenses, and Changes in Net Position. The following is a summary of the major amounts for services rendered in 2013 and 2012 and the current contract terms, including option periods:

Deposits

State statutes authorize DART’s cash to be deposited in demand deposits, time deposits, or certificates of deposit and require that all deposits be fully collateralized or insured.

On September 30, 2013, the carrying amount of DART’s deposits was $988 compared to $880 at September 30, 2012. Bank balances at September 30, 2013 and 2012 were entirely covered either by Federal Depository Insurance or by collateral held by DART’s agent in DART’s name.

Custodial credit risk - Custodial credit risk for deposits is the risk that, in the event of failure of a depository financial institution, DART will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. DART's policy requires that all deposits with financial institutions must be collateralized to the extent not protected by F.D.I.C. insurance. Securities that can be accepted as collateral are limited to U.S. Government Securities, Federal Agency Securities, and Municipal Securities.

Investments

In accordance with the Texas Public Funds Investment Act and DART's investment policy, DART invests in, among others, obligations of the United States or its agencies and instrumentalities, and obligations of states, agencies, counties, cities, and other state political subdivisions with ratings from a nationally recognized investment rating firm of not less than "A" or its equivalent and commercial paper with ratings of not less than "A1" or "P1." In addition, State statutes authorize DART to invest funds in other cash equivalents such as money market mutual funds among other things. All DART investments are subject to the Texas Public Funds Investment Act.

The following table identifies the investment types that are authorized by DART's Investment Policy. The table also identifies certain provisions of DART Investment Policy that address interest rate risk, credit risk and concentration of credit risk.

Interest Rate Risk - Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that DART manages exposure to interest rate risk is by purchasing a combination of shorter term and longer term investments and by timing cash flows from maturities so that a portion of it matures evenly over time as necessary to provide the cash flow and liquidity needed for operations.

Information about the sensitivity of the fair values of DART investments to market interest rate fluctuations as of September 30 is provided in the tables below, which show the distribution of DART investments by maturity.

### Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized rating agency. The following tables show actual ratings as of September 30 for each investment type. Money market funds listed are SEC regulated 2a.7 funds.

On August 5, 2011, Standard and Poors, one of three nationally recognized raters of US debt and securities, downgraded the rating of long-term United States sovereign debt from AAA to AA+ for the first time since 1941 with a negative outlook. The two other national raters, Moody's and Fitch, continue to have the highest ratings, but also have the debt on their watch lists. Included in DART's investment portfolio as of September 30, 2013 is $627,456 compared to $609,696 as of September 30, 2012 that was downgraded from AAA to AA+ by Standard and Poors.

### Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of DART's investment in a single issuer. The Investment Policy of DART contains limitations on the amount that can be invested in any one issuer as shown in the table on page 22. Investments in any one issuer that represent 5% or more of total investment portfolio of DART as of September 30 are as shown on the next page:

Custodial Credit Risk - The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, DART will not be able to recover the value of its investment or collateral securities that are in the possession of another party. All of DART’s investments with the exception of money market mutual funds, which by design provide ownership of shares within the fund, are registered in DART’s name as of September 30, 2013 and 2012 and are not exposed to custodial credit risk.

Foreign Currency Risk - Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment or deposit. None of DART’s Investment is in foreign currency-denominated investments.

Restricted investments held to pay capital lease/leaseback liabilities - As of September 30, 2013, DART had four outstanding lease/leaseback obligations. One of these four lease/leaseback obligations is anticipated to be closed out during the first quarter of fiscal year 2014. When DART entered into these transactions it received advance rental payments. A portion of the advance rental payment received by DART was used to purchase contractual undertakings from certain financial institutions. These institutions assumed and agreed to pay the sublease rental payments due through the purchase option date, together with the purchase option price owed if DART were to exercise the purchase option rights. For other leases, DART deposited a portion of the advance rental payment with a trustee, who was to purchase direct obligations of the US government and other securities that would mature on the dates and the amounts required to pay sublease rental payments and the respective purchase option price. These investments are held by the trustee in the name of DART and are invested in U.S. Treasury strips, U.S. government sponsored enterprise obligations, and guaranteed investment contracts. They include a combination of investments with short-term and long-term maturities which minimizes the exposure to interest rate risk. Because these investments are insured by a third party and are held in U.S. Treasuries and government investment contracts they are not recorded at fair value but are recorded at amortized cost in the Statements of Net Position.

Assigned assets - The DART Board has assigned certain cash and investment balances to be maintained for self-insurance and financial reserve. These amounts are shown as unrestricted investments in the accompanying financial statements. The assets for self-insurance include amounts assigned by the Board to fund future claims and workers’ compensation liabilities. The Board established the financial reserve to accumulate sales and use taxes in years when sales and use tax revenues exceed the budgeted amount. Sales and use tax revenues, net of annual repayments to the State Comptroller, were $3,977 more than budget for fiscal year 2013 compared to $9,950 for fiscal year 2012. In addition, the Board of Directors authorized the establishment of a Capital Project Reserve Account. Should the Financial Reserve exceed $50 million, excess funds are placed in the Capital Project Reserve Account.

An affirmative vote of two-thirds of the Board is required to draw upon the Financial and Capital Project Reserves, and the funds may be used for any purpose approved by the Board. During 2011, the DART Board approved a request to set aside a portion of the financial reserve investments for potential collateral as required by an amendment to one of the lease/leaseback agreements. The amount set aside for this purpose is $10,218 as of September 30, 2013 compared to $10,543 as of September 30, 2012. These amounts are shown as restricted investments held as security for capital lease/lease back liabilities in the Statements of Net Position and are excluded from the financial reserve amount of September 30, 2013 and 2012 shown on the next page.

4. RESTRICTED ASSETS

As security for the Senior Lien Obligations (Bonds) and Senior Subordinate Lien Obligations (Commercial Paper notes), DART is required to maintain a certain amount of money in trust accounts created for this purpose. The money maintained in the trust accounts is reported as Investments held by trustee for debt service in the Statements of Net Position. The trustee uses all the monies and investments in the account for payment of principal, interest for bonds and commercial paper notes, and administrative expenses.

The System Expansion and Acquisition Fund (SEA Fund) includes monies on deposit to be used solely for paying the costs of acquisition and construction of capital assets. The Board may, but is not required to, use money on deposit in the SEA Fund to pay for obligations in the event of a default.

Restricted assets shown in the Statements of Net Position also include bond proceeds which will be used to fund capital expenditures.

DART entered into three advance funding agreements with the Texas Department of Transportation and received money for construction of three parking lots. DART also entered into an inter-local agreement with the City of Dallas to plan and design a modern street car system for the City of Dallas and received money for this purpose. The remaining balances of these monies are shown as restricted investments held for advance funding agreements in the Statements of Net Position as of September 30, 2013 and 2012.

DART also entered into an additional Equity Security Agreement that requires it to set aside certain investments as security for a certain lease/leaseback obligation. As of September 30, 2013, DART has set aside $10,218 compared to $10,543 as of September 30, 2012 for this purpose. These amounts are shown as investments restricted as security for lease/leaseback liabilities in the Statements of Net Position.

5. INVESTMENT IN JOINT VENTURE

DART and the Fort Worth Transportation Authority ("The T") jointly provide commuter rail service between downtown Dallas and downtown Fort Worth. The authorities have adopted the name Trinity Railway Express ("TRE") to provide this service. The operation and maintenance of commuter rail service is contracted to Herzog Transit Services, Inc. The cost of operating TRE, net of operating revenues, is shared between DART and the T based on revenue seat miles operated in Dallas County and Tarrant County, respectively. The transit authorities separately contributed the capital for the passenger stations and track storage areas in their respective counties, including fixtures and fare collection equipment at those stations. DART has separately contributed the capital for thirteen rail diesel cars (RDCs) purchased for the initial TRE commuter rail service. DART and the T have jointly contributed the capital for seven rehabilitated locomotives, two new locomotives, ten rehabilitated bi-level coaches, five new bi-level coaches, two rehabilitated bi-level cab cars, and five new bi-level cab cars. The book value of DART's share of these capital assets jointly owned with the T is recorded as Investment in Joint Venture in the Statements of Net Position in accordance with GASB Statement No. 61. There are no separate financial statements for the TRE. Each authority includes its share of revenues, operating costs and capital assets in its own financial statements.

9. LOCAL ASSISTANCE PROGRAM

In 1989, DART created a Local Assistance Program (LAP) to provide technical and financial assistance to cities for the implementation of projects to reduce traffic congestion and complement bus and public transit operations. Eligible member jurisdictions are responsible for developing and submitting projects to DART for approval in order to receive distribution of these funds. According to the terms of inter-local agreements, DART allocated a percentage of its annual sales and use tax collections for the LAP program. Eligible member jurisdictions received 15% of the estimated sales and use taxes collected within that jurisdiction, except Irving, which received 7.5%. Dallas, University Park, and Highland Park were not eligible. The LAP program ended in 2004. Accrued but unpaid funds were carried over to succeeding years and were recorded as a liability on the accompanying Statements of Net Position.

Changes in Local Assistance Program Payable for the years ended September 30 are as follows:

10. FINANCE OBLIGATIONS UNDER CAPITAL LEASE/LEASEBACK

DART has entered into lease transactions in which certain capital assets are leased to investors (headlease) and simultaneously leased back (sublease). Under these transactions, DART maintains the right to continued use and control of the assets through the end of the lease term and is required to insure and maintain the assets. The headleases and subleases have been recorded as capital lease/leaseback for accounting purposes. The following table summarizes DART capital lease/leaseback transactions as of the respective transaction date.

The subleases provide DART with an opportunity, at its sole discretion, to repurchase equipment on specified dates. As these dates approach, DART will complete a financial analysis on each specific lease to determine if it is financially beneficial to repurchase the equipment. During fiscal year 2013, DART has exercised the repurchase option on the 22 Light Rail Cars lease and the Buses - Lot 2 lease and anticipates it will exercise the repurchase option on all remaining leases at the specified dates and has reflected this option in the amortization.

The following table shows the book value of the light rail cars and buses under the lease/lease back agreements as of September 30, 2013 and 2012.

The net present value of the future sublease payments has been recorded as both a short-term and long-term liability in the accompanying Statements of Net Position. Prepayments received from the head lease were invested to satisfy the sublease obligations. Since the
investments have been structured to meet all future obligations under the subleases at all times when due, the investment balances have been recorded to equal the sublease liabilities on the accompanying Statements of Net Position. The benefits from these transactions, net of transaction costs, were recorded as non-operating revenues in the Statements of Revenues, Expenses, and Changes in Net Position in the fiscal year each transaction occurred. The capital lease/leaseback liabilities are reported as follows on the Statements of Net Position:

Each of the lease/leaseback transactions has specific performance requirements for DART when the financial rating of the Payment Undertaker insurer falls below a specified level. During fiscal year 2010, credit ratings of two of three financial institutions insuring DART's lease/leaseback transactions were downgraded below certain levels specified in the lease/leaseback agreements. As a result, DART has entered into an amended agreement to reset the acceptable credit rating to be maintained at or above BBB for one of these two transactions. For the other lease/leaseback obligation, DART also entered into an additional Equity Security Agreement that requires it to set aside certain investments as security. As of September 30, 2013, DART has set aside $10,218 compared to $10,543 as of September 30, 2012 for this purpose. These amounts are shown as investments restricted as security for lease/lease back liabilities in the Statements of Net Position.

11. SENIOR SUBORDINATE LIEN SALES TAX REVENUE COMMERCIAL PAPER NOTES PAYABLE

In January 2001, the DART Board approved the issuance of up to $650 million of Senior Subordinate Lien Sales Tax Revenue Commercial Paper Notes under the provisions of the Master Debt Resolution. In 2011, DART executed a revolving line of credit agreement with Bank of America with an effective date of January 20, 2011. As part of this agreement, the maximum commercial paper amount that can be issued is limited to a principal amount of $150 million. The Revolving Credit Agreement contains certain covenants as follows: projected gross sales and use tax revenues must exceed debt service requirements by 150% for each of the three following and consecutive fiscal years, beginning with the first fiscal year in which debt service on the proposed bond obligations will be due and 200% of four consecutive quarters of the last six quarters. DART complied with these covenants for the years ended September 30, 2013 and 2012. The Revolving Credit Agreement is secured by and payable from a pledge (senior subordinate lien) of DART's sales and use tax revenue. On November 15, 2012, DART issued $127,775 the Series 2012 Revenue Bonds and used the proceeds from these Bonds to refund the Commercial Paper Notes outstanding at the time and to pay for the issuance costs of the Series 2012 Bonds. The Revolving Credit Agreement with Bank of America was also terminated on November 15, 2012.
Commercial Paper Self-liquidity Program- after the Revolving Credit Agreement was terminated, the DART Board approved a new Commercial Paper Self-liquidity Program that allows DART to issue up to $150 million in commercial paper notes backed by self-liquidity. Under this program, DART provides self-liquidity in an aggregate principal amount of $150 million and 90 days interest calculated at an interest rate 12% of the outstanding commercial paper debt. DART also maintains at least 2.0 times the debt service coverage amount for the self-liquidity commercial paper notes and ensures that no more than $35 million of the commercial paper notes mature within five days. During fiscal year 2013, DART has complied with these requirements of the self-liquidity program. As of September 30, 2013, DART has $100 million in outstanding commercial paper notes issued under the self-liquidity program.

