\$2.098 BILLION

Revenue Service Anticipated

late **2025** to **2026**

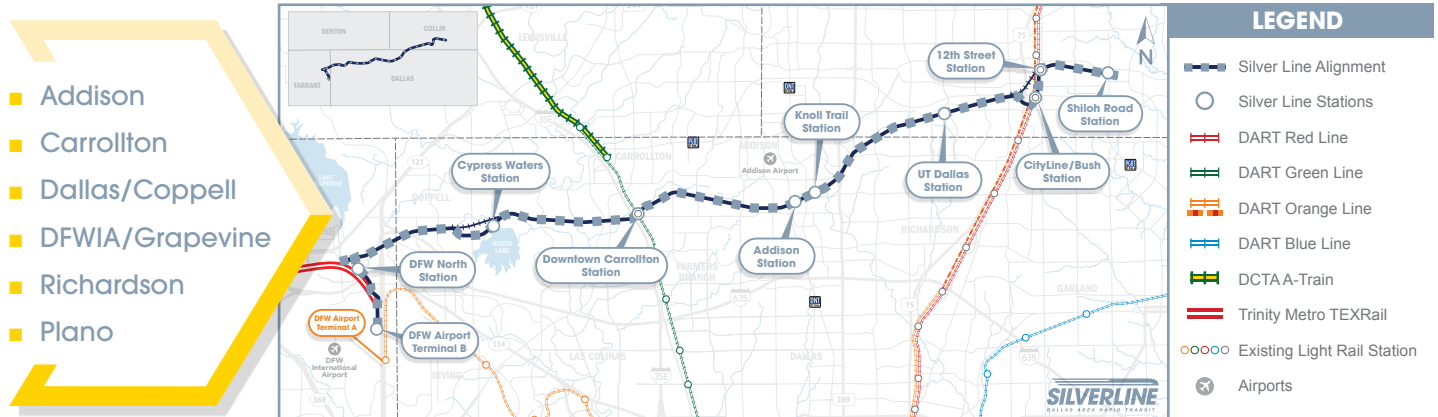

GENERAL FACTS ABOUT THE DART SILVER LINE PROJECT

The 26-mile Silver Line Regional Rail Project will traverse seven cities between DFW International Airport, Grapevine, Coppell, Dallas, Carrollton, Addison, Richardson, and Plano. The primary purpose of the Silver Line is to provide passenger rail connections and service that will improve mobility, accessibility and system linkages to major employment, population, and activity centers in the northern part of the DART service area.

The Silver Line will interface with DART light rail lines: DART's Orange Line at DFW International Airport, the Green Line providing access

to Dallas Love Field and Downtown Dallas via Downtown Carrollton Station, and DART's Red and Orange Lines at CityLine/Bush Station, giving riders easy access to Downtown Plano and the eastern side of the DART network.

The Silver Line will also connect with the Trinity Metro TEXRail commuter rail line at DFW North Station providing access to Downtown Fort Worth and various other Tarrant County locales and provide access to the Denton County Transportation Authority (DCTA) A-train commuter rail line on the DART Green Line.

- Addison
- Carrollton
- Dallas/Coppell
- DFWIA/Grapevine
- Richardson
- Plano

COMMUNITY BENEFITS

	<p>Improved & increased mobility</p>	<p>Improved access to surrounding cities and the DFW International Airport</p>