Commercial paper notes are issued in blocks for terms from 1 to 270 days and recorded as current liabilities on the Statements of Net Position. The average interest rate on outstanding commercial paper was 0.13% at September 30, 2013 compared to 0.24% at September 30, 2012.

12. SENIOR LIEN REVENUE BONDS

In August 2000, the voters in DART’s service area approved the issuance of up to $2.9 billion in sales tax revenue bonds to accelerate the completion of extensions to the existing light rail system and other improvements to the public transportation system. The DART Board has approved several issuances in accordance with the Master Debt Resolution. These bonds are Senior Lien Revenue Bonds that are secured by, and payable from pledged revenues. 13. TRANSPORTATION INFRASTRUCTURE FINANCE AND INNOVATION ACT (TIFIA) BONDS

On December 13, 2012 DART entered into a Transportation Infrastructure Finance and Innovation Act (TIFIA) financing agreement with the U.S. Department of Transportation. Under this agreement, DART will issue a Senior Lien Obligation bond to borrow up to $119,972 from the U.S. Department of Transportation. The proceeds from the bond will be used to pay for the cost of the third phase of DART’s light rail Orange Line extension project, which will extend DART’s light rail service from Irving to the Dallas Fort Worth International Airport. According to the TIFIA financing agreement, the U.S. Department of Transportation (DOT) reimburses DART for eligible capital project costs. DART has received $45,000 during fiscal year 2013 and plans to request a drawdown of up to $74,972 during fiscal year 2014. The TIFIA bond is a Senior Lien Obligation and is secured by and payable from Pledged Revenues on parity with other Senior Lien Obligations.

The following table summarizes estimated debt service requirements of the TIFIA financing agreement executed on December 13, 2012 based on expected draw down of up to $74,972 during fiscal year 2014. The amounts and timing of the debt service for the TIFIA bond are subject to change depending on the amount and timing of the draw down. A summary of estimated debt service requirements of TIFIA bonds outstanding as of September 30, 2013 is shown below.

14. PLEDGED REVENUES

DART has pledged sales and use tax and farebox revenues as security for bonds and commercial paper debts. The amount of the pledge is equal to the remaining debt service requirements for these obligations. These obligations were issued to pay for DART’s system expansion and acquisition costs. The pledge continues for the remaining life of these obligations, which is currently through fiscal year 2049. Total principal and interest remaining on the bonds as of September 30, 2013 is $7.5 billion. The annual debt service requirements for these bonds, before Build America Bonds tax credits, range from $228,847 in fiscal year 2018 to $119,292 in fiscal year 2049. For the current fiscal year, debt service on the bonds (including principal and interest) is $182,138. Bonds have a senior lien on pledged revenues.

Total principal and interest remaining on commercial paper as of September 30, 2013 is $100,021 compared to $70,011 as of September 30, 2012. Interest payments on commercial paper notes during the current fiscal year totaled $354. Commercial Paper notes have a subordinate senior lien on pledged revenues.

15. DEBT REFUNDINGS

In prior years, DART issued $770,270 in Senior Lien Sales Tax Revenue Bonds (Series 2007 bonds) to refund the Series 2001 and 2002 Bonds and the Series 2001 Commercial Paper Notes. As a result, the Series 2001 Commercial Paper Notes, and a portion of the Series 2001 and 2002 bonds are considered defeased and the liability for those notes, bonds, and the corresponding assets in the trust account have been removed from DART’s Statements of Net Position. Also during 2011, DART issued the Series 2010A bonds to refund a portion of Series 2001, 2002 and 2008 bonds. As a result, the Series 2001, 2002 and 2008 bonds in the total amount of $102,775 are considered to be defeased and the liability for those bonds, and the corresponding assets in the trust account have been removed from DART’s Statements of Net Position. As of September 30, 2013, none of the refunded DART bonds remains outstanding compared to $88,130 as of September 30, 2012. These refunded bonds are solely payable from and secured by the assets in the irrevocable trust accounts. All of DART’s refunded bonds...

bonds that were outstanding as of September 30, 2012 have been fully paid on December 3, 2012. As a result of the 2011 refunding, DART recognized a book loss of $7,883, a reduction in debt service of $3,945 and an economic gain of $8,786.

16. PENSION, RETIREMENT, AND DEFERRED COMPENSATION PLANS

DART operates several employee benefit plans. The plans include DART Employees' Defined Benefit Plan (formerly the Dallas Transit System [DTS] pension plan), DART Retirement Plan, and DART Capital Accumulation Plan and Trust. DART is the administrator of these retirement plans and has the authority to establish and amend the plans.

Defined Benefit Plan – The DART Employees Defined Benefit Retirement Plan and Trust (the DB Plan) is a single-employer defined benefit pension plan that was designed to provide retirement, death, and disability benefits to certain employees of DART. On October 1, 1995, the DTS Employees Retirement Plan (Plan A) was amended to become the DB Plan. Participants of the DB Plan are those employees who were members of the former plan on September 30, 1995. Those employees who elected to be covered under Plan A have eligibility, vesting, and benefit provisions different from those who elected the DB Plan. DART's covered payroll for the DB Plan as of October 1, 2012 (actuarial valuation date), was approximately $19.5 million compared to $19.3 million as of October 1, 2011.

Contributions to the DB Plan, as stipulated by the "Sale, Purchase, and Transfer Contract Between the City of Dallas and Dallas Area Rapid Transit," are based upon Dallas Area Rapid Transit's agreement to contribute an amount at least equal to the minimum funding standard under Section 412 of the Internal Revenue Code of 1986, as if the Plan were subject to Section 412. Participants who were in the Plan on September 30, 1995 are required to contribute 3% of their base monthly salaries to the Plan. Other participants are not required to contribute to the DB Plan. DART's contribution amount is actuarially determined on an annual basis.

Participants under the provisions of Original Plan A may elect normal retirement at age 60 or at the date at which the sum of their credited service and age equals 90. Participants who elected to remain under the provisions of the original plan receive monthly benefits equal to 2% times the years of credited service multiplied by the participant's final average monthly compensation. Participants in Amended Plan A are entitled to monthly benefits equal to: 2% times the number of years of credited service up to October 1, 1983; plus 1.5% times the number of years of credited service after October 1, 1983; plus 1.5% times the number of years of credited service after October 1, 1983; plus 1.5% times the number of years of credited service after October 1, 1983; plus 1.5% times the number of years of credited service after October 1, 1983; times the participant's final average monthly compensation. A participant may elect early retirement at age 55 with 10 years of service (30 years of service for participants under the Original Plan A). Monthly income under this election will equal normal retirement benefits reduced by 5/12 of 1% for each full month by which the participant's early retirement date precedes the normal retirement date. A net pension asset of $9,457 and $7,775 is shown in the accompanying Statements of Net Position of DART and Trust. DART is the administrator of these plans.

In accordance with GASB Statement No. 27, Accounting for Pension by State and Local Government Employers, an actuary determines the contribution amount that DART pays to the plan each year. The amount determined is referred to as the "Annual Required Contribution" (ARC). All significant actuarial assumptions used to compute the ARC are the same as those used to compute the actuarial accrued liability. The net pension asset/obligation is the cumulative difference between annual pension cost (including any interest accumulated on the pension asset/obligation, the ARC, and any adjustments to the ARC), and the employer's actual contribution to the plan.

Actuarial Assumptions - The net pension assets for fiscal years 2013 and 2012 were computed as part of an actuarial valuation performed and dated as of the first day of the fiscal periods, October 1, 2012 and 2011. The following table shows significant actuarial assumptions:

The actuarial value of plan net position is determined using a technique that smoothes the effects of short-term volatility in the market value of investments over a five-year period. The unfunded actuarial accrued liability is being amortized using a level dollar amount on a closed basis with no amortization period exceeding 30 years.

DART Retirement Plan – DART has adopted a defined contribution retirement plan for all employees not covered by the pension plans described above. DART contributes an amount equal to 7.7% of each participant's annual compensation to the plan. Participants hired before January 1, 2006 are vested in 25% of DART's contributions after two years of service, graduating to 100% vesting after five years. Participants hired after December 31, 2005 become 100% vested in DART's contributions to the Plan only after completing five years of service. Total expense to DART to fully fund this plan was approximately $13,872 and $13,280 for the years ended September 30, 2013 and 2012, respectively.

DART Capital Accumulation Plan – 401(k) – DART has adopted a deferred compensation plan created in accordance with Internal Revenue Code Section 401(k), which allows employees to contribute up to 50% of their annual compensation to the plan subject to the annual contribution limits of the Internal Revenue Service. DART matches 50% of the employee's contribution up to a maximum of 3% of the employee's annual compensation. Participants hired before January 1, 2006 are vested in 25% of DART's contributions after two years of service, graduating to 100% vesting after five years. Participants hired after December 31, 2005 become 100% vested in DART's contributions to the Plan only after completing five years of service. Total expense to DART to fully fund this plan was approximately $4,679 and $4,431 for the years ended September 30, 2013 and 2012, respectively.

17. POSTEMPLOYEMENT BENEFITS OTHER THAN PENSIONS

Plan Description - DART administers a single-employer defined benefit other post employment benefits (OPEB) Plan. The plan provides healthcare and life insurance for eligible retirees and their spouses through DART’s group health plan and group life plan, which covers both active employees and retired members. Eligibility criteria for the post employment health care and life insurance benefits are as follows: Participants of the defined benefit pension plan will be eligible at age 55 with a minimum of ten years of service to DART. Participants of the defined contribution pension plan will be eligible at age 60 with a minimum of ten years of service to DART.

Funding Policy - DART’s contribution to the retiree healthcare and life insurance is an annual required contribution (ARC) determined actuarially based on the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortization of any unfunded actuarial liabilities (funding excess) over a period not to exceed thirty years. The ARC is 3.0% of annual covered payroll for both fiscal years 2013 and 2012. Retirees also make monthly contributions to the healthcare plan. Such contributions are determined annually by the plan administrator based on expected annual cost. For the years ended September 30, 2013 and 2012, DART’s annual required contributions to other post employment benefits (OPEB) trust were $4,996 and $5,024. These contribution amounts are the same as annual OPEB costs for both years. The OPEB trust was set up during the fiscal year 2008 for the first time and is not included in those financial statements. DART has 252 retirees and surviving spouses that participate in the medical plan and 320 that participate in the life insurance plan as of October 1, 2012 compared to 258 participants in the medical plan and 310 in the life insurance plan as of October 1, 2011.

18. CLAIMS AND LITIGATION

In the ordinary course of business, a number of claims and lawsuits arise from individuals seeking compensation for personal injury, death, and/or property damage resulting from accidents occurring in the operation of the system. In addition, DART has been named as a defendant in a number of lawsuits relating to personnel and contractual matters. Management does not believe that the outcome of these claims will have a material adverse effect on DART's financial statements.
19. COMMITMENTS AND CONTINGENCIES

The Board has approved a Transit System Plan, which includes the design and construction of a 46-mile light rail transit (LRT) extension from Downtown Dallas to Buckner Blvd. (the Southeast Corridor) and from Downtown Dallas to Farmers Branch, Carrollton, and Irving (the Northwest Corridor) and from downtown Garland to Rowlett (Rowlett extension). The timing and completion of the Transit System Plan is based on economic assumptions made in DART's 20-year financial plan and is subject to change based on changing economic conditions. The Transit System Plan is forecasted at $3.8 billion as of September 30, 2013. The first section of the southeast extension, Bryan Street to Fair Park, opened for service on September 14, 2009. Other northwest and southeast extensions opened for service during 2011 and the first section of Irving line segment opened for service in July 2012. The second section of the Irving line segment and the northeast (Rowlett) extension opened for revenue service in December 2012. The third section of the Irving line (Irving-3) is scheduled to open for service in December 2014. DART has entered into contract commitments for the LRT build out and other capital developments in the amount of $3.4 billion and spent approximately $3.2 billion of the committed amount as of September 30, 2013 on these projects.

DART participates in several federal and state grant programs that are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies. In the opinion of management, no significant contingent liabilities exist relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying financial statements for such contingencies.

DART has entered into certain operating lease agreements. Operating lease expenses are approximately $782 and $1,096 in 2013 and 2012, respectively.

Future minimum lease payments for all non-cancelable operating leases are as follows:

<table>
<thead>

DART owns and operates a number of facilities. It also acquires new properties for light rail expansion projects. In some of these properties DART has discovered contamination that may require pollution remediation activity. DART is working with relevant state and federal agencies on pollution remediation plans. Management does not believe that the outcome of these remediation activities will have a material adverse effect on DART's financial position. Management has accrued an estimate which is included in the accounts payable and accrued liabilities line item in the accompanying Statements of Net Position.

20. DERIVATIVE INSTRUMENTS

Diesel Fuel Hedge

As part of its normal business of providing public transportation services, DART operates a large fleet of buses, commuter rail cars, and paratransit and innovative service vans, that are currently operated with diesel fuel. DART has diesel fuel delivery contracts with suppliers; however, the price DART pays for the fuel fluctuates depending on market prices. This exposes DART to significant risk related to fluctuations in the amounts it pays for fuel. It also creates uncertainty in budgeting for fuel costs. In order to minimize the impact of fluctuating fuel market prices on its cash flow, DART has entered into diesel fuel hedge contracts. Summary information of relevant diesel fuel hedge contracts is shown below:

<table>

</tbody>

The fair values of $0 and $4,865 as of 9/30/2013 and 9/30/2012 are shown in the Statements of Net Position and Statements of Revenues, Expenses, and Changes in Net Position. The diesel fuel hedge contract expired on September 30, 2013 and no fuel hedge contract is in place after this date.
Objective and terms of the fuel hedge contracts

The objective of each of the derivative instruments (diesel fuel hedge contracts) is to hedge changes in cash flows due to market price fluctuations related to expected purchases of diesel fuel for DART buses, commuter rail cars, and paratransit vans. The terms of the agreement include DART paying monthly fixed prices and receiving floating prices based on an average of daily mean of Platts US Gulf Coast ultra low sulphur diesel (ULSD) for each month.

Risks

Credit risk – The derivative instrument for fiscal years 2012 and 2013 are held by the same counterparty. On September 30, 2012, DART's position in the derivative instruments is a potential inflow of resources. DART can potentially be exposed to credit risk if the counterparty to the transaction becomes insolvent. The following table shows credit ratings for the counterparty.

<table>
<thead>
<tr>
<th>Fiscal Year Covered</th>
<th>Credit Rating</th>
</tr>
</thead>
<tbody>
<tr>
<td>2012</td>
<td>A+/Aa3</td>
</tr>
<tr>
<td>2013</td>
<td>A+/Aa3</td>
</tr>
</tbody>
</table>

Termination risk – DART or its counterparties may terminate a derivative instrument if the other party fails to perform under the terms of the contract. The effect of termination risk on DART is that it will pay market prices for diesel fuel it buys for use in its operations. No termination event has occurred during fiscal years 2013 and 2012.

Contingencies

The diesel fuel hedge contracts include provisions that require DART to post collateral in the event its credit rating falls below A- or A3 as issued by Standard & Poors or Moody's and if the exposure exceeds threshold amounts specified in the derivative instruments (contracts). DART’s credit rating as of September 30, 2013 is AA+ as issued by Standards & Poors or Aa2 as issued by Moody’s.

Compressed Natural Gas (CNG) Delivery Contract

Starting from October 1, 2012, DART is replacing its existing diesel and liquefied natural gas operated fleet of buses with new buses that are operated with compressed natural gas (CNG). DART also buys CNG for contractor-owned and-operated paratransit vehicles.

During fiscal year 2010, DART entered into a fixed price and indexed price CNG delivery contract for the CNG needed to operate these vehicles. The contract specifies monthly volumes of CNG to be used by DART from October 1, 2012 to September 30, 2020 with 85% of the monthly volumes at a fixed price and 15% at an indexed price. If DART were to use lower volumes of CNG than specified in the contract, the excess CNG would be sold back at market price. The market price could be lower or higher than the fixed price or indexed price specified in the contract. The difference between the contract and market prices could result in an exposure to DART. Based on planned bus and paratransit service levels, the quantity of CNG specified in the contract is consistent with volumes DART plans to use during the contract period. Since DART expects to take full delivery of contracted volumes, the CNG contract is considered a normal purchase and normal sales contract and is not considered a derivative instrument per GASB Statement, No. 53, Accounting and Financial Reporting for Derivative Instruments.

Objective and terms of the CNG delivery contract

The objectives of the CNG delivery contract are: to ensure that DART has delivery of natural gas for its transit buses and contractor owned and operated paratransit vehicles during the contract period; to fix the price for 85% of monthly volumes; and to minimize the fluctuations in cash flows caused by changes in market prices of CNG.

Risks

Early Termination – subject to payment of early termination damages, either party to the delivery contract may terminate the CNG delivery contract by giving at least thirty (30) days written notice to the other party. The effect of termination risk on DART is that it will pay market prices for CNG it buys for use in its operations. No termination event has occurred during fiscal years 2013.
21. SUBSEQUENT EVENTS

On October 1, 2013, DART transferred high occupancy vehicle (HOV) lane operations to Texas Department of Transportation. Operating expenses related to the HOV operations during fiscal years 2013 were $14,061 compared to $12,813 during 2012. Termination benefit payments made to employees affected by this transfer have been accrued and included in the Statements of Net Position and Statements of Revenues, Expenses and Changes in Net Position as of September 30, 2013 in accordance with GASB Statement No. 47, Accounting for Transition Benefits. There were no direct operating revenues generated by the HOV operations. As of September 30, 2013, HOV related capital assets with a carrying value of $74,481 compared to $62,595 as of September 30, 2012 are included in the Statements of Net Position. The terms of the transfer are still being negotiated with Texas Department of Transportation. The financial impact of the transfer will be reflected in the financial statements of fiscal year 2014.

22. NEW ACCOUNTING PRONOUNCEMENTS

In March 2012, the GASB issued Statement No. 65, Items Previously Reported as Assets and Liabilities. This Statement specifies the items that were previously reported as assets and liabilities that should now be reported as deferred outflows of resources, deferred inflows of resources, outflows of resources, or inflows of resources. The requirements of this statement are effective for financial statements for periods beginning after December 15, 2012 which is fiscal year 2014 for DART.

In March 2012, the GASB issued Statement No. 66, Technical Corrections—2012—an amendment of GASB Statements No. 10 and No. 62. The requirements of this Statement are effective for financial statements for periods beginning after December 15, 2012 which is fiscal year 2014 for DART.

In June 2012, the GASB issued Statement No. 67, Financial Reporting for Pension Plans—an amendment of GASB Statement No. 25. This Statement replaces the requirements of Statements No. 25, Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans, and No. 50, Pension Disclosures, related to pensions that are administered as trusts or equivalent arrangements. The requirements of this Statement are effective for financial statements for periods beginning after June 15, 2013 which is fiscal year 2014 for the DART Employees Defined Benefit Retirement Plan and Trust (the DB Plan).

In June 2012, the GASB issued Statement No. 68, Accounting and Financial Reporting for Pension Plans—an amendment of GASB Statement No. 27. This Statement replaces the requirements of Statement No. 27, Accounting for Pensions by State and Local Governmental Employers, as well as the requirements of Statement No. 50, Pension Disclosures, related to pensions that are administered as trusts or equivalent arrangements. The requirements of this Statement are effective for financial statements for periods beginning after December 15, 2012 which is fiscal year 2014 for DART.

In January 2013, the GASB issued Statement No. 69, Government Combinations and Disposals of Government Operations. This Statement specifies accounting, financial reporting and disclosure requirements related to government combinations and disposals of government operations. The requirements of this Statement are effective for financial statements for periods beginning after December 15, 2013 which is fiscal year 2015 for DART.

In April 2013, the GASB issued Statement No. 70, Accounting and Financial Reporting for Nonexchange Financial Guarantees. This Statement (1) requires a government that extends a nonexchange financial guarantee to recognize a liability when qualitative factors and historical data, if any, indicate that it is more likely than not that the government will be required to make a payment on the guarantee; (2) requires a government that has issued an obligation guaranteed in a nonexchange transaction to recognize revenue to the extent of the reduction in its guaranteed liabilities, and (3) specifies the information required to be disclosed by governments that extend nonexchange financial guarantees, and (4) requires new information to be disclosed by governments that receive non-exchange financial guarantees. As of September 30, 2013, DART did not extend a non-exchange financial guarantee to another organization or individual. The requirements of GASB Statement No. 70 becomes effective for financial statements for periods beginning after June 15, 2013 which is fiscal year 2014 for DART.

In November 2013, GASB issued Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date. The objective of this Statement is to address an issue regarding application of the transition provisions of Statement No. 68, Accounting and Financial Reporting for Pensions. The requirements of this statement should be applied simultaneously with the provisions of Statement 68.

Management has not yet determined the impact of these statements on the basic financial statements.

Interpretations - Standard Assumptions (Sections 1.4(e) and (f))

Wherever a calculation of Debt Service with respect to Interim Obligations is required by application of the Standard Assumptions, the Debt Service shall be computed by assuming (A) that the Outstanding principal amount of the series of Interim Obligations are bonds secured by a lien on Pledged Revenues on a parity with the Interim Obligations which will amortize over a period of not to exceed 25 years following the date of initial issuance of such Interim Obligations in such manner as will cause the maximum Debt Service for such series in any 12 month period not exceeding 110% of the minimum Debt Service for such series for any other 12 month period, and (B) such series will bear interest at a fixed interest rate reasonably estimated to be the interest rate such series would bear if issued on the date of such estimate.

PURPOSES, PLEDGE AND SECURITY

(Article II)

Purposes of Resolution, Contract with Holders (Section 2.1)

The Master Debt Resolution establishes a lien and the security for, and prescribes minimum standards for issuing, Obligations; authorizes the issuance of the Initial Senior Lien Obligations, an initial series of Senior
Subordinate Lien Obligations and permits the issuance of Additional Senior Lien Obligations and other Subordinate Lien Obligations; reserves the right to issue Special Revenue Bonds; and prescribes other matters and the general rights of the Holders, DART, Credit Providers, any Bondholder Representative and the Trustee in relation to such Obligations. The provisions of the Master Debt Resolution constitute a contract of DART to and with the Holders and the Trustee.

Confirmation and Levy of Sales Tax (Section 2.2)

The levy and collection of the Sales Tax, at the rate voted at the election at which DART was created, is confirmed, and DART covenants that, as long as any Obligations are Outstanding, or any Administrative Expenses unpaid, it will levy and collect the Sales Tax to the extent it may legally do so at the highest rate permitted by Applicable Law, subject to requirements for an election under the Voted Tax and Debt Limits, and to take all action permitted to cause the Sales Tax to be collected and remitted to DART at the earliest permissible date.

Pledge and Security for Obligations (Section 2.3)

The Pledged Revenues are irrevocably pledged: (i) first, with respect to Outstanding Senior Lien Obligations, to the payment of Debt Service, to the maintenance of any reserve funds or accounts, and to the payment of Administrative Expenses; (ii) second, subject to the rights of the Holders of Senior Lien Obligations and the payment of related Administrative Expenses, with respect to Outstanding Senior Subordinate Lien Obligations, to the payment of Debt Service, to the maintenance of any reserve funds or accounts, and to the payment of Administrative Expenses; and (iii) third, subject to the rights of the Holders of Senior Lien Obligations and the Holders of Senior Subordinate Lien Obligations and the payment of related Administrative Expenses, with respect to Outstanding Junior Subordinate Lien Obligations, to the payment of Debt Service, to the maintenance of any reserve funds or accounts and to the payment of Administrative Expenses. Notwithstanding the pledge of Pledged Revenues to the payment of Bond Obligations, Federal Interest Subsidy payments are not security for nor may such amounts be used to pay principal of or interest on the TIFIA Bond.

All moneys and investments on deposit in the Senior Lien Debt Service Fund, the Senior Subordinate Lien Debt Service Fund and the Junior Subordinate Lien Debt Service Fund are irrevocably pledged to the payment of Debt Service on and Administrative Expenses with respect to the Senior Lien Obligations, the Senior Subordinate Lien Obligations and the Junior Subordinate Lien Obligations, respectively.

The Obligations and Administrative Expenses are special obligations of DART, and, unless otherwise provided in a Supplemental Resolution, are secured solely by a pledge of and a lien on the Pledged Revenues and the money on deposit, respectively, in the Senior Lien Debt Service Fund, the Senior Subordinate Lien Debt Service Fund and the Junior Subordinate Lien Debt Service Fund, that is exclusive, senior and superior to the rights of all other creditors of DART. Neither the Obligations nor the Administrative Expenses shall constitute a debt or obligation of the State, or of any city, town or county having appointment or other powers with respect to DART or the Board. The Holders of Obligations and payees of Administrative Expenses shall never have the right to demand payment out of any funds raised or to be raised by any system of ad valorem taxation or, unless otherwise provided in a Supplemental Resolution, from any other funds or revenues of DART.

Collection of Pledged Revenues, Assignment to Trustee (Section 2.4)

DART assigns to the Trustee all of the Pledged Revenues, in trust, for the benefit and security of Holders and the Credit Providers. DART appoints the Trustee as its agent and attorney-in-fact for the purpose of performing those duties of its treasurer which consist of collecting and receiving the Gross Sales Tax Revenues from the Comptroller and taking such steps as may be necessary to perfect and maintain the liens granted under the Master Debt Resolution. DART is required to cause the Comptroller to pay all Gross Sales Tax Revenues directly to the Trustee for deposit to the Gross Sales Tax Revenue Fund. If the Comptroller refuses or is not legally obligated to make transfers as directed by DART, the DART is required to cause the Gross Sales Tax Revenues to be transferred to the Trustee as received. All Gross Sales Tax Revenues received by the Trustee are required to be deposited to the Gross Sales Tax Revenue Fund and applied in accordance with the Master Debt Resolution. A specific series of Bond Obligations may be additionally payable from or secured by Credit Agreements and any Supplemental Resolution may provide that the security provided thereby not extend to other series of Obligations.
Security Agreement [Section 2.5]

The Master Debt Resolution constitutes a security agreement with the Trustee as the secured party. The grants, assignments, liens, pledges and security interests of the Trustee created in the Master Debt Resolution shall become effective upon the delivery of Obligations under the Master Debt Resolution, and shall be continuously effective for so long as any Obligations or Administrative Expenses are outstanding.

PERMITTED DART INDEBTEDNESS
(Article III)

Initial Senior Lien Obligations [Section 3.1]

The Master Debt Resolution authorizes DART to issue up to $500 Million of Initial Senior Lien Obligations, which amount may be increased, pursuant to the terms of one or more Supplemental Resolutions. DART may issue Additional Senior Lien Obligations upon compliance with the requirements set forth in the Master Debt Resolution. No obligations having a first lien on the Pledged Revenues, other than Senior Lien Obligations, may be issued by DART.

Additional Senior Lien Obligations [Section 3.2]

Subject to the Voted Tax and Debt Limits, DART reserves the right to issue Additional Senior Lien Obligations on a parity with Outstanding Senior Lien Obligations, pursuant to one or more Supplemental Resolutions. Prior to the issuance of Additional Senior Lien Obligations, either (A) Gross Sales Tax Revenues must be estimated to be, for each of the three consecutive Fiscal Years beginning with the First Fiscal Year in which Debt Service with respect to the proposed Additional Senior Lien Obligations is due, equal to at least 200% of the Debt Service that will be due on Senior Lien Obligations (exclusive of amounts payable on Credit Agreement Obligations) during each of such 3 consecutive Fiscal Years after taking into consideration any additional Debt Service to be paid during such period with respect to the Additional Senior Lien Obligations (exclusive of amounts payable on Credit Agreement Obligations) then proposed to be issued and any reduction in Debt Service that may result from the issuance thereof, determined in accordance with the requirements of the Master Debt Resolution; or (B) for either the most recent complete Fiscal Year, or for any consecutive 12 of the most recent 18 months, the Gross Sales Tax Revenues must have been equal to at least 200% of the maximum Debt Service with respect to all Outstanding Senior Lien Obligations (exclusive of amounts payable on Credit Agreement Obligations) including maximum Debt Service on the proposed Additional Senior Lien Obligations (exclusive of amounts payable on Credit Agreement Obligations) then proposed to be issued, determined in accordance with the requirements of the Master Debt Resolution, provided however, this requirement does not apply to the issuance of Interim Obligations. In addition, estimated Gross Sales Tax Revenues for each of the 3 consecutive Fiscal Years beginning with the first Fiscal Year in which Debt Service on the proposed Additional Senior Lien Obligations is due must equal at least (A) 100% (or such higher percentage required by a Supplemental Resolution) of the Debt Service on Senior Lien Obligations (exclusive of amounts payable on Credit Agreement Obligations) plus (B) 100% (or such higher percentage required by a Supplemental Resolution) of the Debt Service on Outstanding Subordinate Lien Obligations (exclusive of amounts payable on Credit Agreement Obligations) during each of such 3 consecutive Fiscal Years, determined in accordance with the requirements of the Master Debt Resolution. The Debt Service required to be calculated for a particular series of Obligations shall be calculated net of amounts payable to DART from or by the State or the United States for, on account of, or in reimbursement for the payment of principal and interest on such Obligations, if such amounts are, at the time of calculation, required to be deposited to the debt service fund for such Obligations.

The Debt Service required to be calculated for a particular series of Obligations under subsections (iii) and (iv) of Section 3.2(b) of the Master Debt Resolution shall be calculated net of amounts payable to DART from or by the State or the United States for, on account of, or in reimbursement for the payment of principal and interest on such Obligations (the “Federal Interest Subsidiary” payments).
Senior Subordinate Lien Obligations [Section 3.3]

The Master Debt Resolution authorizes DART to issue up to $650 Million of commercial paper notes as Senior Subordinate Lien Obligations pursuant to the terms of one or more Supplemental Resolutions for the purposes of refunding all outstanding indebtedness of DART, paying Costs of Acquisition and Construction, and other purposes permitted by Applicable Law.

Additional Senior Subordinate Lien Obligations. Subject to the limitations and requirements set forth in the Master Debt Resolution, DART reserves the right to issue additional Senior Subordinate Lien Obligations pursuant to one or more Supplemental Resolutions for any purpose permitted by Applicable Law secured by and payable from a senior subordinate pledge of the Pledged Revenues and, at the option of DART, a pledge of Special Revenues. Additional Senior Subordinate Lien Obligations may only be issued if estimated Gross Sales Tax Revenues for each of the three consecutive Fiscal Years beginning with the first Fiscal Year in which Debt Service is due on the proposed Senior Subordinate Lien Obligations, plus the amount of the Special Revenues, if any, that are projected to be available and pledged to the Senior Subordinate Lien Obligations, are equal to at least (A) 100% (or such higher percentage required by a Supplemental Resolution) of the Debt Service on Senior Subordinate Lien Obligations (exclusive of amounts payable on Credit Agreement Obligations), plus (B) 100% of the Debt Service on all Outstanding Senior Lien Obligations and Senior Subordinate Lien Obligations (exclusive of amounts payable on Credit Agreement Obligations), in each case during each of such three consecutive Fiscal Years, computed as required under the Master Debt Resolution.

Junior Subordinate Lien Obligations [Section 3.4]

Subject to the limitations and requirements set forth in the Master Debt Resolution, DART reserves the right to issue Junior Subordinate Lien Obligations pursuant to one or more Supplemental Resolutions for any purpose permitted by Applicable Law, payable from and secured by a junior subordinate pledge of the Pledged Revenues and, at the option of DART, a pledge of Special Revenues. Junior Subordinate Lien Obligations may only be issued if estimated Gross Sales Tax Revenues for each of 3 consecutive Fiscal Years beginning with the first Fiscal Year in which Debt Service is due on the proposed Junior Subordinate Lien Obligations, plus the amount of the Special Revenues, if any, that are projected to be available and pledged to the Junior Subordinate Lien Obligations, are equal to at least (A) 100% (or such higher percentage required by a Supplemental Resolution) of the Debt Service on Junior Subordinate Lien Obligations (exclusive of amounts payable on Credit Agreement Obligations), plus (B) 100% of the Debt Service on all Outstanding Senior Lien Obligations and Senior Subordinate Lien Obligations (exclusive of amounts payable on Credit Agreement Obligations), in each case during each of such three consecutive Fiscal Years, computed as required under the Master Debt Resolution.

Credit Agreement Obligations [Section 3.5]

DART is authorized to enter into Credit Agreements, pursuant to Supplemental Resolutions, that create Credit Agreement Obligations that are secured and payable on a parity with other Outstanding Obligations. Credit Agreements may include rights and remedies which are in addition to the rights and remedies contained in the Master Debt Resolution and which may be enforced apart from the Master Debt Resolution.

Special Revenue Bonds [Section 3.6]

DART reserves the right to issue Special Revenue Obligations and to enter into related credit agreements without complying with the requirements of the Master Debt Resolution regarding the issuance of Obligations.

Other Encumbrances Prohibited [Section 3.8]

Except for the Pledge of the Pledged Revenues as security for the Obligations and Administrative Expenses in the order of priority established in Article II of the Master Debt Resolution, the Pledged Revenues may not be pledged or encumbered to or for the payment of any other obligation or liability of DART.
TERMS, PROVISIONS AND AUTHENTICATION OF BOND OBLIGATIONS
(Article IV)

Bond Obligations may be issued in any form and manner permitted by Applicable Law, subject to the provisions of the Master Debt Resolution and any applicable Supplemental Resolution. Bond Obligations are to be issued pursuant to a Supplemental Resolution setting forth all of the terms, provisions and conditions pertaining to such Bond Obligations.

SPECIAL FUNDS, USES OF MONEYS
(Article V)

Creation of Funds and Accounts (Section 5.1)

The Master Debt Resolution establishes the System Expansion and Acquisition Fund, the Senior Lien Debt Service Fund, consisting of an Interest Account and a Principal Installment Account; the Senior Subordinate Lien Debt Service Fund, consisting of an Interest Account and a Principal Installment Account; and the Junior Subordinate Lien Debt Service Fund, consisting of an Interest Account and a Principal Installment Account. The Master Debt Resolution reestablishes and reconfirms the Gross Sales Tax Revenue Fund and the General Operating Fund.

The Gross Sales Tax Revenue Fund is a special trust fund held by the Trustee for the benefit of the Holders of the Obligations and the payees of Administrative Expenses. The Senior Lien Debt Service Fund, the Senior Subordinate Lien Debt Service Fund and the Junior Lien Debt Service Fund are special trust funds held by the Trustee for the benefit of the Holders of the Senior Lien Obligations, the Senior Subordinate Lien Obligations and the Junior Subordinate Lien Obligations, respectively, and the payees of Administrative Expenses.

The System Expansion and Acquisition Fund, the General Operating Fund and all other funds or accounts of DART not expressly required by the Master Debt Resolution or by a Supplemental Resolution to be held by the Trustee, may be held in any bank or lawful depository and said funds and accounts and all moneys on deposit therein, including the Available Remaining Revenues, shall be free of any lien, pledge or trust created by the Master Debt Resolution.

System Expansion and Acquisition Fund (Section 5.2)

Money on deposit in the System Expansion and Acquisition Fund is to be used to pay Costs of Acquisition and Construction and will be funded as directed in Supplemental Resolutions. In the event of a default in the payment of Obligations the Board may, but is not required to, use moneys on deposit in the System Expansion and Acquisition Fund to cure such default. Amounts remaining after payment of Costs of Acquisition and Construction for which a series of Obligations was issued may, at the discretion of DART, be used to redeem such Obligations in advance of maturity or used to pay other Costs of Acquisition and Construction.

Gross Sales Tax Revenue Fund (Section 5.3)

The Trustee is required to deposit to the Gross Sales Tax Revenue Fund all Gross Sales Tax Revenues (and no other moneys) as received and, on the day received, to transfer all amounts deposited to the Gross Sales Tax Revenue Fund, first, to the Senior Lien Debt Service Fund (for the Debt Service Accrual Period that begins on the date of such deposit) and any reserve fund pertaining to Senior Lien Obligations, the amounts required to be deposited therein, and to pay Administrative Expenses pertaining to Senior Lien Obligations; second, to the Senior Subordinate Lien Debt Service Fund (for the Debt Service Accrual Period that begins on the date of such deposit) and any reserve fund pertaining to Senior Subordinate Lien Obligations, the amounts required to be deposited therein, and to pay Administrative Expenses pertaining to Senior Subordinate Lien Obligations; and, third, to the Junior Subordinate Lien Debt Service Fund (for the Debt Service Accrual Period that begins on the date of such deposit) and any reserve fund pertaining to Junior Subordinate Lien Obligations, the amounts required to be deposited therein, and to pay Administrative Expenses pertaining to Junior Subordinate Lien Obligations. The amounts required to be deposited to each of the Senior Lien Debt Service Fund, the Senior Subordinate Lien Debt...
Service Fund and the Junior Subordinate Lien Debt Service Fund, respectively, is equal to the Accrued Aggregate Debt Service for the current Debt Service Accrual Period less any amounts required to be credited against the amounts transferred pursuant to Section 5.3(d) of the Master Debt Resolution, and are required to be allocated first to the respective Interest Account and then to the respective Principal Installment Account. If the amounts on deposit in the Gross Sales Tax Revenue Fund are not sufficient to make the full amount of a transfer or payment required to be made, the Trustee is required to transfer the amount to the fund or account where the deficiency occurs with the highest priority and is prohibited from making transfers to any fund or account with a lower priority. Any balance remaining in the Gross Sales Tax Revenue Fund after making the foregoing transfers and payments is to be deposited to the General Operating Fund.

The Trustee is required to notify each Paying Agent of the anticipated date of commencement of each Debt Service Accrual Period not less than 2 Business Days prior to the date the Trustee expects such Debt Service Accrual Period to begin. Each Paying Agent is required to certify to the Trustee the amount of Accrued Aggregate Debt Service for Obligations for the Debt Service Accrual Period specified by the Trustee which has not been paid from other sources.

Senior Lien Debt Service Fund, Senior Subordinate Lien Debt Service Fund and Junior Subordinate Lien Debt Service Fund (Sections 5.4, 5.5 and 5.6)

The Trustee is required to pay from the Senior Lien Debt Service Fund, the Senior Subordinate Lien Debt Service Fund and the Junior Subordinate Lien Debt Service Fund, respectively, to the respective Paying Agents and Credit Providers for Outstanding Senior Lien Obligations, Outstanding Senior Subordinate Lien Obligations and Outstanding Junior Subordinate Lien Obligations, respectively, the amounts required to pay Debt Service on such Obligations when due, whether at the stated maturity or prior redemption; provided, however, that if less than the total amount required to pay such Obligations is on deposit in the Senior Subordinate Lien Debt Service Fund, the Senior Subordinate Lien Debt Service Fund or the Junior Subordinate Lien Debt Service Fund, respectively, Trustee is required to allocate to each Paying Agent and each Credit Provider, in order of priority, pro rata in proportion to the respective unpaid amounts.

If an Event of Default has occurred and is continuing, moneys in such funds are required to be applied as provided in Section 7.4 of the Master Debt Resolution.

General Provisions Applicable to Payments on Obligations (Section 5.7)

If a payment date is not a Business Day, then such payment date will be deemed to be the next succeeding Business Day of the Trustee or Paying Agent, as the case may be, and no interest will accrue between the stated day and the applicable succeeding Business Day.

Uses of General Operating Fund and of Available Remaining Revenues (Section 5.8)

Gross Sales Tax Revenues deposited in the General Operating Fund may be transferred to other funds and accounts of DART, free and clear of the lien of the Master Debt Resolution, and may be used for any purpose permitted or required by Applicable Law. In addition to contractual and other obligations incurred in the ordinary course of its business, DART may incur obligations payable from or secured by the Available Remaining Revenues.

Investment of Trust Funds and Accounts (Section 5.9)

Amounts in funds and accounts held by the Trustee may, to the extent permitted by Applicable Law, be invested in Investment Securities upon written instructions of DART. Investment Securities must mature in such amounts and at such times as is necessary to provide for timely payment from such fund or account. Investment Securities may be exchanged among funds and accounts, if required to meet payment obligations, and the Trustee may cause the liquidation prior to their maturities of Investment Securities; the Trustee is not to be liable for any resulting loss or penalty. Generally, Investment Securities and the earnings or losses thereon are part of the fund or account from which they were purchased except that transfers of earnings may be made in order to avoid investment in any manner that would cause any of the Obligations intended to be tax-exempt to be or become “arbitrage bonds”
within the meaning of the Code. Investments are required to be valued at least annually at the lower of original cost or the then market value thereof.

**Effect of Deposits With Paying Agents (Section 5.10)**

Upon the deposit with the applicable Paying Agent of moneys sufficient to pay the amounts due on Obligations, DART is released from further obligation with respect to the payment of such amounts or interest thereon and such Obligations will no longer be Outstanding. Moneys deposited with Paying Agents are held uninvested in trust for the benefit of the Holders or payees of such Obligations. Unclaimed moneys are required to be distributed in accordance with any applicable escheat laws.

**Arbitrage (Section 5.11)**

DART covenants that it will take no action or fail to take any action which would cause any Tax-Exempt Obligations to be "arbitrage bonds" within the meaning of the Code.

**Deposits of Special Revenues (Section 5.12)**

Special Revenues may be deposited to such funds and accounts of DART as may be required by Applicable Law, grant condition or contract, or as directed in the documents relating to the issuance of Special Revenue Bonds or to Subordinate Lien Obligations if Special Revenues are pledged to the payment thereof.

**GENERAL COVENANTS AND REPRESENTATIONS**

([Article VI])

**Representations as to Pledged Revenues (Section 6.1)**

DART represents and warrants that it is authorized to issue the Obligations, to adopt the Master Debt Resolution and to pledge the Pledged Revenues as provided in the Master Debt Resolution, and that the Pledged Revenues are and will remain free and clear of any pledge, lien, charge or encumbrance except as expressly permitted by Article II of the Master Debt Resolution. The Obligations and provisions of the Master Debt Resolution are valid and legally enforceable obligations of DART in accordance with their terms, subject only to any applicable bankruptcy or insolvency laws or to any Applicable Law affecting creditors' rights generally. DART and the Trustee will defend, preserve and protect the pledge of the Pledged Revenues and all of the rights of the Holders against all claims and will take appropriate steps for the collection of delinquencies in the collection of the Sales Tax.

**Accounts, Periodic Reports and Certificates (Section 6.2)**

DART covenants to keep proper books of record and account relating to the System and the funds and accounts established by the Master Debt Resolution which will be subject to inspection by Holders of not less than 5% in principal amount of Bond Obligations, each Bondholder Representative and each Credit Provider. DART will provide annually, within 180 days after the close of each fiscal year, to any requesting Holder of at least 25% of a single series of Outstanding Obligations, a copy of an annual report containing certain financial information for the fiscal year just ended and the preceding fiscal year.

DART will notify the Trustee and each Credit Provider immediately if it becomes aware of the occurrence of any Event of Default or of any fact, condition or event that, with the giving of notice or passage of time or both, could become an Event of Default, or of the failure of DART to observe any of its undertakings under the Master Debt Resolution or under any Supplemental Resolution or Credit Agreement.

**Withdrawals of Units of Election (Section 6.4)**

If any "unit of election," as defined in the Act, having once become a part of DART, withdraws from DART, the Board will take all lawful steps necessary to assure that all amounts due and owing on all Obligations
allocated to such unit of election will continue to be collected from within the withdrawing unit of election until such amounts are paid in full. Gross Sales Tax Revenues collected from within a withdrawn unit of election is required to be set aside by the Trustee in a special trust account and to be expended in such a manner as will permit the continued, timely payment when due of all amounts payable on Outstanding Obligations.

**DEFAULTS AND REMEDIES**

(Article VII)

*Events of Default (Section 7.1)*

Each of the following occurrences or events constitutes an "Event of Default" under the Master Debt Resolution:

1. failure to timely pay any Debt Service on Bond Obligations;
2. failure to timely pay any Credit Agreement Obligations;
3. default by DART in the performance of any of the covenants, conditions, agreements and provisions contained in the Obligations or in any of the Outstanding Resolutions, the failure of which materially and adversely affects the rights of the Holders, and the continuation thereof for a period of 30 days after written notice of such default;
4. issuing of an order by the Bankruptcy Court or a United States District Court or other court having jurisdiction, granting DART, in an involuntary proceeding, any relief under any applicable law relating to bankruptcy or providing for the appointment of a receiver or other similar official for DART or any substantial part of its property, affairs or assets, and the continuance of any such order unstayed and in effect for a period of 90 consecutive days; or
5. DART institutes or consents to the institution of insolvency or bankruptcy proceedings against it under any federal or state insolvency laws, or files or consents to the filing of any petition, application or complaint seeking the appointment of a receiver or other similar official for DART or of any substantial part of its property, affairs or assets.

*Remedies for Default (Section 7.2)*

Upon the happening and continuance of any of the Events of Default the Trustee is required to transfer future Gross Sales Tax Revenues in the order and priority set forth in Section 5.3(a) of the Master Debt Resolution as described above under "SPECIAL FUNDS, USES OF MONEY—Gross Sales Tax Revenue Fund." Subject to certain restrictions on Holder’s actions set forth in Section 7.3 of the Master Debt Resolution, a Credit Provider, a Bondholder Representative and/or a trustee representing not less than 25% in principal amount of Outstanding Bond Obligations, may proceed against DART to protect and enforce the rights of the Holders. No Holder has the right to seek appointment of a receiver or administrator of the affairs and assets of DART. There is no right to accelerate the maturity of any Obligation under the Master Debt Resolution.

Thirty days after a default is cured DART will be restored to its former position under the Master Debt Resolution and any proceedings are required to be abandoned or dismissed.

*Application of Revenues and Other Moneys After Default (Section 7.4)*

During the continuance of an Event of Default, the Trustee shall apply all amounts on deposit in the Senior Lien Debt Service Fund, the Senior Subordinate Lien Debt Service Fund, and the Junior Subordinate Lien Debt Service Fund at the time of the default or deposited to such funds after the default, respectively, as follows: (i) to the
payment of Administrative Expenses with respect to the Senior Lien Obligations, the Senior Subordinate Lien Obligations, or the Junior Subordinate Lien Obligations, respectively, as applicable; and (ii) to the payment of Debt Service due on the Obligations, based on the foregoing priority and in the following order:

Unless the principal of all applicable Outstanding Obligations is due, first, to the payment to the payment of interest then due in the order of maturity of such interest installments, and, if the amount available is not sufficient to pay all interest amounts then due, then to the payment of interest ratably, according to the amounts due on such installment, without any discrimination or preference; and second, to the payment of principal or redemption price then due, whether at maturity or by call for redemption, in the order of their due dates and, if the amount available is not sufficient to pay all of the applicable Obligations due on any date, then to the payment of principal or redemption price ratably, according to the amounts of principal due, without any discrimination or preference.

If the principal of all of the applicable Outstanding Obligations is due, to the payment of the principal and interest then due and unpaid upon such Obligations without preference or priority of principal over interest or of interest over principal, or of any installment of interest over any other installment of interest, or of any such Obligation over any other Obligation, ratably, according to the amounts due respectively for principal and interest, without any discrimination or preference.

Notice of Event of Default [Section 7.6]

The Trustee shall promptly give each Holder, by first class mail, notice of each Event of Default of which it has knowledge, unless such Event of Default has been remedied or cured before the giving of such notice, except in the case of an Event of Default specified in paragraph (i) or (ii) of “Events of Default” above, the Trustee may withhold such notice if it determines that the withholding of such notice is in the best interests of the Holders.

THE TRUSTEE [Article VIII]

Amegy Bank N.A. is appointed as the Trustee under the Master Debt Resolution. The duties, rights and responsibilities of the Trustee, appointment of successor and co-trustees, and matters pertaining to the administration of the trust created in the Master Debt Resolution, are set forth in Article VIII.

AMENDMENTS TO RESOLUTION [Article IX]

Supplemental Resolution Without Holders’ Consent [Section 9.2]

Subject to any limitations contained in a Supplemental Resolution or a Credit Agreement, DART may adopt Supplemental Resolutions without the consent of Holders of Obligations for the following purposes: (i) to cure any formal defect, omission or ambiguity in the Master Debt Resolution; (ii) to grant to the Trustee for the benefit of the Holders any additional rights, remedies, powers, authority or security; (iii) to add covenants and agreements of DART; (iv) to add limitations and restrictions to be observed by DART; (v) to confirm any pledge or lien of the Pledged Revenues or to subject to the lien or pledge of the Master Debt Resolution additional revenues, properties or collateral; (vi) to authorize the issuance and prescribe the terms of the Initial Senior Lien Obligations, Additional Senior Lien Obligations, Subordinate Lien Obligations, and Special Revenue Bonds, and to create such additional funds and accounts as may be necessary in connection with the issuance of such Obligations; (vii) to make modifications in the Master Debt Resolution or in a Supplemental Resolution that are necessary to comply with the requirements of federal tax or securities law or other Applicable Law and that do not materially adversely affect the rights and security of the Holders to be paid in full when due; or (viii) to make any other change to the Master Debt Resolution or any Supplemental Resolution that does not materially adversely affect the right of the Holders to be paid the full amounts due and payable on the Obligations when due.
Powers of Amendment (Section 9.3)

The Master Debt Resolution or any Supplemental Resolution and the rights and obligations of DART and of the Holders may be amended pursuant to a Supplemental Resolution with the written consent (i) of the Holders of a Required Percentage of Bond Obligations, or (ii) if less than all of the series of Obligations then Outstanding are affected by such amendment, of the Holders of a Required Percentage of the Bond Obligations so affected; provided, however, no amendment shall permit a change in the terms of payment of principal or redemption price of or interest of any Outstanding Bond Obligation without the consent of the Holder of such Obligation; and provided further that no such amendment may be made without the consent of such Credit Providers having the right of such consent.

Consent of Holders, Credit Providers or Bondholder Representatives (Section 9.4)

A Supplemental Resolution making amendments permitted by the Master Debt Resolution may take effect upon receipt of the required consents of the applicable Holders in accordance with the terms and provisions of the Master Debt Resolution. Any consent will be binding upon the Holder giving such consent and upon any subsequent Holder thereof unless such consent is revoked. DART will give notice of the effective date of any such Supplemental Resolution to the affected Holders. Unless such right is limited by a Supplemental Resolution, DART reserves the right to amend the Master Debt Resolution without the consent of or notice to the Holders of Bond Obligations if such amendment is approved by each Credit Provider and Bondholder Representative which is granted the right to give such consent by a Supplemental Resolution.

DISCHARGE OF RESOLUTION
(Article X)

Discharge by Payment (Section 10.1)

The pledge and lien of the Outstanding Resolutions will be released when all Bond Obligations, Credit Agreement Obligations, and Administrative Expenses have been paid or provided for.

Discharge by Defeasance (Section 10.2)

DART may discharge its obligations to pay Debt Service on all or any portion of the Obligations and related Administrative Expenses, and thereby obtain a release of the pledge and lien of the Master Debt Resolution and any applicable Supplemental Resolution as to such Obligations, by depositing irrevocably with a trustee or escrow agent moneys which, together with earnings thereon from investment in “Government Securities,” as verified by a nationally recognized firm of independent certified public accountants or accounting firm, will be sufficient to pay such amounts on such Obligations to maturity or prior redemption, in all cases in accordance with the terms and provisions set forth in the Master Debt Resolution.

MISCELLANEOUS PROVISIONS
(Article XI)

Secondary Market Disclosure, Annual Reports (Section 11.1)

DART will provide such financial information and operating data necessary to comply with SEC Rule 15c2-12 relating to secondary market reporting requirements.

Meeting of Holders of Bond Obligations (Section 11.4)

Meetings of Holders of Bond Obligations may be called in the manner provided in the Master Debt Resolution to give any notice to DART or to the Trustee, to waive or consent to the waiving of any Event of Default, to remove or appoint a successor Trustee, to consent to the execution of a Supplemental Resolution or to take any other action authorized to be taken by or on behalf of the Holders of Bond Obligations.
Appointment of Bondholder Representative (Section 11.8)

Each Supplemental Resolution may designate a Bondholder Representative or establish for the means by which Holders of a series of Bond Obligations may appoint a Bondholder Representative.

Dated: March 25, 2014
QUARTERLY DISCLOSURE UPDATE

The 2014 Annual Disclosure Statement dated February 25, 2014, is updated by the following supplemental information:

Unaudited Financial Information

Audited financial statements for our fiscal year ended September 30, 2013, are attached as Appendix A to the 2014 Annual Disclosure Statement. An unaudited statement of our principal accounts for the three-month period ended December 31, 2013 is included as Exhibit A to this Quarterly Disclosure Update. Such quarterly financial statements should be read in conjunction with our annual financial statements. This information is taken from our internal books and records that are created, maintained, and administered by DART in accordance with generally accepted accounting principles. The use of reasonable estimates is a normal part of the preparation of financial statements. Sales tax revenues included in the unaudited quarterly financial statements were accrued using estimates. Actual sales tax receipts could, therefore, differ from those reported in the quarterly financial statements.

We believe that the unaudited financial information for the three-month period ended December 31, 2013, fairly represents the financial position and operating results of DART and is complete as of, but no later than, such date. However, you are cautioned that such financial information has not been audited or reviewed by any independent accountants. We do not warrant or guarantee that subsequent audited information for these accounts for this three-month period will not differ from the unaudited financial information presented herein and in Exhibit A.

Management's Comment Regarding First Quarter Financial Information

DART's unaudited financial statements for the three-month period ended December 31, 2013, and December 31, 2012, show sales tax revenues as $125.0 million and $116.9 million, respectively, which indicates an increase of 6.9% due to a relative improvement in the local economy resulting in better retail sales in the DART Service Area. Our operating results for the three-month period ended December 31, 2013 reflect an operating loss of $152.7 million, compared to an operating loss of $147.7 million for the three-month period ended December 31, 2012. This was primarily due to increased costs in labor and depreciation.

In Fiscal Year 2014, DART implemented GASB Statement No. 65, Items Previously Reported as Assets and Liabilities. This statement requires the recognition of debt issuance costs as expense in the period incurred, except for any portion related to prepaid insurance costs. As of September 30, 2013, DART had reported prepaid debt issuance costs of $23,403 on the Statement of Net Position. From this total only $1,247 is related to prepaid bond insurance premium. As of a result of implementing Statement No. 65, DART is reducing its beginning net position by $22,156. The overall result for the three-month period ended December 31, 2013 shows a decrease in net position of $28.5 million since September 30, 2013.

DART maintains various cash reserves including a Financial Reserve Account that is funded with sales tax collections that exceed budget during a given year, if any. In addition, the Board of Directors authorized the establishment of a Capital Reserve Account. Should the Financial Reserve exceed $50 million, excess funds are placed in the Capital Reserve Account. An affirmative vote of two-thirds of the Board is required to draw upon the Financial and Capital Reserves, and the funds may be used for any purpose approved by the Board. For Fiscal Year FY 2013, our sales tax receipts exceeded our sales tax budget by $3.97 million. Our Financial Standards require us to move any overages to the Financial Reserve Account. These funds were moved in December 2013, and the balance in the Financial Reserve Account as of December 31, 2013 was $45.9 million and the balance in the Capital Reserve Account was $0. As of December 31, 2013, the Operating Fund balance was $766.5 million. We maintain a working cash balance in the Operating Fund equal to at least one month of projected payments.
Lease/Leaseback Transactions Update

We have successfully terminated or repaired all lease/leaseback transactions that were non-compliant with their respective operative documents. As of December 31, 2013, three lease/leaseback transactions remained active and all are in full compliance with the respective operative documents, as amended.

Litigation

No significant changes have occurred in the status of pending litigation involving DART since the date of the 2014 Annual Disclosure Statement. Accruals and estimated losses on claims that are asserted in pending litigation, if any, are included in accounts payable and accrued liabilities in the unaudited statement of our principal accounts attached hereto as Exhibit A.

Other than cases filed in the ordinary course of business as an operating transit agency, no new litigation has been filed against DART since the date of the 2014 Annual Disclosure Statement. See, 2014 Annual Disclosure Statement, “LITIGATION.”

This Quarterly Disclosure Update, in substantially the form and content presented above and in its Exhibit, was approved by the Board of Directors of DART on March 25, 2014.

APPENDIX E

QUARTERLY DISCLOSURE UPDATE FOR THE SIX-MONTH PERIOD ENDED MARCH 31, 2014
DALLAS AREA RAPID TRANSIT

Quarterly Disclosure Update
for the six-month period ended March 31, 2014

This Quarterly Disclosure Update supplements the information contained in our 2014 Annual Disclosure Statement dated February 25, 2014 (the 2014 Annual Disclosure Statement) and our Quarterly Disclosure Update for the three-month period ending December 31, 2013, dated March 25, 2014, that has been filed as a public record with the Municipal Securities Rulemaking Board’s website at www.emma.msrb.org, and is posted on the Internet at our website, www.dart.org. You may also obtain a free copy of this Quarterly Disclosure Update by contacting us at the following address or telephone number: Executive Vice President/Chief Financial Officer, DART, 1401 Pacific Avenue, Dallas, Texas 75202, (214) 749-3148.

GENERAL

We are posting and filing this Quarterly Disclosure Update to supplement our 2014 Annual Disclosure Statement dated February 25, 2014 and our Quarterly Disclosure Update for the three-month period ending December 31, 2012, dated March 25, 2014. We continue to reserve the right to suspend or stop the postings on the Internet and the quarterly updates at any time. However, we will always provide the annual and periodic information called for under any undertaking made in compliance with Rule 15c2-12 under the Securities Exchange Act of 1934.

Whenever we use capitalized words in this Quarterly Disclosure Update, they refer to the defined terms that are found in or incorporated by reference in the 2014 Annual Disclosure Statement. See, 2014 Annual Disclosure Statement, Appendix B, “SUMMARY OF CERTAIN TERMS OF MASTER DEBT RESOLUTION.”

In this Quarterly Disclosure Update, “we,” “our,” “us,” and “DART” refer to Dallas Area Rapid Transit, a subregional transportation authority under the Act.

The information in this Quarterly Disclosure Update is as of the date stated below, except for the unaudited financial information included herein as Exhibit A, which is for the six-month period ended March 31, 2014.

YOU SHOULD CAREFULLY CONSIDER THE INVESTMENT CONSIDERATIONS IN THE 2014 ANNUAL DISCLOSURE STATEMENT.

FORWARD-LOOKING STATEMENTS

We make “forward-looking statements” in the 2014 Annual Disclosure Statement and in Quarterly Disclosure Updates by using forward-looking words such as “may,” “will,” “should,” “intends,” “expects,” “believes,” “anticipates,” “estimates,” or others. You are cautioned that forward-looking statements are subject to a variety of uncertainties that could cause actual results to differ from the projected results. Those risks and uncertainties include general economic and business conditions, conditions in the financial markets, our financial condition, our sales tax revenues, receipt of federal grants, and various other factors that are beyond our control. Because we cannot predict all factors that may affect future decisions, actions, events, or financial circumstances, what actually happens may be different from what we include in forward-looking statements.

Dated: May 30, 2014
The 2014 Annual Disclosure Statement dated February 25, 2014 and Quarterly Disclosure Update dated March 25, 2014 is updated by the following supplemental information:

Unaudited Financial Information

Audited financial statements for our fiscal year ended September 30, 2013, are attached as Appendix A to the 2014 Annual Disclosure Statement. An unaudited statement of our principal accounts for the six-month period ended March 31, 2014 and March 31, 2013 is included as Exhibit A to this Quarterly Disclosure Update. Such quarterly financial statements should be read in conjunction with our annual financial statements. This information is taken from our internal books and records that are maintained and administered by DART in accordance with generally accepted accounting principles. The use of reasonable estimates is a normal part of the preparation of financial statements. Sales tax revenues included in the unaudited quarterly financial statements were accrued using estimates. Actual sales tax receipts could, therefore, differ from those reported in the quarterly financial statements.

We believe that the unaudited financial information for the six-month period ended March 31, 2014, fairly represents the financial position and operating results of DART and is complete as of, but no later than, such date. However, you are cautioned that such financial information has not been audited or reviewed by any independent accountants. We do not warrant or guarantee that subsequent audited information for these accounts for this six-month period will not differ from the unaudited financial information presented herein and in Exhibit A.

Management’s Comment Regarding Second Quarter Financial Information

DART’s unaudited financial statements for the six-month period ended March 31, 2014, and March 31, 2013, show sales tax revenues as $240.7 million and $226.3 million, respectively, which indicates an increase of 6.3%. As of March 31, 2014, total assets were $6.26 billion compared to $6.30 billion as of March 31, 2013. Capital assets include land, projects in progress, and depreciable assets net of depreciation, and were $4.92 billion (79%) of total assets, compared to $4.93 billion (78%) of total assets as of March 31, 2013. Investments represented $732.9 million (11.7%) of total assets. Net position (total assets plus deferred outflows of resources less total liabilities) was $2.13 billion as of March 31, 2014, compared to $2.21 billion as of March 31, 2013. Total revenues for the six months ended March 31, 2014 were $379.2 million, which was an increase of 12% or $40.6 million as compared to March 31, 2013. Total outstanding debt, excluding capital lease/leaseback obligations, as of March 31, 2014 was $3.7 billion.

DART maintains various cash reserves including a Financial Reserve Account that is funded with sales tax collections that exceed budget during a given year, if any. In addition, the Board of Directors authorized the establishment of a Capital Reserve Account. Should the Financial Reserve exceed $50 million, excess funds are placed in the Capital Reserve Account. An affirmative vote of two-thirds of the Board is required to draw upon the Financial and Capital Reserves, and the funds may be used for any purpose approved by the Board. For Fiscal Year 2013, our sales tax receipts exceeded our sales tax budget by $3.98 million. Our Financial Standards require us to move any overages to the Financial Reserve Account. These funds were moved in December 2013. The balance in the Financial Reserve Account as of March 31, 2014 was $45.9 million, and the balance in the Capital Reserve Account was $0. As of March 31, 2014, the Operating Fund balance was $767.1 million. We maintain a working cash balance in the Operating Fund equal to at least one month of projected payments.

In April 2013, the DART Board of Directors approved a Tenth Supplemental Debt Resolution authorizing $150,000,000 in Senior Subordinate Lien Sales Tax Revenue, Commercial Paper Notes, Series I. The Resolution established a Self-Liquidity program for the issuance of DART Commercial Paper. Under the program, DART pledged to maintain two times the authorized amount of Self-Liquidity Commercial Paper ($300 million) plus interest for 90 days at 12% interest. As of March 31, 2014, DART had $120 million outstanding under the program. In June 2014, the DART Board of Directors is being asked to approve the First Amendment to Tenth Supplemental Debt Resolution allowing for the increase in the principal from $150 million to $200 million.

In April 2014, the DART Board of Directors approved a Cash Defeasance of $8,079,750 in principal and interest for Series 2008 Bonds maturing December 1, 2014. Payment of this principal and interest payments prior to the end of Fiscal Year 2014 will improve DART’s Internal and External Coverage ratios for Fiscal Year 2015.
DARTstaff has consulted with Bond Counsel, and it has been determined that the Quarterly Disclosure Updates will no longer require Board of Directors approval. The documents will be provided to the DART Board of Directors and will continue to be publicly posted as described above.

Litigation

No significant changes have occurred in the status of pending litigation involving DART since the date of the 2014 Annual Disclosure Statement. Accruals and estimated losses on claims that are asserted in pending litigation, if any, are included in accounts payable and accrued liabilities in the unaudited statement of our principal accounts attached hereto as Exhibit A.

Other than cases filed in the ordinary course of business as an operating transit agency, no new litigation has been filed against DART since the date of the 2014 Annual Disclosure Statement. See, 2014 Annual Disclosure Statement, "LITIGATION."

THIS IS TO CERTIFY that the Dallas Area Rapid Transit (the "Issuer") has submitted for approval a record of proceedings authorizing the issuance and execution and delivery of the Dallas Area Rapid Transit Senior Subordinate Lien Sale Tax Revenue Commercial Paper Notes, Series I (Self-Liquidity) (the "Notes") in the maximum aggregate principal amount not to exceed $200,000,000, at any one time outstanding. As to questions of fact material to our opinion, we have relied upon representations of the Issuer contained in the certified proceedings and other certifications of public officials furnished to us without undertaking to verify the same by independent investigation.

Based on our examination, we are of the opinion, as of the date hereof and under existing law, that the proceedings conform to the requirements of law.

Therefore, pursuant to the provisions of chapter 1371 of the Government Code, the proceedings are approved.

GREG ABBOTT
Attorney General of the State of Texas
OFFICE OF COMPTROLLER
OF THE STATE OF TEXAS

I, SUSAN COMBS, Comptroller of Public Accounts of the State of Texas, do hereby certify that the attachment is a true and correct copy of the opinion of the Attorney General approving:

A record of proceedings authorizing the issuance and execution and delivery of the Dallas Area Rapid Transit Senior Subordinate Lien Sales Tax Revenue Commerical Paper Notes, Series I (Self-Liquidity)

under and by authority of which said Proceedings were registered electronically in the office of the Comptroller, on the 21st day of July 2014, under Registration Number 83687.

Given under my hand and seal of office, at Austin, Texas, the 21st day of July 2014.

SUSAN COMBS
Comptroller of Public Accounts
of the State of Texas
We have represented Dallas Area Rapid Transit ("DART") as its Co-Bond Counsel in connection with the authorization and issuance of its Dallas Area Rapid Transit Senior Subordinate Lien Sales Tax Revenue Commercial Paper Notes, Series I (Self-Liquidity) in the maximum principal amount at any time outstanding of $200,000,000 (the "Series I Notes"). The Series I Notes are being issued pursuant to the Master Debt Resolution (the "Resolution"), adopted on January 23, 2001, as amended, the Tenth Supplemental Debt Resolution (the "Tenth Supplemental Debt Resolution"), adopted on April 9, 2013, and the First Amendment to the Tenth Supplemental Debt Resolution, adopted on June 24, 2014 (the "First Amendment," and, together with the Tenth Supplemental Debt Resolution, the "Supplemental Resolution"). The Series I Notes may be issued and will be designated as (i) "Tax-Exempt, Non-AMT," (ii) "Tax-Exempt, AMT" or (iii) "Taxable." This opinion is being rendered with respect to those Series I Notes that have been designated as Tax-Exempt, Non-AMT (the "Series I Notes (Non-AMT)"). Capitalized terms used herein and not otherwise defined shall have the meanings assigned to them in the Resolution.

As Co-Bond Counsel, we are rendering this opinion with respect to the legality and validity of the proceedings authorizing the Series I Notes (Non-AMT) under the Constitution and laws of the State of Texas and with respect to the exclusion of interest on the Series I Notes (Non-AMT) from gross income of the owners thereof for federal income tax purposes.

We have examined the relevant provisions of the Constitution and laws of the State of Texas as we have deemed necessary, including Chapter 452, Texas Transportation Code (the "Act"), pursuant to which DART was created and functions as a subregional transportation authority and public body corporate and politic of the State of Texas. We have not investigated and do not assume any responsibility with respect to the financial condition or capabilities of DART, or the disclosure thereof, in connection with the offering and sale of the Series I Notes (Non-AMT). We have participated in the preparation of and have examined a transcript of certified proceedings pertaining to the authorization of the Series I Notes (Non-AMT), including (i) the Resolution and the Supplemental Resolution; (ii) certificates of officers and representatives of DART, the Issuing and Paying Agent, the Dealers, and the Trustee; (iii) other pertinent instruments relating to the authorization and issuance of the Series I Notes (Non-AMT) and the security for the payment thereof; and (v) such other instruments and matters of law as we have deemed relevant, including the opinion of the Attorney General of Texas, relating to the Series I Notes (Non-AMT).

Based on the foregoing, it is our opinion that the transcript of certified proceedings evidences complete legal authority for and authorizes the issuance of the Series I Notes (Non-AMT) in the maximum principal amount at any time outstanding of $200,000,000, and that the Series I Notes (Non-AMT) when authenticated and delivered will constitute valid and binding special obligations of DART, secured by and payable from (i) the Pledged Revenues; and (ii) proceeds from the sale of other Series I Notes (Non-AMT) issued by DART for the purpose of paying the principal of maturing Series I Notes (Non-AMT).
The rights of the Holders of the Series I Notes (Non-AMT) are subject to applicable provisions of federal bankruptcy law and any other similar laws affecting the rights of creditors of political subdivisions, and may be limited by general principles of equity which permit the exercise of judicial discretion. Holders of the Series I Notes (Non-AMT) shall never have the right to demand payment of principal or interest out of any funds raised or to be raised by taxation other than the Gross Sales Tax Revenues.

DART has previously issued and has outstanding "Senior Lien Obligations" that have a lien on Pledged Revenues that are superior to the lien on the Pledged Revenues pledged to the Series I Notes (Non-AMT). Additionally, DART has reserved the right to issue additional debt, subject to the restrictions contained in the Resolution, that is secured by liens on the Pledged Revenues that are superior to, on a parity with or are junior and subordinate to the lien on Pledged Revenues securing the Series I Notes (Non-AMT).

It is our further opinion that interest on the Series I Notes (Non-AMT) will be, upon the issuance and delivery thereof in accordance with the Resolution and the Supplemental Resolution, excludable from gross income of the owners thereof for federal income tax purposes under existing law and will not be an item of tax preference under the Code for purposes of determining the alternative minimum tax on individuals or corporations. However, in the case of a corporate taxpayer (other than an S corporation, a regulated investment company, a REIT or a REMIC), interest on the Series I Notes (Non-AMT) will be included in such corporation's "adjusted current earnings" for purposes of computing its alternative minimum tax.

In rendering such opinions, we have relied on representations of DART with respect to matters solely within the knowledge of DART which we have not independently verified, and we have assumed continuing compliance with the covenants in the Resolution and the Supplemental Resolution and the representations in the Federal Tax Certificate pertaining to those sections of the Code that affect the exclusion of interest on the Series I Notes (Non-AMT) from the gross income of the owners thereof for federal income tax purposes. If such representations are determined to be inaccurate or incomplete or DART fails to comply with the foregoing covenants of the Resolution and the Supplemental Resolution, interest on the Series I Notes (Non-AMT) could become includable in the gross income of the owners thereof from the date of their original delivery, regardless of the date on which the event causing such inclusion occurs.

Except as stated above, we express no opinion as to any federal, state or local tax consequences resulting from the ownership of, receipt or accrual of interest on, or disposition of the Series I Notes (Non-AMT).

Owners of the Series I Notes (Non-AMT) should be aware that the ownership of tax exempt obligations, such as the Series I Notes (Non-AMT), may result in collateral federal income tax consequences to financial institutions, life insurance and property and casualty insurance companies, certain S corporations with Subchapter C earnings and profits, individual recipients of Social Security or Railroad Retirement benefits, taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry tax exempt obligations, low and middle income taxpayers qualifying for the health insurance premium assistance credit and individuals otherwise qualified for the earned income credit. In addition, certain foreign corporations doing business in the United States may be subject to the "branch profits tax" on their effectively connected earnings and profits, including tax exempt interest such as interest on the Series I Notes (Non-AMT).

This opinion may be relied upon by the owners of the Series I Notes (Non-AMT), but only to the extent that: (i) there is no change in existing regulations, Internal Revenue Service ruling positions or procedures, or law that may adversely affect the validity of the Series I Notes (Non-AMT) or the exclusion of the interest thereon from the gross income of owners for federal tax purposes, (ii) the Resolution, the Supplemental Resolution, the Federal Tax Certificate, the Issuing and Paying Agent Agreement, and the Dealer Agreements, in their respective forms on the date hereof remain in full force and effect and the Series I Notes (Non-AMT) issued after the date hereof are issued in accordance with the provisions of the Resolution, the Supplemental Resolution, and the Issuing and Paying Agent Agreement, (iii) the representations, warranties, covenants and agreements of the parties contained in the Resolution, the Supplemental Resolution, the Federal Tax Certificate, the Issuing and Paying Agent Agreement, the
Dealer Agreements, and certain certificates dated the date hereof and delivered by authorized officers of DART remain true and accurate and have been complied with in all material respects, (iv) there has not been delivered to DART an opinion of this firm of more recent date with respect to the matters referred to herein, and (v) this opinion has not been expressly withdrawn as evidenced by a letter to DART.

Our opinions are based on existing law, which is subject to change. Such opinions are further based on our knowledge of facts as of the date hereof. Moreover, our opinions are not a guarantee of result and are not binding on the Service; rather, such opinions represent our legal judgment based upon our review of existing law and in reliance upon the representation and covenants referenced above that we deem relevant to such opinions. The Service has an ongoing audit program to determine compliance with rules that relate to whether interest on state or local obligations is includable in gross income for federal income tax purposes. No assurance can be given as to whether or not the Service will commence an audit of the Series I Notes (Non-AMT). If an audit is commenced, in accordance with its current published procedures, the Service is likely to treat DART as the taxpayer. We observe that DART has covenanted in the Resolution not to take any action, or omit to take any action within its control, that if taken or omitted, respectively, may result in the treatment of interest on the Series I Notes (Non-AMT) as includable in gross income for federal income tax purposes.

Nothing contained in this opinion shall be construed as any undertaking on our part to monitor any changes in applicable law or to monitor or confirm the accuracy of any such representations or warranties or compliance with any such agreements or covenants. In addition, we undertake no duty to expressly advise any Holder of any change or development of which we become aware that may adversely affect the opinions expressed herein.

$200,000,000
DALLAS AREA RAPID TRANSIT SENIOR SUBORDINATE LIEN SALES TAX REVENUE COMMERCIAL PAPER NOTES SERIES I (SELF-LIQUIDITY) (TAX-EXEMPT, NON-AMT)

We have represented Dallas Area Rapid Transit ("DART") as its Co-Bond Counsel in connection with the authorization and issuance of its Dallas Area Rapid Transit Senior Subordinate Lien Sales Tax Revenue Commercial Paper Notes, Series I (Self-Liquidity) in the maximum principal amount at any time outstanding of $200,000,000 (the "Series I Notes"). The Series I Notes are being issued pursuant to the Master Debt Resolution (the "Resolution"), adopted on January 23, 2001, as amended, the Tenth Supplemental Debt Resolution (the "Tenth Supplemental Debt Resolution"), adopted on April 9, 2013, and the First Amendment to the Tenth Supplemental Debt Resolution, adopted on June 24, 2014 (the "First Amendment," and, together with the Tenth Supplemental Debt Resolution, the "Supplemental Resolution"). The Series I Notes may be issued and will be designated as (i) "Tax-Exempt, Non-AMT," (ii) "Tax-Exempt, AMT" or (iii) "Taxable." This opinion is being rendered with respect to those Series I Notes that have been designated as Tax-Exempt, Non-AMT (the "Series I Notes (Non-AMT)"). Capitalized terms used herein and not otherwise defined shall have the meanings assigned to them in the Resolution.

As Co-Bond Counsel, we are rendering this opinion with respect to the legality and validity of the proceedings authorizing the Series I Notes (Non-AMT) under the Constitution and laws of the State of Texas and with respect to the exclusion of interest on the Series I Notes (Non-AMT) from gross income of the owners thereof for federal income tax purposes.

We have examined the relevant provisions of the Constitution and laws of the State of Texas as we have deemed necessary, including Chapter 452, Texas Transportation Code (the "Act"), pursuant to which DART was created and functions as a subregional transportation authority and public body corporate and politic of the State of Texas. We have not investigated and do not assume any responsibility with respect to the financial condition or capabilities of DART, or the disclosure thereof, in connection with the offering and sale of the Series I Notes (Non-AMT).

We have participated in the preparation of and have examined a transcript of certified proceedings pertaining to the authorization of the Series I Notes (Non-AMT), including (i) the Resolution and the Supplemental Resolution; (ii) certificates of officers and representatives of DART, the Issuing and Paying Agent, the Dealers, and the Trustee; (iii) other pertinent instruments relating to the authorization and issuance of the Series I Notes (Non-AMT) and the security for the payment thereof; and (v) such other instruments and matters of law as we have deemed relevant, including the opinion of the Attorney General of Texas, relating to the Series I Notes (Non-AMT).
Based on the foregoing, it is our opinion that the transcript of certified proceedings evidences complete legal authority for and authorizes the issuance of the Series I Notes (Non-AMT) in the maximum principal amount at any time outstanding of $200,000,000, and that the Series I Notes (Non-AMT) when authenticated and delivered will constitute valid and binding special obligations of DART, secured by and payable from (i) the Pledged Revenues; and (ii) proceeds from the sale of other Series I Notes (Non-AMT) issued by DART for the purpose of paying the principal of maturing Series I Notes (Non-AMT).

The rights of the Holders of the Series I Notes (Non-AMT) are subject to applicable provisions of federal bankruptcy law and any other similar laws affecting the rights of creditors of political subdivisions, and may be limited by general principles of equity which permit the exercise of judicial discretion. Holders of the Series I Notes (Non-AMT) shall never have the right to demand payment of principal or interest out of any funds raised or to be raised by taxation other than the Gross Sales Tax Revenues.

DART has previously issued and has outstanding “Senior Lien Obligations” that have a lien on Pledged Revenues that are superior to the lien on the Pledged Revenues pledged to the Series I Notes (Non-AMT). Additionally, DART has reserved the right to issue additional debt, subject to the restrictions contained in the Resolution, that is secured by liens on the Pledged Revenues that are superior to, on a parity with or are junior and subordinate to the lien on Pledged Revenues securing the Series I Notes (Non-AMT).

It is our further opinion that interest on the Series I Notes (Non-AMT) will be, upon the issuance and delivery thereof in accordance with the Resolution and the Supplemental Resolution, excludable from gross income of the owners thereof for federal income tax purposes under existing law and will not be an item of tax preference under the Code for purposes of determining the alternative minimum tax on individuals or corporations. However, in the case of a corporate taxpayer (other than an S corporation, a regulated investment company, a REIT or a REMIC), interest on the Series I Notes (Non-AMT) will be included in such corporation’s “adjusted current earnings” for purposes of computing its alternative minimum tax.

In rendering such opinions, we have relied on representations of DART with respect to matters solely within the knowledge of DART which we have not independently verified, and we have assumed continuing compliance with the covenants in the Resolution and the Supplemental Resolution and the representations in the Federal Tax Certificate pertaining to those sections of the Code that affect the exclusion of interest on the Series I Notes (Non-AMT) from the gross income of the owners thereof for federal income tax purposes. If such representations are determined to be inaccurate or incomplete or DART fails to comply with the foregoing covenants of the Resolution and the Supplemental Resolution, interest on the Series I Notes (Non-AMT) could become includable in the gross income of the owners thereof from the date of their original delivery, regardless of the date on which the event causing such inclusion occurs.

Except as stated above, we express no opinion as to any federal, state or local tax consequences resulting from the ownership of, receipt or accrual of interest on, or disposition of the Series I Notes (Non-AMT).

Owners of the Series I Notes (Non-AMT) should be aware that the ownership of tax exempt obligations, such as the Series I Notes (Non-AMT), may result in collateral federal income tax consequences to financial institutions, life insurance and property and casualty insurance companies, certain S corporations with Subchapter C earnings and profits, individual recipients of Social Security or Railroad Retirement benefits, taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry tax exempt obligations, low and middle income taxpayers qualifying for the health insurance premium assistance credit and individuals otherwise qualified for the earned income credit. In addition, certain foreign corporations doing business in the United States may be subject to the “branch profits tax” on their effectively connected earnings and profits, including tax exempt interest such as interest on the Series I Notes (Non-AMT).

This opinion may be relied upon by the owners of the Series I Notes (Non-AMT), but only to the extent that: (i) there is no change in existing regulations, Internal Revenue Service ruling positions or procedures, or law that may adversely affect the validity of the Series I Notes (Non-AMT) or the exclusion of the interest therefrom on the gross income of owners for federal tax purposes, (ii) the Resolution, the Supplemental Resolution, the Federal Tax Certificate, the Issuing and Paying Agent Agreement, and the Dealer Agreements, in their respective forms on
the date hereof remain in full force and effect and the Series I Notes (Non-AMT) issued after the date hereof are issued in accordance with the provisions of the Resolution, the Supplemental Resolution, and the Issuing and Paying Agent Agreement, (iii) the representations, warranties, covenants and agreements of the parties contained in the Resolution, the Supplemental Resolution, the Federal Tax Certificate, the Issuing and Paying Agent Agreement, the Dealer Agreements, and certain certificates dated the date hereof and delivered by authorized officers of DART remain true and accurate and have been complied with in all material respects, (iv) there has not been delivered to DART an opinion of this firm of more recent date with respect to the matters referred to herein, and (v) this opinion has not been expressly withdrawn as evidenced by a letter to DART.

Our opinions are based on existing law, which is subject to change. Such opinions are further based on our knowledge of facts as of the date hereof. Moreover, our opinions are not a guarantee of result and are not binding on the Service; rather, such opinions represent our legal judgment based upon our review of existing law and in reliance upon the representation and covenants referenced above that we deem relevant to such opinions. The Service has an ongoing audit program to determine compliance with rules that relate to whether interest on state or local obligations is includable in gross income for federal income tax purposes. No assurance can be given as to whether or not the Service will commence an audit of the Series I Notes (Non-AMT). If an audit is commenced, in accordance with its current published procedures, the Service is likely to treat DART as the taxpayer. We observe that DART has covenanted in the Resolution not to take any action, or omit to take any action within its control, that if taken or omitted, respectively, may result in the treatment of interest on the Series I Notes (Non-AMT) as includable in gross income for federal income tax purposes.

Nothing contained in this opinion shall be construed as any undertaking on our part to monitor any changes in applicable law or to monitor or confirm the accuracy of any such representations or warranties or compliance with any such agreements or covenants. In addition, we undertake no duty to expressly advise any Holder of any change or development of which we become aware that may adversely affect the opinions expressed herein.

We have represented Dallas Area Rapid Transit ("DART") as its Co-Bond Counsel in connection with the issuance of the captioned securities in the maximum principal amount outstanding at any time of $200,000,000 (the "Notes"). This opinion is delivered at the request of our client DART to the Dealers named in separate Dealer Agreements, dated as of July 1, 2014, between DART and the Dealers.

In our capacity as Co-Bond Counsel to DART, we have reviewed a certified copy of the Master Debt Resolution, as amended, the Tenth Supplemental Debt Resolution, adopted April 9, 2013, and the First Amendment to Tenth Supplemental Debt Resolution, adopted June 24, 2014 by the Board of Directors of DART (collectively, the "Resolution"), authorizing the issuance of the Notes, the executed Dealer Agreements, the executed First Amendment to Dealer Agreements, the Offering Memorandum of DART, dated the date hereof, and such other agreements, certificates, documents, opinions, letters and other papers as we have deemed necessary or appropriate in rendering the opinions set forth below. Capitalized terms used herein and not otherwise defined shall have the meaning assigned thereto in the Resolution.

In making our review, we have assumed the authenticity of all documents and agreements submitted to us as originals, conformity to the originals of all documents and agreements submitted to us as certified or photostatic copies, the authenticity of the originals of such latter documents and agreements, and the accuracy of the statements contained in such documents.

Based upon the foregoing, and limited in all respects to the existing laws of the State of Texas and the United States of America, it is our opinion that: (i) the Resolution has been duly adopted and is in full force and effect; (ii) the Notes are exempted securities under the Securities
Act of 1933, as amended (the “1933 Act”), and the Trust Indenture Act of 1939, as amended (the “Trust Indenture Act”), and it is not necessary in connection with the offering and sale of the Notes, to register the Notes under the 1933 Act, or to qualify the Resolution under the Trust Indenture Act; (iii) the Dealer Agreements and the First Amendment to Dealer Agreements have been duly authorized, executed and delivered by DART and, assuming due and valid authorization, execution and delivery of the Dealer Agreements by the Dealers, constitute valid and binding obligations enforceable in accordance with their terms; and (iv) all consents, approvals or other actions of governmental bodies and all consents, approvals or other actions required under the Resolution, the First Supplemental Debt Resolution, the Second Supplemental Debt Resolution, the Third Supplemental Debt Resolution, the Fourth Supplemental Debt Resolution, the Fifth Supplemental Debt Resolution, Sixth Supplemental Debt Resolution, Seventh Supplemental Debt Resolution, Eighth Supplemental Debt Resolution, Ninth Supplemental Debt Resolution, Tenth Supplemental Debt Resolution and First Amendment to Tenth Supplemental Debt Resolution for the valid execution and delivery of the Resolution and the Dealer Agreements by DART and the valid issuance of the Notes by DART have been obtained.

The opinions expressed in clause (ii) above are based upon our opinion of even date rendered to DART, on which you are entitled to rely, in our capacity as Co-Bond Counsel in connection with the validity of the issuance and sale of the Notes and the tax exemption of interest thereon. The opinions expressed in clause (iii) above are qualified to the extent that (a) the enforceability of such instrument may be limited by bankruptcy, reorganization, insolvency, moratorium or other similar laws of general application in effect from time to time relating to or affecting the enforcement of creditors’ rights, and (b) certain equitable remedies including specific performance may be unavailable.

Except to the extent noted herein, we have not verified and are not passing upon and do not assume any responsibility for the accuracy, completeness or fairness of the statements contained in the Offering Memorandum. We have, however, reviewed the statements and information contained in the 2014 Annual Disclosure Statement under the captions “OUTSTANDING OBLIGATIONS AND OUR FINANCING PLANS” (excluding the information contained under the subcaption “Bond Obligations We Expect to Issue In 2014”), “CONTINUING DISCLOSURE OF INFORMATION” (excluding the information contained in the last paragraph under the sub-caption “Annual Reports Required By the Rule”), “OBLIGATIONS AS LEGAL INVESTMENTS,” “LEGAL COUNSEL” and “Appendix B- Summary of Certain Terms of the Master Debt Resolution” and in the Offering Memorandum under the captions “THE COMMERCIAL PAPER NOTES,” “CONTINUING DISCLOSURE AND ACCESS TO INFORMATION,” “TAX MATTERS” and “APPROVALS AND LEGAL OPINIONS,” and we are of the opinion that the information relating to the Notes and the Resolution contained under such captions in all respects accurately and fairly reflects the provisions thereof and, insofar as such information relates to matters of law, is true and accurate.
Based on the examinations which we have made as Co-Bond Counsel and our participation at conferences at which the Offering Memorandum was discussed, but without having undertaken to determine independently the accuracy or completeness of the statements in the Offering Memorandum other than those described in the paragraph above, we have no reason to believe that the Offering Memorandum as of its date and as of the date hereof contains any untrue statement of a material fact or omits to state a material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading (except for any financial, forecast, technical and statistical data included in the Offering Memorandum (including, by way of description and not limitation, Appendix A to the 2014 Annual Disclosure Statement, Exhibit A to the Quarterly Disclosure Update for the three-month period ended December 31, 2013 and Exhibit A to the Quarterly Disclosure Update for the six-month period ended March 31, 2014) and except for information regarding DTC and its book-entry system, as to which no view is expressed).

The addressees may rely on our bond opinion, dated as of the date hereof, delivered in connection with the issuance of the Notes to the same extent as if such opinion were specifically addressed to them.
